**PAUL BYRD LAW FIRM, PLLC’S BRIEF IN SUPPORT OF PETITION FOR AN
AWARD OF ATTORNEYS’ FEES AND REIMBURSEMENT OF COSTS AND
EXPENSES**

Paul Byrd Law Firm, PLLC, and all of its team¹, (hereinafter collectively referred as “Paul Byrd Law Firm”) have played an integral part of this litigation. From the moment the barges were

¹ The Paul Byrd Law Firm, PLLC team consists of five firms (Paul Byrd Law Firm, PLLC; The Kelly Law Firm, P.A.; James J. Thompson, Jr. Firm; The Awbrey Firm; and the Clark Mason Law Firm) along with a network of 20+ referring law firms. Specifically, Odom Law Firm, Gale Lush Law Firm, and DeVaughn James Injury lawyers spent enormous amount of time and effort to litigate this case as evidenced by the declarations filed by each firm.

turned away in China in November 2013, Paul Byrd Law Firm started to work on holding Syngenta accountable for the harms it caused to the American corn farmers. Starting around late December 2013, Paul Byrd Law Firm began legal research on the implications of China rejecting American corn. A few days later, Paul Byrd Law Firm retained experts in the grain trade to create a damage model. After months of following the volatility of the corn markets, Paul Byrd Law Firm filed the **first** class-action Complaints in Arkansas and Tennessee.

Due to Paul Byrd Law Firm's experience in the Rice litigation, specifically Paul Byrd, Jerry Kelly, and Jim Thompson all playing integral roles in the *Schafer* jury verdict and the *LLRice* MDL, many farmers personally knew Paul Byrd Law Firm and many others knew of the reputation that Paul Byrd Law Firm had built up in fighting for accountability of the biotechnology companies. Thus, thousands of corn farmers hired Paul Byrd Law Firm on a contingency fee to prosecute their claims on an individual basis. Please see Exhibit A.

Throughout the entirety of the litigation, Paul Byrd Law Firm worked with many different groups to achieve justice for the American corn farmers. After the filing of consolidation to the JPML, Paul Byrd attended and prepped with his team who argued in front of the JPML for where the cases should be consolidated. Once the JPML consolidated the federal court actions, including the two class actions filed by Paul Byrd Law Firm, in front of Judge Lungstrum, Paul Byrd Law Firm petitioned for an appointment to the Plaintiff's Executive Committee. Not long after Judge Lunstrum decided on who should be appointed, Judge Sipkins appointed Paul Byrd Law Firm to a leadership role on the newly created MDL in Minnesota state court. Throughout that appointment, Paul Byrd Law Firm worked tirelessly not only for the common benefit of all American corn farmers, but also specifically for the 2,500+ individual corn farmers who hired Paul Byrd Law Firm to prosecute their cases on an individual basis.

While still working towards the Common Benefit of the entire litigation, which includes taking and defending depositions, prepping bellwether plaintiffs for depositions, document review, attending and participating in multiple hearings and focus groups, the work for the individual farmers includes filing nearly 50 complaints in Minnesota state court for all 2,500+ corn farmers, serving the defendants each of those complaints, creating and maintaining a database specifically geared to answer the Plaintiff Facts Sheets, creating and maintaining a document repository specifically geared to house documents needed to answer the Plaintiff Fact Sheets, mailing multiple update letters to all corn farmers, hiring 30+ employees whose sole job was to answer Plaintiff Fact Sheets and interact with corn farmers and FSA offices and vendors, calling to update all 2,500+ corn farmers of the various statuses of the litigation, helping all 2,500+ corn farmers complete the Plaintiff Fact Sheets, submitting 2,500+ Plaintiff Fact Sheets to Kirkland & Ellis while not receiving one deficiency letter on any of the Plaintiff Fact Sheets, advising all 2,500+ corn farmers on the class settlement, and helping them complete the opt-in forms as generated by class counsel.

The amount of effort and skill and time that it took to successfully complete the Plaintiff Fact Sheets deserves recognition not only on the part of our farmers but also Paul Byrd Law Firm due to the efforts expended to aid in the completion. The approach taken by Paul Byrd Law Firm was simply “no isn’t good enough.” Whereas some lawyers may have relied on the farmers to supply documents, Paul Byrd Law Firm took a hands-on approach with both the farmers and the vendors with whom the farmers do business. It was the rare exception that a farmer supplied all the necessary documents to complete a Plaintiff Fact Sheet. This led to our employees and attorneys asking the vendors directly for documents (with permission from the farmer, of course). We became intimately familiar with local FSA offices, local grain elevators, local crop insurance

agents, and local seed dealers to name a few. But this was not an easy approach. There is no HIPAA requiring the vendors to produce documents. It took polite persistence and extensive amounts of time. And through those efforts, the mission was accomplished with no deficiencies.

Thus, Paul Byrd Law Firm asks this Court to enforce the contingency fee contracts that our clients signed. Due to the Settlement process, and the October claims deadline, neither the individual corn farmers nor Paul Byrd Law Firm know how much the contingency fee will amount. The total amount to be paid to our clients is presently unknown. It will undoubtedly total in the millions of dollars, but the precise monetary amount to which our contingency fee agreements would apply is simply unknown. What is known however, is the immense time and sheer volume of farmer clients and massive acreage that the Paul Byrd Law Firm team represented; as is stated in Exhibit A, Paul Byrd Law Firm is representing 2,500+ individual corn farmers who farmed over 600,000 acres in a given year. Therefore, pursuant to the Settlement Agreement, Preliminary Approval Order, and the terms of the signed contingency fees with Paul Byrd Law Firm, Paul Byrd Law Firm hereby respectfully requests an award of attorney fees equal to 30% of the gross recovery attributable to their claims with their lodestar (\$6,567,464.75) as the floor for such an award.

Alternatively, if the claims process and/or the Court cannot calculate what the gross recovery is for individual corn farmers being represented by Paul Byrd Law Firm, Paul Byrd Law Firm respectfully requests an award of the lodestar with a 3.0 multiplier to account for the difficulties associated with prosecuting this litigation along with the risk related to that prosecution.

STANDARD OF REVIEW

The trial court's decision on a motion for attorney fees and expenses will not be reversed absent an abuse of discretion. *See Green v. BMW of North America, LLC*, 826 N.W.2d 530, 534

(Minn. 2013) (citing *Milner vs. Farmers Ins. Exch.*, 748 N.W.2d 608, 621 (Minn. 2008)). “An abuse of discretion occurs ‘when a district court errs as a matter of law in applying improper standards in an award of fees.’” *Id.* at 534–35 (quoting *Jorstad v. IDS Realty Trust*, 643 F.2d 1305, 1312 (8th Cir. 1981)).

ARGUMENT

A. The Court Should Enforce Paul Byrd Law Firm’s Unambiguous Contracts with Plaintiffs.

In Minnesota, a “contingent fee agreement shall be in a writing signed by the client and shall state the method by which the fee is to be determined.” MINN. R. PROF. CONDUCT 1.5(c). In Arkansas, which is where the fee contracts were entered, a “contingent fee agreement shall be in writing and shall state the method by which the fee is to be determined, including the percentage or percentages that shall accrue to the lawyer in the event of settlement, trial or appeal, litigation and other expenses to be deducted from the recovery, and whether such expenses are to be deducted before or after the contingent fee is calculated.” ARK. R. PROF. CONDUCT 1.5(c). Contingent-fee agreements are permitted, as long as the terms do not call for overreaching or unreasonable fees and expenses. See *In re Petition for Distr. of Attorney’s Fees*, 870 N.W.2d 755, 759 (Minn. 2015) (citing with approval *Holt v. Swenson*, 252 Minn. 510, 514–15, 90 N.W.2d 724, 728 (1958)). “When the language of a contract is clear and unambiguous, we enforce the agreement of the parties as expressed in the contract.” *Caldas v. Affordable Granite & Stone, Inc.*, 820 N.W.2d 826, 832 (Minn. 2012) (citing *Dykes v. Sukup Mfg. Co.*, 781 N.W.2d 578, 581 (Minn.2010)) (emphasis added).

For at least the past 40 years, Minnesota courts have enforced contingent-fee agreements calling for a fee totaling 40-percent of the gross recovery. See, e.g., *Untiedt v. Grand Laboratories*,

Inc., 552 N.W.2d 571 (1996); Continental Cas. Co. v. Knowlton, 305 Minn. 201, 232 N.W.2d 789 (1975). Plaintiffs, more than 2,500 corner farmers, retained Paul Byrd Law Firm to prosecute their individual claims against Syngenta and contractually agreed to pay attorney fees equaling 30% of the gross amount recovered. See Exhibit A & Exhibit B - Declaration of Paul Byrd. Because their Contracts contain unambiguous language regarding the agreed-upon fee of 30%, Minnesota law requires enforcement of the parties' agreement as expressed in the contracts so long as it is not overreaching or unreasonable. See Caldas, 820 N.W.2d at 832; see also In re Petition, 870 N.W.2d at 759. Therefore, Plaintiffs respectfully request an order awarding them attorney fees totaling 30% of the gross recovery.

Due to the nature of the Settlement, Plaintiffs do not presently know how much they will recover from the producer subclass fund. This information will not be available until after the claim bar date passes (October 12, 2018) and the claims administrator calculates the amount owed to each claimant. Therefore, Plaintiffs respectfully request leave to supplement this Motion, as needed, if and when information regarding the total amount of their claims becomes available. Due to the timing of events established by Judge Lungstrum's preliminary approval order, Plaintiffs hope to be able to provide the Court with this information before the Final Fairness Hearing on November 15, 2018.

