Court File No. 27-cv-15-3785
Judge: Laurie Miller

SHIELDS LAW GROUP, LLC'S MOTION / APPLICATION FOR ATTORNEY FEES AND EXPENSES, MEMORANDUM IN SUPPORT, AND CORRESPONDING DECLARATION OF ATTORNEYS SPENCER C. SHIELDS AND JAMES T. YOAKUM

Pursuant to the MDL Court's Order Preliminarily Approving the Settlement … (MDL Doc. 3532 dated April 10, 2018), Shields Law Group, LLC submits the following in support of its Application for Fees and Expenses on its 2,500+ signed 30% contingent fee contracts with Producers and Non-Producers.

LEGAL ARGUMENT & SUPPORT

All of the Shields Law Group *Syngenta* clients' Producer and Non-Producer cases, exceeding 2,500 in number, are filed into the Minnesota state court consolidated proceeding, Court File No. 27-

cv-15-3785. As such the Shields Law Group Application for Fees and Expenses is addressed to the Honorable Laurie Miller, presiding Judge in the Hennepin County District Court.

For the sake of brevity, all prospective legal briefing to be filed by the Minnesota Class Co-Lead Counsel in support of common benefit award in relation to the Shields Law Group attorney time, expense and staff effort spent complying with Court ordered Plaintiff Fact Sheets (hereinafter "PFS") and proof of production documents, is incorporated herein by reference as though fully set forth herein. Further, all prospective legal briefing to be filed by the Minnesota Individual Co-Lead Counsel in support of our firm's signed contingency fee contracts, *Exh. B,* is hereby incorporated by reference as though fully set forth herein.

Courts have held that the primary factor that should be considered in awarding attorney's fees is the risk of no recovery that counsel shoulders. See, e.g., Ketchum v. Moses 24 Cal. 4th 1122, 1132 (Cal. 2001). The Shields Law Group prosecuted our clients' cases on a contingency basis knowing that the litigation could take years and would require devotion and substantial amount of attorney time and advancement of money. From the very beginning of this case there was no guarantee of reward and no guarantee of class certification. The undersigned, as well as the majority of non-class counsel worked on behalf of our clients for well over three years before global settlement was reached.

Rule 23(h) of the Federal Rules of Civil Procedure (as well as Rule 23.08 of the Minnesota Rules of Civil Procedure) authorizes the award of reasonable attorneys' fees in class actions. ("in a certified class action, the court may award reasonable attorneys' fees and nontaxable costs as authorized by law or by the parties' agreement.") This is true if the applicant

seeking attorneys' fees was not designated class counsel. According to committee note to subsection (h) the rule "provides a format for all awards of attorney fees and nontaxable costs in connection with a class action, not only the award to class counsel."

Along these lines the Tenth Circuit held that non-designated counsel may be entitled to attorney fees in class actions where the non-designated counsel benefited the class as a whole. *Gottlieb v. Barry 43 F. 3d 488 10th Cir. 1994.*

FACTUAL SUPPORT

I. ***Background of Firm:*** Shields Law Group, LLC (hereinafter "SLG") is a Kansas firm located in Olathe, Kansas, in the southwest suburbs of greater metropolitan Kansas City. Formed in 2006, SLG handles 100% plaintiffs' personal injury and mass tort claims on a contingency fee arrangement. Prior to the *Syngenta* litigation, SLG had MDL/complex litigation experience working in several other MDL and mass tort litigations. *See Attorneys' Declaration attached.* Beginning in January 2015, SLG began working in the *Syngenta* litigation. By March 2015, *Syngenta* work comprised approximately 95% of the firm's time and effort, in addition to work on several severe personal injury and wrongful death claims across Kansas and Missouri. This proportion of the firm's work load, 95% *Syngenta* vs. other client matters, has been consistent for our firm up and through today's date. Simply, during the past three and half years, SLG contracted with and filed individual lawsuits against Syngenta AG and its affiliated companies for in excess of 2,500 Producers and 21 Non-Producers. Our *Syngenta* clients hail from over 22 States, and SLG achieved this without the use of any recruiting counsel or referring attorneys. All our fee contracts are at 30%.

Throughout this litigation SLG has dedicated two attorneys full time and effort, each with twenty plus years of litigation experience (Spencer Shields, KS #17819 / MO #48374 and James Yoakum KS #17438). In addition, one to five support staff have continuously worked on *Syngenta* during this time, depending on work-loads and pending litigation requirements. Further, SLG has spent in excess of Four-Hundred Thousand Dollars ($400,000) in pursuit of this litigation for farmers against Syngenta AG.

Our most up to date client data list, for both Producers and Non-Producers, is attached as *Exh. A.* Over 98% of SLG clients' cases are filed into the Minnesota state court consolidated action. SLG's few remaining clients would have been filed into Minnesota state court but for the MDL Court's Order enjoining further filings against Syngenta (MDL Doc. 3533 dated April 10, 2018). SLG has no client filings in the federal MDL action pending in the United States District Court for the District of Kansas, MDL 2591. SLG clients' date of filing into the Minnesota litigation, along with their respective Case No.'s, are documented on *Exh. A.* Also documented is each clients' corn acre count and bushel production count, for years 2013 to 2017, where available off the production documents.

