FEE AND EXPENSE APPLICATION

COMES NOW the law firm of Heninger Garrison Davis, LLC, and its co-counsel[1] (hereafter "Team HGD"), pursuant to Section 7.2.2 of the "Agrisure Viptera/Duracade Class Settlement Agreement,"[2] and files its Fee and Expense Application with this Court, the Honorable David Herndon of the United States District Court for the Southern District of Illinois.

I. INTRODUCTION

This Application chronicles the significant work performed by Team HGD which provided unquestioned value to the overall litigation, ultimately resulting in the settlement that has been preliminarily approved by the MDL Court. This Application also reveals how the ingenuity of Team HGD created a "third front" in the litigation against Syngenta, which not only put more pressure on Syngenta in the litigation arena, but brought the immense talents of this Court, Judge Herndon, into the fray. The importance of having this Court involved in the litigation cannot be overstated, and but for the skillful and innovative legal talents of Team HGD, this Court would not have been in the litigation, and the settlement of this matter would have been anything but certain.

This Application further exemplifies how teams of Plaintiffs' lawyers in various venues can work together and coordinate their efforts against a common defendant and achieve an excellent result. Here, Team HGD, in many instances, worked side by side with the Kansas MDL, and indeed, the Kansas MDL considered HGD part of the "Leadership Team," and a "common benefit firm," to the extent that it sought and collected money from HGD for its "Syngenta

Litigation Fund," which it used to finance the litigation. HGD was the only firm in the SD Illinois that was considered to be part of the "Leadership Team" of the MDL, and was the only such firm that contributed to the Syngenta Litigation Fund overseen by the MDL.

Likewise, HGD was the only firm in the SD Illinois that contributed thousands of hours to the litigation effort by participating and taking depositions of Syngenta representatives (HGD participated in twenty-one depositions of Syngenta representatives), by taking depositions of Grain representatives as requested by the MDL, by performing valuable privilege log work for the overall litigation effort, and by briefing and prevailing on important issues in the litigation, not only for SD Illinois litigants, but for all who had commenced an action against Syngenta.

Finally, this Application will provide a detailed report of all the work performed by Team HGD "for the benefit of Class Members" as required by the Settlement Agreement, and will include two options for the Court to consider as a basis for awarding fees, namely (1) Fees awarded as a percentage of the common fund in accordance with prevailing law of the Seventh Circuit, and (2) Fees awarded based on the lodestar of every firm that comprises Team HGD, along with a multiplier which HGD believes is justified under the circumstances.

But before we begin with the merits of our Fee and Expense Application, we believe it would be instructive for the Court to have an understanding of how we ended up successfully filing this "mass action" in the SD Illinois.

A. HOW TEAM HGD OPENED A "THIRD FRONT" AGAINST SYNGENTA IN THE SOUTHERN DISTRICT OF ILLINOIS

In September of 2013, news broke that China had rejected shipments of U.S. corn because it contained the genetic trait MIR 162, which was manufactured by Syngenta. Reports of a decrease in the price of yellow corn and estimates of potential damages to the over 400,000 U.S.

corn farmers in the billions of dollars, not surprisingly, created a tidal wave of interest in class action and mass tort lawyers around the country. As so often happens when news of this magnitude erupts, tv and internet ads begin, mailouts to prospective clients occur, meetings are held, and groups of lawyers around the country vie for leading roles in the upcoming litigation, staking out their respective positions and teaming up with friends and colleagues to work on the case. This case was no different, and this Court has seen it all play out before.

However, unlike the pharmaceutical mass tort case, there were two camps of Plaintiff lawyers who were interested in pursuing the case: those who wanted to pursue the case as a class action, and those who wanted to represent individual farmers. In those early days, meetings were held around the country, and scores of lawyers, including some of Team HGD, attended these meetings. The lawyers who were convinced that class relief was the appropriate vehicle met strong resistance from those who favored individual actions, and for obvious reasons: the individual issues of each farmer's situation, the variation in state laws, the reliance by each farmer on the conduct of Syngenta, and the general reluctance of a court to certify a contested class action, all ran counter to the notion that lawyers should put all their eggs in the class action basket.

The general rule for those who handle mass tort cases is: get as many clients as you can. The American corn farmer is hardly a litigious individual, so many firms had to get creative and employ a ground game scenario and hold meetings with farmers all over the country. The concept of holding meetings with this type of prospective client could and did prove a useful and informative method to share the story of Syngenta's wrongful conduct, and offered an avenue for the farmer to personally meet lawyers in the firm who may be handling their cases.

Cases were filed around the country (Team HGD filed two) and petitions were filed with the JPML seeking consolidation before one federal judge. Class action and individual farmer

attorneys rarely agreed on anything, but in this instance there was broad consensus that the JPML should send the GMO Corn Litigation to the Honorable David Herndon. This Court was the number one choice for virtually every firm, whether as a class or an individual case, and this Court's track record preceding the Syngenta litigation speaks for itself as to why it was everyone's choice.

In addition to the MDL action, it was apparent early on that Minnesota state court would be a front in the litigation, since Syngenta's U.S. corporate offices were located there.

Eventually the JPML chose Judge Lungstrum, and HGD sought a leadership role, along with many other firms in the MDL. Judge Lungstrum chose a slate of attorneys for leadership, many of whom had worked together in the GMO rice litigation.

HGD had joined forces with an old friend, Jim Onder of the Onder law firm in St. Louis (OnderLaw, LLC), to prosecute the cases against Syngenta. Other firms, such as Burke Harvey from Birmingham, and Crumley Roberts from North Carolina, soon joined the team.

Soon after the formation of the MDL, HGD reached out to various leadership in the MDL to gauge whether HGD and others on its team might receive common benefit work if it elected to file its cases in the MDL. The individuals HGD spoke with would not commit to give HGD any common benefit work if it filed all its cases in the MDL.

Thus, HGD and its team decided to let the dust settle, get all the information from its clients in order, and then decide upon a litigation strategy since HGD desperately wanted to actively participate in the litigation.

Team HGD believed then, and same has been proven true, that there needed to be a "third front" in the battle against Syngenta. The litigation against Syngenta was sure to be massive in scope, complex from a legal standpoint, and would require a team of lawyers devoted to doing

nothing else but working on the case. Syngenta was represented primarily by Kirkland & Ellis, a worldwide firm with the resources and manpower to make any plaintiff case difficult.

HGD decided that its best chance to become active in the litigation was to employ the rarely successful "mass action" approach contained within CAFA. HGD surmised that SD Illinois was the most favorable venue for two reasons: first, there was a chance, if successful, that the case would be assigned to Judge Herndon, and a mass action could accomplish what all the JPML petitions could not—inject Judge Herndon into the litigation. Second, after researching the issue thoroughly, HGD was convinced that Illinois would have personal jurisdiction over the action due to specific activities Syngenta conducted in Illinois. Any farmer who filed in Illinois would be able to try his or her case in the SD Illinois, since specific personal jurisdiction over Syngenta existed in Illinois for plaintiffs across the U.S. That was a benefit and advantage that the MDL would prove unable to offer.

HGD's creative approach worked. Syngenta removed the case that was initially filed in Madison County, Illinois, and this Court certified same as a mass action under CAFA. This opened the door for Team HGD to enter the litigation—not merely as a firm dumping cases into the MDL with little hope of getting in the arena—but as an immediate player in the litigation and a force Syngenta had to deal with. Team HGD committed significant resources, both in personnel and money, to the effort. The time sheets and expense records attached as exhibits bear that out. Not only did Team HGD spend thousands of hours assisting its individual clients, which is compensable under the Settlement Agreement ("work performed for the benefit of class members"), but HGD itself went over and beyond by becoming immersed into the litigation and doing all the heavy lifting that comes with a case of this magnitude. Again, the hours expended

by HGD for the benefit of the overall effort—i.e., common benefit—are described in detail in the time records submitted herewith.

B. THE POLETTI CASE, MDL COORDINATION, AND COMMON BENEFIT PARTICIPATION AGREEMENT WITH THE MDL

In late 2015, *Poletti* was filed, and the matter was thereafter removed to this Court. One of the first moves made by Syngenta was an effort to force HGD to coordinate discovery in *Poletti* with the MDL. HGD resisted. Desirous of conducting the litigation on its own terms, and bringing the maximum amount of pressure to bear against Syngenta, HGD understandably wanted nothing to do with MDL coordination. This Court, however, disagreed, and for the sake of efficiency and representations that HGD would have an active role in discovery, including participating in upcoming depositions of Syngenta officials, ordered coordination.

Shortly thereafter, HGD was contacted by Don Downing, who is one of the leaders in the MDL. Mr. Downing suggested that HGD sign a Common Benefit Participation Agreement with the MDL, since HGD was going to be involved in discovery commenced by the MDL, and would be privy to documents and exhibits which were MDL work product. By this time, HGD had secured its own document vendor, and was well down the road establishing protocols for document review, waiting on the hundreds of thousands of documents that would soon arrive from Syngenta. Mr. Downing explained that the Onder firm, part of the HGD team, had previously signed a participation agreement and therefore, all joint cases being handled by Onder and HGD were subject to a common benefit assessment anyway.

HGD agreed to execute a participation agreement with the MDL, but was insistent that it would not agree with the language in the document originally submitted by Mr. Downing. HGD knew that its ability to create a third front in the Syngenta litigation was significant, not only for

the *Poletti* litigants, but for the MDL as well, because it brought a seasoned judge with a track record of success in resolving complex MDL proceedings. Therefore, it was important to HGD that it be an active participant in the Syngenta litigation, rather than just a firm sitting on the sidelines. Also, given HGD's creation of this third front, and forecasting into the future, HGD believed that any settlement would ultimately be driven by Judge Herndon, again, proven to be true.

Realizing the value it brought to the table by creating the third front, and knowing that it was going to actively participate in the litigation, HGD strongly negotiated the language in the participation agreement over what would or would not be considered as common benefit work, and therefore compensable should a settlement be reached sometime down the road. HGD wanted the ability, at some point in the future, to enable Judge Herndon to have some voice in whether work performed by HGD in the SD Illinois would be compensable. On pages 7-8 of the participation agreement (Exhibit 1), HGD and the MDL agreed as follows:

> **B. Common Benefit Work Eligible for Reimbursement**
>
> Notwithstanding anything in this Agreement to the contrary, Participating Counsel reserves the right to seek payment for Common Benefit expenses and Common Benefit fees from the MDL Court for work which Participating Counsel and its co-counsel may perform, or have performed, on the cases pending in the Southern District of Illinois, and any future cases that may be transferred to or filed in such Court. Participating Counsel's execution of this Agreement in no way negatively impacts any future decision whether to seek Common Benefit expenses and fees for work that may arise from the litigation in the Southern District of Illinois. MDL Lead Counsel maintains that the eligibility for fees and expenses for Common Benefit Work shall be governed by the MDL Order and reserves all arguments related to eligibility of requests for fees and expenses, the parties do anticipate that, from time to time, Common Benefit Work, as described further below and in various orders entered by the MDL Court, may be performed by Participating Counsel consistent with instructions by MDL Lead Counsel, or other parties having the authority to designate such work. Such acceptance and performance of MDL designated work shall not impact the ability of Participating Counsel to seek reimbursement for Common Benefit expenses and fees for other work which was performed on behalf of the Southern District of Illinois litigation, which was not specifically designated as Common Benefit Work by the MDL, nor shall such acceptance and performance of MDL designated work entitle Participating Counsel to reimbursement for expenses and fees for other work which was performed on

> behalf of the Southern District of Illinois litigation, which was not specifically designated as Common Benefit Work by the MDL.

Exhibit 1 at 7-8.

As described in the agreement, HGD reserved the right to seek a common benefit fee for work it performed in the SD Illinois. Nothing in the agreement prohibited HGD from seeking "reimbursement for Common Benefit expenses and fees for other work which was performed on behalf of the Southern District of Illinois litigation, which was not specifically designated as Common Benefit Work by the MDL…."

It will be undisputed that HGD performed "common benefit" work for the MDL. Clearly, there were significant projects that the MDL allocated to HGD to perform, all of which is common benefit work. However, there is another body of work performed by HGD which benefitted the overall litigation effort that the MDL did not specifically designate as such, and these hours fall into the catch-all provisions of the language quoted above. HGD performed this work on cases pending in the SD Illinois, and per the agreement, HGD "reserved the right to seek payment" for this work. The time records submitted by HGD and the declaration of W. Lewis Garrison, Jr. describe this work and a total of hours, and lodestar, that HGD believes should be compensated as common benefit work.

Further, under the Settlement Agreement, any fee and expense award, ultimately awarded by Judge Lungstrum, "shall be…in consultation with *and approved by the Honorable David R. Herndon*….,"[3] confirming that this Court has a voice in deciding the extent to which work performed by HGD constituted common benefit work and is compensable as such.

[3] Doc. 3507-2 at 57 (ECF pagination), §7.2.2 (emphasis added)

C. THE MDL RECOGNIZED HGD AS BOTH A MEMBER OF ITS LEADERSHIP TEAM AS WELL AS A COMMON BENEFIT FIRM

Shortly after the execution of the participation agreement on March 15, 2016, HGD received an email from Pat Stueve, one of the Kansas MDL leaders, addressed to a small group of people referred to as the "Leadership Team." Exhibit 2. The email sought a contribution from HGD for the "Syngenta Litigation Fund" which was used by the MDL to fund the costs of the case. The request from Stueve sought the following amounts of money: "Co-leads (25k), Executive Committee Members and Common Benefit Firms (15k)." HGD remitted the amount requested.