B. Amount of Effort Taken by Paul Byrd Law Firm

As stated above in the narrative section, enormous time and effort was undertaken by Paul Byrd Law Firm. The core group of Paul Byrd Law Firm includes Paul Byrd and Joseph Gates of Paul Byrd Law Firm, PLLC, Jerry Kelly of Kelly Law Firm, PA, Nolan Awbrey of The Awbrey Law Firm, James J. Thompson, Jr., and Clark Mason of Clark Mason Attorneys. Each lawyer was jointly responsible for the prosecution of the case. Other lawyers in the Paul Byrd Law Firm team,

including the Odom Law Firm, Gale Lush Law Firm, and DeV Vaughn James, worked very hard to help their individual clients prosecute their case, including answering plaintiff fact sheets. Below is a chart that lays out the time that these lawyers spent on this litigation.

Many, many other individuals and staff members from the respective firms aided the efforts in prosecuting this litigation. Those efforts are more clearly defined in the declarations, which have been attached as Exhibits to this Brief. Overall, there were 17,832.52 hours, which is \$6,567,464.75 at the respective individual's usual and customary hourly rate.

Time was not the only effort undertaken by Paul Byrd Law Firm. There were considerable expenses paid up front, and due to the nature of contingency fee work, with no guarantee that the expenses would be repaid. The expenses pertaining to this case are reflected in the records of the firms. These records were contemporaneously prepared from receipts, expense vouchers, check and credit card records and other documents and are an accurate record of the expenses. Below is a chart of the expenses.

Name of Firm	Amount Spent
Paul Byrd Law Firm, PLLC ¹⁴	\$306,917.47
Kelly Law Firm, PA	\$94,451.11
The Awbrey Law Firm	\$84,300.33
James J. Thompson, Jr.	\$106,700.00
Clark Mason Attorneys	\$79,910.63
Odom Law Firm	\$26,565.39
Gale Lush Law Firm	\$4,722.63
DeVaughn James	\$4,000.00
TOTALS	\$707,567.56

CONCLUSION

For the foregoing reasons, Paul Byrd Law Firm requests an order awarding attorney fees and expenses for their work in successfully pursuing claims on their behalf. Depending on the information available before the Court decides this Motion, Paul Byrd Law Firm requests:

1. An attorney fee award equaling 30% of their combined gross recovery from the settlement fund;
2. If this amount is less than Plaintiffs' lodestar, an attorney fee award at least equaling their lodestar (\$6,567,464.75); or

¹⁴ These costs referenced in this chart are exclusive of the costs Paul Byrd Law Firm, PLLC paid related to common benefit work. To date, Paul Byrd Law Firm, PLLC alone has paid a total of \$804,831.47 to prosecute this litigation. If the Plaintiff Fact Sheet time is considered Common Benefit, then these expenses will need to be amended to reflect the amount that has been paid.

3. If information regarding Plaintiffs' total net recovery is not available to the Court before it decides this Motion, an attorney fee award equal to their lodestar with a multiplier of three (\$19,702,394.25).

**DECLARATION OF PAUL BYRD OF PAUL BYRD LAW FIRM, PLLC, IN
CONNECTION WITH REQUEST FOR ALLOCATION OF AGGREGATE COMMON
BENEFIT FEE AND COSTS AWARD**

I, Paul Byrd, declare as follows:

1. I am over the age of twenty-one years old and make this declaration based on my personal knowledge. If called as a witness, I could and would testify competently to the facts contained herein, which are true and correct.

2. I am the managing partner of Paul Byrd Law Firm, PLLC (hereinafter “the Firm”). I am authorized to submit this declaration on the Firm’s behalf.

3. I submit this declaration in support of the Paul Byrd Law Firm, PLLC Fee & Expense Application (“the Application”), filed pursuant to Section 7.2.1 of the Agrisure Viptera/Duracade Class Settlement Agreement (the “Settlement Agreement”) in *In Re: Syngenta AG MIR 162 Corn Litigation*, a multi-district litigation consolidated in the United States District Court for the District of Kansas before Hon. John W. Lungstrum (MDL-2591), and *In Re: Syngenta Litigation*, a Minnesota Consolidated Proceeding consolidated in the Fourth Judicial District Court, Hennepin County, Minnesota, before Hon. Laurie Miller (formerly Hon. Thomas Sipkins) (File Nos. 27-CV-15-3785 & 27-cv-15-12625).

4. Collectively, the Firm represents 2,500+ clients in the Agrisure/Viptera litigation against Syngenta on a contingency basis. In written fee agreements, each of these clients agreed to pay 30% of any recovery in this matter as a contingent fee, and to pay expenses on a pro-rata basis among all the clients.

5. Paul Byrd Law Firm, PLLC has acted as lead counsel in this matter and has filed an Application for a Fee & Expense Award based on the clients’ gross recoveries under the Settlement Agreement and the private fee contracts with each such client.

6. This Fee Petition with Brief in Support is limited to non-common benefit work. Since I was appointed to serve on the Executive Committee by Judge Sipkins, the Co-Leads and the Executive Committee of the Minnesota MDL has collectively filed a Petition for the Common Benefit work that I and my firm has done. Thus, this Fee Petition does not contemplate all the effort and work that went towards the common benefit of the entire litigation.

7. Attached to this Affidavit as Exhibit A are resumes for me and Joseph Gates. We were the primary lawyers in my firm who worked on this litigation. As outlined in Exhibit A, we have considerable experience with complex litigation, including the GMO Rice case against Bayer CropScience, and we have been appointed to serve on the Executive Committee for the Dicamba case, which is MDL #2820.

8. Because our representation is on a contingency basis, we did not closely track the time spent on this litigation for non-common benefit work except that my firm kept contemporaneous records while answering 2,500+ Plaintiff Fact Sheets. For time that is not common benefit or answering plaintiff fact sheets, I estimate that my actual time spent on this matter is 3,000 hours, which is \$1,950,000 at my usual and customary hourly rate. I estimate that the actual time Joseph Gates spent on this matter is 3,650 hours, which is \$1,277,500 at his usual and customary hourly rate.

9. The Firm also incurred \$270,214.16 in expenses in non-common benefit expenses. This total does not include the \$497,914.00 in expenses in common benefit expenses.

10. The individuals in the Firm who worked on this matter are:

11. Some of my clients are long-term clients, and I updated them about this case in the course of our regular communications regarding this and other matters.

12. My firm dedicated a substantial amount of resources and took on incredible risk to work this litigation. We hired 30+ employees throughout the pendency of the litigation to work solely on answering 2,500+ Plaintiff Fact Sheets gathering and producing more than 45,000 documents resulting in hundreds of thousands of pages. The quality and effort on answering those Plaintiff Fact Sheets is evident as we never received a deficiency notice from Kirkland & Ellis for any of our Plaintiff Fact Sheets.

13. For the lawyers, particular myself and Joseph Gates, due to our efforts for to the substantial amount of time spent on this case, our other cases, which are all worked on a contingency fee basis, were not being completed at a speed that we would have typically worked these types of single event cases. Not only did our time commitments to this case prevent our firm from generating revenue, it also slowed the access to justice that our other single event clients would have attained had we not devoted the time that we committed to this litigation.

14. As stated above, the time and expense figures above do NOT include 6,160.68 hours (\$1,346,140.25 at our usual and customary rates) and \$497,914.00 in costs and expenses, which were submitted by my Firm to the Minnesota Co-Lead Counsel as Common Benefit Work and Common Benefit Expenses, in compliance with the Minnesota Common Benefit Order

(entered by Judge Sipkins on December 7, 2015), and the Common Benefit Rules adopted by Co-Lead Counsel pursuant thereto.

15. The Firm did *not* include in these submissions any time or expenses spent on behalf of any individual clients, who were not bellwether plaintiffs, other than time assisting clients in complying with the Plaintiff Fact Sheet Order, which the Minnesota leadership communicated to the Firm would be considered Common Benefit Work. Joseph Gates, Sara Silzer, and I had 970.15 hours in common benefit, non-PFS time, and my firm had 5,190.53 hours in PFS time. In the event that PFS time is not considered common benefit, then the only compensable common benefit time would be 970.15 hours.

16. The time and expense information submitted by the Firm to Minnesota Co-Lead Counsel is attached as Exhibit B hereto.

17. The Firm has been advised by Minnesota Co-Lead Counsel that Minnesota Co-Lead Counsel's Fee & Expense Application in this matter will include and seek an award for all approved Common Benefit Work and Common Benefit Expenses.

I declare under penalty of perjury pursuant to 28 U.S.C. § 1746 that the foregoing is true and correct.

Executed on this 10th day of July, 2018, in Denver, CO.

13. My firm dedicated a substantial amount of time to common benefit work, including answering plaintiff fact sheets, which precluded us from working on other cases. Essentially, for a solid two years, my firm work the Syngenta corn case around the clock. Over 30 employees were hired for the sole purpose of working on the Syngenta

corn case. For the lawyers, particular myself and Joseph Gates, due to our efforts for to the common benefit work, our other cases, which are all worked on a contingency fee basis, were not being completed at a speed that we would have typically worked these types of a single event cases. Not only did our time commitments to the common benefit work we performed on this case prevent our firm from generating revenue, it also slowed the access to justice that our other single event clients would have attained had we not devoted the time that we committed to the common benefit work we performed.

14. My firm also seeks an award of \$497,914.00 in Common Benefit Expenses in connection with the prosecution of the litigation. Those expenses are summarized below:

Description of Costs	Amount
Assessment Fees	\$475,000.00
Postage Fees	\$158.48
Hotels	\$5,290.30
Meals	\$1,134.47
Mileage	\$4,908.07
Air Travel	\$10,291.59
Ground Transportation	\$911.11
Parking & Ordering Transcripts	\$219.98
TOTAL	\$497,914.00

15. As part of my firm's request for an award of Common Benefit Expenses, I have reviewed the Court's Common Benefit Order. The requested award is in conformity with that Order.

16. The Common Benefit Expenses pertaining to this case are reflected in the records of my firm. These records are contemporaneously prepared from receipts, expense vouchers, check and credit card records and other documents and are an accurate record of the expenses.

