SHIELDS LAW GROUP LLC'S APPLICATION FOR FEES & EXPENSES

EXHIBITS W TO Z

EXHIBIT W

If you sold corn after November 18, 2013, you may be a member of a class action against Syngenta that has been certified by a federal judge

This lawsuit may affect your rights

A COURT AUTHORIZED THIS NOTICE
THIS IS NOT A SOLICITATION FROM A LAWYER

NOTICE OF CLASS ACTION LAWSUIT

Farmers have sued Syngenta alleging premature and irresponsible commercialization and misrepresentations related to sale of corn seed containing genetic traits MIR162 (sold as Agrisure Viptera) and Event 5307 (sold as Agrisure Duracade). They claim Syngenta's conduct caused ***all*** farmers who sold U.S. corn on or after November 18, 2013 to receive a lower price for that corn. These are, however, only the farmer's allegations. The Court has not yet decided if they are correct, and Syngenta denies the allegations.

The Honorable John W. Lungstrum, a federal district judge, has certified this case to proceed as a class action on behalf of all U.S. corn producers who meet the definition described below in Paragraph 1. The lawsuit is pending in the United States District Court for the District of Kansas.

THIS IS NOT A SOLICITATION

You may have received mail about this lawsuit directly from lawyers seeking to represent you. Some of these solicitations, such as the ones from **Phipps Anderson Deacon,** the **Pulaski Law Firm,** and the **Clark, Love & Hutson** law firm contained inaccurate information about class actions and about your options and rights. Unlike the solicitations, this notice was approved by the Court and is required by law. It is the **ONLY** such notice approved by the Court about this lawsuit at this time. Any future notice from this Court or another court should clearly state that fact. Any other letter or notice you receive is merely a solicitation.

You should review this notice because if you don't want to be part of the class, you must ask to exclude yourself by [insert opt-out deadline].

YOUR LEGAL RIGHTS AND OPTIONS IN THIS LAWSUIT:	
DO NOTHING	**Stay in this lawsuit. Await the outcome. Give up right to sue**

	separately. By doing nothing, you keep the possibility of getting money or benefits that may come from a class trial or a settlement. You cannot, however, recover or try your claims twice; so, by participating in the class action, you give up any rights to individually sue Syngenta about the same legal claims in this lawsuit.
ASK TO BE EXCLUDED	**Get out of this lawsuit. Get no benefits from it. Sue separately.** If you ask to be excluded, you will not be entitled to any money or benefits that are later obtained in a class trial or a settlement. But, you keep any rights to sue Syngenta separately about the same legal claims in this lawsuit. You will have to hire and pay a lawyer to sue Syngenta separately if you want to seek money from Syngenta.

BASIC INFORMATION

1. Why did I get this notice?

A copy of this Notice was mailed to all corn farmers identified through government Farm Service Agency records, *unless* that farmer filed a Minnesota lawsuit on or before June 15, 2016, which causes the producer to be excluded from the class. You are a member of the **Nationwide Class** certified by the Federal Court if you satisfy ***each*** of the following conditions:

- You are listed as a corn producer, including farmers and crop-share landlords, on a government Farm Service Agency Form 578;
- You priced at least one bushel of corn after November 18, 2013;
- You did *not* purchase Agrisure Viptera or Duracade corn seed;
- You are *not* an officer, employee, or relative of the Court; a governmental entity; or an officer, director, employee, contract or agent of Syngenta; and,
- You are *not* one of the excluded producers who filed a separate lawsuit in Minnesota on or before June 15, 2016 and hired one of the following law firms to file your case: (1) Bassford Remele; (2) Kemp, Jones & Coulthard LLP; (3) Law Offices of Charles H. Johnson; (4) Lockridge Grindal Nauen PLLP; (5) Paul Byrd Law Firm PLLC; (6) Paul McInnes; (7) Shields Law Group; (8) Wagstaff & Cartmell LLP; (9) Watts Guerra LLP.

The Federal Court also certified eight **State Classes.** You are a member of one of the State classes if you meet the conditions specified above and you farmed corn in Arkansas, Illinois, Iowa, Kansas, Missouri, Nebraska, Ohio, or South Dakota.

There are potential classes pending in other states that you may be a member of, but the Court has not yet decided whether to certify those classes. A list of additional state classes are available at [insert website link].

You have legal rights and options that you may exercise at this time. This lawsuit is known as *In re Syngenta MIR162 Corn Litigation,* Civil Case No. 14-md-2591-JWL-JPO (D. Kan.).

2. What is a class action and who is involved?

In a class action lawsuit, one or more people with a claim similar to yours files a lawsuit on behalf of other people who have similar claims. That person or persons is the "Class Representative." The people together are a "Class" or "Class Members." The Class Representatives who sue—and all the Class Members like them—are called the Plaintiffs. The companies they sued (in this case Syngenta AG, Syngenta Corporation, Syngenta Biotechnology, Inc., Crop Protection LLC, Syngenta Seeds, Inc., or collectively, "Syngenta")) are called the Defendants. In many class actions, to avoid the need for multiple lawsuits, one court resolves the issues for everyone in the Class—except for those people who choose to exclude themselves from the Class. A list of the corn producers who will act as the Class Representatives is available in the Producer Plaintiffs' Third Amended Class Action Complaint, which you can read at [insert website link].