Other similar requests followed periodically, all addressed to the small group referenced as "Leadership Team," and all requesting money from HGD as a "common benefit" firm. Exhibits 3-5 (additional email requests from Stueve, dated June 1, 2016, November 10, 2016, and April 9, 2018, respectively). HGD remitted the money requested in each email. To date, HGD has paid a total of $145,000 into the Syngenta Litigation Fund.

The last email, April 9, 2018, thanked all the recipients for "all your efforts to assist in getting us to this point," *i.e.*, preliminary approval, and also sought money to pay experts and the Special Master appointed by the Court. Notably, HGD has been billed directly and on an on-going basis by Special Master Reisman, and it has paid each such invoice. (The total Special Master invoices paid by HGD are $130,912.95.)

The emails above simply demonstrate the nature of the partnership that existed between the MDL and HGD regarding the SD Illinois litigation, and the spirit of cooperation between the groups. The fact that the MDL considered HGD part of the leadership team is a sign of respect that the MDL had for the work being performed by HGD in the SD Illinois. Indeed, as a member

of the MDL designated Leadership team, and a common benefit firm, HGD performed valuable work for the overall litigation effort, regardless of whether same was specifically designated as such by the MDL. The fact that the MDL may not have blessed certain work as "common benefit" does not render it any less valuable.

D. WHY TEAM HGD IS FILING THIS FEE AND EXPENSE APPLICATION WITH THIS COURT AND NOT THE MDL COURT

Section 7.2.1 of the Settlement Agreement provides that "…counsel representing Class Members who performed work for the benefit of Class Members *shall* make Fee and Expense Applications to the Honorable John W. Lungstrum of the United States District Court for the District of Kansas, ***or*** the Honorable David R. Herndon of the United States District Court for the Southern District of Illinois…." (emphasis added.)

Last week, HGD was contacted by Mr. Downing who inquired whether HGD wanted to submit its claim for common benefit work with the approximately 49 other firms requesting same with the petition to be filed with Judge Lungstrum. While HGD appreciated Mr. Downing's request, we graciously declined, for several reasons: (1) The Settlement Agreement appears to mandate that a Fee and Expense Application only be filed with *one Court*, and there is no language that suggests multiple filings would be appropriate; (2) Splitting HGD's common benefit time from all its other time, as well as time from its co-counsel, into Fee and Expense Applications filed in two separate courts, could be confusing and at a minimum inefficient; (3) It is clear from the reading of the Settlement Agreement, that "any Fee and Expense Award" ultimately made by Judge Lungstrum must be done *"in consultation with and approved by"* Judge Herndon, as well as Judge Miller from Minnesota; and (4) Judge Herndon knows firsthand the valuable work

performed by HGD and insisted that HGD be allowed to actively participate in the coordinated discovery with the MDL.

Lastly, of the approximately 49 firms who are claiming compensation for common benefit work, it is a virtual certainty that none (with the possible exception of Clark) were present in the SD Illinois litigation, and therefore would have no basis to file a Fee and Expense Application with Judge Herndon in any event.

E. SETTLEMENT COMMITTEE WORK

When the initial efforts were made to settle the overall litigation, Team HGD was invited to the first such meeting held in Kansas City. It became clear at the Kansas City meeting that a meeting of every Plaintiff firm was unwieldy and Special Master Reisman decided, apparently in consultation with the judges, to limit subsequent meetings to just a handful of participants, which included: Seeger/Weiss/Downing (representing the MDL); Watts/Cracken (representing the Watts group), Gustafson/Remele (representing MN), and Garrison (representing the SD Illinois.)

These meetings were held regularly at various locations in New York (Seeger Weiss or Kirkland & Ellis offices) and in DC (Special Master Reisman offices). Garrison/HGD, on behalf of the SD Illinois, attended and participated in these important meetings. It bears mentioning that these meetings were held prior to Syngenta's consummation of its sale to ChemChina, and the settlement counsel for Syngenta made it clear early on that it *would not* be able to negotiate dollars until the closing occurred. Nevertheless, over time, the parties built up a rapport, and expended considerable effort in drafting terms that could be inserted into a master settlement agreement. Indeed, over the more than 6 meetings that HGD attended, many terms that ultimately made their way into the finalized version of the Settlement Agreement were agreed upon. While the earlier

settlement meetings did not produce a "settlement," they nevertheless created value by having open dialogue and starting the foundation that ultimately became the final deal.

At some point, the various courts became frustrated at the pace of the settlement negotiations, and a different settlement committee was appointed, which eventually carried the ball across the goal line. Trying to come to resolution prior to the sale to ChemChina was never going to occur, and it is likewise difficult to resolve litigation when only one side of the table is doing the negotiating on the pivotal issue — money.

II. THE AMOUNT OF ATTORNEY FEES AND EXPENSES REQUESTED

The common fund is $1.51 billion. Team HGD requests three percent of it, or $45.3 million, as its common benefit fee, plus all reported expenses. It does so for the substantial benefit it conferred on the beneficiaries of the common fund, namely the corn farmers in the settlement class. The request is reasonable and warranted due to that benefit. The expenses reported and requested are $1,135,662.32. They are reasonable and due to be reimbursed. The total award sought—attorney fees and expenses added together—is $46,435,662.30. ***Accordingly, on this Application, the sum of $46,435,662.30 should be awarded to Team HGD.***

The sum requested is reasonable and warranted by comparison to the full lodestar, which includes the multiplier which is appropriate. ***The lodestar with that multiplier is $33,693,667.20.*** The reported expenses of $1,135,662.32 increase that amount to $34,829,329.50.

This table and the exhibits it identifies for each law firm summarizes and supports the amounts stated above:

A. DIFFICULTIES OF THE CASE AND THE WORK PERFORMED

The issues underlying the litigation against Syngenta were difficult, technically hard, and time consuming. Prosecuting the *Poletti* case involved reviewing, analyzing, and coding over 1.4 million pages of documents produced by Syngenta, many of which were highly technical in nature. The case also required retaining and working with economic experts to analyze damages and perform damages modeling. It further involved document collection and review from hundreds of plaintiffs which resulted in the production to Syngenta of nearly 375,000 pages of Plaintiffs' documents. Motions practice was extensive. Coordination directly involved HGD in more than a score of Syngenta witness depositions, plus select third-party depositions. Forty-four of the *Poletti* Plaintiffs in the trial pool were deposed. Prosecuting the litigation required skillful preparation, which *Poletti* counsel undertook by staffing the case with its best attorneys and staff members.

1. A Third Front Is Opened

The original complaint in *Ronald Poletti et al. v. Syngenta AG et al.*, was filed by HGD on September 18, 2015 in the Circuit Court of Madison County, Illinois.[4] On November 3, 2015,

[4] *Poletti* was followed by the cases *Brase Farms, Inc. et al. v. Syngenta AG et al.* (filed on November 16, 2015 in the Circuit Court of Madison County, Illinois) ("*Brase*") and *Wiemers*

Syngenta removed *Poletti* and cited the Class Action Fairness Act's provision regarding "mass actions" as ground for removal. Doc. 1. Two days later, HGD moved this Court to enter an order recognizing that the bar against transfer of *Poletti* to any other court, as codified at 28 U.S.C. § 1332(d)(11)(C)(i), was immediately in effect. Doc. 7. On November 16, 2015, this Court granted that motion, securing the SD Illinois as a battleground against Syngenta's alleged wrongdoing. Doc. 14.

At the time *Poletti* was filed, litigation against Syngenta was already pending in Kansas (the MDL litigation) and in a Minnesota state court. HGD specifically and deliberately filed the *Poletti* case as a mass action on behalf of Ronald Poletti and 123 other named plaintiffs in Illinois state court as part of a considered strategy to open a new front in the litigation. *See* Exhibit 7. The new front would exert additional pressure on Syngenta by creating another jurisdiction where it would have to expend resources defending claims alleging it prematurely marketed and sold corn containing the MIR 162 trait.

2. Coordination with the MDL

On January 8, 2016, Syngenta moved this Court to order coordinated discovery in *Poletti, Wiemers Farms*, and *Brase Farms* (the three suits which ultimately comprised the consolidated *Poletti* action). Doc. 32. Coordination would involve discovery taking place in the MDL and other coordinated courts. Following the February 1, 2016 order granting the coordination motion (Doc. 44), HGD worked with attorneys from the MDL and Minnesota proceedings to implement the requirements of coordination. *See* Exhibit 7.

Farms, Inc. et al. v. Syngenta AG et al. (filed on November 17, 2015 in the Circuit Court of Madison County, Illinois) ("*Wiemers*"). *Brase* and *Wiemers* were removed to this Court by Syngenta approximately a month after their filing, and were subsequently consolidated with *Poletti* when Plaintiffs filed their Amended Complaint on March 3, 2016 (Doc. 59).

On March 15, 2016, HGD entered into a "Common Benefit Participation Agreement" with the Plaintiffs' PSC in the MDL litigation. The Agreement provided, in pertinent part:

> Notwithstanding anything in this Agreement to the contrary, [HGD] reserves the right to seek payment for Common Benefit expenses and Common Benefit fees from the MDL Court for work which [HGD] and its co-counsel may perform, or have performed, on the cases pending in the Southern District of Illinois, and any future cases that may be transferred to or filed in such Court.

Exhibit 1 at 7. *Michael's Grain Farm* is one such future case filed in the SD Illinois, after which it was transferred to the MDL. The HDG Team represents the farmers in *Michael's Grain Farm.*

3. HGD Participates in Depositions of Defendants' Witnesses.

After the coordination order of February 1, 2016, HGD's vendor received Syngenta's document production in March of 2016, at which point HGD fully mobilized to review, analyze, and code Syngenta's documents, to enable its attorneys to fully participate in the depositions of Syngenta's witnesses, starting with Grant Ozipko on March 7, 2016, and Chuck Lee on March 8, 2016. *See* Exhibit 7. These are the activities of the firm's attorneys with respect to the depositions:

- W. Lewis Garrison prepared for, participated in, and/or examined witnesses in the depositions of Grant Ozipko, Chuck Lee (multi-day), Jack Bernens (multi-day), David Morgan (multi-day), and U.S. Grains Council deponents (multi-day).

- Christopher Hood prepared for, participated in, and/or examined witnesses in the depositions of John Ramsay, Michael Mack (multi-day), Andy McOnville (multi-day), Jill Wheeler (multi-day), Sarah Hull (multi-day), Lisa Zannoni (multi-day), Ponsi Trivisvavet (multi-day), and Paul Minehart (multi-day).

- James McDonough prepared for, participated in, and/or examined witnesses in the depositions of Yongsheng Zhang (multi-day), Michael Bierman, Scott Huber (multi-day), and Eddie Zhu (multi-day)

- Mark Ekonen prepared for, participated in, and/or examined witnesses in the depositions of Rex Martin (multi-day), Pat Steiner (multi-day), Andy McOnville (multi-day), Davor Pisk (multi-day), and Michael Mack (multi-day).

- Amanda Williamson prepared for, participated in, and/or examined witnesses in the depositions of Jessica Adelman (multi-day), David O'Reilly, and Biotechnology Industry (BIO) deponents (multi-day).

As shown, HGD participated in depositions of twenty-one Syngenta witnesses, having independently reviewed, analyzed, and coded witness custodial files in preparation for the questioning. Exhibit 7. For economy, HGD attorneys attended depositions taken in London, Sydney, and Hong Kong via telephone and/or video conferencing. Those depositions started anywhere from 10:00 PM to 2:00 AM HGD's local time.

HGD's attorneys were not "passive observers" in the depositions. First, HGD noticed three of the depositions and took the lead in those three, either as initial examiners (the Bierman

deposition) or as additional or continued examiners of witnesses earlier deposed (Huber, Lee). The firm also took the lead in deposing a third-party at the MDL's request (U.S. Grains Council), and it attended another third-party deposition (Biotechnology Industry (BIO)). Second, having independently reviewed Syngenta's voluminous document production and identified key documents in it, HGD attorneys attended the other depositions prepared to examine Syngenta's witnesses and introduce documents not identified or addressed by other coordinated counsel. They did so. Exhibit 7.

The coordinated discovery was productive and synergistic. HGD's questioning of witnesses did not duplicate the examination of other counsel – a basic point of the coordination order – and the questioning helped create a record valuable to all plaintiffs. Mr. Garrison's examination of Syngenta witnesses was used in pertinent part with powerful effect by the MDL PSC in its trial for Kansas farmers. That was the only MDL trial, and the farmers prevailed in it.

4. Fact Sheets and Trial Pool Selections and Discovery

As part of the initial discovery process, every Plaintiff in *Poletti* was required to submit a Plaintiff Fact Sheet ("PFS"). Syngenta requested that every Plaintiff identify the number of acres they farmed, the type of seed they planted, and each and every sale of corn from 2011 to 2015. Ultimately, for every Plaintiff, this required creating a spreadsheet based on sales documentations and extracting every single corn sale a Plaintiff made.

Team HGD, at a cost of almost 2,400 hours of attorney and staff work,[5] submitted 2,251 PFSs to Syngenta. From that total, 747 completed PFSs were reviewed and considered by both sides for purposes of choosing a trial pool for additional, more intensive discovery. Forty-seven

[5] These 2,400 hours do not take into consideration the considerable amount of additional work exerted by HGD's co-counsel to correct PFSs.

(47) Plaintiffs from eight states[6] were selected to be part of this trial "discovery pool."[7] The forty-seven Plaintiffs were served burdensome written discovery – for each of them a total of 54 interrogatories, 86 requests for production, and 111 requests for admissions. Responses required HGD and its co-counsel to travel to eight different states to meet with each of the Plaintiffs, to discuss Syngenta's discovery requests, and to collect responsive documents. Exhibit 7.