I declare under penalty of perjury pursuant to 28 U.S.C. § 1746 that the foregoing is true and correct.

**DECLARATION OF JERRY KELLY FOR KELLY LAW FIRM, P.A.
JOINING AND IN FURTHER SUPPORT OF
THE PAUL BYRD LAW FIRM, PLLC FEE & EXPENSE APPLICATION**

I, Jerry Kelly, declare as follows:

1. I am over the age of twenty-one years and make this declaration based on my personal knowledge. If called as a witness, I could and would testify competently to the facts contained herein, which are true and correct.

2. I am the sole principal of KELLY LAW FIRM, P.A., (hereinafter “the Firm”). I am authorized to submit this declaration on the Firm’s behalf.

3. I submit this declaration in support of the Paul Byrd Law Firm, PLLC Fee & Expense Application (“the Application”), filed pursuant to Section 7.2.1 of the Agrisure Viptera/Duracade Class Settlement Agreement (the “Settlement Agreement”) in *In Re: Syngenta AG MIR 162 Corn Litigation*, a multi-district litigation consolidated in the United States District Court for the District of Kansas before Hon. John W. Lungstrum (MDL-2591), and *In Re: Syngenta Litigation*, a Minnesota Consolidated Proceeding consolidated in the Fourth Judicial District Court, Hennepin County, Minnesota, before Hon. Laurie Miller (formerly Hon. Thomas Sipkins) (File Nos. 27-CV-15-3785 & 27-cv-15-12625).

4. Together with Paul Byrd Law Firm, PLLC, the Firm represents in excess of 2500 farmers/clients in the Agrisure/Viptera litigation against Syngenta on a contingency basis. In written fee agreements, each of these clients agreed to pay 30% of any recovery in this matter as a contingent fee, and further agreed to a division of those fees between Paul Byrd Law Firm, PLLC and the Firm.

5. Paul Byrd Law Firm, PLLC has acted as lead counsel in this matter and will file an Application for a Fee & Expense Award based on the clients’ gross recoveries under the Settlement Agreement and the private fee contracts with each such client. The Firm supports and joins that Application for contract fees.

6. Information regarding my personal background and prior litigation experience is attached. **(See Exhibit A)**

7. Because my representation is on a contingency basis, I did not keep timesheets on a daily basis, except for that time spent performing Common Benefit work. However, I have

developed, to the best of my ability, an accurate reconstruction of my time spent for the entire 2014 year and through January 15, 2015. **(See Exhibit B)** I have submitted a precise computation of hours worked for the Common Benefit totaling 251.95 hours for December 2015 through February 2016. **Unfortunately, as I have not had adequate time to accurately reconstruct and compute my time spent working on this litigation for the remaining part of 2015, all of 2016, all of 2017, and to this date of 2018, other than that spent for the Common Benefit, I anticipate that I cannot request payment for such unreconstructed and non-computed time spent. Thus, my only allowable time spent on this matter for which I can request to be paid is 573.05 hours, which computes to \$286,525.00 at my usual and customary rate for these type cases.**

8. The Firm also incurred total expenses of \$94,451.11, the highlighted portion of which on Exhibit C I understand has been submitted for reimbursement by the Paul Byrd Law Firm. **(See Exhibit C)** This firm has submitted as expenses associated with Common Benefit work the sum of \$10,298.42, which is a part of the total expenses referenced above. These Common Benefit expenses have not yet been approved.

9. Time submitted for the Firm is exclusive to myself as the KELLY LAW FIRM, P.A. founder. I began my law practice in Carlisle, Arkansas in 1984 and opened an additional office in Lonoke, Arkansas in 1995. My practice areas include tractor trailer and automobile wreck cases, highway construction site automobile accident cases, insurance bad faith cases, agricultural-commercial litigation cases, all types of personal injury and wrongful death cases, product liability cases, tire defects cases, and medical malpractice cases. Over the past 34 years, I have secured jury verdicts and/or settlements for victims of automobile accidents in the tens of millions of dollars. My aggressive pretrial and trial work has been featured in articles on the

front page of the *Wall Street Journal*, the *Arkansas Times*, and the *Arkansas Democrat-Gazette*. My work in tire litigation has also been featured nationally on NBC's *Dateline* series. I have represented plaintiffs in steel belted radial tire tread/belt separation cases in Arkansas, Mississippi, Oklahoma, Arizona, New Jersey, Utah, California, Nevada, New Mexico and Florida. I am widely recognized as one of several trial counsel having tried the *Schafer, et al. v. Bayer Crop Science, et al.* case in Lonoke County, Arkansas, wherein the Plaintiffs received an extraordinary \$48 million jury verdict. The *Schafer* case has been recognized among the legal community and the public as being the landmark case in Arkansas that overturned the punitive damage cap legislation of 2003, as well as the case that played a great part in the negotiations for the global \$750,000,000.00 settlement of the rice GMO state and federal litigation. In 2011, I acted as co-lead trial counsel in the Lonoke County Circuit Court case, *Kimberly Patrick, et al. vs. Weaver-Bailey Contractors, Inc., et al.*, wherein Ariel Anderson, a young lady who was severely injured in a highway construction site on U.S. Highway 67-167 in Pulaski County, Arkansas, received a jury verdict of \$17 million. In September of 2016, I acted as lead trial counsel in a Conway County Circuit Court case, *Elmer Philpot vs Hankook Tire Co., LTD, et al.*, wherein Mr. Elmer Philpot, a 70 year old dump truck driver, received a \$1.2 million jury verdict as a result of an accident caused by a defective Hankook tire. Presently, I am extensively involved in the pending Monsanto/BASF/Dicamba MDL litigation wherein thousands of farmer plaintiffs are seeking crop loss damages caused by Dicamba volatility. In 2012, I was a co-recipient of the Outstanding Trial Lawyer of the Year Award from the Arkansas Trial Lawyers Association. Based on my experience and work on complex matters, my hourly rate has been approved at \$500 by the Court in the well-known GMO Rice Bayer CropScience litigation.

10. I kept informed about this case by communicating with other counsel, including Paul Byrd Law Firm, PLLC, reading court pleadings and public reports, and participating in status calls, so that I could advise my clients as to the progress of the case—and I did keep them so informed, including by phone calls, emails, correspondence and in person meetings.

11. Some of my clients are long-term clients, and I updated them about this case in the course of our regular communications regarding this and other matters.

12. Additionally, I made numerous trips throughout the Midwest meeting with many of our 2500+ clients to gather information necessary for the accurate completion of Plaintiffs Fact Sheets. I attended several court hearings in Kansas, Minnesota, and South Carolina, and attended many prosecutorial strategy meetings. I spent considerable time in Nebraska and Iowa defending bellwether plaintiffs' depositions and in deposition preparations, specifically bellwether Plaintiffs Ms. Leora Messersmith and Mr. Pat Luther.

13. As my base offices are located in Lonoke and Carlisle, Arkansas, my extensive travels throughout the Midwest performing those duties that were required to vigorously represent our 2500+ clients over the years during which this litigation was pending, exacted a heavy toll on my solo practitioner law practice, and precluded me from taking much additional legal work.

14. The time and expense figures above include 251.95 hours or \$125,975.00 (\$500.00/hour at my usual and customary rate and \$163,767.50 at the lodestar rate of \$650/hour submitted), and \$10,298.42 in costs and expenses submitted by my firm to the Minnesota Co-Lead Counsel as Common Benefit Work and Common Benefit Expenses, in compliance with the Minnesota Common Benefit Order (entered by Judge Sipkins on December 7, 2015), and the Common Benefit Rules adopted by Co-Lead Counsel pursuant thereto.

15. The Firm did *not* include in these submissions any time or expenses spent on behalf of any individual clients who were not bellwether plaintiffs, other than time assisting clients in complying with the Plaintiff Fact Sheet Order, which the Minnesota leadership communicated to the Firm would be considered Common Benefit Work.

16. The Firm has been advised by Minnesota Co-Lead Counsel that Minnesota Co-Lead Counsel's Fee & Expense Application in this matter will include and seek an award for all approved Common Benefit Work and Common Benefit Expenses. As of today, however, I have not been provided the final word on how much of the Firm's common benefit time and expense has been so approved.

I declare under penalty of perjury pursuant to 28 U.S.C. § 1746 that the foregoing is true and correct.

Executed on this 9th day of July, 2018, in Lonoke, Arkansas.

DECLARATION OF NOLAN E. AWBREY FOR AWBREY LAW FIRM
JOINING AND IN FURTHER SUPPORT OF
THE PAUL BYRD LAW FIRM, PLLC FEE & EXPENSE APPLICATION

I, Nolan E. Awbrey, declare as follows:

1. I am over the age of twenty-one years old and make this declaration based on my personal knowledge. If called as a witness, I could and would testify competently to the facts contained herein, which are true and correct.

2. I am a member of Awbrey Law Firm, (hereinafter “the Firm”). I am authorized to submit this declaration on the Firm’s behalf. Awbrey Law, along with the law firms of James J. Thompson, Jr., Birmingham, Alabama; the law firm of Jerry Kelly, Lonoke, Arkansas; and the law firm of Clark Mason, Little Rock, Arkansas, worked as a team in conjunction with the Paul Byrd Law Firm, Little Rock, Arkansas, which was appointed by Judge Thomas Sipkins as a member of the Plaintiffs’ steering committee, (hereinafter “the Paul Byrd Law Firm Team”).