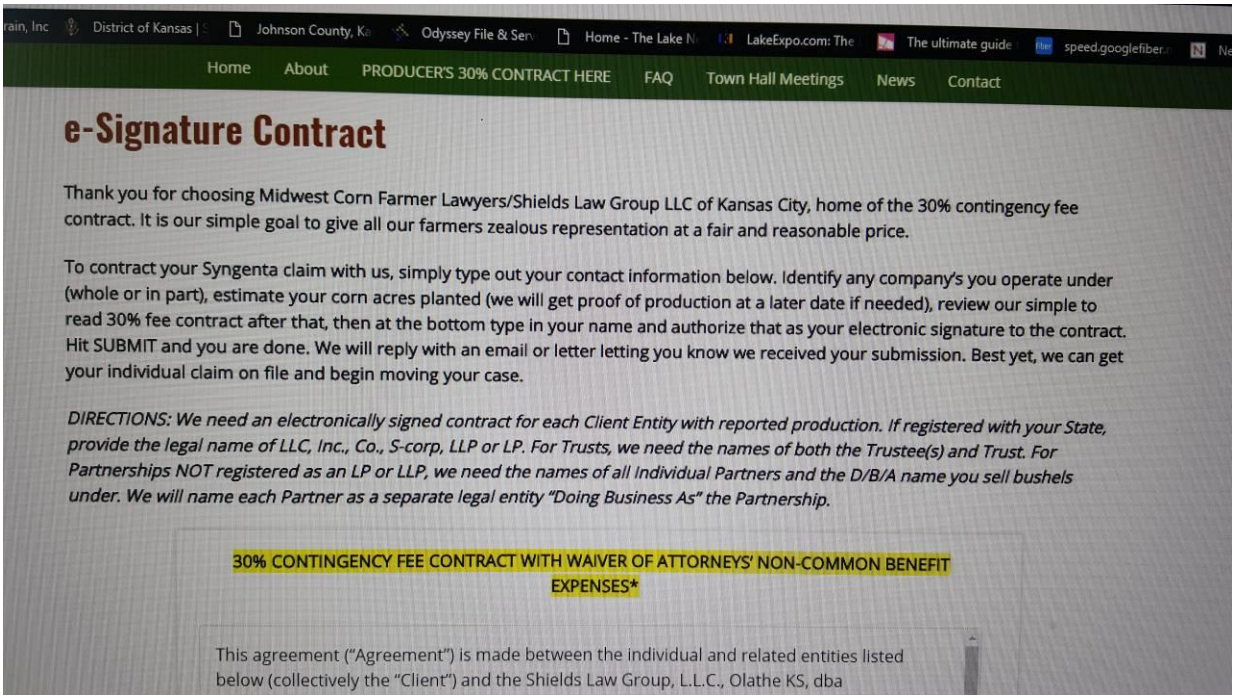
II. ***SLG's 30% Fee Structure with No Outsourced Work Assignments:*** Although SLG's first one hundred or so signed Producer clients were on a contingency fee arrangement of 33.33%, in July 2015 SLG voluntarily reduced fee contracts with then current clients to 30%, notifying them all in writing of the lower fee structure. This decision was made in reliance upon the MDL Court's Order Establishing Protocols for Common Benefit Work and Expenses, dated July 27, 2015, and its prospective common benefit assessments of 8% and 3%, respectfully, for leadership fees and expenses. From that point, SLG subsequently contracted with another 2,400+ Producers, and filed suit for over 98% of them, into the Minnesota state court consolidated litigation, *In Re Syngenta Litigation*, the Honorable Thomas M. Sipkins and subsequently the Honorable Laurie J. Miller presiding. All of SLG's 30% contingency fee contracts, signed by SLG clients, are attached in *Exh. B.* No SLG clients' contracts contain any referring counsel arrangements. All contracts are strictly between SLG and the SLG client. If a client signed his/her/its contract electronically, it was all done through the SLG dedicated web-site at www.MidwestCornFarmerLawyers.com. The web-based contract was very clear in notifying the Producer that they were signing a contract to engage SLG as their counsel, the terms of the contract were posted on the web-site for them to first review, then at the end they would type in their personal data, answer some basic questions about their farming operation, then sign their name electronically accepting the terms of the attorney fee contract, similar to the Court's settlement site. SLG thereafter would promptly reply with a phone call from an attorney, as well as a welcoming email or letter. It is estimated 35% of SLG fee contracts were signed and entered into electronically through our dedicated web-site; 65% were mailed in with wet ink signatures; and 10% were received by fax or email from our clients.



Screen shot of e-Sign page for electronically submitted contracts at www.MidwestCornFarmerLawyers.com

Coupled with the fact that SLG possesses production documents and/or Court ordered PFS on over 97% of SLG clients' files, leads to only one reasonable conclusion: SLG's clients were well aware they were signing a 30% contingency fee contract with SLG, and all SLG clients subsequently worked with SLG attorneys and staff to file suit and meet all pre-trial discovery obligations imposed by the Minnesota Court. And as detailed below, SLG kept all our clients very well informed about the litigation as it moved through the pre-trial discovery phase, expert reports and designations, bellwether trials and later the global settlement protocol.

Finally, regarding work assignments while handling the *Syngenta* lawsuits on behalf of our 2,500+ clients, SLG used no outside contractors or attorneys to either 1. Recruit or aggregate new producer or non-producer clients; 2. To fulfill Court ordered Plaintiff Fact Sheet (hereinafter referred to as "PFS") and document production; or 3. To counsel and aid SLG clients through the Global

Settlement process administered through the federal MDL Court. To the contrary, all SLG work was performed "in-house" by SLG attorneys and staff, as set forth below in more detail and the attached exhibits in support.

III. ***SLG Signed the Joint Prosecution Agreement with the MDL PSC counsel, and also timely signed the MDL Participation Agreement and Minnesota Participation Agreement:***

Spencer Shields on behalf of SLG signed and returned the following participation agreements with MDL leadership and the Minnesota leadership, respectfully, as follows:

A) MDL Common Benefit Participation Agreement, signed and timely returned to Mr. Patrick J. Stueve, MDL Co-Lead and Liaison Counsel, on Nov. 24th, 2015 (*See Exh. C) (and signed and returned within the established deadlines of the MDL Court contained within its* Order Establishing Protocols for Common Benefit Work and Expenses, dated July 27, 2015 for the lowest assessments)

B) Minnesota Participation *In Re: Syngenta Litigation* Agreement, signed and timely returned to Mr. Robert K. Shelquist and the MN leadership on December 7, 2015 (*See Exh. D)*

C) Addendum to Amended and Restated Joint Prosecution Agreement, as to include the Shields Law Group, LLC as part of "The Remele/Sieben Group" by definition (*See Exh. E, and more specifically Section 2. of said Agreement),* signed and returned to MDL leadership counsel Mr. Don Downing (care of Ms. Jackie Statz and Mr. Jason Sapp, both of Gray, Ritter & Graham, PC) on November 22, 2016 (*See Exh. E) (contractually has the effect of bringing SLG within the umbrella of the Joint Prosecution Agreement executed between the federal MDL PSC and Minnesota leadership)*

In line with the requirements of these various signed Agreements with Co-Lead Counsel in both the federal MDL and Minnesota state court consolidated litigations, SLG updated our firm client lists to both leaderships on March 31, 2016 and June 14, 2016, respectfully (*See Exh. F)* Per request from Mr. Stueve on August 29, 2017 via email, SLG again produced an updated client list to the MDL leadership on September 6, 2017. *(See Exh. G)* Within Mr. Stueve's email, its acknowledged that SLG had previously signed the MDL Common Benefit Participation Agreement.

All legal briefing filed by the Minnesota Class Co-Lead Counsel and/or Minnesota Individual Co-Lead Counsel in support of the above stated Agreements is hereby incorporated by reference, as though fully set forth herein.