Due to the extraordinary efforts of HGD and its co-counsel, forty-four out of the forty-seven (94%) Plaintiffs not only submitted completed written discovery responses, but thereafter sat for depositions noticed by Syngenta. Exhibit 7.

5. The Time Expended by HGD Attorneys and Staff

Mr. Garrison was heavily involved in Team HGD's labor, but no single attorney can litigate a case like this alone—it takes a massive effort by attorneys and staff to achieve a satisfactory result. HGD staffed these cases with a dedicated group of attorneys and staff who did what it took to zealously represent its clients in the litigation. In this important matter, HGD utilized its most talented attorneys and staff members. Each of the attorneys' names, years of experience, and billing rates are provided in the chart below:

Attorney	Years of Experience[8]	Billing Rate / Hr	Time (hours)	Exhibit
W. Lewis Garrison, Jr. (Partner)	34 years	$955.00	1,850.0	8
Jim McDonough (Partner)	11 years	$717.00	1,003.4	8
William Bross (Partner)	21 years	$864.00	1,003.1	8

6 Georgia, Iowa, Illinois, Indiana, Mississippi, Nebraska, Ohio and South Dakota.

7 One Plaintiff, Harvey Jordan Farms Partnership, was inadvertently selected by both parties.

8 Years of experience is based upon the definition provided by the Laffey Matrix, found at http://www.laffeymatrix.com/see.html, which begins counting experience following a lawyer's graduation from law school.

Christopher Hood	10 years	$685.00	1078.0	8
Francois Blaudeau (Of Counsel)	21 years	$864.00	39.5	8
Mark Ekonen	8 years	$636.00	1,673.1	8
Amanda Williamson	8 years	$636.00	116.3	8
Taylor Bartlett	8 years	$636.00	111.3	8
Caroline Hollingsworth	7 years	$440.00	348.0	8

Desiree Dodd	3 years	$359.00	396.2	8
Travis Lynch	3 years	$359.00	17.3	8
Anna Carroll	2 years	$359.00	400.1	8

The foregoing billing rates are drawn from the Laffey Matrix, then slightly adjusted in a few instances,[9] and are reasonable and appropriate for this type of complex litigation. Exhibit 7.[10]

Additionally, as follows, HGD's prosecution of the *Poletti* Action was assisted by numerous staff members, both HGD employees, law clerks and contract staff members hired solely to assist with this case:

[9] In those instances, the matrix rates are adjusted (+/- 10%) to account for the actual years of experience of the attorney within the range which applies to him or her. No adjustment beyond +/- 10% of the matrix rate is made. The adjustments are reasonable because they more precisely account for actual years of experience as the matrix defines experience.

[10] In a case of this type, a court is "permitted to rely on the summaries and affidavits presented . . . by Lead Counsel and other common benefit attorneys." *Phipps Grp. v. Downing (In re Genetically Modified Rice Litig.)*, 764 F.3d 864, 871 (8th Cir. 2014).

The foregoing billing rates are drawn from the Laffey Matrix and are reasonable and appropriate for this type of complex litigation. Exhibit 7.

B. HENINGER GARRISON DAVIS, LLC, ITS ATTORNEYS, AND THEIR EXPERIENCE

HGD was fully committed to this litigation and devoted the time and resources needed for its success. Exhibit 7. HGD is headquartered in Birmingham with offices in Atlanta, New Jersey, and New York. The firm focuses on class actions, mass torts, business litigation, and intellectual property litigation. *Id*. HGD is a national plaintiff-side law firm that is known around the country.

[11] Anna Carroll worked on this project both as a Law Clerk and as an attorney.

Id. The firm has earned the finest rating (A.V.) on the Martindale-Hubbell Law Directory, and it is listed in the Bar Register of Preeminent Lawyers. *Id.*

Lew Garrison is one of the firm's founders, and he heads the class actions and mass tort group, which is comprised of 16 lawyers. Exhibit 7. Mr. Garrison has been involved in significant and landmark litigation throughout the country, via a variety of litigation in state and federal courts. *Id*. He has extensive experience in complex litigation, mass torts, and class actions. *Id*. He has been lead or co-lead class counsel in state and federal class actions all over the country and has received appointments to serve in various other leadership roles from many federal judges overseeing MDLs. *Id.* Throughout the last decade, since its founding, HGD has obtained settlements of over a billion dollars on behalf of thousands of clients. *Id.*

C. HGD'S CO-COUNSEL

HGD spearheaded the litigation efforts of a team of law firms: the co-counsel are the Onder law firm (OnderLaw, LLC), Crumley Roberts LLP, and Burke Harvey, LLC.

Co-counsel are accomplished and experienced in litigation of this type. ***OnderLaw, LLC*** is a St. Louis-based personal injury law firm with attorneys handling complex injury and dangerous products cases nationwide. OnderLaw represents plaintiffs in multidistrict and mass tort litigations. OnderLaw operates on a contingent fee basis and has a national reputation for its work in consumer safety, protecting families, and achieving results on behalf of clients. ***Burke Harvey, LLC*** is a firm with offices in Birmingham, Alabama and Atlanta, Georgia. The firm was created in 2007 and has since grown into a regional firm that handles a diverse range of legal matters and complex litigation throughout the Southeast, including pharmaceutical and medical device cases, employment and civil rights cases, consumer class actions, and wage and hour cases. The firm is committed to personalized attention and strong representation. ***Crumley Roberts*** is a North

Carolina based firm with offices in Greensboro, Charlotte and many other cities in the Carolinas. The firm has grown over the years and represents clients nationwide in complex injury cases as well as medical device cases and pharmaceutical cases. Crumley Roberts is known also for standing up for the local communities where it has offices.

The other law firms on the team are: Hansen, Howell & Wilkie, PLLC; Merkel & Cocke; Law Offices of Wendell Hoskins; Oldfield Myers Apke & Payne; Tapella & Eberspacher, LLC; and, Sam C. Mitchell & Associates.

The foregoing firms join in this Application, and they have submitted separate reports, summaries, and/or affidavits attesting to their hours worked and expenses.

III. SERVICE AWARDS

Forty-seven *Poletti* Plaintiffs were chosen for trial pool discovery. Only a tiny fraction of class members had to undergo that experience. Forty-four of these the *Poletti* Plaintiffs sat for depositions, an additional duty and burden.

Paragraph 7.2.4 of the Settlement Agreement provides that the Court may be petitioned for "Plaintiff Service Awards for the Representative Plaintiffs and bellwether plaintiffs." HGD firmly believes that the forty-four *Poletti* Plaintiffs who were deposed, as listed below, qualify for a service award in light of the extraordinary burden they shouldered to help this litigation advance and succeed. Accordingly, Team HGD requests that the below-listed Plaintiffs be awarded $5,000 (five thousand dollars) each for their work in driving this litigation to a successful conclusion:

IV. ARGUMENT

The law firms submitting this application for fees and expenses, led by HGD, helped to create the common fund of $1.51 billion which benefits corn farmers throughout the United States.

HGD and team request three percent of that common fund as their attorney fee. Law and practice warrant the request. *Rosenbaum v. MacAllister*, 64 F.3d 1439, 1445 (10th Cir. 1995) ("We have recently implied 'a preference for the percentage of the fund method' in common fund cases."); *In re Ky. Grilled Chicken Coupon Mktg. & Sales Practices Litig.*, MDL No. 2103, 2011 U.S. Dist. LEXIS 157910, at *9 (N.D. Ill. Nov. 30, 2011) (percentage award of common fund).

Awards by courts of compensation to attorneys for services which help to create a common fund have occurred for more than a century, and in various contexts. The doctrine is broad and settled. *E.g., In re Coron, Inc.*, 161 B.R. 449, 451 (Bankr. N.D. Ill. 1993) ("The common fund doctrine is based on the theory that a party who performs services in creating or preserving a common fund for the benefit of others should be allowed compensation for fees and expenses generated by creating such fund for the beneficiaries thereof. The Supreme Court applied the common fund doctrine as early as *Trustee v. Greenough*, 105 U.S. 527, 26 L. Ed. 1157 (1882), reasoning that it would be unjust for the one recovering bondholder to bear all expenses of litigation, when the other bondholders also benefited. *Id.* at 534-35. The common fund doctrine has since been applied in many situations, including antitrust litigation, mass disaster torts, class actions, and shareholder derivative suits.").

A. COUNSEL IS DUE AN ATTORNEY FEE BASED ON A PERCENTAGE OF THE COMMON FUND

In the Seventh Circuit, and in Illinois specifically, when counsel helps to create a common fund and common benefit, the attorney fee due to be awarded is computed as a percentage of the benefit conferred upon the class. *In re Ky. Grilled Chicken Coupon Mktg. & Sales Practices Litig.*, 2011 U.S. Dist. LEXIS 157910 at *9; *Morris B. Chapman & Assocs. v. Kitzman*, 739 N.E.2d 1263, 1271-72 (Ill. 2000) ("The common fund doctrine . . . authorizes the spread of fees among those

who benefitted from the litigation. The doctrine permits a party who creates, preserves, or increases the value of a fund in which others have an ownership interest to be reimbursed from that fund for litigation expenses incurred, including counsel fees. The litigant or lawyer who recovers a common fund for the benefit of others is entitled to a reasonable attorney fee from the fund as a whole. . . . We consider it well established that the common fund doctrine 'has been applied in many types of cases covering a large range of civil litigation,' not just to class actions and insurance subrogation cases." (citations omitted)).

The computation and award of the compensation require that the common fund exist and be identifiable—the case here. *E.g.*, *Kitzman*, 739 N.E.2d at 1272 (citing *Sprague v. Ticonic National Bank*, 307 U.S. 161 (1939)). The settlement agreement creating the common fund provides for the award, and the award is due upon consultation and approval by this Court. The agreement of the parties for that purpose is authorized by Fed. R. Civ. P. 23(h).

B. THE AWARD IS WARRANTED BY THE SUBSTANTIAL BENEFIT COUNSEL HELPED TO CREATE AND CONFER

Plaintiffs from thirty-five states asserted claims in the *Poletti* consolidated action. *Poletti* counsel vindicated the interests of corn farmers in those states on legal issues such as economic loss, negligence, and personal jurisdiction. Counsel successfully defended the consolidated action against Syngenta's motion to dismiss on those issues. *Compare* Docs. 115-116 (MTD and memorandum brief), *with* Doc. 197 (order on the MTD). That success benefitted all corn farmers with interests in the legal issues, not just the *Poletti* and *Michael's Grain Farm* clients. The "extraordinary success" achieved in "the Illinois litigation" is recognized by the MDL, as it should. *In re Syngenta AG MIR162 Corn Litigation*, MDL No. 2591, Doc. 3507 at 9.

All corn farmers in common substantially benefitted from HGD's common coordinated discovery, the firm's financial support of the MDL PSC, the sharing of experts between *Poletti* and the MDL PSC, Mr. Garrison's designated leadership role with the PSC, and HGD's other cooperation with coordinated counsel, including in the settlement procedure ordered by the Court.

The value of HGD's participation in common coordinated discovery has been shown, vindicating the instant order of the Court. Doc. 44 at 3 ("The MDL Coordination Order will save substantial expense by eliminating unnecessary duplicative discovery and will conserve valuable judicial resources."). That work is undeniably a direct and substantial benefit to farmers eligible to be compensated from the common fund. It was not duplicative of other work, *because the coordination order operated effectively to prevent duplication*. That is not disputed.

The *Poletti* suit is the same, *i.e.*, not a duplicate of other efforts. It was an entire new front in a forum advantageous for resolution. From *Poletti* came the appointment of the Special Master, the seminal event of settlement. *See* Doc. 67 ("Plaintiffs' Proposal for Appointment of Special Master"); Doc. 345 (minute citing "the relative success of the intervention of the special master"). HGD's work and expense opened the new front and aided the MDL plaintiffs, contributing to their trial win. All this work and expense were undertaken on contingency, with no certainty of compensation or reimbursement.

Undeniably, the work and expense bestowed a substantial and common benefit on the settlement class, warranting the fee award and expense reimbursement sought on this Application. Settled authority recognizes that basis for the Application. *Mills v. Elec. Auto-Lite Co.*, 396 U.S. 375, 391-96 (1970) (approving an award of attorneys' fees where the potential class was conferred a substantial benefit by the litigation, noting that such fees may be proper when "litigation has conferred a substantial benefit on the members of an ascertainable class, and where the court's

jurisdiction over the subject matter of the suit makes possible an award that will operate to spread the costs proportionately among them"); *accord Hall v. Cole*, 412 U.S. 1, 5-6 (1973) (upholding the award of counsel fees on behalf of a class where the class received no financial benefit).

1. Counsel's "Lodestar," Based on the Factors Traditionally Used to Calculate the Lodestar, Helps to Demonstrate that the Request Is Reasonable

An award of fees based on a percentage of the common fund differs from an award based on counsel's "lodestar." *See In re Akorn, Inc. Secs. Litig.*, 2018 U.S. Dist. LEXIS 93874, *4 (N.D. Ill. June 5, 2018) ("[I]n common fund cases, the decision whether to use a percentage method or a lodestar method remains in the discretion of the district court." (citation omitted)). In the Seventh Circuit, when counsel asks that their fee be computed and awarded as a percentage of the common fund, a lodestar is not required to assess the reasonableness of the request. *Compare In re Ky. Grilled Chicken Coupon Mktg. & Sales Practices Litig.*, MDL No. 2103, 2011 U.S. Dist. LEXIS 157910, at *9-10 (N.D. Ill. Nov. 30, 2011) ("Class Counsel undertook to represent Plaintiffs on a contingency fee basis in this litigation. Detailed billing records are therefore not required to assess the reasonableness of Plaintiffs' requested attorneys' fees. . . . The court therefore proceeds to analyze the reasonableness of Plaintiffs' requested attorneys' fees as a percentage of the benefit conferred upon the Settlement Class in this case." (citations omitted)).