3. Why is this lawsuit a class action?

In this lawsuit, the Court decided that the claims asserted can proceed as a class action because the Plaintiffs satisfied the necessary requirements of federal law governing class actions. The Court determined that a class action is superior to requiring tens of thousands of producers to file individual lawsuits because it will be more efficient for corn producers and the court system. More information about why the Courts are allowing this lawsuit to be a class action is in the Court's written opinion, available at [insert website link].

4. Are there other lawsuits against Syngenta?

This Court was selected by the Judicial Panel on Multidistrict Litigation to oversee all individual and class action cases filed against Syngenta that are pending in federal court. There are cases pending elsewhere, including in the United States District Court for the Southern District of Illinois, in Illinois state court, and in Minnesota state court. These include "mass tort" cases filed by lawyers on behalf of thousands of corn producers. These are similar to a class action except each corn producer must prove his own claims and damages.

You may have received letters or phone calls from lawyers about hiring them to file such a lawsuit on your behalf. If you want to stay in the class, you do not need to hire another lawyer and you do not need to file an individual lawsuit. You may have received letters from **Phipps Anderson Deacon**, the **Pulaski Law Firm,** and the **Clark, Love & Hutson** law firm claiming to have been appointed as "lead counsel" in the Illinois litigation. Some of these firms have been appointed in the Illinois state cases, but only in those cases. Cases filed by these firms are in state court because corn producers they represent have also sued Grain Buyers, such as Archer Daniels Midland, Bunge, Cargill, Louis Dreyfus, and Gavilon. This Court appointed Class Counsel to lead the class actions and all of the individual federal lawsuits in the *In re Syngenta MIR162 Corn Litigation,* Civil Case No. 14-md-2591-JWL-JPO (D. Kan.). A copy of the

written order appointing them Class and Co-Lead Counsel, and the reasons the Court appointed them, are available at __.

5. Are Plaintiffs suing anyone other than Syngenta?

Plaintiffs, on behalf of the class actions, are only suing Syngenta. Other lawyers (specifically, the **Phipps Anderson Deacon** law firm, the **Meyers & Flowers Law firm**, the **Clark, Love & Hutson** law firm, the **ToeHoerman** law firm and **The Prince Law Firm**) are suing Grain Buyers in Illinois and allege that they are partly or wholly responsible for the harm caused to farmers because they should have segregated Viptera and Duracade corn and channeled it away from the Chinese market. Class Counsel has not adopted that position and believes Syngenta is wholly responsible for the alleged harm. This Court has agreed that claims against the Grain Buyers are legally barred and dismissed them.

The state judge in Minnesota has also found that the claims against the Grain Buyers are legally barred. In the Illinois cases, the Grain Buyers have made the same arguments to dismiss claims against the Grain Buyers, and the judges in the Illinois litigation will soon decide whether they, like this Court in this case, will also dismiss the claims against the Grain Buyers. If you stay in the class, you will only be suing Syngenta and may not be able to sue the Grain Buyers in a separate suit. If you decide to exclude yourself from the class so you can sue the Grain Buyers and the claims of the Grain Buyers in the Illinois cases are later dismissed by the Illinois judges, you will not be able to rejoin this class.

THE CLAIMS IN THE LAWSUIT

6. What is the lawsuit about?

According to the Plaintiffs: This lawsuit is about whether Syngenta is responsible for harm allegedly caused to U.S. corn farmers when Syngenta sold Agrisure Viptera and Duracade before that corn was approved for importation to China. Plaintiffs allege that Syngenta should have either waited to sell those seeds until it had obtained import approval or, at minimum, should have taken reasonable precautions to ensure that its seed was sold in a manner that corn harvested from Viptera seed did not contaminate portions of the U.S. corn supply exported to China. Plaintiffs allege that Syngenta knew that China would not accept corn if it detected these traits, and it knew that China was an important foreign market for U.S. corn farmers. Although Syngenta alleges that China was not a historical trading partner for U.S. corn, Plaintiffs claim China had begun importing corn and DDGs before Syngenta started selling Agrisure Viptera and Duracade, and China's future need for U.S. corn and DDGs was well known to Syngenta at this time. Plaintiffs also allege that Syngenta did not tell the truth about the status of its import approvals in China. In the fall of 2013, China began rejecting shipments of U.S. corn after allegedly detecting Agrisure Viptera traits in shipments from the United States. Although Viptera has now been approved by China, Plaintiffs allege that Syngenta has prolonged the loss of the Chinese market by commercializing another trait, Agrisure Duracade, without import approval in China. Plaintiffs allege that the loss of Chinese demand for US corn has negatively impacted the price all US corn farmers who priced and sold corn after September 2013.