IV. ***SLG Achieved over a 95% Response Rate Regarding PFS and Document Production with the help of our Clients and dedicated work of SLG Staff and Attorneys:***

Following Judge Sipkins' January 11, 2016 Order for Rolling Production of Plaintiffs' Fact Sheets (PFS) by Producers filed into the Minnesota litigation, SLG attorneys and staff immediately went into overdrive to get our clients informed as to the Court's discovery Order, what the discovery Order entailed, and how best to tackle it from both our firm's perspective as well as our clients. Having only five months to achieve this task, we incorporated the help of our clients, many of whom had told us from day one that they actually possessed their own production documents and would provide them when requested by the Court. From January 11, 2016 through May 11, 2016, SLG's two attorneys and a staff of five or six worked daily on our clients' *Syngenta* production. Global correspondence was sent three times to all our clients from January to March 2016, offering many tips on how best to meet the Court's Order. *See Exh. K.* Second, global emails were sent by SLG

Three days' PFS Mail drop at SLG March 2016.

attorneys on multiple occasions, giving more specific legal advice for our clients' benefit. Third, SLG attorneys and staff worked the phones non-stop, from 7 a.m. to sometimes 8 or 9 p.m., Monday through Saturday (and some Sundays) to get our clients' PFS done. This was partly achieved by two SLG attorneys answering phone calls directly from clients regarding various issues that confounded their individual cases. Fourth, SLG attorneys and staff made phone calls and sent emails to individual farmers, answering hundreds of various questions and giving guidance. And Fifth, SLG attorneys and staff gave direct aid to hundreds if not thousands of clients in completing their PFS. These one on one contacts with clients were documented as thoroughly as possible (given the sometimes hundreds of phone calls and email received in just one day), and are documented on the attached Client Contacts List (*See Exh. L)* These individual contacts were in addition to the many global contacts we made with clients in writing, as set forth in more detail in Section XI. below.

On July 11, 2016, Spencer Shields notified Mr. Patrick Haney with Kirkland & Ellis that SLG had to date filed suit on behalf of 2,257 corn producers and/or landlords identified in the

attached Excel spreadsheet which was provided the defense. All 2,257 SLG clients had also conformed their claims over to the Master Producers' complaint on file in the Hennepin County, MN State Court Consolidated Proceeding. *See Exh. M.*

As documented in *Exh. M,* in compliance with Judge Sipkins' Order for PFS, SLG on July 11, 2016 produced to Syngenta's defense counsel a USB thumb drive containing 71.4 GB of information on our clients. The data was organized by client name inside roughly 1,786 electronic folders which held roughly 14,906 PDF files. These files were created from March 14, 2016 through July 11, 2016 by SLG staff. These files were indexed by client as follows:

PFS
FSA 2011 to 2015 (scanned separately by year)
CI 2013 to 2015 (the APH's were scanned collectively as one report unless they were provided by year)
SALES (were scanned as received so some are collective of years and some are by year)
SEEDS (were scanned as received so some are collective of years and some are by year)

Where possible, these files combined a tenant farmer and his/her landlords into one electronic file, with each plaintiff named on the electronic file. SLG estimates that roughly 95% of then clients had an electronic file associated with their name included within the enclosed production. This would include plaintiffs who we filed suit for by June 2016.

Subsequent thereto, on July 11, 2016, Judge Sipkins granted his Order Extending PFS Deadline to December 11, 2016. In line with the Court's Order, SLG attorneys and staff continued doggedly working with clients to get their documents and PFS completed. We continued to use a combination of individual phone calls, emails and correspondence to get clients to work with us on meeting their discovery obligations. Global emails and correspondence with case updates were also sent many times over. *See Exh. K.* Our attorneys and staff were

always available to help aid a farmer client who was navigating their PFS. Or we would assist them directly over the phone or in person. The goal was simple: get 100% confirmed with PFS.

Following through with SLG's prior success regarding clients' PFS, on December 11, 2016 SLG produced a second USB thumb drive to Mr. Haney containing an additional 4.45 GB of information on SLG clients. The data again was organized by client name inside roughly 388 electronic folders which held roughly 1,452 PDF files. All documents produced on December 11th were supplementation to our first production transfer made on July 11, 2016, also to Mr. Haney. These files were created from July 12, 2016 through December 10, 2016. All transferred data consisted of the Court Ordered client Plaintiff Fact Sheets, FSA form 578's, APH crop insurance reports and supporting sales summaries where available.

One of two rooms dedicated to storage of our 2,500+ clients' *Syngenta* paper files. 77 total bankers' boxes as of July 2018.

Finally, because Judge Sipkins' Orders for PFS were rolling in nature and also required new filed plaintiffs to meet certain PFS timelines within the date their suit was filed, SLG continued to work with clients, and retrieve on their behalf using signed authorizations, Court ordered PFS and document production. SLG was preparing to send another flash drive to Mr. Haney when the national class settlement was approved in Federal Court, rendering that effort

moot. These additional discovery files were created from December 11, 2016 through April 5, 2018. The third USB drive contained an additional 3.36 GB of data comprising roughly 1,047 electronic client folders which held 3,795 additional PDF files. All this additional client data again consisted of production of ongoing Plaintiff Fact Sheets and FSA form 578's, per Orders of the Minnesota Court and SLG's continuing obligation to supplement for new client filings, as well as those filed prior. It is also of note that our continuing contractual obligations under the JPA signed with the federal MDL PSC too required us to supplement FSA form 578's and acre count for years 2016 and 2017, on behalf of SLG clients, when they became available. This point is discussed in more detail below.

In total, SLG firm's *Syngenta* database holds 87.1 GB of client information containing 3,463 client folders that hold 25,838 PDF files. This comprises all data scans from March 14, 2016 through April 5, 2018 done by Shields Law Group, LLC in relation to the Court Ordered PFS, etc. In all, we can say with great accuracy that approximately 98% of our represented and filed Producer clients, as well as our Non-Producer Grain Handling Facilities, had PFS and/or document production contained within their SLG files (paper and electronic), most of which was produced to Kirkland and Ellis on July 11 and December 11, 2016 in support of the litigation. For our small firm this was a daunting task but one that had to be done. And we are proud to say on behalf of our staff and counsel, we got the job done, all upon Order of the Court.

V. ***Court Ordered PFS and Document Production Consumed Our Firm's Time and Resources for all of 2016, and into 2017 and 2018 as well Totaling Over 8,000 hours of work:***

SLG 2016 to 2018 time and expense logs, prepared for submission to the Minnesota leadership in conjunction with SLG's request for common benefit time and expense reimbursement, is attached hereto as *Exh. N.* Although this document is the non-audited version submitted, SLG believes it is an accurate portrayal of SLG's time and expense incurred working in 2016, 2017 and 2018 on behalf of SLG's 2,500+ clients and their PFS and document production requirements. SLG attorneys, especially in the months of February through May 2016, were putting in 60 to 70-hour work weeks helping clients fulfill their discovery obligations. Farmers wanted questions answered, and many times wanted to speak to SLG attorneys and not staff. Other times, legal issues were presented due to a farmer's unique circumstance that was simply outside the expertise of SLG staff. In all these circumstances, SLG attorneys had to take the call and have conversations that lasted anywhere from 5 to 20 minutes on average per farmer. Many of these calls entailed the client also wanting a status report on where things were at, how much they were going to get paid, when did they have to have this done by, etc. Had SLG attorneys and staff not been doing this work on behalf of its *Syngenta* clients, they obviously could have been doing other legal endeavors to generate revenue and earn fees on behalf of the firm.