3. I submit this declaration as a member of the Paul Byrd Law Firm Team and its Fee & Expense Application (“the Application”), filed pursuant to Section 7.2.1 of the Agrisure Viptera/Duracade Class Settlement Agreement (the “Settlement Agreement”) in *In Re: Syngenta AG MIR 162 Corn Litigation*, a multi-district litigation consolidated in the United States District Court for the District of Kansas before Hon. John W. Lungstrum (MDL-2591), and *In Re: Syngenta Litigation*, a Minnesota Consolidated Proceeding consolidated in the Fourth Judicial District Court, Hennepin County, Minnesota, before Hon. Laurie Miller (formerly Hon. Thomas Sipkins) (File Nos. 27-CV-15-3785 & 27-cv-15-12625).

4. Together with the Paul Byrd Law Firm Team, the Firm represents over 2,500 clients in the Argisure/Viptera litigation against Syngenta on a contingency basis. In written fee agreements, each of these clients agreed to pay 30% of any recovery in this matter as a contingent fee, plus expenses, and further agreed to a division of those fees between the Paul Byrd Law Firm Team.

5. The Paul Byrd Law Firm has acted as lead counsel in this matter and will file an Application for a Fee & Expense Award based on the clients' gross recoveries under the Settlement Agreement and the private fee contracts with each such client. The Firm supports and joins that Application.

6. Nolan E. Awbrey, founding partner of the Awbrey Law firm, has 23 years of experience involving complex litigation. Mr. Awbrey worked on a very similar claim on behalf of thousands of clients, the Rice GMO litigation, which led to a \$750 million settlement in 2012. Mr. Awbrey has worked on other complex matters, including numerous matters involving multiple plaintiffs, with some claims prosecuted as class actions and others as multi-plaintiff claims, as well as several mass tort matters.

7. From the beginning of my representation of over 2,500 farmer clients, I was working on a contingency fee basis and I did not keep my time contemporaneously on a daily basis. However, following the announced settlement of the corn litigation and the Court Order of February 23, 2018, calling for fee and expense petitions, I have reviewed the Firm's entire corn litigation file, including all email correspondence, calendaring, documents, and other material, to include discovery material, common benefit time sheet submissions, travel documents, and other material to accurately determine with reliability, the time expended, dating back to December 2013 to the present. My efforts included the handling and the filing of complaints and prosecution of claims for 2,500 clients. The time submitted is undoubtedly on the conservative side, as I'm certain there are many hours that will not be reported due to the lack of daily time-keeping. The vast majority of my law practice is contingency fee based, and thus my daily practice

does not include the logging of case file time. It was my expectation from day one of representation that my contingency contracts would be enforced as a result of any settlement.

8. The Awbrey Law firm also incurred \$84,300.33 in expenses, (which can be confirmed with detailed documentation) consisting of filing fees for over 2,500 clients; the cost of creating a client tracking database to have all pertinent documents for each client, including voluminous plaintiff fact sheets as ordered by the Minnesota Court; my share of MDL assessment fees; travel expense exceeding \$10,000.00, representing numerous trips to court hearings, focus groups, strategy meetings and other; contract workers hired for document retrieval, retention and organization, and data entry; expert witness fees; and Plaintiff Fact Sheet document procurement. My actual time spent on this matter is approximately 313.4 hours. If applied to my previously approved lodestar rates consistent with my experience of \$650.00, this time would total \$203,710.00.

9. Time submitted for Awbrey Law is exclusive to the firm's founder, Nolan E. Awbrey. Mr. Awbrey has been in private, civil plaintiff's practice for 23 years, since his graduation from law school in 1995. Mr. Awbrey's practice consists 100% in the representation of injured plaintiffs. Mr. Awbrey maintains the highest rating of AV pre-eminent from Martindale Hubbell's peer review system for both legal ability and legal ethics. Mr. Awbrey is a member of the National Trial Lawyers Association, top 100 National Trial Lawyers; the American Association of Justice. In addition, Mr. Awbrey has been honored by Super Lawyers, and Best Lawyers of America. Mr. Awbrey has tried numerous cases to a jury verdict and has obtained several verdicts in excess of a million dollars, including a verdict for \$19,000,000 against Ford Motor Company in an Arkansas federal court, and several others including verdicts for \$3,500,000 and \$2,100,000 in the state

courts of Alabama. Mr. Awbrey has represented hundreds of farmers throughout his career, including the more than 2,500 in the present corn litigation case. Previously, Mr. Awbrey worked with his prior firm on the GMO Rice litigation involving thousands of rice farmers; in addition, he has worked on complex cases involving the representation of hundreds of chicken farmers, hog farmers and wheat farmers, in separate litigation throughout the United States. While his work is generally governed by contingency fee contracts, certain MDL and class action work has resulted in submissions of legal time based on hourly rates. Based on his experience and work experience on complex matters, including national mass actions, product liability matters and medical malpractice, and 23 years of trial and litigation experience, previous Courts have approved hourly rates for him that support the submitted rate in this case of \$650.00.

10. I kept informed about this case by regularly communicating with other counsel, including lead counsel and members of the Plaintiffs' steering committee, reading court pleadings and public reports, and participating in hundreds of conference status calls, so that I could advise my clients as to the progress of the case—and I did keep them so informed, including by phone calls, emails, correspondence and in-person meetings. I have conducted an internal email audit, and determined I created or received in excess of 2,000 emails directly related to the corn litigation. These emails include communication with clients, lawyers, leadership counsel and in-house staff and vendors, in addition to court notifications, orders and liaison counsel communication.

11. In addition, along with other members of the Paul Byrd Law Firm team, I participated in numerous discovery and other case prosecution strategy meetings. I attended several court hearings, both in the Kansas MDL, as well as the Minnesota MDL. I also attended a

two-day mock trial program in Minnesota. I also read and digested several depositions for the common benefit work in the Minnesota MDL, as well as the review of hundreds of discovery documents. I assisted in the creation of plaintiff fact sheets for all 2,500 of our clients, in accordance with the Minnesota court orders pertaining to same.

12. The Paul Byrd Law Firm team has expended substantial time and expense on the corn litigation since 2013. Each member of the team has expended several hundred hours each, and on average, approximately \$100,000.00 in expense *each*, including the Paul Byrd Law Firm, which has expended well over \$500,000.00 in expenses and thousands of hours of time, (as a member of the PSC, the Byrd Law Firm incurred substantial additional expense with monthly assessments and other costs). The team has retained numerous contract workers and other vendors, to obtain and assimilate data for the completion of the Court ordered plaintiff fact sheets, (PFS). The team has also retained, at great expense, information technology specialists, in an effort to efficiently and effectively categorize the required data and other information to abide by the Court orders regarding plaintiff's fact sheets and to produce adequate and reliable damages' information.

13. The extensive time spent traveling to several court hearings in Kansas and Minnesota, multi-day focus group sessions, strategy meetings and client meetings in Dallas, Houston, Chicago, Arkansas, and international trips regarding farmer representation in Mexico and Canada and performing other duties on behalf of our combined 2,500 clients, impressed a heavy toll on my solo law practice, and precluded me from accepting additional legal work.

14. The time figures above does not include 43.5 hours or \$28,275.00 submitted by my firm to the Minnesota Co-Lead Counsel as Common Benefit Work in compliance with the

Minnesota Common Benefit Order (entered by Judge Sipkins on December 7, 2015), and the Common Benefit rules adopted by Co-Lead Counsel pursuant thereto.

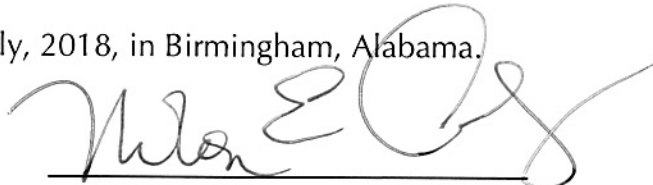

15. The time spent on plaintiff fact sheets is 43.5 hours. This time was submitted separately to the Minnesota Co-Lead Counsel as Common Benefit Work and Common Benefit Expenses, in compliance with the Minnesota Common Benefit Order (entered by Judge Sipkins on December 7, 2015), and the Common Benefit Rules adopted by Co-Lead Counsel pursuant thereto.

16. The Firm did *not* include in Exhibit 1, any time spent on the work and creation of the Court ordered Plaintiff Fact Sheets, (PFS), which the Minnesota leadership communicated to the Firm might be considered Common Benefit Work. When the PFS time of 43.5 hours, is added to the 313.4 hours set forth on Exhibit 1, the Firm's total time is 356.90 hours.

17. The Firm has been advised by Minnesota Co-Lead Counsel that Minnesota Co-Lead Counsel's Fee & Expense Application in this matter will include and seek an award for all approved Common Benefit Work and Common Benefit Expenses. As of today, however, I have not been provided the final word on how much of the Firm's common benefit time and expense has been so approved.

I declare under penalty of perjury pursuant to 28 U.S.C. § 1746 that the foregoing is true and correct.

Executed on this 5th day of July, 2018, in Birmingham, Alabama.

**DECLARATION OF JAMES J. THOMPSON, JR. FOR THE LAW FIRM OF JAMES J.
THOMPSON, AS A MEMBER OF THE PAUL BYRD LAW FIRM TEAM
AND IN SUPPORT OF ITS PETITION FOR FEES AND EXPENSES**

I, James J. Thompson, Jr., declare as follows:

1. I am over the age of twenty-one years old and make this declaration based on my personal knowledge. If called as a witness, I could and would testify competently to the facts contained herein, which are true and correct.

2. I am a member of the law firm of James J. Thompson, Jr., (hereinafter "the Firm"). I am authorized to submit this declaration on the Firm's behalf. The law firm of James J. Thompson, Jr., along with the Awbrey Law firm, Birmingham, Alabama; the law firm of Jerry Kelly, Lonoke, Arkansas; and the law firm of Clark Mason, Little Rock, Arkansas, worked as a team, (hereinafter "the Paul Byrd Law Firm Team") in conjunction with the Paul Byrd Law Firm, Little Rock, Arkansas, which was appointed by Judge Thomas Sipkins as a member of the Plaintiffs' steering committee.