The legal theories being pursued by the Plaintiffs as part of the Nationwide Class and the State Classes are described in greater detail in the Courts' written opinions, available at [insert website link].

According to Syngenta: Syngenta denies these allegations. Syngenta disputes that it has a legal duty to restrict its sale in the U.S. of a safe, effective seed trait that has been fully approved by the U.S. government. Syngenta alleges that before Agrisure Viptera and Duracade were made available to U.S. farmers, the products were approved by the U.S. Department of Agriculture, the U.S. Food and Drug Administration, the U.S. Environmental Protection Agency and all of the historical U.S. trading partners for corn. Syngenta alleges that Chinese approval should not be a precondition before new safe, effective, U.S.-approved biotechnologies are made available to U.S. farmers. Syngenta alleges that it acted with reasonable care in launching these U.S. approved products in the United States and accurately transmitted its own estimates for when Chinese approval might be received. Moreover, Syngenta alleges that the actions of the grain exporters—who knew that Agrisure Viptera was not approved for import into China but shipped corn containing Agrisure Viptera to China anyway—were an intervening cause in any alleged rejection of U.S. corn by China. Finally, Syngenta states that the price drop in corn in 2013 was the product of a worldwide bumper crop of corn and other factors—not due to China's rejection of U.S. Corn.

7. What are the Plaintiffs asking for on behalf of the Class?

The Plaintiffs are seeking damages from Syngenta for all market losses allegedly suffered by U.S. corn producers as a result of losing Chinese demand for U.S. corn. Plaintiffs have hired two agricultural economists to measure the impact of losing the Chinese market on corn prices who have estimated market losses to farmers in the range of $5-7 billion dollars. Plaintiffs also seek punitive damages, treble damages and Syngenta's profits from the sale of Viptera and Duracade under the Lanham Act, and attorneys' fees and costs. The Plaintiffs do not claim that damages are the same for every corn producer. If damages are awarded, Plaintiffs will argue that it should be divided by the Court based, at least in part, on the amount of corn each class member grew and marketed.

8. Has the Court decided who is right?

The Court has not decided whether Syngenta or the Plaintiffs are correct or whether corn producers suffered any damages. The Court has made a number of legal rulings in the case, and those rulings are available at http://___. By certifying this lawsuit as a class action and issuing this notice, the Court is not suggesting that the Plaintiffs will win or lose the case. The purpose of a class action is to decide those issues on behalf of all Class Members in the class actions.

9. Is there any money available now?

No money or benefits are available now. No money will be available unless and until Syngenta and Plaintiffs reach a settlement or the Plaintiffs prevail at trial and following all appeals. There is no guarantee that money or benefits ever will be obtained. If they are, you will be notified of your entitlement to recovery and how to obtain it. To be eligible for any recovery as part of this

class action lawsuit, you must remain in the class. If you remain in the class and no benefits are obtained, you will have no right to seek recovery of any damages or other relief from Syngenta.

WHO IS IN THE CLASS

10. Am I a part of this class?

You are part of the class if you meet the following requirements:

- You are listed as a corn producer, including farmers and crop-share landlords, on a government Farm Service Agency Form 578;
- You priced at least one bushel of corn after November 18, 2013;
- You did *not* purchase Agrisure Viptera or Duracade corn seed;
- You are *not* an officer, employee, or relative of the Court; a governmental entity; or an officer, director, employee, contract or agent of Syngenta; and,
- You are *not* one of the excluded producers who filed a separate lawsuit in Minnesota on or before June 15, 2016 and hired one of the following law firms listed in Paragraph 1.

11. I'm still not sure if I am included.

If you are still not sure whether you are included, you can get free help at [www.xxxxxx.com] or by calling [1-800-xxx-xxxx] or by writing to ___ at [Insert Address].

YOUR RIGHTS AND OPTIONS

12. What happens if I do nothing at all?

By doing nothing you are staying in the class. If Plaintiffs win, you may be entitled to money as determined by the Court. If Plaintiffs lose, you will not be able to sue Syngenta again for the claims in this lawsuit and will be bound by that outcome. If the case settles, you may or may not be afforded another opportunity to exclude yourself from the class as determined by the Court, but you will be afforded the right to object to the terms of any settlement.

The Court will not permit a settlement of your claims unless it is fair and reasonable.

13. Why would I ask to be excluded?

If you stay in the class action, you will not have to do anything unless and until a recovery is obtained. At that point, the Court will notify you what you need to do to receive your share of the recovery. No attorneys' fees will be awarded unless the Plaintiffs prevail against Syngenta. Typically, attorneys' fees deducted from a class action recovery range from 25% - 33% of the overall recovery, but ultimately it will be up to the Court to decide what is reasonable.

You must ask to be excluded if you want to sue Syngenta individually about any market losses caused by Agrisure Viptera or Duracade. If you have already filed an individual lawsuit and want to proceed on the basis of that lawsuit, rather than through this class action, you will have

to ask to be excluded. If you make the choice to be excluded and to pursue a lawsuit individually you will have to hire and pay your own lawyer, respond to discovery, potentially have your deposition taken, and appear and prove your claims at trial.