The firm also turned away new cases due to its clients' obligations in *Syngenta.* Simply, SLG believed in the case and helping farmers hold Syngenta AG accountable. To this end, SLG elected from Day 1 to go the entire way with their clients, including jury trial if need be. As part of this thinking, SLG attorneys were compelled to keep abreast of the entire litigation, including reading all the pleadings, breaking down the expert reports, etc. All were read by SLG attorneys when received

daily. Friends and family of SLG attorneys for over three years knew one thing: Spencer & Jim are working on a big corn case. It's practically all Jim and Spencer did in 2015, 2016 and into 2017.

SLG's firm telephone billing records document the story better than anything from a forensic point. Attached in *Exh. V* is a copy of SLG's phone records from December 22, 2015 to June 19, 2018. We are still awaiting receipt of our 2015 records from our carrier. SLG has 4 lines for *Syngenta* legal purposes, and 98% of the minutes documented in *Exh. V* on those 4 lines are for *Syngenta*. A normal month's *Syngenta* phone calls would usually average from 2,000 to 3,000 minutes. Mostly, it was farmers calling SLG in the morning looking for an update, or to have a question answered about a letter they may have received regarding deficient PFS or proof of production. However, as further documented in *Exh. V*, after Judge Sipkins issued his Minnesota Order for Plaintiff Fact Sheets on January 11, 2016, SLG immediately experienced a 300% to 400% increase in logged *Syngenta* telephone calls between January 20, 2016 to June 19, 2016. Numbers then dropped down to a manageable level of 2,000 to 3,000 minutes per month, at least until May 2018, in which SLG attorneys and staff are again logging a 450% percent increase in *Syngenta* related phone minutes with our clients. Here is a breakdown of what is documented in *Exh. V*, the firm's telephone logs:

2016 phone minutes:
2,359 minutes December 22, 2015 to January 19, 2016
(1-11-16 Judge Sipkins Issues MN Order for Plaintiff Fact Sheets)

(5-10-18 www.CornSeedSettlement.com Opens for Settlement)
5,092 minutes April 20 to May 19
10,726 minutes May 20 to June 19

In total, the submitted time and expense sheet submitted by SLG to Minnesota leadership (*Exh. N)* details 8,336.6 hours expended by SLG attorneys and staff toward Court ordered PFS and document production. Again, this was all done by 2 attorneys and 4 to 5 staff, working doggedly on behalf of farmers. The fruits of this labor are documented in the extensive, electronic document production made to Kirkland & Ellis on July 11, 2016 and later December 11, 2016. (*See again Exh. M)*

SLG is not certain what final number of hours will be sought by Minnesota leadership on SLG's behalf for common benefit award. But for purposes of determining the reasonableness of

SLG's fee request under the SLG 30% contingency fee contracts, *Exh N* is evidence the Court should consider and take into account. *Exh N, along with our phone records,* is an accurate reflection of the time and effort undertook by SLG to get the PFS job done, per Order of the Minnesota Court.

VI. ***SLG, under the JPA and our Working Relationship with the Federal MDL PSC, had over 96% of our Clients Opted Out of the Federal Class Action by Definition or Written Election:***

On June 25, 2016, email confirmation was received from Mr. Don Downing, MDL Co-Lead, inviting SLG to take advantage of the JPA with the Minnesota leadership. As part and parcel to this, SLG would receive exclusion of our Minnesota filed clients from the federal class definition, in exchange for all of our clients' names, their filed case number, the state in which they produce corn, and their reported corn acreage for years 2013 to 2015 as recorded in their FSA form 578's. (*See Exh. P)* Copies of all our clients FSA form 578's for years 2013 to 2015 were also required as part of the JPA. Finally, a continuing obligation existed to supplement our clients' FSA form 578's for years after 2015, as they became available. (*See Exh. P)* This is important to note because not only were we under a duty to supplement PFS and production documents by way of Judge Sipkins' Orders, but the JPA signed with the federal MDL PSC also required us to supplement 2016 and 2017 records on behalf of our clients. This is one more reason SLG attorneys and staff continued to work on PFS and client proof of production from December 11, 2016 up and through April 2018 when the federal MDL Court gave preliminary approval to the executed Settlement Agreement with Syngenta.

An extension was later granted to produce these documents by September 13, 2016. (*See Exh. Q)* Per Mr. Downing's email, "[o]ur class certification hearing is on September 13 thus we need this

information in order to understand and verify which producers are excluded from the class along with the amount of acreage."

As a JPA participating firm and in direct response to the MDL leadership's requests, SLG attorney Jim Yoakum personally reviewed our clients' FSA documents, file by file and page by page, so as to ensure the most accurate acre count we could provide in the short time frame allowed. Mr. Yoakum's time and our support staff's time is documented in the attached time sheet for common benefit (*Exh. N)*. The first federal bellwether trial consisted of Kansas producers. As a Kansas firm we had several hundred Kansas producers opted out of the federal class case (some of whom are large producers). We were not ignorant to the importance of this acre count for the benefit of the MDL class action attorneys or their expert Dr. Babcock. For this reason, exhaustive and timely review was performed under the eyes of SLG attorney Jim Yoakum, again to make the most accurate count possible. This time too was for the common benefit of the entire litigation.

On September 9, 2016 (4 days prior to the September 13th class hearing), SLG produced to Mr. Downing and his staff the requested data, in the appropriate format and with supporting data including all of our clients' FSA form 578's. Receipt of this information and data, produced by SLG and relied upon by the MDL leadership as well as their experts, was acknowledged on September 12, 2016 by Ms. Jackie Statz, Senior Paralegal for Mr. Downing. (*See Exh. R)*

At the same time, on or about September 12, 2016 and with the extended agreement of Minnesota Class Co-Lead Counsel Dan Gustafson, SLG also produced to the Minnesota Class Counsel a list of all our Minnesota clients, their supporting FSA form 578's, and their corresponding production data which our firm had culled from their production documents. (*See Exh. S)*

As partial consideration for our cooperation with the federal MDL leadership, as well as the Minnesota Class Co-Lead Counsel, a large majority of SLG's filed clients in the Minnesota state court consolidated litigation were automatically opted out, by definition, from the federal MDL class action notice mailed out nationally to all registered FSA producers. (*See Exh. W)* The same was true for our Minnesota producers; all were opted out of the Minnesota class by definition in exchange for our working relationship with Mr. Gustafson's group.

As set forth in SLG attorney Spencer Shields' email to Ms. Ashlee Schwarz on October 12, 2017 (*Exh. T)*, during settlement negotiations SLG confirmed that, of our then 2,467 producer clients, SLG clients #1 through #2,243 had been filed into the Minnesota litigation by June 15, 2016 and thus, per our agreement with MDL Co-Leads and the federal class action notice, were automatically opted out of the federal class case by definition. Subsequent to class notice, SLG clients #2,244 through #2,381 were all opted out in writing of the federal class case by the Court imposed deadline of April 15, 2017. Thus, on our October 2017 client list set forth in *Exh. T*, 2,381 producer clients out of our then signed and filed 2,467 producers were opted out of the federal class action either by definition or subsequent written election. This amounts to 96.5% of our clients at the time whom were not included in the federal class action case.