The lodestar is the sum of time devoted to the case multiplied by the hourly rate for the attorneys and para-professionals who performed the work, subject to adjustment by other factors. In the Tenth Circuit, although a lodestar may be employed to cross-check a fee award for reasonableness, the lodestar does not supersede or displace a fee award based on a percentage of the common fund. Rather, "the specific factors traditionally used to calculate the lodestar" are subsumed within "the percentage of fund analysis." *See e.g., In re Motor Fuel Temperature Sales*

Practices Litig., MDL No. 1840, 2016 U.S. Dist. LEXIS 113406, at *66 (D. Kan. Aug. 24, 2016) ("The Tenth Circuit applies a hybrid approach, which combines the percentage fee method with the specific factors traditionally used to calculate the lodestar."). For that reason, although they may not be required to do so, counsel submits their lodestar to show the reasonableness of their request. In so doing, Team HGD shows that the request is warranted by several factors, including the following "specific factors traditionally used to calculate the lodestar, "2016 U.S. Dist. LEXIS 113406, at *66:

> the time and labor required, the novelty and difficulty of the question presented by the case, the skill requisite to perform the legal service properly, the preclusion of other employment by the attorneys due to acceptance of the case, the customary fee, whether the fee is fixed or contingent, any time limitations imposed by the client or the circumstances, the amount involved and the results obtained, the experience, reputation and ability of the attorneys, the 'undesirability' of the case, the nature and length of the professional relationship with the client, and awards in similar cases.

Rosenbaum, 64 F.3d at 1445 n.3 (citations omitted).

2. Laffey Matrix

The hourly rates for the lodestar are drawn from the Laffey Matrix, which is found at http://www.laffeymatrix.com/see.html. Drawing the rates from the matrix is permitted by jurisdictional authority. *See Ozinga v. United States HHS*, 2018 U.S. Dist. LEXIS 85387, at *8 n.2 (N.D. Ill. May 22, 2018) ("The Laffey Matrix further supports these requested rates . . ."); *accord Awalt v. Marketti*, 2018 U.S. Dist. LEXIS 86109, at *7 n.1 (N.D. Ill. May 23, 2018) ("Nevertheless, the Seventh Circuit has 'left it to trial judges to exercise their discretion in evaluating [the Laffey matrix's] usefulness in any particular case,' *id.*, and courts in this district have accepted it as evidence of a reasonable hourly rate."). Courts outside the Seventh Circuit also apply the Laffey Matrix to assess hourly rates. *E.g., Colllins v. Cargill Meat Sols. Corp.*, 2011

U.S. Dist. LEXIS 69316, at *30 (E.D. Cal. June 28, 2011) ("Class Counsels' rates appear to fall within the reasonable rates of the Laffey Matrix.").

These hourly rates are warranted by several factors, including the "traditional factors" identified above. The case was national in scope, with counsel representing approximately 3,000 farmers in 37 states. Most of the common coordinated discovery that counsel conducted occurred in Washington, D.C., where a score of Syngenta witnesses were deposed, along with select third-party witnesses. Hearings were held in East St. Louis, Illinois, while settlement negotiations attended by counsel occurred in New York City, Kansas City, and Washington, D.C. Manifestly, a great deal of time and labor – and commensurate expenses – were required.

3. Key Issues Decided for Farmers Due to Counsel's Effort

The case required resolution of novel, important, and difficult questions, beginning with the CAFA procedure mastered by HGD for filing a mass action in Illinois which would remain in Illinois, creating a new front. *Poletti*, upon removal to this Court, was the first federal case in Illinois. It opened the front. The *Tweet* case, a spin-off of *Poletti*, came later and only because of *Poletti*. *Tweet* came about when three *Poletti* plaintiffs defected to other counsel. Docs. 59, 61, 63. But for *Poletti*, there is no *Tweet*.

Poletti also established specific personal jurisdiction over Syngenta in Illinois for farmer-plaintiffs across the United States (Doc. 133 at 85-91), a circumstance and advantage available in Illinois, further demonstrating the wisdom of selecting Illinois for the new front. *Compare In re Syngenta AG MIR 162 Corn Litigation*, MDL No. 2591, Doc. 2047 at 16-18 (denying personal jurisdiction in pertinent part). The subsequent decision of the Supreme Court in *Bristol-Myers Squibb*, 137 S. Ct. 1773 (2017), confirms the wisdom and substantial benefit of establishing

specific personal jurisdiction over Syngenta in one forum (Illinois) for claims of farmers from all over the United States. *Poletti* counsel accomplished that. Doc. 197 at 11-13.

The fact that *Poletti* pioneered personal jurisdiction over the Defendant for claims by non-Illinois farmers should not be underestimated. The pressure against Syngenta would have been diminished otherwise, reducing the weight of the cases against it. *Compare In re Syngenta AG MIR 162 Corn Litigation, ante.* *Tweet* and other litigation over MIR 162 in Illinois (state-court cases specifically[12]) certainly benefitted. The *Tweet* plaintiffs later asserted the same *Poletti* grounds and argument for personal jurisdiction and later prevailed for the same reasons the Court gave in its earlier decision for the pioneering *Poletti* Plaintiffs. Each event leading to the personal jurisdiction decision in the consolidated *Poletti* action (pleading, defense motion, motion opposition, and order) preceded the equivalent event in *Tweet*.

4. Counsel's Skill and Efficiency Further Demonstrated

The case was difficult, as demonstrated by claims against Syngenta which were litigated (sometimes heavily) and lost in cases other than *Poletti*. Farmers in the MDL lost their heavily-litigated Lanham Act national class claim, and the *Tweet* plaintiffs lost their claims against the grain trade (ADM et al.). The *Tweet* loss is reported at *Tweet* Doc. 185. Making matters worse, *Tweet* counsel and the attorneys for the MDL plaintiffs clashed, subverting coordination against Syngenta. *See Tweet*, Doc. 58-1 at 2 ("It cannot be disputed that lawyers participating as so-called 'leadership counsel' in the MDL represent interests directly and substantially adverse to the

[12] *Bristol-Myers Squibb* involved a state court. The Supreme Court held in it that a court cannot exercise personal jurisdiction over a defendant for the claims of non-resident plaintiffs unless those claims arise out of, or relate to, the defendant's contacts with the forum state, notwithstanding the presence in the same suit of resident plaintiffs whose claims do rise out of, or relate to, the defendant's contacts with the forum state.

interests of the Plaintiffs in [*Tweet*]. It cannot be disputed that [*Tweet*] Plaintiffs' counsel and the MDL leadership have antagonistic strategies and opposite goals.").

The losing Lanham Act claim in the MDL and the losing *Tweet* claims against the grain trade were not pled in *Poletti* by HGD and team, further proof of the skill and efficiency exercised in *Poletti*, a fact vindicating the Court's interest in conserving judicial resources. *See* Doc. 44 at 3 (citing the goal of "conserv[ing] valuable judicial resources"). The fact that the main claims asserted in *Poletti* passed merits muster demonstrates the competence of counsel and the skill required by the consolidated action.

5. Risk of Non-Payment

The attorney fee for counsel's *Poletti* and *Michael's Grain Farm* clients is a contingency fee of 33.3 percent, payable only if counsel prevails for the clients. Exhibit 7. The hourly rates for the lodestar are reasonable for that additional reason and risk. Specifically, counsel bore the risk of non-payment for their labor and expense if their clients did not prevail, a factor for a higher lodestar. *See Brewer v. Molina Healthcare, Inc.*, 2018 U.S. Dist. LEXIS 105816, at *10, *12 (N.D. Ill. June 12, 2018) ("Such contingency fee agreements contain the risk of no recovery whatsoever for Plaintiffs or their counsel. . . . Plaintiff's Counsel took this case on a contingent basis, meaning that there was a strong risk that they would not be paid.") (citing, *inter alia*, *Taubenfeld v. Aon Corp.*, 415 F.3d 597, 600 (7th Cir. 2005)). HGD, because it financially supported both the MDL PSC and the *Poletti* Plaintiffs, bore a risk of loss here and in the MDL, an additional factor supporting this Application.

6. Other Factors for the Lodestar

Counsel's experience, reputation, and ability also support the lodestar. HGD and team on many occasions have represented other prevailing plaintiffs in large-scale litigation nationwide,

including in MDLs where lead attorney W. Lewis Garrison, Jr. has served in leadership roles. Exhibits 6-7. HGD's attorneys of record, given the large number of hours they devoted to the case, could not accept as much other legal employment as they could have had they not committed themselves here.

C. A MULTIPLIER IS MANDATORY AND YIELDS THE FULL LODESTAR

The initial lodestar submitted by Team HGD to enable the Court to assess this application is $11,231,222.41, as shown in the table earlier in the application and as supported by the exhibits identified in that table. That sum is far from complete, however, because it lacks the multiplier which is mandatory. A multiplier of the lodestar is mandatory, not discretionary, because (1) counsel undertook the labor and expense of the litigation for a contingency fee, and (2) counsel bore a substantial risk that their labor and expense might be lost, *i.e.*, be for naught, if the litigation proved unavailing for the clients. *Florin v. Nationsbank of Ga., N.A.*, 60 F.3d 1245, 1247 (7th Cir. 1995) ("In *Florin I*, we remanded, holding that a risk multiplier is not merely available in a common fund case but mandated, if the court finds that counsel had no sure source of compensation for the services." (internal quotation marks omitted)); *see Brewer, ante*.

A multiplier of three (3) is within the range established by other large-scale, complex civil cases. *See In re Vioxx Prods. Liab. Litig.*, 760 F. Supp. 2d 640, 661 (E.D. La. 2010) (citing cases); *In re Diet Drugs*, 553 F. Supp. 2d 442, 485-87 (E.D. Pa. 2008) (citing multiplier range). It is appropriate here, accordingly. It produces the full lodestar asserted by Team HGD, which is $33,693,667.20.

D. A MULTIPLIER OF THREE (3) IS PARTICULARLY JUSTIFIED BY THE LABOR AND SUCCESS OF HGD

If the Court deems work by HGD alone (not also its co-counsel) for the benefit of class members to be the most valuable labor reported in this application, the Court should apply a multiplier of three (3) to the time for that labor. Specifically, a multiplier of three should be applied to, and certainly is called for by, the skill and expense HGD devoted to bestowing a substantial benefit on all farmers in common, not just the *Poletti* and *Michael's Grain Farm* clients. That effort by HGD was led by partner W. Lewis Garrison, Jr., whom the Court appointed the Coordinated Action Plaintiffs' Liaison Counsel. Doc. 44 at 4.

The successes created by HGD start with the *Poletti* litigation, the victories in it for farmers, and the global resolution precipitated through appointment of the special master. The successes include HGD's common coordinated discovery, the firm's financial support of the MDL PSC, its sharing of experts with the MDL PSC, Mr. Garrison's designated leadership role with the PSC, and HGD's other cooperation with coordinated counsel.

At Exhibit 7, Mr. Garrison summarizes the time HGD devoted to conferring the foregoing substantial benefit on the settlement class.[13] That specific amount of time for the common benefit is less than HGD's *total* hours for the case, as reported in this Application. There is a reason for that. The other or additional hours (1) were expended on related activities in *Poletti* and *Michael's Grain Farm* chiefly for the benefit of clients in those cases (not necessarily all farmers in the settlement class), and (2) are compensable nonetheless under the settlement agreement. The latter is true of all hours and expense reported by the other firms on the HGD team.

---

[13] *See e.g., Phipps Grp. v. Downing (In re Genetically Modified Rice Litig.*), 764 F.3d 864, 869 (8th Cir. 2014) ("[A] reviewing court 'may rely on summaries of attorneys and need not review actual billing records.'").

If the Court is of the opinion that work for the overall litigation effort, or common benefit work, is more valuable than work for the individual farmers, then HGD has broken this amount out for the Court.

The total hours expended by HGD for common benefit, or work for the overall effort, was **7,097.50.** This yields a lodestar of **$4,206,437.92**. With the multiplier of 3 added to this lodestar amount, the amount HGD seeks for its common benefit work is **$12,619,313.80.** Exhibit 7.

The common benefit work conducted by HGD came at a significant monetary cost, including deposition expenses, travel expenses, MDL common benefit assessments, Special Master assessments, document depository costs, and the like. The total amount of expenses associated with HGD's common benefit work was $518,557.01, and HGD's total expenses were $785,692.44.

V. CONCLUSION

An award of attorney fees and expenses in the amount of **$46,435,662.30** should be made to Team HGD for the foregoing reasons.

COMMON BENEFIT PARTICIPATION AGREEMENT

THIS COMMON BENEFIT PARTICIPATION AGREEMENT is made this 15 day of March, 2016, by and between the Plaintiffs' Co-Lead Counsel, as appointed by the United States District Court for the District of Kansas in MDL 2591, and Heninger Garrison Davis, LLC (the "Participating Counsel"), on behalf of all of their clients having claims for claims relating to or arising from genetically modified Syngenta corn, the commercialization of Agrisure Viptera or Agrisure Duracade or of any corn including genetically modified traits MIR162 or Event 4307 ("Corn"), or if Participating Counsel is also an MDL Counsel, on behalf of his clients with cases outside the MDL, including cases that are remanded to state court.