Because your claims may be subject to a time deadline, if you want to exclude yourself from the class to file an individual case, you should consult a lawyer.

14. How do I ask to be excluded?

To ask to be excluded you must send an "Exclusion Request" in the form of a letter sent by U.S. Mail. You and any partners you market corn with must sign the letter personally. The signature of your attorney will not be accepted by the Court. If you are a crop-share landlord whose name is reflected on an FSA 578 form as having an interest in the crop, you must sign the request for exclusion because the farmer cannot do it for you.

The letter must contain the following information: (1) the name, address, and social security or tax id number for all producers requesting exclusion; (2) the physical signature and the signature of anyone else required under law to bind those producers (not an electronic copy), (3) the date the request was signed for each producer requesting exclusion, (4) a statement that you are choosing to exclude yourself from the Syngenta Federal Class Action and that you understand that you will not share in any recovery obtained by judgment on behalf of the class, and that you have reviewed and understand the Class Notice; and (5) the name of your attorney, if you have one. Your signature **must be** made and dated on or after [insert mailing date for this Notice]. Your letter must be postmarked by **[insert date 45 days from mailing]**, to: **[Insert Address].**

The Court will not accept exclusions signed by a lawyer. Nor will it accept exclusions signed prior to the date this notice was mailed.

THE LAWYERS REPRESENTING YOU

15. Do I have a lawyer in this case?

The Court has appointed William Chaney, Don Downing, Scott Powell, and Patrick Stueve to represent the class. These lawyers are referred to as "." These lawyers have experience in prosecuting complex cases on behalf of Plaintiffs. They also have experience in crop contamination cases. Several of them tried the federal rice contamination cases against Bayer and secured multiple verdicts on behalf of rice farmers (*In re Genetically Modified Rice Litigation*, 06-md-1811). Class Counsel has led the efforts on behalf of a large group of attorneys in securing evidence on behalf of the Plaintiffs in this litigation. They have taken hundreds of hours of depositions both nationwide and globally, including in London, Hong Kong, and Australia. They have overseen review of over 2 million pages of documents. They have also hired and worked with several experts. Along with other lawyers, Class Counsel is advancing the costs of this litigation, including travel and experts. The Court has determined that they are qualified and that they have ably represented the interests of producers in this litigation.

16. What if I already hired a lawyer?

Even if you hired a lawyer, you have the option of staying in the class action certified by the Courts. You can stay in the class by doing nothing. If you want to keep your own lawyer and/or file a new lawsuit or maintain an existing lawsuit, you must exclude yourself in the manner described by Paragraph 14. All exclusions must be signed by you. **Your lawyer cannot request exclusion on your behalf.**

17. If I already hired a lawyer, will I have to pay both that lawyer and class counsel?

In a class action, the Court makes decisions about attorneys' fees and can only award "reasonable" attorneys' fees. If you hired a lawyer before you received this notice and want to stay in the class, the Court will determine how much the lawyers will be paid at the end of the case and how it will be divided, if at all, between the lawyers appointed by the Court and the lawyer you already hired.

18. Should I get my own lawyer?

If you decide to stay in the class, you do ***not*** need to hire your own lawyer. Class Counsel, who was appointed by the Courts, is working on your behalf. But, if you want another lawyer, you will have to hire and pay one on your own. For example, you can ask him or her to appear in Court for you if you want someone other than Class Counsel to speak for you.

19. What about lawyers advising me to exclude myself from the class?

You may receive letters or calls from lawyers seeking to represent you in this case. You have the right to consult an attorney for advice about whether to stay in the class. However, you should be cautious about advice from attorneys recommending that you exclude yourself from the class so they can represent you in an individual lawsuit against Syngenta, as these attorneys have a financial motive in hiring you as a client. Please review Paragraph 13 to better understand the consequences of excluding yourself from the Class.

20. How will the lawyers be paid?

Class Counsel is working on a contingency-fee basis. You will not have to pay them anything if there is no recovery. They will get paid only if they get money or benefits for the class, whether by favorable judgment or settlement. If that occurs, they may ask the Court for their fees and expenses. The Court will only award fees and expenses that it finds reasonable. If the Court grants Class Counsel's request, the fees and expenses would be either deducted from any money obtained for the Class or paid separately by Syngenta, or may be a combination of the two. Generally, in class actions, the attorneys' fees deducted from any recovery are no more than one-third (33.3%). They can sometimes be less, but will not exceed that amount in this case.

THE TRIAL

21. How and when will the Court decide the case?

If the case isn't resolved by a settlement or otherwise, Class Counsel will have to prove the Plaintiffs' claims at a trial. During the trial, a jury or the Judge will hear all of the evidence to

help them reach a decision about whether the Plaintiffs or Syngenta are right about the claims in the lawsuit. The first trial is expected to start on **June 5, 2017**, and the Court is currently evaluating the nature of that trial. If the trial date changes, it will be published on the website.