Finally, SLG did not take on any more producer clients from any of the eight states then certified by the federal MDL leadership. However, after the federal court's dismissal of the federal Lanham Act claim from the class petition, SLG did subsequently accept signed contracts from a few more producers, but only if they produced corn on ground not located in one of the eight states with state wide class certifications remaining. Of those producers who were later accepted as clients, most

if not all their cases were later filed into the Minnesota state court consolidated proceeding, as set forth in *Exh. T.*

VII. ***SLG Spent Over $400,000 Globally in Various Support of the Syngenta Litigation Effort:***

A complete and comprehensive list of SLG expenditures, by attorneys Spencer Shields and James Yoakum, are set forth in *Exhibit U.* To date, SLG has spent in excess of $400,000 for everything from Hennepin County District Court filing fees, administrative costs, support staff's wages, informational and aggregation efforts (mostly in 2015), travel costs to and from Court in Minneapolis and closer by in Kansas City, printing and postage costs for global client updates via correspondence and post cards, printing and postage costs for aiding clients with PFS and document production efforts, etc. Although our contracts of employment with Producers and Non-Producers only sought reimbursement of common benefit expense assessments, given the current state of this litigation and the global Settlement Agreement reached with Syngenta, it is only fair that SLG inform the Court of its incurred, general expenses for not only prospective reimbursement, but also another factor in support of the reasonableness of our request that the court uphold the 30% contingency fee between SLG and its clients.

VIII. ***SLG Dedicated Attorney's Eyes to FSA Document Review Because of the Importance of Having an Accurate Acre Count as to our Clients' Acres Which Were Not to be Included Within the MDL Class Damages Modeling by Expert Witnesses:***

As a signatory to the Amended and Restated Joint Prosecution Agreement (hereinafter referred to as the "JPA"), on March 20, 2017 Spencer Shields was contacted by Christopher M. Ellis with Bolen, Robinson & Ellis, LLP (who it is understood was acting at the direction of the federal

MDL leadership) and were requested to provide SLG current clients' FSA Form 578's, as all of these producers had been excluded from the federal class definition. (*See Exh. W the federal class action notice)*. Mr. Ellis specifically noted this information was needed so that "[o]ne of our experts, Bruce Babcock, needs this information to total damages." (*Exh. I)* Mr. Ellis also acknowledged this data was being shared pursuant to the Joint Prosecution Agreement and would be kept confidential.

SLG, as part of "The Remele/Sieben Group" (*See Exh. E, and more specifically Section 2. of said JPA Agreement)*, as an acknowledged signatory to the Joint Prosecution Agreement (JPA) executed between the Minnesota leadership and federal MDL PSC, and knowingly aware of its obligations under said JPA, on April 4, 2017 produced to Chris Ellis and Dawn Nichols, both working on behalf of the MDL leadership, all of SLG clients' FSA Form 578's for use by Dr. Babcock to exclude those acres from his very important calculations regarding class wide damages. (*See Exh. J)* This is both direct evidence of the MDL leadership's need for this information, which they did not possess, and SLG's full cooperation in working with the MDL associated counsel to help Dr. Babcock prepare for his opinions to be expressed. This only occurred after SLG and its staff expended thousands of hours procuring, aggregating and producing said data in line with the signed Agreements with leadership.

IX. ***SLG has Since May 11, 2018 Again Been Working Doggedly to Help SLG Clients Understand, Navigate and Complete the Settlement Process:***

Once again the SLG phone lines are burning up. Since May 11th, we are experiencing a 450% increase in *Syngenta* related phone calls from SLG clients; said increase totaling 10,726 minutes from May 20 to June 19th, 2018 to be exact. (*See Exh. V)* These calls, in addition to hundreds of

emails, mostly involve clients' confusion about what is going on with the settlement process, who is to do it, who is Brown Greer, how much is being paid, etc. And all this confusion despite the 20-page legal notice sent by the federal court, in addition to our firm's 6-page April 30th, 2018 letter mailed to all clients explaining the settlement process. *See Exh. K*

We have included specific examples of emails from clients who asked for our help or were confused. (*See Exh. Y* containing multiple examples of SLG clients confused about the process). Below are some of the things our clients got wrong:

1. Clients thought that Brown/Greer was now their attorney.
2. Clients did not know which tax ID or SSN to use when filing their claim due to a complicated entity structure for their respective farm. i.e. trusts, corporations, multiple relatives, LLC's. Many needed to file more than one Tax ID# to cover their farming operation. See *Exh Y* page 5.
3. 100's of clients asked us to check their submission to "see if I got it right" because they wrongly believed SLG attorneys have administrative access to the Settlement website. See *Exh Y* page 1.
4. Clients who called while they were on the website asking questions about how to navigate the site.
5. Clients who had questions about how to file for a deceased/incapacitated/elderly relative. See *Exh Y* page 4.
6. Clients who believed that because they spent "three days" gathering the information for the Confidential Plaintiff Facts Sheets they were done and didn't need to do this part.

7. Clients who thought that since SLG was in possession of all their FSA documents and Insurance documents SLG would submit their claim for them.

Because of this widespread confusion, SLG implemented an internal process whereby physical files are being pulled when clients notify SLG of claim completion. The FSA 578 forms contained in the clients' files are then reviewed to determine if the entity reporting claim completion matches the entity on the FSA 578 form. If a file looks clean, with the entity reporting completion matching the entity listed on the FSA 578 - then the file is closed with a confirmation email or letter sent to the client.

If there are multiple entities on the FSA documents, then the client is called or sent an email to make sure all Tax ID#'s are filed to capture all their acreage. Through this process SLG attorney Jim Yoakum, attorney Spencer Shields, and two law clerks have reviewed over 1,500 client files to date (since May 11, 2018) and made dozens of "saves". Within the SLG office a "save" is when a client reports that they have finished the claim process, but upon our review of their FSA 578 documents SLG finds one or more additional entities left out by the client. Follow up is immediately made with the client notifying them of the problem and the need to file one or more additional claims using the proper SS#'s or Tax ID#'s.

A good example of our settlement review process at work involves the case of Bonnie K and Mr. K. We will leave the K's full last name out for privacy but both Bonnie K and Mr. K are on the SLG client list, had a case filed for them by SLG in Minnesota and SLG is in possession of the couple's FSA 578 forms and discovery documents.

Bonnie K was married for over 20 years living on the family farm in Iowa. Bonnie K was listed as 50% owner at the FSA office while her husband Mr. K was the other 50% owner. The family had a rather large operation planting 4,144 acres of corn in 2013; 3,799 acres of corn in 2014; and 3,910 acres in 2015. During the three-year period from 2013 to 2015 the K family farm produced approximately 2.2 million bushels of corn.