3. I submit this declaration as a member of the Paul Byrd Law Firm Team and in support of its Fee & Expense Application ("the Application"), filed pursuant to Section 7.2.1 of the Agrisure Viptera/Duracade Class Settlement Agreement (the "Settlement Agreement") in *In Re: Syngenta AG MIR 162 Corn Litigation*, a multi-district litigation consolidated in the United States District Court for the District of Kansas before Hon. John W. Lungstrum (MDL-2591), and *In Re: Syngenta Litigation*, a Minnesota Consolidated Proceeding consolidated in the Fourth Judicial District Court, Hennepin County, Minnesota, before Hon. Laurie Miller (formerly Hon. Thomas Sipkins) (File Nos. 27-CV-15-3785 & 27-cv-15-12625).

4. Together with the Paul Byrd Law Firm Team, the Firm represents 2,500 clients in the Argisure/Viptera litigation against Syngenta on a contingency basis. In written fee agreements, each of these clients agreed to pay 30% of any recovery in this matter as a

contingent fee, plus expenses, and further agreed to a division of those fees between the Paul Byrd Law Firm Team.

5. The Paul Byrd Law Firm has acted as lead counsel in this matter and will file an Application for a Fee & Expense Award based on the clients' gross recoveries under the Settlement Agreement and the private fee contracts with each such client. The Firm supports and joins that Application.

6. James J. Thompson, Jr. was a senior partner at Hare, Wynn, Newell and Newton, Birmingham, Alabama until his mandatory retirement at age 70 in 2012. Subsequent to that time he formed the law firm known as the Law Offices of James J. Thompson, Jr. and has been in full time practice for over 49 years. Mr. Thompson has participated as lead counsel or co-lead counsel in Mass tort and class action cases including the case against Bausch and Lomb involving contact lenses which settled for \$67,000,000.00 in the United States District Court in Birmingham, Alabama, as well as a Florida antitrust class case against Microsoft which settled for \$200,000,000.00 as well as the individual Rice Cases tried in the state court in Lonoke, Arkansas resulting in a jury verdict of \$48,000,000.00 which was affirmed by the Supreme Court of Arkansas. Mr. Thompson also spent hundreds of hours in support of the Rice GMO litigation which settled for \$750,000,000.00. Mr. Thompson was co-lead MDL Counsel in the In Re: Amtrak Disaster at Bayou Canot when a train de-railed after a bridge was hit by a tug boat and the train went into the bayou killing 47 passengers and injuring dozens more. Mr. Thompson tried several of the individual cases in the United States District Court in Mobile, Alabama

resulting in million-dollar verdicts. Mr. Thompson has tried hundreds of jury cases over the last 49 years of law practice as mentioned in his Resume' attached as Exhibit 1.

7. Since my representation of 2,500 clients is on a contingency fee basis, I did not keep my time contemporaneously. However, following the announced settlement of the corn litigation and the Court Order of February 23, 2018, calling for fee and expense petitions, I have carefully reviewed the Firm's entire corn litigation file, including all email correspondence, calendaring, documents, and other material, to include discovery material, common benefit time sheet submissions, travel documents, and other material to accurately determine with reliability time expended, dating back to December 2013 to the present. My efforts include the handling, along with the entire team, the filing of complaints and prosecution of claims for 2,500 clients.

8. The Firm also incurred \$106,700.00 in expenses, consisting of filing fees for 2,500 clients; cost of creation of client tracking database to have all pertinent documents for each client, including voluminous plaintiff fact sheets plaintiff fact sheets as ordered by the Minnesota Court; assessment fees; travel expense; contract workers; expert fees; and PFS document procurement. My actual time spent on this matter is 369.65 hours. If applied to my usual and customary rate of \$750.00, this time would total \$277,237.50.

9. The individuals in the Firm who worked on this matter are:

A. Time submitted for the Firm is exclusive to the firm's founder, James J. Thompson, Jr. Mr. Thompson has been in private, civil plaintiff's practice for 49 years, since his graduation from law school in 1969. Mr. Thompson maintains the highest rating of AV pre-eminent from Martindale Hubbell's

peer review system for both legal ability and legal ethics. For other honors and qualifications, see attached Exhibit 1. Mr. Thompson has represented thousands of farmers throughout his career, including the more than 2,500 in the present corn litigation case. He has worked on complex cases involving chicken farmers, hog farmers and wheat farmers, in nationally coordinated litigation. While the majority of Mr. Thompson's work is governed by contingency fee contracts, previous MDL and class action work has resulted in submissions of time based on hourly rates. Based on his experience and work on complex matters, including national class actions, previous Courts have approved an hourly rate for Mr. Thompson of \$670.00.

10. I kept informed about this case by regularly communicating with other counsel, including lead counsel and members of the Plaintiffs' steering committee, reading court pleadings and public reports, and participating in hundreds of conference status calls, so as to advise my clients as to the progress of the case. I kept them informed, including by phone calls, emails, correspondence and in-person meetings. Mr. Thompson has conducted an email audit, and determined he has 3,776 emails directly related to the corn litigation, attached hereto as Exhibit 2. These emails include communication with clients, lawyers, leadership counsel and in-house staff and vendors, in addition to court notifications, Court orders, liaison counsel communication, pleadings, articles, etc.

11. Some of my clients are long-term clients, and I updated them about this case in the course of our regular communications regarding this and other matters.

12. In addition, along with other members of the Paul Byrd Law Firm team, I participated in numerous discovery and other case prosecution strategy meetings. I attended several court hearings in the Kansas MDL. I also read and digested depositions for the common benefit work in the Minnesota MDL, as well as the review of hundreds of discovery documents. I assisted in the creation of plaintiff fact sheets for all 2,500 of our clients, in accordance with the Minnesota court orders pertaining to same. I spent considerable time in Nebraska and Iowa attending Bell Weather plaintiffs' depositions and in client deposition preparation.

13. The Paul Byrd Law Firm Team has expended enormous time and expense on the corn litigation since 2013. Each member of the team has expended several hundred hours each, and over \$100,000.00 in expense each, including the Paul Byrd Law Firm individually, which has expended well over \$500,000.00 in expenses and thousands of hours of time. The team has employed numerous contract workers to obtain and assimilate data for the completion of the Court ordered plaintiff fact sheets. The team has also retained, at great expense, information technology specialists well in excess of \$100,000.00, in an effort to efficiently and effectively categorize the required data and other information to abide by the Court orders and to produce adequate and reliable damages information.

14. The time and expense figures above include 43.35 hours (\$750.00 at our usual and customary rates) and \$700.00 in costs and expenses submitted by my Firm to the Minnesota Co-Lead Counsel as Common Benefit Work and Common Benefit Expenses, in compliance with the Minnesota Common Benefit Order (entered by Judge Sipkins on

December 7, 2015), and the Common Benefit Rules adopted by Co-Lead Counsel pursuant thereto.

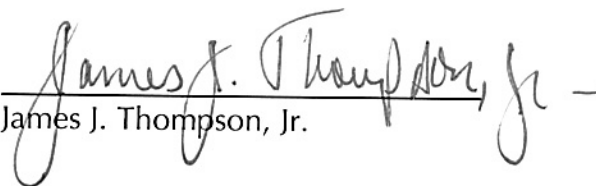

15. The Firm did *not* include in these submissions any time or expenses spent on behalf of any individual clients, who were not bellwether plaintiffs, other than time assisting clients in complying with the Plaintiff Fact Sheet Order, which the Minnesota leadership communicated to the Firm would be considered Common Benefit Work.

16. The time and expense information submitted by the Firm to Minnesota Co-Lead Counsel is attached as Exhibit 3 hereto.

17. The Firm has been advised by Minnesota Co-Lead Counsel that Minnesota Co-Lead Counsel's Fee & Expense Application in this matter will include and seek an award for all approved Common Benefit Work and Common Benefit Expenses. As of today, however, I have not been provided the final word on how much of the Firm's common benefit time and expense has been so approved.

I declare under penalty of perjury pursuant to 28 U.S.C. § 1746 that the foregoing is true and correct.

Executed on this 4th day of July, 2018, in Birmingham, Alabama.

**DECLARATION OF CLARK W. MASON, INDIVIDUALLY AND IN HIS CAPACITY
AS A PARTNER OF “THE PAUL BYRD LAW FIRM TEAM”
IN SUPPORT OF THEIR CONSOLIDATED PETITION FOR FEES AND EXPENSES**

I, Clark W. Mason, declare as follows:

1. I am over the age of twenty-one years old and make this declaration based upon my personal knowledge. If called as a witness, I could and would testify competently to the facts contained herein, which are true and correct.

2. I am the Senior Partner and owner of the law firm CLARK MASON ATTORNEYS, (hereinafter “*my Firm*”). I am authorized to submit this declaration on the Firm’s behalf. CLARK MASON ATTORNEYS, along with the law firms of James J. Thompson, Jr., of Birmingham, Alabama; the law firm of Jerry Kelly, of Lonoke, Arkansas; and the law firm of Nolan Awbrey, of Birmingham, Alabama.

3. Commencing in late 2013 and continuing through the present day I worked collectively and in a collaborative manner with the firms set forth in paragraph 2, together with the Paul Byrd Law Firm, of Little Rock, Arkansas in connection with representing over 2,500 individual corn farmers and related entities as clients who farmed corn in multiple states in 2013, 2014, 2015, 2016, 2017 and 2018. See client list. With the united support of each of the above firms and the undersigned, Paul Byrd was nominated as part of a specific slate of proposed leadership candidates once this litigation was ultimately transferred to this Court by Order of the Minnesota Supreme Court and designated as a Minnesota Consolidated Proceeding, an action similar to the MDL Actions pending in other jurisdictions. This action in Minnesota, as specifically noted in the AGRISURE VIPTERA/DURACADE CLASS SETTLEMENT AGREEMENT (the Settlement Agreement”) is a separate and distinct proceeding, just as actions similar to this state proceeding pending in the United States District Court for the District of Kansas, styled *In re Syngenta AG MIR 162 Corn Litigation*, an action in the United States District Court for the Southern District of Illinois, styled *In re Syngenta Actions* and an action in the Circuit Court of the First Judicial Circuit, Williamson County, Illinois, styled *In re Syngenta Litigation*.