22. Do I have to come to trial?

If you stay in the class, you will not have to testify at the trial and will not be required to attend it. Class Counsel will present the case for the Plaintiffs, and Syngenta will present the defenses. You and your own lawyer (if applicable) are welcome to attend the trial at your own expense. If Plaintiffs prevail at trial on the class issues, the Court will inform you as to what information you may need to provide to share in a monetary recovery (if any).

23. Will I get money after the Court rules?

If the Plaintiffs obtain money or benefits as a result of the trial or a settlement, you will be notified about how to receive any share recovered on your behalf. We do not know how long this might take.

GETTING MORE INFORMATION

24. Is more information about the lawsuit available?

Yes. If you have any questions or require additional information, you should contact any of the following individuals who are counsel to the Plaintiffs and the Class in this lawsuit:

I filled out a Corn Settlement form for both Jerry Rickel and James Rickel, June 2, 2018 online. One of the questions asked if I had hired a lawyer, I replied no. I didn't know if this was the correct answer? If you need to get ahold of me, please feel free to either email me or call me at 785-633-8374.

Just to be safe, you might consider just filing another one under the Tax ID# for West Point Land Company, LLC. If there are no acres there reported under it at FSA, then no payment will issue to it. But if something got filed under the LLC for any of those years, it will capture those acres and populate them in preparation for payment. If you are absolutely sure that Tax ID# for the LLC was never used, then your probably good. But as your lawyer, I recommend filing when in doubt. Hope this helps. Thanks Chad. Spencer PS. If you do file for the LLC, please let me know. Thanks.

Chad: Thank you for letting us know by phone that you submitted your name/production entity into the *Syngenta* national settlement process. Based on your email, it is our understanding that a claim has been filed for **Chad Reppert (using Chad's SS#) and Nebak, LLC (using its corporate Tax ID#)** and we will mark your claims as submitted in our file. If a claim has not been filed, please contact us immediately.

Please note that you should have submitted into the settlement the name and tax ID# / SS# for every person or entity (corporation, LLC, trust, partnership) that may have had corn production for any years 2013 to 2017, as reported to the federal government. *Production as reported to the FSA / federal government, under SS#'s and TaxID#s, is controlling in this settlement.* How you reported that production and under what names is what we want to make sure 100% gets submitted into the settlement program.

Some extra tips for reporting:
- If you submitted in an individual's name with SS#, and their spouse has ever received federal farm payments from 2013 to 2017, we recommend you file the spouse too.
- If you filed for a trust, use the SS# or TaxID# you use to report to the federal government, for years 2013 to 2017. If it changed during this time, submit both SS#'s/Tax ID#s.

- If you filed for a partnership with partnership TaxID#, and are not absolutely 100% sure that is how all acres were reported to the federal government from 2013 to 2017, then to be safe we also recommend you file each partners' name and SS# into the settlement web-site. This will guarantee you submit 100% of your acres for these years.

In essence a submission should be done for each Producer with SS# or TaxID#, whether in an individual's name or production entity such as an LLC, trust, etc. If you are comfortable you have done this, then you need not do anything further. If you have any questions or concerns about some production and it getting reported, email us or call us for help.

Also, be aware that the settlement web-site gives you a claim # before your are done. We point this out because some producers realized that they did not complete their submission. **Your submission on the web-site is NOT complete until you get a confirmation saying "Congratulations Your Submitted..."** *If you got such a confirmation at the end after you electronically signed your name, then you are submitted. If NOT, then you should log back on with your claim # and Tax ID#, and complete the submission process.* The system is also designed to email you confirmation after your submission is complete, to the email you provided in your submission.

Finally, Brown Greer is the Settlement Administrator for the Syngenta national settlement. Under terms of the national Settlement Agreement, any rejections of submitted claims must be remedied within 30 days by the Producer. Therefore, if you receive a rejection notice from Brown Greer or the Court for any reason, contact us immediately and Jim or I will work with you to fix the problem. Also, we do not have administrative access to the web-site, and thus we cannot see what acres are populating on the back end after you do your submissions. **If you want confirmation, *especially for partnerships*, that your acres populated after you submitted, then either call or email Brown Greer through the settlement web-site.** They have staff that can confirm, after you give them your claim #, that your acres populated on the site after you submitted.

Thank you again for being a client of Shields Law Group, LLC. We will keep you posted as the national settlement process progresses toward conclusion and payment.

Jay Lee: Thank you for letting us know you submitted your name/production entity into the *Syngenta* national settlement process. Based on your email, it is our understanding that claim has been filed for **Jay Lee Smith** and we will mark your claim as submitted. I called you back and left a message. I filed the claims on Sunday but I don't know if I did it correctly or not. I filed for my father's trust, The Louis Frank Dougan Revocable Living Trust", and used his EIN number. I am not sure if the FSA uses this number or if they still use his SS#. He dies in 2005. On mom's, The Carol Colleen Dougan Revocable Living Trust" I used mom's SS# but I didn't list her as Trustee. It was fairly easy but our situations are a little unique and I am not sure I did it correctly. Can you double check and make sure they are okay?

Thanks.