On May 17, 2018, SLG attorney Jim Yoakum telephoned Mr. K to check on the K's and make sure they were planning on submitting their claim. Mr. K indicated he had received both our letter and the federal class notice and that he had already submitted his claim, using his SSN, electronically. As part of the closing process detailed above, Mr. K's FSA 578 documents were pulled and reviewed by SLG attorney Jim Yoakum. When Mr. Yoakum reviewed the K file, he saw that Bonnie was a 50% owner as well. Mr. Yoakum then called back to Mr. K and asked if a claim had been filed for Bonnie using her SSN. Mr. K informed Jim Yoakum that he and Bonnie were divorced recently and he had not spoken to her in over a year. Mr. K provided Bonnie's telephone number and Bonnie was contacted by Mr. Yoakum. Bonnie knew nothing about the settlement. She had not received class notice and quite probably never would have submitted a claim. If Bonnie's SSN was not reported to Brown/Greer, then 50% of the K family farm would have been left out of this settlement. Bonnie's portion of the family farm for years 2013 to 2017 will be well over 1 million bushels.

There are multiple other examples of our settlement review process catching additional entities left out, additional Tax ID#'s that needed to be filed, etc. *See Exh. Y.* To date, SLG's "saves" exceed fifty additional entities since May 11th.

All said, SLG Attorneys Spencer Shields and Jim Yoakum have been working the *Syngenta* settlement, full time and on behalf of our clients, since April 2018. Through today's date, we would state we have each spent approximately 575 hours each on the settlement process. We further estimate we will spend another two months, full time, or 345 hours each, on the rest of the settlement process. In addition, we are being assisted by two law clerks, each working full time since May 14th, to assist us through the end of July 2018. Their time, plus a paralegal that has also assisted with settlement, is estimated at 450 hours each, and paralegal at 100 hours, for a total staff time of 550 hours estimated for settlement purposes.

X. ***SLG's Informational and Aggregation Efforts in 2015 Were Part of a Team Effort to Help Farmers Understand the Importance of the Syngenta Litigation, as well as to Put Pressure on Syngenta AG which Eventually Led to Global Settlement:***

Beginning in February 2015, SLG began to run a few newspaper ads in western and northeastern Kansas towns regarding the *Syngenta* litigation. SLG also conducted Town Hall Meetings from March 2015 through July 2015 at various locations throughout Kansas.

Jim Yoakum speaking with Producers at an informative town hall meeting in Marysville, Kansas. Spencer Shields was a speaker as well at the meeting.

Approximately 150,000 informative Producer mailings were sent, and over 1,000 Non-Producer mailings. Thousands of phone calls were received or returned by SLG

attorneys Spencer Shields and Jim Yoakum from March 2015 to June 2016. The primary reason for our large inventory of Producer clients was because both SLG attorneys took all phone calls when prospective clients called our office. This took a tremendous amount of time and effort, easily over 10,000 minutes per month in the second half of 2015, but we made ourselves available for farmers. Simply, in the first half of 2015 90% of Producers knew little to nothing about the *Syngenta* litigation when they called. They were simply looking for answers to their questions. Most prospective clients reported receiving multiple informational packets from various law firms, sometimes in the same day's mail.

Since our start in the *Syngenta* litigation, thousands of emails have been exchanged with SLG clients the past 3.5 years. A quick forensic review of attorney Spencer Shields' email account for *Syngenta* revealed the following:

- 1,915 email exchanges with clients or agents regarding PFS and proof of production;
- 827 email exchanges regarding litigation updates and/or individual client issues;
- 57 email exchanges regarding special client matters;
- 626 email exchanges regarding contracts submitted electronically to our firm;
- 1,379 email exchanges with opening correspondence regarding the attorney-client relationship;
- 21 email exchanges with defense counsel;
- 848 email exchanges with confirmation of acceptance of settlement offer (going up);
- 276 emails with or from both PSC leaderships;
- 13 non-producer emails with submitted signed contracts;

- 23 email exchanges with our non-producer clients regarding the *Syngenta* litigation;
- 653 emails from Minnesota electronic filing system with pleadings, orders, etc.

6,638 approximate email exchanges for attorney Spencer Shields through 7/8/18

NOTE: List is not inclusive for SLG as attorney Jim Yoakum's email exchanges are not reported.

Also, hundreds of faxes have been received in the SLG system, either with submitted signed contracts from clients or with production records. Thousands of pages of paper discovery and PFS were also received in our office, reviewed, organized, acre count and bushel production uploaded from there to *Exh. A*, then all data was electronically scanned in preparation of transfer to defense counsel, per the Minnesota Court's Orders. While aiding and overseeing all this data collection for our clients, SLG attorneys and staff answered thousands of questions from clients, dispensed thousands of hours of legal advice regarding the litigation, and read and digested every pleading which came out of the Minnesota state court litigation, as well as the class and global briefings, orders and expert reports filed in the federal MDL. Simply, we were prepared to try cases on behalf of our clients, across the State of Minnesota, if and when called upon to do so. As part of this preparation at least one, if not both, SLG attorneys attended every court hearing in Minnesota and Kansas City, were present throughout the federal class trial, were present through the start of the *Mensik* Minnesota bellwether trial, and attended the Minnesota class action trial through the settlement announcement. Along the way, SLG attorney Spencer Shields also attended two MN leadership meetings in Minneapolis (because we were there and MN leadership was kind enough to let us attend), and one or two meetings with Judge Van de North presiding in Kansas City (again we were in the Court room and were invited into the meeting by the MN leadership).

Finally, on multiple occasions SLG attorneys expressed an openness to help the cause in any way, if Minnesota leadership needed additional help or resources with anything. Our offer was never called upon, but it was there if they needed it.

All said, in 2015 SLG attorneys Spencer Shields and James Yoakum signed up, spoke to and filed suit for over 2,000+ Producers. It was pretty much a full-time job with required overtime for the both of them for the entire year. Although a time record was not kept for 2015 during this period of time, both attorneys conservatively estimate their incurred time for the year at 2,500 hours each, for a total 5,000 SLG attorney hours for 2015. Much of this time was spent on the phone advising new clients, and prospective clients, about the case. Our phone records for 2015 have been requested from our carrier, and we reserve the right to supplement our *Exh. V* with our 2015 phone records when received. Considerable time was also spent conducting town hall meetings across the State of Kansas, and one speaking engagement with a large group of Producers at the request of an elevator operator.

XI. ***SLG Kept Its Clients Advised With Regular Litigation Updates Via Correspondence, Email and Post Cards:*** Since signing our first client up in March 2015, SLG kept its clients updated. Throughout all of 2015, thousands of phone calls, emails and faxes were received from both signed producers as well as farmers calling in for more information. In its earlier stages, these phone calls sometimes averaged 20 to 30 minutes per farmer. They were interested, yet skeptical. Our two attorneys specifically spoke to every farmer that called in, or if we could not be reached, we called them back promptly. Our logged telephone minutes show the dedication we put into this case on behalf of our clients. In many aspects we put the most hours in during 2015, which was the year the

farming community was trying to learn and digest the merits of the case before electing to get involved. The phone calls and emails were immense, to say the least.