4. After a hearing on the issue of leadership appointments in this Court, Paul Byrd was ultimately appointed by Judge Thomas Sipkins as a member of the Plaintiffs’ Steering Committee (:PSC”), and likewise remains a member of the PSC through this date. Our group of five individual partners have commonly been referenced throughout this proceeding and for the

purposes of this Declaration shall hereinafter be referenced as “the Paul Byrd Law Firm Team” or “the team”.

5. I submit this declaration as a full member of the Paul Byrd Law Firm Team and collectively with the team’s Fee & Expense Application, together with the Declarations and Exhibits of each member of the Paul Byrd Law Firm Team (“our Application”) in conformity with and under the specific authority set forth in Section 7.2.3.2 of the Settlement Agreement as counsel for the more than 2,500 individual corn farmers and related entities (“our clients”) who each specifically hired the Paul Byrd Law Firm Team and each member of our team to pursue their cases on a contingency basis, each executing a Contingency Fee Agreement with each member of the team.

6. Our clients’ cases, in excess of 50 separate actions were ultimately filed on behalf of each individual client and remain pending in this action styled *In Re: Syngenta Litigation*, more precisely known as a Minnesota Consolidated Proceeding, in the Fourth Judicial District Court, Hennepin County, Minnesota, before the Hon. Laurie Miller, and formerly the Hon. Thomas Sipkins, File Nos. 27-CV-15-3785 & 27-cv-15-12625.

7. With the counsel set forth above who form the Paul Byrd Law Firm Team, my Firm and myself individually represent on a *pro hac vice* basis over 2,500 clients in the Agrisure/Viptera litigation in each individual action against Syngenta on a contingency basis. Pursuant to written contingency fee agreements, each of these clients agreed to pay attorneys’ fees in the sum of 30% of any recovery in this matter as a contingent fee, and likewise reimburse the team its reasonable expenses incurred in connection with representing them, and further acknowledged and agreed to a division of those fees between amongst the Paul Byrd Law Firm Team as required by each counsel’s respective *Rules of Professional Responsibility*.

8. The Paul Byrd Law Firm is filing concurrently with this Declaration an Application for a Fee & Expense Award based on our clients' gross recoveries arising from the Settlement Agreement and supported by the private fee contracts each member of the team have with each client. The undersigned specifically supports and joins in that Application.

9. Clark W. Mason, founding partner of CLARK MASON ATTORNEYS, has 34 years of experience, much of which has been in connection with complex litigation. I have worked in similar matters involving agricultural clients, and instrumental in working with several members of the team as Co-Lead Counsel in ultimately achieving a \$43 million settlement on behalf of over 80 individual swine farmers in Arkansas known as *Archer v. Tyson*, and one of the first substantial settlements against a large Agribusiness. Since that point, I have represented thousands of individual farmers in both individual and class actions that ranged from poultry producers, wheat farmers, rice farmers and of course corn farmers. I have continued to work in various capacities, most as one of the lead attorneys, in numerous other significant and complex matters, and many involving multiple plaintiffs with claims pursued as both class actions and others as multi-plaintiff individual claims, while likewise also becoming increasingly involved in mass tort litigation.

10. Since my representation of 2,500 clients is on a contingency fee basis, I cannot faithfully represent to this Court I kept my time contemporaneously. However, subsequent to announcement of the settlement of this litigation and after careful review of the Settlement Agreement, specifically in light of the provisions set forth in Section 7 therein, and more specifically Sections 7.2 and 7.2.3.2, together with the Order of February 23, 2018 addressing fee and expense petitions, I have attempted to carefully review my Firm's entire corn litigation file, ranging from the almost 4,000 separate email files and related attachments, including all email correspondence, all my calendaring, documents drafted and otherwise produced or assimilated,

brochures prepared and printed for distribution to clients regarding the status of the claims together with the basis of our claims, PowerPoint presentations for client and prospective client meetings, initial Complaints drafted and filed, the various agreements such as the JPA whereby our individual clients were considered “opt outs” of any class that may be certified with the option to “opt in” upon our recommendation, discovery material, the extensive work conducted in connection with the mandated Plaintiff Fact Sheets that were prepared and in every known instance accepted as complete as a result of our constant and ongoing communication with our clients, travel documents, personal notes from what appear to include over 100 phone conferences conducted annually, and other material to accurately determine with a reasonable basis of reliability a portion of the time expended, dating back to December 2013 to the present. All of which arise from efforts in connection with handling and the filing of complaints and the preparation and anticipated prosecution of claims for over 2,500 clients who at all relevant times were considered and treated as individual clients with individual claims until this point.

11. As a result of this litigation CLARK MASON ATTORNEYS has incurred at least the sum of \$80,000 in out of pocket expenses.¹ Expenses range from filing fees, costs incurred to create client tracking databases and the gathering of voluminous (an understatement) documents required to ensure accurate and timely preparation of pertinent documents for each individual client, specifically the Court mandated plaintiff fact sheets (“PFS”); assessment fees; travel expense; contract workers; expert fees; and costs directly related to PFS document procurement.

¹ In connection with this filing, I understand of the expenses set forth herein, those directly related to preparation of Plaintiff Fact Sheet work and related database development is being set forth by Mr. Byrd in other sections of this Fee Petition. Accordingly, in an abundance of caution and in an effort to ensure transparency with the Court, the undersigned is deducting the sum of \$76,569.44 from his claim for expenses given I am mindful of precluding any possibility of “double dipping”. As such, with the understanding this amount is being addressed elsewhere given CLARK MASON ATTORNEYS typically reimbursed the Paul Byrd Firm on a monthly basis for costs related to the outsourcing of certain tasks, I specifically request the Court exclude the sum of \$76,569.44 as any reimbursement of costs. Should the Court decline for some unforeseen reason to reimburse the Paul Byrd Law Firm the costs set forth for database preparation related to compilation of Plaintiff Fact Sheets, then CLARK MASON ATTORNEYS would respectfully request reimbursement of these funds pursuant to the contingency fee contract in place with our clients.

My actual time spent on this matter is well in excess of the time set forth on the attached itemization. Indeed, given this case was pursued as a contingency fee case and our practice does not include keeping contemporaneous time, the itemized time set forth in the attached Exhibits likely only represents one half, at best, of the total time spent in connection with this case. Nevertheless, with respect to those hours set forth for the Court's review in order to document some semblance of the efforts expended in connection with this litigation, if applied to what is an accepted usual and customary rate of \$650.00 based upon cases such as this, my time would total \$194,620.00.

12. All time submitted in connection with Clark W. Mason and/or for CLARK MASON ATTORNEYS is exclusive to the firm's founder, Clark W. Mason. I have been an attorney continuously in private practice for 34 years. My practice primarily consists of representation of farmers, catastrophically injured victims, and business litigation. Most of my work is on behalf of plaintiffs. I am proud to hold, and have continuously held since 1995, the highest rating of "AV" from Martindale Hubbell's peer review system for both legal ability and ethics, and also designated as "pre-eminent". I am honored to have been selected by my peers as a Mid-South Super Lawyer, am a member of many relevant legal organizations such as the Arkansas Bar Association, the American Association for Justice, and I am a past president of the Arkansas Trial Lawyers Association. I serve as a Commissioner for the Arkansas Department of Aeronautics and am past Chairman of the Commission. I have represented hundreds of additional farmers throughout my career aside from the more than 2,500 individual farmers or related entities in the present corn litigation case. Over my years of representing agricultural clients, including agricultural related business such as distributors of agricultural equipment, there are few areas of farming I have not been involved with. I have worked in substantial and complex litigation involving rice farmers; complex cases involving chicken farmers, hog farmers,

wheat farmers, and am generally well known within the agricultural community and the various nonprofit groups that advocate for farmers on a national basis. While the majority of my legal work is based upon contingency fee contracts, previous MDL and class action work has on occasion required I keep contemporaneous records of work and submit time based upon prevailing hourly rates. I have relied upon the Laffey Matrix to reach an accepted rate for submissions of time based on hourly rates. Based up on vast experience in past complex litigation, including mass actions, previous I have received awards that were consistent with or in excess of the hourly rates set forth in the Laffey Matrix. Based upon the Laffey Matrix, my time in this case is being submitted in the sum of \$650.00 per hour.²

13. I kept informed about this case by regularly communicating with other counsel, including lead counsel and members of the Plaintiffs' steering committee, reading court pleadings and public reports, and participating in hundreds of conference status calls, so that I could appropriately advise my clients as to the progress of the case—and in the process regularly did keep my clients informed through regular and consistent phone calls, emails, written correspondence and multiple in-person meetings both in Arkansas and states throughout the corn belt. I have conducted an email audit, and determined I created or received in excess of 4,000 emails directly related to the corn litigation. These emails include communication with clients, lawyers, leadership counsel, vendors, and of course, regular and specific court notifications, orders and liaison counsel communication.

14. In addition, along with other members of the Paul Byrd Law Firm team, I participated in numerous discovery and other case prosecution strategy meetings. I attended multiple court hearings, initially the JPML hearing in Charleston, South Carolina, and

² See <http://www.laffeymatrix.com>.

subsequently both in the related Kansas action as well as the Minnesota action. I assisted and provided oversight in connection with creation of the mandated plaintiff fact sheets for our 2,500 plus clients consistent with the Court's orders pertaining to the PFS.