Roger: As far as we know, all LLC's that own land are considered a legal entity and have their own corporate Tax ID#. This is how typically FSA reports the land, under the Tax ID# issued to the LLC and in the name of the LLC. You typically do not have to report ground under SS#'s for every person/member of the LLC. You definitely need to make sure you submit in the Tax ID# and name of the LLC. Please let me know if this has not been done as yet. Thanks. Spencer

Roger: Thank you for letting us know by email that you submitted your name/production entity into the *Syngenta* national settlement process. To edit an already started claim, you enter your Tax ID# and the Claim # assigned to you by the system. If you in fact started a claim already at www.CornSeedSettlement.com, and did not finish it, the system would have sent you an email with your assigned Claim # on the day you started and did not finish the settlement submission. Let us know if any other questions. Thanks Barb. PS. Please mark us as the lawyers who filed your lawsuits against Syngenta for you. There has been some confusion here as well. It does not cost you any more in fees, etc. We will not be coming to get $$$ from you. The attorney fee has already been taken off of the top of the $1.5 Billion Settlement Fund. Email me if any more questions. Spencer

Barb: You hit "Click Here to File a Claim", then that will get you going down the right path. Any more questions, let me know. The Fact Sheets were done during Pre-Trial Discovery in compliance the Judges' Orders. That was in preparation for trials. Syngenta has now offered cash money to resolve your lawsuit. By going on the web-site and accepting their cash offer, you will be agreeing to dismiss your individual lawsuit that we filed on your behalf, in exchange for the future cash payment. This is legally how all this works at this point in time.

Thanks again. Be sure to mark us as your attorneys who filed your lawsuit for you. Spencer

I need to put my question differently. When I go on website the two options are: click here to file a claim or click here to edit claim already started. Are the fact sheets that we sent you earlier the claim already started ? Or is this something new? Which one do I click on? Thanks. Barb

Barb: You hit "Click Here to File a Claim", then that will get you going down the right path. Any more questions, let me know. The Fact Sheets were done during Pre-Trial Discovery in compliance the Judges' Orders. That was in preparation for trials. Syngenta has now offered cash money to resolve your lawsuit. By going on the web-site and accepting their cash offer, you will be agreeing to dismiss your individual lawsuit that we filed on your behalf, in exchange for the future cash payment. This is legally how all this works at this point in time.

Thanks again. Be sure to mark us as your attorneys who filed your lawsuit for you. Spencer

Marvin: Thank you for letting us know by email that you submitted your name/production entity into the *Syngenta* national settlement process. Based on your email, it is our understanding that a claim has been filed for **Marvin Luhring (using Marvin's SS#)** and we will mark your claim as submitted in our file. If a claim has not been filed, please contact us immediately.

Please note that you should have submitted into the settlement the name and tax ID# / SS# for every person or entity (corporation, LLC, trust, partnership) that may have had corn production for any years 2013 to 2017, as reported to the federal government. *Production as reported to the FSA / federal government, under SS#'s and TaxID#s, is controlling in this settlement.* How you reported that production and under what names is what we want to make sure 100% gets submitted into the settlement program.

Some extra tips for reporting:
- If you submitted in an individual's name with SS#, and their spouse has ever received federal farm payments from 2013 to 2017, we recommend you file the spouse too.
- If you filed for a trust, use the SS# or TaxID# you use to report to the federal government, for years 2013 to 2017. If it changed during this time, submit both SS#'s/Tax ID#s.
- If you filed for a partnership with partnership TaxID#, and are not absolutely 100% sure that is how all acres were reported to the federal government from 2013 to 2017, then to be safe we also recommend you file each partners' name and SS# into the settlement web-site. This will guarantee you submit 100% of your acres for these years.

In essence a submission should be done for each Producer with SS# or TaxID#, whether in an individual's name or production entity such as an LLC, trust, etc. If you are comfortable you have done this, then you need not do anything further. If you have any questions or concerns about some production and it getting reported, email us or call us for help.

Also, be aware that the settlement web-site gives you a claim # before your are done. We point this out because some producers realized that they did not complete their submission. **Your submission on the web-site is NOT complete until you get a confirmation saying "Congratulations Your Submitted..."** *If you got such a confirmation at the end after you electronically signed your name, then you are submitted. If NOT, then you should log back on with your claim # and Tax ID#, and complete the submission process.* The system is also designed to email you confirmation after your submission is complete, to the email you provided in your submission.

Finally, Brown Greer is the Settlement Administrator for the Syngenta national settlement. Under terms of the national Settlement Agreement, any rejections of submitted claims must be remedied within 30 days by the Producer. Therefore, if you receive a rejection notice from Brown Greer or the Court for any reason, contact us immediately and Jim or I will work with you to fix the problem. Also, we do not have administrative access to the web-site, and thus we cannot see what acres are populating on the back end after you do your submissions. **If you want confirmation, *especially for partnerships*, that your acres populated after you submitted, then either call or email Brown Greer through the settlement web-site.** They have staff that can confirm, after you give them your claim #, that your acres populated on the site after you submitted.