After signed contracts were received from Producers by either facsimile, U.S. Mail, email and/or through our dedicated web-site at www.MidwestCornFarmerLawyers.com, one of our attorneys would call each new client to say thank you, and to go over their production entities. On many of these phone calls, we discovered trusts, LLC's, family members, etc. that needed filed and which the farmer simply had not thought about. This was our first mechanism for insuring that 100% of our clients' corn production was filed into the *Syngenta* consolidated proceeding in Minnesota State Court.

After lawsuits were filed on behalf of our new clients, each Producer would receive a post-card indicating that their claim had been filed. This process reassured the farmer that their legal interests had been protected by the filing of an individual lawsuit on their behalf.

Beginning in January 2016, after Judge Sipkins issued his Order requiring each plaintiff to submit PFS and certain production documents, the following global contacts occurred with our then current clients over the next 2.5 years:

January 25, 2016 – correspondence regarding PFS and production of certain documents;

February 2016 – global email regarding more tips for PFS and production documents;

February 8, 2016 – global email regarding additional tips for PFS and production;

February 24, 2016 – correspondence regarding additional tips for PFS and production;

February 25, 2016 – global email regarding additional tips for PFS and production;

February 28, 2016 – global email regarding the Coordinated Order Related to Settlement;

March 3, 2016 – correspondence regarding the Coordinated Order Related to Settlement;

June/July 2016 – new client letters with emphasis on working with us regarding PFS;

June 2016 – individual letters to Producers who were still short on PFS requirements;

June 25, 2016 – individual letters to Producers who completed PFS but still need documents;

July 12, 2016 – continuing individual letters to Producers with no PFS or documents;

June/July/August 2016 – attorneys were answering phone calls and emails daily from clients;

October 15, 2016 – global email to clients regarding the federal class certifications;

October 21, 2016 – continuing individual letters to Producers who were still short PFS;

November 3, 2016 – correspondence with information about the federal class certifications;

December 29, 2016 – correspondence to Producers not yet opted out of class actions;

February 8, 2017 – continuing individual letters to Producers who were still short PFS;

March 16, 2017 – global email with litigation update and notice of first bellwether trials;

June 25, 2017 – global email with news of the Kansas class action verdict, and what it means;

July 1, 2017 – correspondence regarding the Kansas class action verdict, and case update;

October 6, 2017 – global email with news of the global settlement during Minnesota trial;

NOTE: Had to be done as we were getting inundated with phone calls and emails from clients wanting information about the settlement, as Bloomberg had broken the story of the confidential settlement.

October 2017 – post card sent to all clients regarding prospective global settlement details;

December 23, 2017 – global email regarding on-going settlement negotiations and continuing requirement for document production, specifically 2016 and 2017 production documents;

January 2018 – post card sent to all clients regarding likely inclusion of 2016 and 2017;

January 25, 2018 – global email with update following MN status conference with Judges;

February 2018 – post card sent to all clients regarding looming settlement announcement;

April 30, 2018 – correspondence regarding global settlement process and framework;

May 1, 2018 – global email regarding global settlement process and framework;

May 1, 2018 – correspondence to all non-producer clients regarding settlement framework;

May 1, 2018 – global email to non-producer grain handling facilities regarding settlement;

May 9, 2018 – global email regarding additional tips for filing settlement submissions;

May/June/July 2018 – emails go out to each Producer with further information regarding settlement – for those without email correspondence is sent to each Producer;

June 1, 2018 – 1,500+ clients received post card notifying them that they still were not confirmed settled through www.CornSeedSettlement.com;

July 2, 2018 – 900+ clients receiving a second post card notifying them that they still were not confirmed settled through www.CornSeedSettlement.com;

XII. ***SLG Clients Have Expressed Gratitude for SLG Efforts and Believe SLG Representation was Necessary and Beneficial:***

SLG has considered it an honor to represent individuals within the farming community. They have truly been a pleasure to work with. 100's of SLG clients have expressed their gratitude to us over the phone. Many have put those words into writing. (See *Exh Z*)

XIII. ***Many SLG Clients Have Advised They Are Confused by the Web-Sites Inquiry Of Whether They Hired An Attorney. Many Have Informed SLG That They Did not Select SLG as Their Counsel due to this Confusion:***

SLG has dedicated 2 attorneys and 2 to 3 staff members to the task of making sure all SLG clients get through the claim process. In the past 60 days SLG has called every client at least one time, some twice, and sent multiple written correspondence and email. *See Exh. K.* Based upon the constant feedback from clients, as well as what some tell us directly, SLG believes that many SLG clients (between 10% to 20%) did not indicate SLG as their attorney when they submitted their claim electronically at www.CornSeedSettlement.com. How could this happen? See *Exh X,* containing many examples in writing of SLG clients who did not mark SLG as their attorney and informed us of such. All of the clients from *Exh X* signed SLG employment contracts (See *Exh B*) and had cases filed by SLG in Hennepin County, Minnesota. (See *Exh A* for case numbers and filing dates).

Additionally, many SLG clients are over 60 years of age and not very computer literate. They make mistakes. For many producers the drop down menu used for indicating which specific law firm was hired for their representation was not important. It was a hurdle to get over so that they could complete their claim. Many SLG clients got help from a family member or friend to help them do the electronic claim for their farm and that individual was unaware of SLG representation. Additionally, SLG staff members received at least 5 phone calls on or about June 2, 2018, indicating that the drop down menu on the Brown/Greer website (the devise that allows the selection of Attorneys) was not populating the cells correctly and they skipped this section.

Other clients indicated that they did not mark SLG as their attorney because they misinterpreted the Federal Class Notice. They believed that in order to accept the settlement they "had to go with the other attorneys". Some ask us if Brown/Greer is their new attorneys? And still others did not indicate SLG as their attorneys because they were of the false belief that it would cost them additional money.

There is quite a bit of misinformation in the public domain and even a pending lawsuit leading some to believe that contingency fee lawyers are going to "double dip" and "send me a bill" when this is over. SLG attorneys Jim Yoakum and Spencer Shields have explained to hundreds of clients over the past 60 days that this is not correct, nor how the Settlement Agreement works. As such, nearly every client conversation begins with SLG attorneys or staff explaining that the Court has already taken 1/3 and set it aside for costs and fees and that over $1,000,000,000 is in the farmer settlement fund and will be paid directly to farmers with no costs or fees assessed. When we explain it to our clients in those terms they understand. But, when they hear from friends or family at the coffee shop or grocery store that there is a lawsuit and that contingency fee lawyers are going to hit them with additional fees they have doubts.

Another SLG client who has 20,000+ acres of corn in northwestern Missouri informed SLG he did not select SLG as his counsel. When asked why, we were advised his crop insurance agent advised him to just check "No" as they had not paid us any money. This is the process we are left with: insurance agents dispensing with legal advice during the settlement.