WHEREAS, the United States District Court for District of Kansas has appointed

Don Downing, William Chaney, Scott Powell and Patrick Stueve to serve as Co-Lead Counsel ("Lead Counsel") and Patrick Stueve to serve as Liaison Counsel ("Liaison Counsel") to facilitate the conduct of pretrial proceedings in the Corn actions; and

WHEREAS, the Lead Counsel, in association with other attorneys working for the common benefit of plaintiffs, have developed or are in the process of developing work product that will be valuable in all proceedings and benefit all producer and/or all non-producer plaintiffs alleging injury or damages caused by this Corn ("Common Benefit Work Product"); and

WHEREAS, Hon. David R. Herndon entered an Order on January 30, 2016, regarding coordination of actions pending in the Southern District of Illinois with MDL 2591, pending in the United States District Court for the District of Kansas; and

WHEREAS, Participating Counsel is desirous of acquiring the Common Benefit Work Product for the benefit of his or her client(s) and jointly pursuing discovery with the MDL against Syngenta.

NOW THEREFORE, in consideration of the covenants and promises contained herein, and intending to be legally bound hereby, the parties agree as follows:

I. SCOPE OF AGREEMENT

A. Purpose

This Participation Agreement (the "Agreement") is a private cooperative agreement between plaintiffs' attorneys to share Common Benefit Work Product pursuant to the Court's Order Establishing Protocols for Common Benefit Work and Expenses and Establishing the Common Benefit Fee and Expense Funds (the

"Order"), which is incorporated herein. By signing this Participation Agreement, the Participating Counsel who executes this Agreement is entitled to receive and use Common Benefit Work Product, regardless of the venue in which Participating Counsel's cases are pending.

B. Rights and Obligations of Participating Counsel

Participating Counsel shall be provided access to the Common Benefit Work Product, including access to the document depository. Participating Counsel agrees that all Corn cases and/or claims in which Participating Counsel has any fee interest, including, unfiled cases, tolled cases, and/or cases filed in any state or federal court, are all subject to the terms of this Participation Agreement.

Participating Counsel shall produce a list that correctly sets forth the name of each client represented by them and/or in which they have an interest in the attorney fee, regardless of what that interest is, who has filed a Corn civil action. Such list shall include the court and docket number of each such case. Participating Counsel shall also produce a list that contains the name of each client represented by them and/or in which they have an interest in the attorney fee, regardless of what that interest is, who has not yet filed a civil action. Participating Counsel shall supplement the lists on a quarterly basis and provide the lists to Plaintiffs' Liaison Counsel via electronic mail at Syngenta@stuevesiegel.com. The initial list shall be provided within 14 calendar days of signing this Agreement and must be supplemented every 90 days thereafter.

II. AGREEMENT TO PAY AN ASSESSMENT ON GROSS RECOVERY

Subject to the terms of this Agreement and the terms of the Order, Participating

Counsel who agrees to settle, compromise, dismiss, or reduce the amount of a claim, or with or without trial, recover a judgment for monetary damages or other monetary relief, including compensatory and punitive damages, for any Corn claims on behalf of any client are subject to an assessment of the Gross Monetary Recovery, as provided herein, regardless of whether Participating Counsel has actually accessed or used Common Benefit Work prior to any resolution.

A. Gross Monetary Recovery Defined

"Gross Monetary Recovery" includes any and all amounts paid to plaintiffs and/or their counsel by defendant(s) through a settlement or pursuant to a judgment. In measuring the Gross Monetary Recovery, the parties are to (a) exclude court costs that are to be paid by the defendant, but include any attorneys' fee awards under any fee-shifting statute or rule; (b) include any payments to be made by the defendant to a third party; (c) include the present value of any fixed and certain payments to be made in the future; and (d) if applicable, subtract any recovery paid by the plaintiff to a defendant through settlement or pursuant to a judgment for counterclaim(s) asserted in a Corn case by a defendant.

B. Assessment Amount

This assessment herein represents a holdback, *(see, e.g., In re Zyprexa Prods. Liab. Litig.*, 467 F. Supp. 2d 256 (E.D.N.Y. 2006)). The obligations of this Section shall follow all cases to their final disposition, including a court having jurisdiction in bankruptcy. The following assessment shall be set aside for placement into the Corn Common Benefit Fee Fund and the Corn Common Benefit Expense Fund.

The assessments are:

- For each producer client, a total of 7% assessment amount (4% for attorneys' fees and 3% for expenses) of the Gross Monetary Recovery; or
- For each non-producer client, a total of 5.5% assessment amount (3.5% for attorneys' fees and 2% for expenses) of the Gross Monetary Recovery.

In the event any defendant fails to hold back the assessments required by this Section, it is Your duty to pay the appropriate holdback amounts to the Corn Common Benefit Fee Fund and the Corn Common Benefit Expense Fund. Under all scenarios (except to the extent You are being paid an hourly rate), the fee assessment shall be paid from Your portion of the recovery and shall not be borne by Your client.

C. Covered Cases

By signing this Agreement, the Participating Counsel agrees that the assessment percentages set forth above shall apply to all of his or her law firm's cases that never were pending in the MDL or that were pending but were remanded to state court, including un-filed cases, tolled cases, federal cases not transferred to the MDL, and/or cases filed in any state court in which they have a fee interest, regardless of the size of that fee interest, and that the assessment percentages for MDL Counsel set forth in the Court's Order will apply to any cases that have been, are or will become part of this MDL, except those cases that are remanded to state court. To the extent there are one or more MDL global settlements entered into or approved by Plaintiffs' Co-Lead Counsel that include assessment percentages, the

assessment percentages in the settlement will control for any client who elects to participate in the settlement.

D. Attorneys' Fee Lien

With respect to each client represented in connection with Corn related claims that are filed or pending in any federal or state court, are un-filed, or are subject to a tolling agreement, Participating Counsel agrees to have defendants deposit or cause to be deposited in the Corn Common Benefit Fee and Expense Funds established by the District Court in the MDL a percentage of the Gross Monetary Recovery recovered by each such client that is equal to the assessment amount. In the event defendants do not deposit the assessed percentage into the Funds, Participating Counsel shall deposit or cause to be deposited in the Corn Common Benefit Fee and Expense Funds a percentage of the Gross Monetary Recovery recovered by each such client that is equal to the assessment amount. Participating Counsel, on behalf of themselves, their affiliated counsel, and their clients, hereby grant and convey to Plaintiffs' Lead Counsel a lien upon and/or a security interest in any fee (a) generated as a result of any recovery by any client who they represent in connection with any Corn-related claims and (b) they have any interest in, to the full extent permitted by law, in order to secure payment in accordance with the provisions of this Agreement. Participating Counsel will undertake all actions and execute all documents that are reasonably necessary to effectuate and/or perfect this lien and/or security interest.

III. COMMON BENEFIT WORK AND EXPENSES

A. Common Benefit Expenses Eligible for Reimbursement

In order to be eligible for reimbursement as Common Benefit Expenses, said expenses must be: (a) for the common benefit of all producer and/or non-producer plaintiffs; (b) appropriately authorized by Lead Counsel in writing; (c) timely submitted using the monthly reports created by Lead Counsel; (d) reasonable; (e) verified by a partner or shareholder in the submitting firm; and (f) in compliance with the Order. Attorneys shall keep all receipts for all expenses, which shall be made available upon request. Examples of authorized and unauthorized expenses are listed in the Order.

B. Common Benefit Work Eligible for Reimbursement

Notwithstanding anything in this Agreement to the contrary, Participating Counsel reserves the right to seek payment for Common Benefit expenses and Common Benefit fees from the MDL Court for work which Participating Counsel and its co-counsel may perform, or have performed, on the cases pending in the Southern District of Illinois, and any future cases that may be transferred to or filed in such Court. Participating Counsel's execution of this Agreement in no way negatively impacts any future decision whether to seek Common Benefit expenses and fees for work that may arise from the litigation in the Southern District of Illinois. MDL Lead Counsel maintains that the eligibility for fees and expenses for Common Benefit Work shall be governed by the MDL Order and reserves all arguments related to eligibility of requests for fees and expenses. The parties do anticipate that, from time to time, Common Benefit Work, as described further below and in various orders entered by the MDL Court, may be performed by Participating Counsel consistent with

instructions by MDL Lead Counsel, or other parties having the authority to designate such work. Such acceptance and performance of MDL designated work shall not impact the ability of Participating Counsel to seek reimbursement for Common Benefit expenses and fees for other work which was performed on behalf of the Southern District of Illinois litigation, which was not specifically designated as Common Benefit Work by the MDL, nor shall such acceptance and performance of MDL designated work entitle Participating Counsel to reimbursement for expenses and fees for other work which was performed on behalf of the Southern District of Illinois litigation, which was not specifically designated as Common Benefit Work by the MDL.

In order to be eligible for reimbursement as Common Benefit Work, time expended must be: (a) for the common benefit of all producer and/or non-producer plaintiffs; (b) appropriately authorized by Lead Counsel in writing; (c) timely submitted using the monthly reports created by Lead Counsel; (d) reasonable; (e) verified by a partner or shareholder in the submitting firm; and (f) in compliance with the MDL Order. Moreover, if counsel is a member of Plaintiffs' Executive Committee or other firm authorized by Lead Counsel to perform Common Benefit Work and fails to timely submit capital contributions as may be requested by Lead Counsel throughout this litigation, such counsel and members of his/her firm shall not be allowed to submit common benefit time or expenses for reimbursement.

"Common Benefit Work" means services performed for the benefit of all producer and/or all non-producer plaintiffs ("Common Benefit") and specifically authorized by Lead Counsel. Unless specifically and explicitly authorized in

writing, no time spent on developing or processing individual issues in any case for an individual client, no time spent on the solicitation of potential clients and no time spent on any unauthorized work, will be considered or should be submitted. No client-related time, save certain time relating to cases which may be selected in the future as bellwether cases or time related to class representatives in a Master or Consolidated Class Complaint, shall be considered Common Benefit Work. Examples of authorized and unauthorized work are listed in the Order.

C. Counsel to Whom Common Benefit Work May Be Shared

Without the express written consent of each of the Co-Lead Counsel, Participating Counsel is prohibited from sharing Common Benefit Work Product with counsel who do not execute a Participation Agreement.

D. Submission of Time and Expense Records

All time must be accurately and contemporaneously maintained. Participating Counsel shall keep a daily record of time spent in connection with Common Benefit Work on this litigation, indicating with specificity the hours, location, and particular activity. Time entries that are not sufficiently detailed may not be considered for common benefit payments and time submissions may be audited by a CPA. All common benefit time shall be maintained in tenth-of-an-hour increments.

Participating Counsel must follow the guidelines set forth in the Court's Order and in other written guidelines as established by Lead Counsel. All time and expense submissions must use the forms provided by Liaison Counsel and must be submitted electronically by the end of each calendar month, beginning on May 31, 2015. Failure

to provide submissions in a timely manner shall result in a waiver of attorneys' fees and expenses claimed for the time period that is the subject of the submission. Failure to submit time and expense records in the electronic format on forms approved by Plaintiffs' Lead Counsel may also result in the waiver of attorneys' fees and expenses. Time spent compiling the data for the time and expense submissions is not considered benefit time.

The undersigned Participating Counsel understands, acknowledges and agrees that there is no guaranty that all of the time submitted by any counsel or law firm will be compensated and that the hourly rate for the work that is compensated is not guaranteed *(e.g.,* that Lead Counsel may award different hourly rates for different work and for the same work performed by different attorneys or law firms). The undersigned also understands, acknowledges, and agrees that all hours are not going to be viewed equally and awarded at the same rate *(e.g.,* document review time and deposition/trial time may not be treated and awarded at the same rate).

E. Distribution of Fees

1. No Individual Right to the Funds: No party or attorney has any individual right to any common benefit funds except to the extent directed by order of the MDL Court. Common benefit funds will not constitute the property of any party or attorney or be subject to garnishment or attachment for the debts of any party or attorney except when and as directed by court order.

2. Court Approval: The amounts deposited in the Corn Common Benefit Fee Fund shall be available for distribution to attorneys who have performed

professional services or incurred expenses for the common benefit. The MDL Court retains jurisdiction over any common benefit award.

I, W. Lewis Garrison, Jr., hereby represent that I have the authority to execute this Agreement on behalf of my law firm, Heninger Garrison Davis, LLC, and on behalf of all of my Corn clients. I hereby represent that I have the authority to bind my law firm and all of my Corn clients to the terms of this Participation Agreement.

I further agree that the fee assessment portion will be deducted from my attorney's fee and not from my client's portion of the recovery (except to the extent I am being paid an hourly rate).

These assessments shall apply to all Corn claims against any defendant by persons or entities represented by my law firm, whether such claims are filed, unfiled or tolled, that have not been asserted in a filed state Corn case.

Subject: Third Syngenta Litigation Fund contribution due by April 20

Leadership team:

As many of you know, we are in full throttle preparing and producing our bellwether and class plaintiffs, deposing Syngenta witnesses, review Third Party Documents and preparing for depositions reviewing privilege log issues, working with a variety of experts, and incurring increasing document hosting costs. Accordingly, we need to ask all Executive Committee and Common Benefit firms to make their contribution to the Syngenta Litigation Fund in an amount equal to each Firm's first and second contributions: Co-leads (25k), Executive Committee Members and Common Benefit Firms (15k).

Our current Syngenta Litigation Fund balance is $40,109.90. The third contributions should put our balance at $295,109.90.

Timing: The due date is April 20.

Because of what our bank calls a new "compliance" standard from its auditors, checks should be made payable to Stueve Siegel Hanson LLP, instead of Syngenta Litigation Fund. Wiring instructions are below:

Subject: Syngenta Litigation Fund contribution

Leadership team:

We are happy to report that we received a ruling last Thursday from the bench (Order to follow) that Judge Lungstrum will preliminarily approve the $1.51 billion settlement with Syngenta. We have a final approval hearing set for November 15th. Thank you again for all your efforts to assist in getting us to this point.