Thank you again for being a client of Shields Law Group, LLC. We will keep you posted as the national settlement process progresses toward conclusion and payment.

Marvin: I called Kevin on this. You need to make sure you signed out on the web-site. That is your legal Release of Syngenta in exchange for your payment. You will not get paid if you do not sign out. The system will then send you a 2nd email stating thanks for completing your corn claim. To get back into your submission, you go the site at www.CornSeedSettlement.com, hit LOGIN, enter your Claim # and SS#, and then you can make changes as needed and finish the process. Please be sure to mark us as your attorneys who represented you in this matter. Thanks Marvin. Please confirm when you are done. Spencer

Roger and Jim: If D&J Farms has a partnership Tax ID#, I would highly recommend you file that Tax ID# as well into www.CornSeedSettlement.com. If any acres were reported with the partnership Tax ID# in any given years, then that filing would capture those acres in preparation for filing. Otherwise, if you are 100% confident all acres were reported from 2013 to 2017 under Roger and Jim's personal SS#s, then you may be good as filed now. We just want to make sure no acres are getting missed for payment.

If you do file an additional filing for the partnership Tax ID#, please let me know. Thanks. Spencer

Doug: See the Filing Tips for Partnerships below. If Summit View Farm has a Tax ID# and you are not 100% sure all corn acres for years 2013 to 2017 were reported to FSA/Fed Gov under your SS#'s alone, then I would recommend you file an additional settlement submission for Summit View Farm under its partnership Tax ID# as well. Doug: Thank you for letting us know you submitted your name/production entity into the *Syngenta* national settlement process. Based on your email, it is our understanding that a claim has been filed for **Summit View Farm (using its partnership Tax ID#)** and we will mark your claim as submitted in our file. If a claim has not been filed, please contact us immediately.

Please note that you should have submitted into the settlement the name and tax ID# / SS# for every person or entity (corporation, LLC, trust, partnership) that may have had corn production for any years 2013 to 2017, as reported to the federal government. *Production as reported to the FSA / federal government, under SS#'s and TaxID#s, is controlling in this settlement.* How you reported that production and under what names is what we want to make sure 100% gets submitted into the settlement program.

Some extra tips for reporting:
- If you submitted in an individual's name with SS#, and their spouse has ever received federal farm payments from 2013 to 2017, we recommend you file the spouse too.
- If you filed for a trust, use the SS# or TaxID# you use to report to the federal government, for years 2013 to 2017. If it changed during this time, submit both SS#'s/Tax ID#s.
- If you filed for a partnership with partnership TaxID#, and are not absolutely 100% sure that is how all acres were reported to the federal government from 2013 to 2017, then to be safe we also

recommend you file each partners' name and SS# into the settlement web-site. This will guarantee you submit 100% of your acres for these years.

In essence a submission should be done for each Producer with SS# or TaxID#, whether in an individual's name or production entity such as an LLC, trust, etc. If you are comfortable you have done this, then you need not do anything further. If you have any questions or concerns about some production and it getting reported, email us or call us for help.

Also, be aware that the settlement web-site gives you a claim # before your are done. We point this out because some producers realized that they did not complete their submission. **Your submission on the web-site is NOT complete until you get a confirmation saying "Congratulations Your Submitted..."** *If you got such a confirmation at the end after you electronically signed your name, then you are submitted. If NOT, then you should log back on with your claim # and Tax ID#, and complete the submission process.* The system is also designed to email you confirmation after your submission is complete, to the email you provided in your submission.

Finally, Brown Greer is the Settlement Administrator for the Syngenta national settlement. Under terms of the national Settlement Agreement, any rejections of submitted claims must be remedied within 30 days by the Producer. Therefore, if you receive a rejection notice from Brown Greer or the Court for any reason, contact us immediately and Jim or I will work with you to fix the problem. Also, we do not have administrative access to the web-site, and thus we cannot see what acres are populating on the back end after you do your submissions. **If you want confirmation, *especially for partnerships*, that your acres populated after you submitted, then either call or email Brown Greer through the settlement web-site.** They have staff that can confirm, after you give them your claim #, that your acres populated on the site after you submitted.

Thank you again for being a client of Shields Law Group, LLC. We will keep you posted as the national settlement process progresses toward conclusion and payment.

They have handled the corn case with professionalism and special attention to individual needs of clients, even the small producers.
They kept us informed of the next step all along the way and with postcards and emails. At no time did I doubt that I was just as important as everyone else.
The advice from them has been prompt and accurate. Great folks to have on my side.

Spencer,

Good job. By the way, I have many clients who went through firms other than yours and whose experiences have not been as good as mine has been with your firm.

I do have a question though. I have a cash rent landlord who did not file as a plaintiff. Can he get in on the settlement or is it too late?