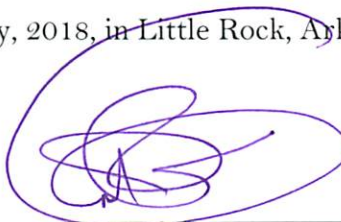

15. The Paul Byrd Law Firm team has expended substantial time and expense on the corn litigation since 2013. Each member of the team has expended several hundred hours each, near or well over \$100,000.00 in expense each, including specifically Paul Byrd's Law Firm, which has expended well over \$500,000.00 in expenses and thousands of hours of time, including the time and effort required as a member of the PSC. The team employed multiple contract workers to obtain and assimilate data for completion of the Court ordered plaintiff fact sheets. The team retained, at significant expense, information technology specialists so we could appropriately represent our clients, develop their damages and create the necessary databases to present their cases to a jury in the event the cases were tried and otherwise to ensure our clients' data was efficiently and effectively categorized in order to comply with all Court orders regarding plaintiff's fact sheets and ensure our clients' data was adequate, reliable and available for the experts we initially retained for necessary damages information.

16. The time spent on plaintiff fact sheets is 145 hours. This additional time equals the sum of This time was submitted to the Minnesota Co-Lead Counsel as Common Benefit Work and Common Benefit Expenses, in compliance with the Minnesota Common Benefit Order (entered by Judge Sipkins on December 7, 2015), and the Common Benefit Rules adopted by Co-Lead Counsel pursuant thereto. This time was not accepted as authorized common benefit time based primarily on the allegation by the audit committee the work was focused on individuals rather than a common benefit. Although these hours are set forth in the time submitted, it is possible Minnesota Co-Lead counsel may alter its position and actually submit this time to the Court with a request that it be considered Common Benefit time. That issue has yet to be fully

determined and it remains unclear if this time will even be submitted to the Court. However, in an abundance of caution and again, in an effort to maximize transparency, I have set forth this time separately from other time and in the event this time is actually submitted to the Court as Common Benefit time, and subsequently approved as Common Benefit time, then obviously the undersigned does not wish to include this time in this request unless the Court believes it is appropriate to award the team a percentage based upon our contingency fee contracts together with an award of time that has been designated common benefit time. The undersigned wants to ensure there is no "double dipping" and defers completely to the Court in this respect regarding whether it is appropriate to claim common benefit time and likewise, ask for an award based upon a percentage driven by the contingency contract with our clients.

I declare under penalty of perjury pursuant to 28 U.S.C. § 1746 that the foregoing is true and correct.

Executed on this 10th day of July, 2018, in Little Rock, Arkansas.

BACKGROUND, ENGAGEMENTS & CASES OF NOTE

- Well versed and experienced in all components of multidistrict litigation (MDL). Participation in court appointed and supervised litigation leadership. Experience ranges from initial Petition for MDL before the *United States Judicial Panel on Multidistrict Litigation* to create an MDL proceeding, MDL litigation and committee assignments up to and through settlement of MDL.
- Served as lead counsel or co-lead counsel in over 100 civil jury trials. Skilled at taking depositions of lay witnesses, expert witnesses and depositions for use at trial in lieu of live appearance. Excellent at pretrial investigation with extensive experience in development and organization of evidence, preparation of cases and evaluation of risk. Outstanding writing skills and legal research combined with nearly 35 years of legal knowledge.
- Settled for \$43 million in 2005 litigation on behalf of over 80 Arkansas and Oklahoma hog farmers against Tyson Foods. Barely 10 years after initially recruiting individuals to breed or raise hogs, followed by construction and commencement of operations, these farmers were advised their relationship with Tyson Foods was being terminated. The clients, *along with lenders*, testified they received multiple assurances and representations from Tyson they would receive hogs to breed or raise until they paid off the debt necessary to commence and operate their hog farming operations and then could farm hogs until retirement, provided they followed appropriate animal husbandry methods and the directions set forth initially by Tyson. The case was filed, pursued, and ultimately resolved based on the legal theory of promissory estoppel. Claims for breach of contract were never asserted.
 - Investigation revealed original newspaper ads aimed at recruiting hog farmers placed by Tyson.
 - Original *pro forma* documents provided to farmers supported the farmers' testimony they could expect hogs until initial debt was satisfied, together with profits estimates afterwards.

- Successfully argued before the Arkansas Supreme Court mandatory arbitration clauses relied on by Tyson in the above hog farmers' agreements were unenforceable due to a lack of mutuality of obligation. (Tyson could pursue claims through in either the courts or arbitration. The farmers were limited to pursuing any claim solely through arbitration.) The Arkansas Supreme Court ruled against Tyson citing the lack of mutuality of obligation. All farmers' claims settled soon after the favorable Arkansas Supreme Court decision.
- Represented hog farmers *pro bono* in post settlement negotiations and litigation with banks and credit agencies. All farmers' loans and obligations arising from operation of their hog farms were fully satisfied. Not one bankruptcy petition was ever filed.
- From 1995 through 2000 served as outside General Counsel for multistate healthcare company Vendell Healthcare Services, Inc. Based in Nashville, Tennessee Vendell owned and operated multiple acute care hospitals and residential care facilities in Arkansas, Tennessee and Kentucky focusing on abused and mentally impaired children and adolescents.
 - Responsibilities included advising corporate officers, local hospital administration and their staff regarding federal and state laws and specific regulations applicable to acute care hospitals and residential care facilities. Supervisor and staff training was developed and conducted in areas including HIPAA; labor and employment issues arising under Title VII and common law actions. Further oversight addressed and the Americans with Disabilities Act; The ADA Amendments Act of 2008; The Family and Medical Leave Act; Equal Opportunity Employment Commission (EEOC) investigations and claims; age, sex, race and gender discrimination and sexual harassment claims, including *quid pro quo* and hostile work environment claims, and other related matters arising and governed by Title VII. Defended client in actions arising under Title VII.
 - Provided Risk Management oversight for Arkansas and Tennessee hospitals and facilities, resulting in only one litigation loss payment during my tenure; represented the company personally or, if appropriate identified, retained, supervised and coordinated with outside counsel and liability insurance carriers regarding incidents, claims and potential or active litigation.
- From 1996 through 2001, in lieu of accepting position as internal General Counsel, served as designated outside counsel for Rebsamen Insurance Company. Rebsamen was the largest independent insurance brokerage firm in the Arkansas, Louisiana, Tennessee and Missouri region. Rebsamen, a private, family held company and was purchased by Regions Bank in 2001. Resigned as outside counsel after sale to Regions Bank and upon satisfaction of all duties under the *Arkansas Rules of Professional Conduct*. Responsibilities with Rebsamen included coordinating with and reporting to Rebsamen's internal General Counsel and President in certain matters including:
 - Gaining and sharing extensive familiarity through review and research of NAIC insurance forms, variations of NAIC forms and non-conforming NAIC forms; provided formal coverage opinions.
 - Represented clients of Rebsamen in litigation, mediation and arbitration proceedings; coordinated with Rebsamen's clients and their counsel; worked with owners and officers of firm clients in instances their insurance carrier or carriers improperly denied or lacked sufficient basis to deny coverage; negotiated directly with senior adjusters and principals of major insurance companies such as The Travelers, Chubb, St. Paul Fire & Marine, USAIG and others on behalf of Rebsamen clients concerning claims forming the basis of a denial of coverage.

- Special Associate Justice, Arkansas Supreme Court - 2010.
 - Participated in and drafted sections of majority opinion. The case is considered a “landmark decision” cited nationwide as legal authority. Ruling with the majority, we held the concept described as “economic credentialing” is prohibited. Hospitals, and potentially other healthcare providers, may not deny credentials or admitting privileges to physicians based solely on a physician’s financial interest in a competing hospital. *See: Murphy, et al., v. Baptist Health* (2010 Ark. 358).
- Special Circuit Judge, Pulaski County Circuit Court, multiple divisions.
- Board Member, Ronald McDonald House Charities of Arkansas (RMHCA) 2006-2016.
 - Initial volunteer activities included reviews and consultations with administration and staff regarding general legal issues, existing agreements and the like. As part of Operations Committee conducted a comprehensive review and, ultimately, a complete revision of corporate bylaws.
 - For years RMHCA was in dire need of either a remodeled or completely new facility. In 2007, I was appointed to an initial *ad hoc* committee responsible for recommending either a comprehensive remodel or construction of a new facility. The committee recommended construction of a new house for RMHCA.
 - In 2008 appointed to New House Committee comprised of local professionals and civic leaders. By 2009 the Committee had developed a “clean sheet” concept that served as the underlying basis of the new house dedicated in November of 2016. I negotiated acquisition of property with Children’s Hospital for location of the new house; sale of our existing property to Children’s; consulted concerning Agreements with the Construction Manager and contractor responsible for construction of the house.
- Presently serve as General Counsel of RMHCA, *pro bono*.
- Vast experience and proficiency in public speaking; consistently sought for speaking engagements, particularly in connection with continuing legal education programs.

WORK HISTORY

04/2006 to Present: **Senior Counsel**, CLARK MASON ATTORNEYS – Little Rock, AR

01/2000 to 03/2006: **Managing Counsel**, HARE, WYNN, NEWELL & NEWTON, LLP–

Little Rock, AR office

- As Managing Counsel of Hare-Wynn's Little Rock office, and working closely with long time mentor and Hare-Wynn partner James J. Thompson, Jr., helped visualize, plan, organize and ultimately open the first satellite office of Hare-Wynn. Hare-Wynn remains one of the oldest and undisputedly most prestigious law firms in the south. Founded over 100 years ago, on

January 2, 2000 I became the first individual to ever manage an office of Hare - Wynn outside the state of Alabama.