In the meantime, we have several invoices from the special masters used in the settlement negotiation process that need to be paid along with final invoices from several of our expert witnesses that we have been paying over time. We also used Dr. Carter and Dr. Babcock in the settlement negotiation process to provide information related to the subclasses and allocation formula issues.

Accordingly, we need to ask each of your firms to contribute $15,000 at this time.

Please send payment by April 16.

Checks should be made payable to Stueve Siegel Hanson LLP.

SOUTHERN DISTRICT OF ILLINOIS

IN RE SYNGENTA MASS TORT ACTIONS

This Document Relates to:
Poletti et al. v. Syngenta AG et al.,
No. 3:15-cv-01221-DRH

DECLARATION OF W. LEWIS GARRISON, JR.,
IN SUPPORT OF FEE AND EXPENSE APPLICATION

I, W. Lewis Garrison, Jr., am competent to testify as to the matters stated herein, and based on my own personal knowledge, state as follows in support of Heninger Garrison Davis' ("HGD") Fee and Expense Application.

1. My name is W. Lewis Garrison, Jr. I am a shareholder in the firm. The name of my firm is Heninger Garrison Davis, LLC, and the office in which I primarily work is 2224 1st Avenue North, Birmingham, Alabama, 35203. My firm was one of the counsel of record in the *Poletti* and related cases that form the basis of our fee and expense application to this Court.
2. Our co-counsel in this litigation are submitting their own time records and supporting documentation, including Declarations or Affidavits in support of same. This affidavit is confined to the work and time expended by HGD only.

3. I have reviewed all the time records submitted by HGD, as well as the work that was performed. All the work done by HGD was necessary, and the work performed by HGD heavily contributed to the settlement. Further, I have reviewed the hours and rates of every HGD attorney or staff member who worked on this important case, and it is my opinion that the hourly rates for each person are reasonable.
4. HGD expended **10,755** hours on behalf of Class Members in this litigation. Based on the reasonable hourly rate for each attorney or staff who comprise this number, HGD's lodestar is **$6,373,390.70.** With the multiplier that HGD believes is justified under the circumstances of 3 x Lodestar, the total lodestar with multiplier is **$19,120,172.10**, and this is the amount of fees requested if the Court adopts this approach in lieu of the percentage of the common fund approach.
5. As stated in its Application, Team HGD moves for a percentage of the common fund of 3%, or a fee of **$ 45,300,000**, which, if approved by the Court, would compensate all firms that comprise Team HGD.
6. I have also reviewed the expenses incurred by HGD on this project. The total compensable expenses incurred are $785,692.44. These expenses include many large items associated with the litigation including, but not limited to: MDL common benefit assessments $145,000; Fees for Special

Master Ellen Reisman $130,912.95; Deposition transcript costs $69,820.29; Travel costs, and associated costs with travel, including trips to East St. Louis, New York, Washington D.C., Kansas City, and others $150,258.04; Expert Costs of $18,993.75; and, costs to Cicayda, the document vendor that managed documents produced by and to Syngenta of $81,308.77. I have reviewed the expenses, and again, each was incurred on behalf of Class Members in this litigation, and each was a necessary expense to achieve the final result. The MDL assessments of $145,000 arose out of emails from Pat Stueve seeking compensation from HGD as a member of the MDL Leadership team, as well as a "common benefit" firm, and these contributions were deposited into the "Syngenta Litigation Fund", which financed the entire MDL litigation. On every occasion in which Stueve sought contributions from HGD, we complied, up to as recently as April, 2018, as exhibits to our brief demonstrate.

7. HGD is a national trial firm. The firm focuses on class actions, mass torts, business litigation, individual plaintiff's cases ("single events"), and intellectual property litigation. I head the class actions and mass tort group, which is comprised of 16 lawyers. Our home office is in Birmingham, Alabama. We also have offices in Atlanta, New York City, and New Jersey.

My current CV is Exhibit #6, which lists my credentials and experience spanning a career of more than 34 years.

8. It was the desire of HGD to open a "third front" in the litigation against Syngenta, in addition to the MDL in Kansas, and the Minnesota state court proceedings. We carefully reviewed the "mass action" provisions under CAFA and hand-picked the Southern District of Illinois to file the case. This decision enabled HGD, and its co-counsel, to have an immediate impact in the litigation by having the ability to actively participate in voluminous discovery that was initiated by the MDL, by propounding our own discovery, by taking our own depositions that were specific to the SD Illinois case, and by teaming up with the MDL to provide valuable work and extract important testimony from the Syngenta witnesses, some of which was used at the MDL trial in Kansas.

9. Indeed, HGD committed whatever personnel was necessary to this immense project, becoming totally devoted to the litigation, and taking a huge risk that the time and money to fund the case might never be recovered. Our employment agreements with our clients in *Poletti*, and in the *Michael's Grain Farm* suit we also filed in the SD Illinois, is a contingency-fee agreement, paying us a contingent attorney fee of 33.3 percent of damages

we obtain for the clients. We bear the risks of no payment and of loss of expenses under the agreement.

10. Working hand in hand with the MDL, HGD embarked on 2+ year odyssey of complex litigation that eventually led to the settlement. A partial list of the nature of the work HGD did is as follows: HGD actively participated in more than 20 depositions of Syngenta officials, traveling to DC to the offices of Kirkland and Ellis, where they were almost uniformly held. HGD, having its own document vendor, and committing teams of lawyers for document review, would conduct its own document preparation for the deposition, sometimes finding documents that the MDL did not locate, and always examining witnesses on matters separate and apart from, but nevertheless in support of, the MDL goals of the examination. That HGD was a team player, and an important part of the MDL team, cannot be in dispute. At most every deposition, the MDL would start the examination, followed by, in no particular order, Minnesota, SD Illinois, Cargill and ADM. Often, breaks were taken, strategy was discussed, and HGD was a valuable and respected voice in these proceedings.

11. The litigation front in the SD Illinois was difficult as HGD expected it would be. Just about every issue was contested, there was heavy motion practice, and many hearings transpired on contested issues after meet and confers

failed to resolve disputes. HGD expected that Kirkland and Ellis would defend the case fiercely, and they did not disappoint. While contentious, it was never personal, and there was certainly a level of respect that existed between Syngenta counsel and HGD.

12. The Court ordered that the parties select a trial pool of 48 clients. 47 were chosen. These 47 farmers were subjected to voluminous discovery, i.e. interrogatories, document requests, and requests for admissions, which resulted in attorneys from Team HGD meeting with the clients all over the country to review the discovery requests, meeting with them again in preparation for their deposition, and finally putting the clients up for deposition. Team HGD put 44 clients up for depositions all over the country. These farmers did their best to answer the scripted hours of questions that Syngenta asked in every deposition, and likewise did their best to produce reams of documents detailing corn sales and crop figures in an industry that is sometimes difficult to document. It was a privilege helping these farmers, who are the class members in this settlement. In addition, farmer clients were required to complete Plaintiff fact sheets, which were themselves quite lengthy and complex. As the Court knows, this was an ongoing battle, and one that waged on for a year or more. Trying to get farmers to gather this information when they are always

busy planting, harvesting, or getting ready to plant or harvest, was a challenge, to say the least.

13. HGD did work for the common benefit of all clients, which is common benefit work, and also work for its own clients---the class members. Both would appear to be compensable under the Settlement Agreement, since Fee and Expense Applications were contemplated to be filed by firms doing work "for the benefit of Class Members", and there is no distinction in the agreement between work of a common benefit nature, or work for individual client class members.

14. Nevertheless, in the event that the Court finds that work for the overall effort, i.e., common benefit work, is more valuable than work for individual clients, HGD has undertaken an analysis to determine the percentage of its 10,755 hours that were devoted to common benefit work, i.e. work for the overall effort (Syngenta depositions, third-party depositions, document review, settlement committee meetings, dispositive motions---including favorable rulings on the Illinois economic loss doctrine and personal jurisdiction, etc.) as opposed to work for individual clients. Based on a review of the time records, attorneys who performed common benefit work were: Lewis Garrison, Chris Hood, William Bross, Mark Ekonen, Caroline Hollingsworth, Jim McDonough, Amanda Williamson, Taylor Bartlett,

Jeanie Sleadd, and Desiree Dodd. **Of the total of 10,750 hours incurred by HGD on behalf of class members, 7,097.50 hours were devoted to and assisted the overall litigation effort and are common benefit hours.** The HGD lodestar of work directly attributed to common benefit work can be determined by taking the proportion of 7,097.5 hours / 10,755 hours, or 66%, and applying this to the lodestar of $6,373,390.70. This gives an amount of $4,206,437.92. Using the multiplier that HGD believes is justified under the circumstances of 3 x Lodestar, the total lodestar with multiplier is $12,619,313.80, and this is the amount of fees attributed to direct common benefit work.

15. In support of HGD's fee application, I am attaching a chart that reflects the hours expended by every attorney and staff member of HGD, and an hourly rate assigned for such work. As this chart demonstrates, the amount of work that HGD conducted was impressive in size and scope. When our firm does a "deep dive" into multi-year projects of this nature, and commits the personnel and monetary resources to support it, there is an opportunity cost involved. Because we were so heavily focused on the Syngenta litigation, we could not devote resources to other cases, and to that point, we simply were not able to accept some other projects because we were consumed with this case.

16. In computing the hourly rates for our lawyers and staff, we borrowed from the *Laffey* matrix. This method has wide acceptance throughout the country, and has been used by many courts for fee compensation purposes. We believe the *Laffey* matrix, with slight variations as described in our application, is the best approach given the complexities of this case and the significant resources that were required to achieve the settlement.

I declare under penalty of perjury that the foregoing declaration is true and correct to the best of my knowledge, information and belief.

Dated this the 10th day of July, 2018.

UNITED STATES DISTRICT COURT
FOR THE SOUTHERN DISTRICT OF ILLINOIS
EAST ST. LOUIS DIVISION

IN RE SYNGENTA AG MIR 162 ACTIONS **This Document Relates to:** *All cases* DECLARATION OF JAMES G. ONDER IN SUPPORT OF APPLICATION FOR FEES	**Judge David R. Herndon**

DECLARATION BY JAMES G. ONDER

1. My name is James G. Onder and I, together with my partners at the OnderLaw, LLC law firm, represent 1,340 farming entities in the above captioned litigation.

2. This Declaration is prepared in support of the Petition made by my co-counsels at Heninger, Garrison, and Davis, as to approval by this Court of our joint Motion for Fees and Expenses in this matter, incurred in connection with services rendered by Counsel in furtherance of the above captioned litigation.

3. The undersigned is the managing partner at the law firm of OnderLaw, LLC with its primary office in St. Louis, Missouri. I have directed an internal audit team, led by an attorney, to review our firm's billing records, expenditures, and tracked client service events to determine the total number of hours expended in furtherance of the Syngenta litigation, and have likewise researched the costs and expenses advanced by our firm in pursuit of same.

4. The undersigned has reviewed the work of the internal audit team and determined that the investigation conducted and documents retrieved and produced are a fair and accurate rendering of the time, costs, and expenses expended on behalf of our clients and for the Common Benefit of the Class in this litigation.

5. According to the firm's time records, OnderLaw, LLC has spent a total of 7,185.73 hours on this matter from the inception of the case through the date of signing of this Declaration for a lodestar of $3,475,006.05.

6. The blended rates of OnderLaw, LLC reflect the market rates in the St. Louis Metropolitan Area for firms with a comparable proven track record of success, with comparable

experience and skill. These rates are reflective of the market in the Federal District Court for the Eastern District of Missouri and the Federal District Court for the Southern District of Illinois. It is in the latter District where undersigned counsel filed a mass action, and it is in this same district where the undersigned believes essential developments in the litigation ultimately led to a favorable settlement. Accordingly, the undersigned believes the that all of the work completed by OnderLaw, LLC, accrues to the Common Benefit of the Class.

7. Set forth below is a table summarizing the total hours, fees, costs, and expenses expended by OnderLaw, LLC partners:

Billing Categories	Billed Totals	Billed Hours
Onder Clients	$ 1,794,427.15	5616.13
Wendell Clients	$ 308,167.00	908.80
Conference Calls	$ 32,585.00	23.1
Complaints	$ 177,312.50	266
Pleadings	$ 399,095.00	167.7
Letter Drafts	$ 40,687.50	204
Court Hearings, Mediation, and Partner Conferences	$ 410,020.00	630.8
Special Project	$ 46,725.00	267
Case Expenses:		
Communication and Marketing	$ 228,411.51	
Cost Advances	$ 37,575.39	
Grand Total	**$ 3,475,006.05**	**7185.73**

8. In furthering this litigation, OnderLaw, LLC partners were mindful of the need to avoid duplicative work and to promote efficiency in the prosecution of this matter. Counsel made assignments in a coordinated fashion with co-counsels in the Southern District of Illinois, as well as with the Kansas MDL and the Minnesota litigation wherever possible. Counsel made certain to appropriately utilize the talents and skills of the attorneys and the firm, engaging in coordinated decision making using a cooperative approach.

9. Counsels worked together to coordinate separate litigations and developments as to same.

10. The lodestar set out above represents a reasonable time allocated among those best able to handle the assigned tasks given levels of particular talent and expertise, resulting in the calculation of blended hourly rates.

11. OnderLaw, LLC maintains a very active contingent fee practice, and anticipated that this litigation would resolve in such a way as to ensure those contingent fees. The firm receives

voluminous requests for representation and case consultation from individuals, business entities, and law firms throughout the country in the handling of complex catastrophic claims and class action litigation. The voluminous hours and resources expended in furtherance of the above captioned litigation have required that the firm forego other representation opportunities from which similar hourly outcomes and/or contingent fees might have been granted or otherwise resulted.