Spencer,
Finished submitting claim and forward to your email the confirmation.
Thanks for the efforts of your team and will hope for favorable settlement results.
I serve on Board of Directors for Peoples State Bank in western Kansas with 11 locations. The majority of the banks loans are ag and ag related. I can say that 98% of the LOCs (Lines of Credit) will not zero out this year and many credits have already been restructured as far as regulators will allow. The decline in commodity prices and the continuing increase in input costs has created a very serious economic environment for these ag borrowers and communities.
If these settlement amount to anything it will be better than nothing.
Anyway thanks for your groups hard work and will see what shakes out.
Sincerely.

To: Spencer Shields <scs0303@gmail.com>, "Alyssa C. Brockert" <abrockert@wallacesaunders.com>

Spencer and Jim,
Great outcome on the litigation settlement! Thank you and your team for your great work.

I have a couple of questions. I am a Kansas attorney and worked with three families that jointly own our farm to file claims through you. I believe you filed our claim as : Plaintiff, Bernard R. Phillips III, DBA Aaron Family Farms.

One of the families that owns a third of the claim is William J. Aaron. He does not have access to a computer and will need to file a paper claim. May I have his daughter Mary Anderson call your office directly to get assistance with obtaining a paper claim form?

Second, when the claim was filed, my sister Jane P. Brough, my mother Betty A. Phillips and I jointly owned a one third interest in the farm and the claim. My Mother passed on June 10, 2017 , of which I notified you last August. At that time I did not believe we would open an estate for her and so advised you. You said you would handle setting up the claim accordingly. However, we did end up filing a probate for Mom's will in Leavenworth County, Kansas on November 30, 2017. Case no. 2017 PR 000185. The estate EIN is 37-6663838. My sister is represented by counsel in the matter. I have copied her attorney in on this email for coordination purposes. I will need your guidance as to how we should file our respective claims and I assume one for the estate, as well.

Please let me know if I can provide any additional information.
Thanks again,

Bob Phillips

Dear Syngenta Clients: We write with some additional information regarding the nationwide *Syngenta* Settlement Class process. We will be brief as we know your busy. This email follows our paper correspondence/email dated April 30th which you should have received and read by now.

1. The settlement web-site at **www.CornSeedSettlement.com**

Corn Seed Settlement

www.cornseedsettlement.com

Corn Seed Settlement Program

---

opens this Friday, May 11th. Again, we highly recommend you log on Friday, Saturday or Sunday and stake your claim before the mass, nationwide notice campaign (which too begins May 11th) takes root. This will include hundreds of thousands of legal notices being mailed out across the nation from the federal court in Kansas City, Kansas.

2. The court appointed settlement administrator, Brown Greer PLC, is in charge of **www.CornSeedSettlement.com.** Staff at Brown Greer have notified Jim and Spencer that Producer names and corresponding Tax ID#'s will be the controlling feature of the settlement portal. In essence, when a Producer goes to the web-site, they will be prompted to type in their name (individual person, corporation, trust, LLC, etc) and that Producer's corresponding Tax ID#. These should track the Producer names and Tax ID#'s as reported to FSA over the years. For individuals with production in their own name, your Tax ID# will be your social security number. Corporations, trusts and LLC's should use their legal name and corresponding Tax ID#. After this, you will be authorizing Brown Greer to access your FSA documents (including farm #'s and acreage count) as reported to the federal government for years 2013 through 2017. Answer the remaining questions

NOTICE: YOU SHOULD READ THIS LETTER IMMEDIATELY – PLEASE DO NOT DELAY
THIS SAME COMMUNICATION IS COMING BY WAY OF FIRST CLASS U.S. MAIL AS WELL

April 30, 2018

Dear *Syngenta* Clients: *-Confidential Communication-*

First, Jim and I want to say "Thank You" for being a client of the Shields Law Group, LLC. We know you had many choices in counsel. It's truly been an honor to represent your interests, and we've enjoyed immensely working with all of our clients since January 2015. In 2015 and 2016, we witnessed over 100,000 producers retain independent counsel such as ourselves and file suit, all in an effort to hold Syngenta accountable. The federal class actions were later certified. Through this two-pronged attack, Syngenta eventually agreed to the largest agricultural settlement in history: **$1.51 Billion U.S. Dollars**.

This correspondence is very important, as it conveys 1) a proposed settlement offer for your case, 2) the process required to get you paid, and 3) information which impacts your legal rights going forward if you choose to opt out. Please read this letter promptly upon its receipt. We then would recommend to let it digest for a day or two, then re-read it. If you still have questions or concerns after that, feel free to call Jim or Spencer to discuss further. ***The Court is also sending information regarding this settlement.***

SETTLEMENT OFFER & PROCESS: The proposed national settlement is akin to the Oklahoma Land Rush of years ago. There is a $1.51 Billion pot of money. The Court is going to line everyone up and give everyone an equal shot to make claim on the money. **The starting gun will go off on May 11, 2018,** then every producer and non-producer that wishes to make claim has to **stake their claim by the cut-off date of October 12, 2018**. Those producers and non-producers who do NOT make timely claim or opt out will have their legal rights extinguished against Syngenta. For those who do make claim, you ***must stake the claim yourself***; we as your attorneys cannot do it for you because **you have to sign a legal release of your**