- As Managing Counsel I had direct responsibility and autonomy regarding operation of the Little Rock office. Responsibilities included all administrative oversight, human resources, accounting reconciliation and reporting to the Birmingham office; and creative license relating to development and branding the firm throughout Arkansas. Working exclusively and closely with Jim Thompson and one additional Hare-Wynn partner, I was responsible for managing and allocation of specific responsibilities for cases handled in the Little Rock office.
- Commencing with little or no revenue, by the end of the first full of operation the office was operating in the black. By the time I handed over management responsibilities to my successor in 2006, the Little Rock office revenue had increased each year exponentially to a point well beyond expectations at a fraction of the costs anticipated. The net income to expense ratio for the Little Rock office was in excess of 24:1 or, stated another way, net income from the Little Rock office was more than \$24.00 for every \$1.00 spent operating the office. I continue to work with Jim Thompson and one additional former Hare-Wynn partner I worked with while operating the Little Rock office.

MDL No. 2591

DECLARATION OF RUSSELL B. WINBURN IN SUPPORT OF MINNESOTA
CO-LEAD COUNSEL'S JOINT MOTION FOR APPROVAL OF COMMON
BENEFIT AWARDS

I, Russell B. Winburn, declare and state as follows:

1. I am a partner at Odom Law Firm, PA, and am duly authorized by the owners, managers, or board of directors of the firm to make this declaration on its behalf.

2. I submit this in support of my firm's contribution to Minnesota Co-Lead Counsel's Joint Motion for Approval of Common Benefit Awards. I have personal knowledge of the matters set forth in this declaration, and, if called as a witness, could and would testify competently thereto.

3. My firm has acted as counsel for corn producers in this litigation entirely on a contingent basis. The background and experience of my firm and its attorneys are summarized in the *curriculum vitae* attached hereto as Exhibit A.

4. In addition to Mr. Winburn and Mr. Lindsay, Odom Law Firm had one paralegal and one case assistant working on these cases.

A. Kim Burns—Kim Burns was certified as a paralegal in Texas by East Texas State University. Ms. Burns was given a Texas Bar Number of 6153 once she became certified as a paralegal. She has been employed as a paralegal since 1989 and she has been employed as a paralegal with Odom Law Firm since 2003. She has experience in a variety of multi-party lawsuits including product liability litigation involving exposure to asbestos and benzene. The firm charges an hourly rate of \$150.00 for work performed by Ms. Burns.

B. Ashley Rodriguez – Ashley Rodriguez graduated from the University of Arkansas in May of 2015 with a Bachelor's degree in Criminal Justice and a minor in Legal Studies. Ms. Rodriguez has been employed as a paralegal with Odom Law Firm since 2012. She has 5 plus years of litigation experience involving a variety of multi-party

lawsuits. The firm charges an hourly rate of \$150.00 for work performed by Ms. Rodriguez.

5. During the pendency of this litigation, my firm performed the following Common Benefit Work:

Odom Law Firm spent a considerable amount of time gathering information and assisting clients in completing Plaintiff Fact Sheets. All of the firm's clients filed individual actions in State Court in Minnesota and were required by the Court to complete the Fact Sheets. This process involved gathering FSA forms, settlement sheets, crop insurance information, and seed invoices for approximately 500 plaintiffs. It is the position of the undersigned that this work provided a common benefit to all litigants and helped to advance the litigation that ultimately resulted in settlement.

6. My firm does not traditionally maintain contemporaneous records of time spent on a case. In this instance, the attorneys and staff used calendars, phone records, credit card billing statements and documents from client files to recreate the time spent on Plaintiff Fact Sheets.

7. In compliance with the Court's Common Benefit Order dated 12/7/15 and the Court's Order Establishing Common Benefit Rules dated 8/5/16 (jointly the "Common Benefit Orders"), my firm submitted its common benefit time and expense submissions to Co-Lead Counsel in the Minnesota Litigation.

8. As part of the preparation of my declaration, I re-reviewed all of the time entries and expenses previously submitted in this litigation to exercise billing judgment.

9. On July 3, 2018, I was informed by Co-Lead Counsel in the Minnesota Litigation that the time the firm submitted was not considered Common Benefit Time even though the time submitted was for completing Plaintiff Fact Sheets.

10. After this re-review, I can confirm that this time was undertaken by the members of my firm at my direction or at the direction of my partner Matthew Lindsay. I believe that the common benefit time and expense information submitted on behalf of my firm is accurate.

11. After exercising billing judgment and making billing reductions based on a review of my firm's records, the total Common Benefit lodestar for my law firm is \$20,245.00. A breakdown of the lodestar is provided in Exhibit "B".

I declare under penalty of perjury pursuant to 28 U.S.C. § 1746 that the foregoing is true and correct.

Executed on this 5th day of July, 2018 at Fayetteville, Arkansas.

Russell B. Winburn

ACKNOWLEDGMENT

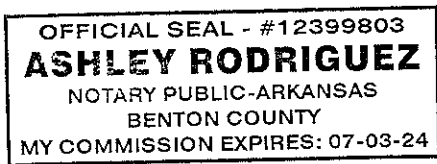

STATE OF Arkansas)

SWORN AND SUBSCRIBED before me under penalty of perjury on this 5th day of July, 2018, for the purposes therein contained.

**DECLARATION OF Gale Lush FOR Gale Lush Attorney-at-Law
JOINING AND IN FURTHER SUPPORT OF
THE PAUL BYRD LAW FIRM, PLLC FEE & EXPENSE APPLICATION**

I, Gale Lush, declare as follows:

1. I am over the age of twenty-one years old and make this declaration based on my personal knowledge. If called as a witness, I could and would testify competently to the facts contained herein, which are true and correct.

2. I am the sole practitioner of Gale Lush Attorney-at-Law (hereinafter “the Firm”). I am authorized to submit this declaration on the Firm’s behalf.

3. I submit this declaration in support of the Paul Byrd Law Firm, PLLC Fee & Expense Application (“the Application”), filed pursuant to Section 7.2.1 of the Agrisure Viptera/Duracade Class Settlement Agreement (the “Settlement Agreement”) in *In Re: Syngenta AG MIR 162 Corn Litigation*, a multi-district litigation consolidated in the United States District Court for the District of Kansas before Hon. John W. Lungstrum (MDL-2591), and *In Re: Syngenta Litigation*, a Minnesota Consolidated Proceeding consolidated in the Fourth Judicial District Court, Hennepin County, Minnesota, before Hon. Laurie Miller (formerly Hon. Thomas Sipkins) (File Nos. 27-CV-15-3785 & 27-cv-15-12625).

4. Together with Paul Byrd Law Firm, PLLC, the Firm represents 208 clients in the Agrisure/Viptera litigation against Syngenta on a contingency basis. In written fee agreements, each of these clients agreed to pay 30% of any recovery in this matter as a contingent fee, covering both legal fees and expenses, and further agreed to a division of those fees between Paul Byrd Law Firm, PLLC and the Firm.

5. Paul Byrd Law Firm, PLLC has acted as lead counsel in this matter and will file an Application for a Fee & Expense Award based on the clients’ gross recoveries under the Settlement Agreement and the private fee contracts with each such client. The Firm supports and joins that Application for contract fees.

6. I have a farm background and have followed the Star Link (Garst) corn litigation and the GMO cases in Arkansas that involved Bayer and rice farmers over the last two decades.

7. The Firm spent a total of 1,455.4 hours on this litigation, which is \$509,390.00 at our usual and customary hourly rate attached hereto as Exhibits A & B.

8. The Firm also incurred \$4,722.63 in expenses attached hereto as Exhibit B.

9. The individual in the Firm who worked on this matter is:

A. Gale Lush is the sole practitioner and did all the work for the “Firm” on this case. I graduated from the University Nebraska College of Law in 1977 and passed the bar in March of 1978. I was admitted to practice before the Nebraska Supreme Court and the Nebraska United States District Court on April 11, 1978.

B. My customary rate is \$350.00/hour same as it was in 2015.

10. I kept informed about this case by communicating with other counsel, including Paul Byrd Law Firm, PLLC, reading court pleadings and public reports, and participating in status calls, so that I could advise my clients as to the progress of the case—and I did keep them so informed, including by phone calls, emails, and in person meetings on my family’s farm, as well as their own farms.

11. Some of my clients are long-term clients, and I updated them about this case in the course of our regular communications regarding this and other ma

12. In addition, I helped clients fill out their fact sheets at all day meetings at my Family’s Farm. The Paul Byrd Firm and other counsel were at the meetings to explain and help clients fill out the fact sheets. I also went to clients’ farms and made numerous phone calls to clients explaining the most efficient ways of obtaining the information needed to fill out their fact sheets.

13. The amount of work and time involved in this case precluded me from doing other additional legal work.

14. The time and expense figures above include 152.4 hours \$53,340.00 at our usual and customary rates) and \$ 0 in costs and expenses submitted by my Firm to the Minnesota Co-Lead Counsel as Common Benefit Work and Common Benefit Expenses, in compliance with the Minnesota Common Benefit Order (entered by Judge Sipkins on December 7, 2015), and the Common Benefit Rules adopted by Co-Lead Counsel pursuant thereto.

15. The Firm did *not* include in these submissions any time or expenses spent on behalf of any individual clients, who were not bellwether plaintiffs, other than time assisting clients in complying with the Plaintiff Fact Sheet Order, which the Minnesota leadership communicated to the Firm would be considered Common Benefit Work.

16. The time and expense information submitted by the Firm to Minnesota Co-Lead Counsel is attached as Exhibit A hereto.

17. The Firm has been advised by Minnesota Co-Lead Counsel that Minnesota Co-Lead Counsel's Fee & Expense Application in this matter will include and seek an award for all approved Common Benefit Work and Common Benefit Expenses. As of today, however, I have not been provided the final word on how much of the Firm's common benefit time and expense has been so approved.

I declare under penalty of perjury pursuant to 28 U.S.C. § 1746 that the foregoing is true and correct.

Executed on this ___6th___ day of July, 2018, in Wilcox, Nebraska.

John A. Hyatt