12. This case was undertaken and litigated by Counsel with every expectation that it would resolve in such a way as to secure contingent fees, and in so undertaking to act, Counsel recognized that voluminous hours would need to be expended in the prosecution of this matter against an international agribusiness defendant with billions of dollars in resources, represented by experienced litigation counsel that would cause OnderLaw, LLC to incur significant out-of-pocket expenses. The firm undertook this litigation understanding that it was doing so on a high risk, contingent fee basis.

13. Counsel respectfully submits to the Court that the outcome achieved in this litigation was a function of the hard work, efforts, and coordinated action of OnderLaw, LLC partners and co-counsels from across the country, together with their level of expertise and reputation as trial lawyers known to do what is necessary and incur the costs necessary to ensure a successful outcome. Counsel litigated this claim vigorously throughout and worked tirelessly in coordination with each other to ensure a successful outcome.

14. Counsel respectfully submits to this Court that the fee request is fair and reasonable under the totality of the circumstances.

I declare under penalty of perjury under the laws of the state of Illinois that the foregoing is true and correct.

Executed this 5th day of July, 2018, at St. Louis, Missouri.

Case 3:15-cv-01221-DRH Document 349-13 Filed 07/10/18 Page 4 of 75 Page ID #6248

Staff first identified which clients had PFS deficiencies outstanding, and/or which clients had not returned a PFS. Staff had to review each client's file for multiple entities and note on the client's letter which entities were already identified, where necessary. Staff also called some clients to verify PFS status, &/or entity existence and that no major changes had occurred. Staff checked how many letters needed to be sent in each case, whether any changes were required, and updated case management system accordingly.	Bulk of project completed early to middle August, 2017. Project Letter required return of completed PFS within 7 days (generally for most PFS deficient clients, this was by end of August, 2017).	Project time tracked here does not include individual mailout time of weighing, stamping, and sending out the mailer to specific clients. That time is tracked in the individual billing sheets as to each client.				$4,687.50

Update letter required analysis of the litigation status as to settlement details, and review of pertinent facts. Overview of plaintiff cases and files conducted to make sure settlement details applied to all plaintiffs as class members (plaintiffs fell into Producer Plaintiff class, non-Agrisure MIR 162 growers, non-elevator, non-ethanol producers).	Bulk of project completed early to middle February, 2018. Project Letter requested contact from other entities or producers known to client, and indicated timeframe for injury period may terminate on or about 12/31/2017.	Project time tracked here does not include individual mailout time of weighing, stamping, and sending out the mailer to specific clients. That time is tracked in the individual billing sheets as to each client.				$4,225.00

AFFIDAVIT OF BRIAN L. KINSLEY

I, Brian L. Kinsley hereby swear under the penalty of perjury that the following statement is true and accurate and to the best of my knowledge:

1. My name is Brian L. Kinsley. I am over the age of eighteen (18) years. I am an attorney licensed to practice law in North Carolina, Maryland, Massachusetts and The District of Columbia. I am admitted to practice in several District Courts, including the United States District Court for the Southern District of Illinois.

2. I am a partner/shareholder in the law firm of Crumley Roberts with its principal office located at 2400 Freeman Mill Road, Greensboro, NC.

3. I have been licensed to practice law since 1998 and have served as the Mass Torts/Products Liability Practice Group Leader since 2011. I currently represent clients in various mass tort and products liability cases nationwide.

4. I am co-counsel in the instant matter and am the principle attorney at Crumley Roberts working on the Syngenta corn product litigation.

5. As part of the Joint Fee Petition filed in this matter, Crumley Roberts has submitted 3,792.6 hours of Attorney (Partner, Associate and Temporary Research), Paralegal, Temporary Research Paralegal, Information Technology, Staff Management, and System Administrators as part of co-counsel responsibilities in the *Poletti*, et al. matter.

6. As Co-counsel, my firm's role included: attending and participating in Status Conferences, Special Master Hearings, responding to discovery requests, completing Plaintiff's Facts Sheets, maintaining client's files, document review, preparing clients for depositions, defending clients at depositions and coordinating various client mass mailings.

7. Crumley Roberts time is billed at the following rates per hour using the Laffey Matrix: Partner Attorney: $717.00, Associate Attorney: $864.00, Temporary Research Attorney: $359.00, Paralegal/Law Clerk: $196.00, Temporary Research Paralegal: $196.00, Information Technology: $196.00,Staff Management: $196.00, Systems Administrator: $196.00.

8. Crumley Roberts also incurred $18,173.45 in Costs as contained in the submitted list of expenses for costs associated for travel, mailings, computer rentals and other costs related to the litigation.

9. I hereby certify that the hours and expenses submitted herein are accurate, necessary and related to Crumley Roberts role as co-counsel in the instant matter.

This the 3rd day of July, 2018.

AFFIDAVIT OF PETER H. BURKE

I, Peter H. Burke hereby swear under penalty of perjury that the following statement is true and accurate and to the best of my knowledge:

1. My name is Peter H. Burke. I am over the age of eighteen (18) years. I am an attorney licensed to practice law in Alabama, Tennessee, Texas and New York. I am admitted to practice in several District Courts, including the United District Court for the Southern District of Illinois. I am admitted to practice in the Eleventh Circuit Court of Appeals, the Seventh Circuit Court of Appeals and the Supreme Court of the United States.

2. I am a partner in the law firm of Burke Harvey, LLC with it principal office located at 3535 Grandview Parkway, Suite 100, Birmingham, AL 35243.

3. I have been licensed to practice law since 1991. I currently represent clients in various class actions, mass tort and products liability cases nationwide.

4. I am co-counsel in the instant matter and am one of the main attorneys at Burke Harvey working on the Syngenta corn product litigation.

5. As part of the Joint Fee Petition filed in this matter, Burke Harvey has submitted 177.42 hours of Attorney (Partner and Associate) time as part of co-counsel responsibilities in the *Poletti*, et al. matter.

AFFIDAVIT OF JOSHUA D. HANSEN

I, Joshua D. Hansen, hereby swear under penalty of perjury that the following statement is true and accurate and to the best of my knowledge:

1. My name is Joshua D. Hansen. I am over the age of eighteen (18) years. I am an attorney licensed to practice law in the State of North Carolina. I am not admitted to practice in the United States District Court for the Southern District of Illinois.

2. I am a partner/member of the law firm of Hansen, Howell and Wilkie, PLLC (formerly known as Hansen Law Firm, PLLC) with its principal office located at 1618 Glenwood Avenue, Raleigh, North Carolina.

3. I have been licensed to practice law since 2003 and have served as the managing attorney of Hansen, Howell and Wilkie, PLLC and its predecessor firms since 2004. I currently represent clients in litigation matters throughout the State of North Carolina.

4. I am co-counsel in the instant matter and the principal attorney at Hansen, Howell and Wilkie working on the Syngenta corn product litigation. Hansen, Howell and Wilkie associated with counsel licensed to practice in the United States District Court for the Southern District of Illinois, namely attorneys from Crumbley Roberts; Heninger, Garrison, Davis, LLC; and Burke Harvey.

5. As part of the Joint Fee Petition in this matter, Hansen Howell and Wilkie has submitted 264.60 hours of Attorney (Partner) and Paralegal time as part of co-counsel responsibilities in the *Poletti*, et al. matter.

6. As co-counsel, my firm's role included: completing Plaintiff's Facts Sheets, maintaining clients files, document review, coordinating various client mass mailings, and correspondence with clients and their representatives concerning the Syngenta corn litigation.

7. Hansen, Howell and Wilkie, PLLC time was billed at the following rates per hour using the Laffey Matrix; Partner Attorney: $717.00, Paralegal $196.00.

8. Hansen, Howell and Wilkie, PLLC also incurred $2,591.78 in Costs related to the litigation as contained in the submitted list of expenses incurred for travel, mailings, and other costs related to the litigation.

9. I hereby certify that the hours and expenses submitted herein are accurate, necessary and related to Hansen, Howell and Wilkie's role as co-counsel in the instant matter.

This the 9th day of July, 2018.

vs	§	Civil Case No. 3:15-cv-01221
SYNGENTA, AG, ET AL.,	§	
Defendants	§	

AFFIDAVIT OF CHARLES M. MERKEL, III

I, Charles M. Merkel, III, hereby swear under penalty of perjury that the following statement is true and accurate and to the best of my knowledge:

1. My name is Charles M. Merkel, III. I am over the age of eighteen (18) years. I am an attorney licensed to practice law in Mississippi. I am admitted to practice in several District Courts, including the United States District Court for the Northern District of Illinois.

2. I am a partner/shareholder in the law firm of Merkel & Cocke, P.A. with its principal office located at 30 Delta Avenue, Clarksdale, MS.

3. I have been licensed to practice law since 1998 and have served as the firm's primary attorney responsible for Mass Torts/Products Liability litigation since 2003. I currently represent clients in various mass tort and products liability cases nationwide.

4. I am co-counsel in the instant matter and am the principal attorney at Merkel & Cocke, P.A. working on the Syngenta corn product litigation.

5. As part of the Joint Fee Petition filed in this matter, Merkel & Cocke, P.A. has submitted 54.6 hours of Attorney work as part of co-counsel responsibilities in the *Poletti, et al.* matter.

6. As Co-counsel, my firm's role included: gathering data and documentation of corn farming production and losses, attending and participating in farmers' meetings, helping with trial pool client discovery responses and deposition preparation and attending client depositions.

7. Merkel & Cocke time is billed at the following rates per hour using the Laffey Matrix: Partner Attorney (11-19 years experience) $655.00- $717.00; Associate Attorney (20+ years of experience - $826.00.

8. Merkel & Cocke also incurred $509.47 in case expenses as contained in the submitted list of expenses for costs associated with travel, mailings, and other cost related to the litigation.

9. I hereby certify that the hours and expenses submitted herein are accurate, necessary and related to Merkel & Cocke's role as co-counsel in the instant matter.

This, the 6th day of July, 2018.

CHARLES M. MERKEL, III

STATE OF MISSISSIPPI
COUNTY OF COAHOMA

I, J. Malone, a Notary Public, for said State and County, do hereby certify that Charles M. Merkel, III personally appeared before me on this day and acknowledged the due execution of the foregoing instrument.

WITNESS my hand and notarial seal on this, the 6th day of July, 2018.

DECLARATION OF WENDELL L. HOSKINS II
IN SUPPORT OF APPLICATION FOR FEES

DECLARATION OF WENDELL L. HOSKINS II

1. I am an attorney licensed and in good standing in the state and federal courts of Missouri, Arkansas, Tennessee and Mississippi. My primary office address is 404 Ward Avenue, Caruthersville, Missouri 63830.

2. I have devoted a significant portion of my practice in the last 26 years to representing clients in agriculture-related litigation.

3. I have represented farmers in various agriculture-related litigation throughout the United States, including crop injury and crop insurance litigation.

4. I have represented farmers and other plaintiffs in mass tort litigation related to, *inter alia*, Bayer GM Rice, Fen-Phen/Redux and Vioxx.

5. I hold an AV Preeminent rating by my peers through Martindale-Hubbell.

6. I routinely handle agriculture-related litigation matters on a contingent fee and hourly fee basis.

7. My standard contingent fee arrangement is one-third (33.33%) of any gross recovery prior to trial or arbitration and forty percent (40%) through trial or arbitration.

8. My standard hourly rate for all litigation matters is $475, and that has been my standard hourly rate during the period 2012 to 2018.

9. In addition to my own time, I routinely engage the assistance of trained legal staff, including legal secretaries and paralegals.

10. The standard hourly rates for my paralegal staff are $85 to $105 per hour.

11. The work performed by the paralegal staff in this litigation is the same, or substantially similar, to that performed with other agriculture-related litigation. Therefore, the paralegals involved in this litigation provided significant benefit to this litigation.

12. During the period October 1, 2014, to the present my firm has devoted significant time and resources to developing a client base of 613 litigants in mass tort litigation related to Syngenta's sale of Agrisure Viptera® and Agrisure Duracade™ corn varieties.

13. My firm undertook representation of these clients on a contingent fee arrangement one-third (33.33%) of any gross recovery.

14. My firm coordinated the Syngenta Agrisure Viptera® and Agrisure Duracade™ corn litigation with OnderLaw, LLC of St. Louis, Missouri, referring our clients to OnderLaw for filing in the Illinois litigation.

15. My staff and I have undertaken a detailed review of the electronic files related to this litigation and have endeavored to construct detailed billing related to this firm's representation of our clients in this matter.

16. The time charges reflected in the detailed billing include the significant expenditures of time related to gathering, digesting and producing yield, marketing and farming practice data related to these farming operations for the Plaintiff Fact Sheets required by the federal courts as part of the discovery process.

17. I have also included estimated time devoted to this litigation on a weekly and monthly basis in managing the voluminous data and documentation related to our clients' claims,

as well as periodic research and review of court pleadings necessary to update and maintain my knowledge of the various aspects of this ongoing litigation.

18. Because this firm undertook representation on a contingent fee basis, I know that there is substantial time and expense that we failed to capture in the detailed billing provided.

19. The detailed billing that we could capture is set forth in the attached Client Billing Worksheet and summarized in the attached Statement. These are the standard forms used by this firm in hourly billing cases.

20. The Statement and Client Billing Worksheet are attached hereto and incorporated by reference.

21. The following is a summary of the billing and expenses incurred:

	Hrs./Rate	Amount
Attorney Wendell L. Hoskins II (WLH)	609.3/$475	$285,347.30
Paralegal Savilla Wolf (SW)	11.0/$105	$ 1,155.00
Paralegal Brea Treat (BT)	283.2/$105	$ 29,736.00
Paralegal Leslie Powell (LP)	707.4/$105	$ 74,277.00
Paralegal Melissa McClain (MC)	243.1/$105	$ 25,525.50
Expenses – South Shore, Inc. (Clerical/Processing)		$ 48,779.29
Total Fees & Expenses		**$ 463,665.09**

22. Our strategy from the beginning was to pursue maximum recovery for our clients through traditional or multi-district litigation.

23. The Law Office of Wendell L. Hoskins II maintains an active and lucrative contingent fee practice, and the significant time and resources required by the Syngenta Agrisure Viptera® and Agrisure Duracade™ corn litigation required my firm to forego other representation opportunities under our standard contingent fee and hourly billing arrangements.

24. The undersigned counsel respectfully submits that the strategy pursued on behalf of our clients, and the substantial resources expended in its pursuit, by this firm and by others, contributed significantly to the common benefit of all American corn farmers adversely impacted

by the release of Syngenta Agrisure Viptera® and Agrisure Duracade™ corn varieties and now entitled to share in the negotiated settlement.

25. Accordingly, this firm and others who were instrumental in bring about the common benefit to all clients in this litigation should share in any attorney's fees awarded.

26. The undersigned counsel respectfully submits that the fee request is fair and reasonable under the totality of the circumstances.

I declare under penalty of perjury that the foregoing declaration is true and correct to the best of my knowledge, information and belief.

THIS, the 9th day of July, 2018.

WENDELL L. HOSKINS II

In witness whereof, I have hereunto subscribed my name and affixed my official seal this 9th day of July, 2018.

UNITED STATES DISTRICT COURT
FOR THE SOUTHERN DISTRICT OF ILLINOIS
EAST ST. LOUIS DIVISION

IN RE SYNGENTA AG MIR 162 ACTIONS	
This Document Relates to:	**Judge David R. Herndon**
All cases	
DECLARATION OF DAVID A. OLDFIELD IN SUPPORT OF APPLICATION FOR FEES	

DECLARATION BY DAVID A. OLDFIELD

1. My name is David A. Oldfield and I, together with my partners at the Oldfield Myers Apke & Payne Law Group, Ltd. law firm, represent 163 farming entities in the above captioned litigation.

2. This Declaration is prepared in support of the Petition made by my co-counsels at Heninger, Garrison, and Davis, as to approval by this Court of our joint Motion for Fees and Expenses in this matter, incurred in connection with services rendered by Counsel in furtherance of the above captioned litigation.

3. The undersigned is a shareholder, director and officer at the law firm of Oldfield Myers Apke & Payne Law Group, Ltd. with its primary office in Vandalia, Illinois. I have reviewed our firm's billing records, expenditures, and tracked client service events to determine the total number of hours expended in furtherance of the Syngenta litigation, and have likewise reviewed the costs and expenses advanced by our firm in pursuit of same.

4. The undersigned has reviewed the billing records and determined that the billing records and the bill produced is a fair and accurate rendering of the time, costs, and expenses expended on behalf of our clients and for the Common Benefit of the Class in this litigation.

5. According to the firm's time records, Oldfield Myers Apke & Payne Law Group, Ltd. has spent a total of 245.04 hours on this matter from the inception of the case through the date of signing of this Declaration plus applicable expenses for a lodestar of ***** **$28,385.07** *****.

6. The blended rates of Oldfield Myers Apke & Payne Law Group, Ltd. reflect the market rates in the Southern District of Illinois for firms with a comparable proven track record of success, with comparable experience and skill. These rates are reflective of the market in the

Federal District Court for the Southern District of Illinois. In the Southern District of Illinois the co-counsel of Oldfield Myers Apke & Payne Law Group, Ltd. filed a mass action, and it is in this same district where the undersigned believes essential developments in the litigation ultimately led to a favorable settlement. Accordingly, the undersigned believes that all of the work completed by Oldfield Myers Apke & Payne Law Group, Ltd., accrues to the Common Benefit of the Class.

7. Set forth in the attached billing is the total hours, fees, costs, and expenses expended by Oldfield Myers Apke & Payne Law Group, Ltd. In furthering this litigation, Oldfield Myers Apke & Payne Law Group, Ltd. was mindful of the need to avoid duplicative work and to promote efficiency in the prosecution of this matter. Co-counsel made assignments in a coordinated fashion with co-counsels in the Southern District of Illinois, as well as with the Kansas MDL and the Minnesota litigation wherever possible. Counsel made certain to appropriately utilize the talents and skills of the attorneys and the firm, engaging in coordinated decision making using a cooperative approach.

8. Counsels worked together to coordinate separate litigations and developments as to same.

9. The lodestar set out above, $28,385.07, represents a reasonable time allocated among those best able to handle the assigned tasks given levels of particular talent and expertise, resulting in the calculation of blended hourly rates.

10. Oldfield Myers Apke & Payne Law Group, Ltd. maintains an active law practice, and anticipated that this litigation would resolve in such a way as to ensure that the time and expenses committed to this litigation would be remunerated. The firm receives requests for representation and case consultation from individuals and business entities throughout Illinois. The hours and resources expended in furtherance of the above captioned litigation have required that the firm forego other legal work from which similar hourly outcomes might have been granted or otherwise resulted.

12. This case was undertaken and litigated by Co-counsel with every expectation that it would resolve in such a way as to secure contingent fees, and in so undertaking to act, Co-counsel recognized that many hours would need to be expended in the prosecution of this matter against an international agribusiness defendant with billions of dollars in resources, represented by experienced litigation counsel that would cause Oldfield Myers Apke & Payne Law Group, Ltd. to incur significant out-of-pocket expenses. The firm undertook this representation understanding that it was doing so on a high risk, contingent fee basis.

13. Counsel respectfully submits to the Court that the outcome achieved in this litigation was a function of the hard work, efforts, and coordinated action of Oldfield Myers Apke & Payne Law Group, Ltd. and its co-counsels from across the country, together with their level of expertise and reputation as trial lawyers known to do what is necessary and incur the costs

necessary to ensure a successful outcome. Co-counsel litigated this claim vigorously throughout and worked tirelessly in coordination with each other to ensure a successful outcome.

14. Counsel respectfully submits to this Court that the fee request is fair and reasonable under the totality of the circumstances.

I declare under penalty of perjury under the laws of the state of Illinois that the foregoing is true and correct.

Executed this 9th day of July, 2018, at Vandalia, Illinois.

DECLARATION OF WILLIAM R. TAPELLA
IN SUPPORT OF APPLICATION FOR FEES

DECLARATION BY WILLIAM R. TAPELLA

1. I am an adult, over the age of eighteen (18), and competent to testify to the matters set forth in this affidavit based upon my personal knowledge.

2. I am an attorney licensed and in good standing to practice law in the state and federal courts of Illinois. My primary office address is 6009 Park Drive, Charleston, Illinois 61920. In addition, I am licensed to practice law in the state courts of Missouri and maintain an office in Clayton, Missouri.

3. This Declaration is prepared in support of the Petition made by my co-counsels at Onder Law, LLC and Heninger, Garrison, & Davis, for approval by this Court of a Motion for Fees and Expenses in this matter, all incurred in connection with services rendered by my firm in furtherance of the above captioned litigation.

4. I am the sole member and managing member of Tapella & Eberspacher, LLC.

5. I have directed an internal audit team, led by me, and supported by our firm's in-house accountant, to review our firms billing records, expenditures, and client services to determine the total number of hours expended in furtherance of the Syngenta litigation. I have, likewise, researched the costs and expenses advanced by our firm in pursuit of that litigation.

6. Working with the Onder Law Firm, our client's cases have been filed in the Southern District of Illinois as a mass action.

7. In furthering this litigation, the Tapella & Eberspacher attorneys and staff were mindful of the need to avoid duplicative work and to promote efficiencies in the prosecution of this matter.

8. My standard hourly rate for litigation matters is three hundred dollars ($300.00) per hour.

9. In addition to my own time, associates at this law firm have billed time to this file. Associates at this law firm bill their time in hourly matters at a rate of two hundred fifty dollars ($250.00) per hour.

10. In addition to attorney time, this office routinely engages the assistance of trained legal staff. Our legal staff bills their time at a rate of one hundred dollars ($100.00) per hour.

11. I am familiar with the rates charged by other law firms in Central and Southern Illinois and believe that the rates charged by this firm are reasonable, given the experience and expertise possessed by the attorneys and staff at Tapella & Eberspacher, LLC.

12. During the period of time from December 1, 2014 to present, my firm has devoted significant time and resources to developing a client base of two-hundred thirty-seven (237). In addition, we have coordinated efforts with the law firm of Fleschner, Stark, Tanoos, & Newlin in Terre Haute, Indiana to develop an additional client base in the litigation related to Syngenta's sale of Agrisure Viptera and Agrisure Duracade corn varieties of one hundred ninty-one (191).

13. My firm undertook representation of these clients on a contingent fee arrangement, said fee to include one-third of all sums recovered on behalf of our clients.

14. My firm coordinated the Syngenta litigation with both the Fleschner, Stark, Tanoos,

for filing in the Illinois litigation.

15. The time charges reflected in our detailed billing statement include the significant expenditures of time, marketing, and legal services provided to our clients in the Syngenta litigation.

16. Our statement and client billing worksheets are attached hereto and incorporated by reference.

17. The following is a summary of the attached billing and expenses incurred:

	Hrs./Rate	Amount
Attorney William R. Tapella	23.87/$300	$7,160.45
Associate Attorneys	25.5/$250	$6,374.95
Legal Assistants	266.75/$100	$26,675.00
Expenses		$698.25
Total Fees & Expenses		$40,908.70

18. The undersigned counsel respectfully submits that the strategy pursued on behalf of our clients and the substantial resources expended in its pursuit, by this firm and by others, contributed significantly to the common benefit of all American corn farmers adversely impacted by the release of Syngenta Agrisure Viptera and Agrisure Duracade corn varieties and now entitled to share in the negotiated settlement.

19. Accordingly, this firm and others who were instrumental in bringing about the common benefit to all clients in this litigation should share in any attorney's fees awarded.

20. The undersigned counsel respectfully submits that the fee request is fair and reasonable under the totality of the circumstances.

I declare under penalty of perjury that the foregoing declaration is true and correct to the best of my knowledge, information and belief.

THIS, the 9th day of July, 2018.

WILLIAM R. TAPELLA

In witness whereof, I have hereunto subscribed my name and affixed my official seal this 9th day of July, 2018.

DECLARATION OF LANCE P. BROWN	)	
IN SUPPORT OF APPLICATION FOR FEES	)	

DECLARATION BY LANCE P. BROWN

1. My name is Lance P. Brown, and I, together with the associates at the Sam C. Mitchell & Associates law firm, represent 23 farming entities in the above-captioned litigation.

2. This Declaration is prepared in support of the Petition made by my co-counsels at the OnderLaw, LLC law firm, as to approval by this Court of our joint Motion for Fees and Expenses in this matter, incurred in connection with services rendered by Counsel in furtherance of the above captioned litigation.

3. The undersigned is the managing attorney at the law firm of Sam C. Mitchell & Associates with its primary office in West Frankfort, Illinois. I have directed review of our firm's billing records, expenditures, and tracked client service events to determine the total number of hours expended in furtherance of the Syngenta litigation, and have likewise researched the costs and expenses advanced by our firm in pursuit of same.

4. Sam C. Mitchell & Associates is uniquely suited to assist local farmers as co-counsel in national litigation, while simultaneously having a "small town" reputation that facilitates trust with local farmers.

5. According to the firm's time records, Sam C. Mitchell & Associates has spent a total of 59.1 hours on this matter from the inception of the case through the date of signing of this Declaration for a lodestar of $11,240.00.

6. Sam C. Mitchell & Associates reflect the market rates in the Southern Illinois area for firms with a comparable proven record of success, with comparable experience and skill. These rates are reflective of the market in the Federal District Court for the Eastern District of Missouri and the Federal District Court for the Southern District of Illinois. It is in the latter District where the undersigned believes essential developments in the litigation ultimately led to a favorable settlement. Accordingly, the undersigned believes that all of the work completed by Sam C. Mitchell & Associates, accrues to the Common Benefit of the Class.

7. Set forth below is a table summarizing the total hours, fees, costs, and expenses expended by Sam C. Mitchell & Associates:

Billing Categories	Billed Totals	Billed Hours
Sam C. Mitchell & Associate clients	$11,240.00	59.1
Case Expenses:	$ 3,443.96	
Grand Total:	**$14,683.96**	

8. The lodestar set out above represents a reasonable time allocated among those best able to handle the assigned tasks given levels of particular talent and expertise, resulting in the calculation of blended hourly rates.

9. Sam C. Mitchell & Associates maintains a very active contingent fee practice, and anticipated that this litigation would resolve in such a way as to ensure those contingent fees. The firm receives voluminous requests for representation and case consultation from individuals, business entities, and law firms throughout the tri-state area in the handling of complex claims.

10. Counsel respectfully submits to the Court that the outcome achieved in this litigation was a function of the hard work, efforts, and coordinated action of Sam C. Mitchell & Associates and co-counsels from across the country, together with their level of expertise and reputation as trial lawyers known to do what is necessary and incur the costs necessary to ensure a successful outcome. Counsel litigation this claim vigorously throughout and worked tirelessly in coordination with each other to ensure a successful outcome.

11. Counsel respectfully submits to this Court that the fee request is fair and reasonable under the totality of the circumstances.

I declare under penalty of perjury under the laws of the state of Illinois that the foregoing is true and correct.

Executed this ____ day of July, at West Frankfort, Illinois.