So what is the fair? What should the court do? SLG possesses the SS#'s, Tax ID#s and/or settlement Claim #'s for over 99% of SLG clients and could easily verify its client list with

Brown/Greer. SLG believes that the Court via Brown/Greer should make some kind of effort to determine which clients are represented by the various firms. A fair criterion would be if a contingency fee attorney has 1) a signed contract from a farming entity 2) filed suit for that entity in any court 3) has a completed Fact Sheet for that entity and 4) has received documents from that entity regarding Fact Sheet discovery; then the contingency fee attorney should be given credit for that client whether or not the client checked the box. SLG stands ready to assist in this process and would give full cooperation and candor to any review or audit of our client files.

XIV. ***SLG Followed the Wishes of the Court and Have Encouraged As Many Clients As Possible to Electronically File through the Settlement Web-Site, and Should Not Be Punished For This Simply Because Some Did Not Mark Us As their Counsel:***

SLG attorneys contemplated providing every client with a paper claim form, pre-printed with our firm name and contact information. However, the Court indicated it preferred electronic submissions to help keep administrative costs down. We were also concerned about paper forms being lost in the mail. We were also concerned that clients would hear one thing from the Court's class notice (encouraging electronic submission), then another thing from us regarding paper claim. So SLG took the recommendation of the Court and steered SLG clients through the electronic settlement portal. Throughout this litigation SLG has shown continued cooperation with various leadership law firms, Syngenta's attorneys and the Court. SLG simply asks that it be given due credit for the clients it represents, and not be punished simply because a client was confused and/or afraid of paying more in fees if they selected us as their counsel through the electronic settlement process.

XV. **Depending Upon Response to the Federal Class Notice, SLG Clients will Represent between 1% and 4% of Corn Submitted for Settlement and SLG Attorney Fee Award Should Be Commensurate:**

According to the United State Department of Agriculture, for harvest year 2013/2014, there were approximately 13.8 billion bushels of corn for grain harvested in the United States. During that same period, SLG clients harvested approximately 114,799,179 bushels of corn. (As reported to SLG via Confidential Plaintiff Fact Sheet and associated discovery materials.) This accounts for 0.8319 % of all corn in the United States during 2013/2014.

According to the United State Department of Agriculture, for harvest year 2014/2015, there were approximately 14.2 billion bushels of corn for grain harvested in the United States. During that same period, clients of SLG S harvested approximately 166,530,417 bushels of corn. (As reported to SLG via Confidential Plaintiff Fact Sheet and associated discovery materials.) This accounts for 1.17 % of all corn in the United States during 2014/2015.

According to the United State Department of Agriculture, for harvest year 2015/2016, there were approximately 13.6 billion bushels of corn for grain harvested in the United States. During that same period, SLG clients harvested approximately 221,802,657 bushels of corn. (As reported to SLG via Confidential Plaintiff Fact Sheet and associated discovery materials) This accounts for 1.63 % of all corn in the United States during 2015/2016.

Taken as a whole for the years 2013 to 2015, clients represented by SLG harvested 503,132,253 bushels of corn and accounted for at least 1.2% of all corn harvested in the United States. This is a conservative estimate because SLG was not able to count all client bushels due

to the fact that a small percentage of SLG clients did not send in proof of bushel production as yet.

SLG maintained a running bushel count and acre count for all clients. (See *Exh A*) This count was ongoing and was not complete as yet for years 2016/2017 and 2017/2018. This was due to the fact that in the spring of 2016, when most SLG clients submitted their Confidential Plaintiff Fact Sheets, 2016/2017 and 2017/2018 corn was not yet planted. However, an in-house analysis of the acres and bushels turned in so far indicates that SLG clients would account for 0.08% to 1.2% of all bushels harvested in the United States during those years as well. SLG believes this is a safe assumption because their client list changed very little between 2013 to 2017. Apart from a handful of clients who passed away, the farms and individuals represented by SLG in 2016/2017 and 2017/2018 are the same individuals and farms represented by SLG in 2013/2014, 2014/2015 and 2015/2016.

How does this relate to Attorney fees? SLG is committed to attaining a 100% client response rate to the settlement. Based upon response to date and the past response to the Confidential Plaintiff Fact Sheet, it is a safe assumption that 95% of SLG clients will submit claims to Brown/Greer, if not all of them. SLG also believes that it is a safe assumption that the response rate of class members not represented by SLG or other contingency fee firms will be significantly less. Based upon the above SLG believes it is equitably entitled to between 1.2% and 4% of the attorney fees available in this case, less any deductions for common benefit award, and in direct proportion to the percentage our clients' prospective settlement payments represent

of the entire Producers' and Non-Producers' Settlement Fund payments to issue after final approval by the MDL Court.

CONCLUSION AND PRAYER

There was never a given that any Court would certify a class action. And although in some regards class actions are easier to administer by a Court than hundreds if not thousands of individual mass actions, it is undeniable that over 80,000 Producers filing individual lawsuits put great litigation pressure on Syngenta. This is especially so when each suit carried a threat of punitive damages. SLG would ask the Court to recall the words of Judge Sipkins early on in this litigation, when he advised both sides that he intended to try the Minnesota cases, if need be, 99 farming entities at a time and in district courts all across Minnesota. If this case had ever progressed to a break out of trials across Minnesota, SLG was prepared to do whatever was necessary for the zealous representation and benefit of SLG clients. Fortunately, a global Settlement Agreement was reached; not by the class action PSC, but by the Plaintiffs' Settlement Committee appointed by the various courts. It would be both unfair and not following long held law regarding the enforcement of contingency fee contracts to minimalize all the work, money and effort expended by SLG and other contingency fee attorneys.

As documented, **our firm put in some 8,336.6 hours toward common benefit PFS and production of documents**. See *Exh. N.* Additionally, as set forth in *Exh. U,* **SLG expended approximately $402,285.74 toward the *Syngenta* litigation** and continues to spend more daily toward the goal of getting 100% of our clients through the settlement process. **$13,522.26 of that was toward PFS and production of documents.** *See Exh. N.b.*

Since April 2018, SLG Attorneys Spencer Shields and Jim Yoakum have been working the *Syngenta* settlement full time, with the assistance of staff. **Attorney time for purposes of settlement will approximate 1,840 additional hours, and staff time will be approximately 1,000 hours.**

Then in 2015, SLG Attorneys Spencer Shields and Jim Yoakum conservatively estimate 5,000 hours together spent informing and educating the farming community about the case, signing 2,500 Producers to contract and filing litigation in Minnesota on their behalf, and keeping them all updated on the litigation as a lead into 2016 when the Court Ordered PFS and proof of production be submitted by all filed Producers.

At current billable hourly rates for the Firm, the above time would be billed as follows:

- Jan. 1, 2016 to April 31, 2018: PFS Production @ Common Benefit Rates **$5,280,683.25**

(With No Loadstar)

- April 1, 2018 to October 12, 2018: Settlement Time @ Firm Billable Rates/Atty **$1,196,000.00**

" @ Firm Billable Rates/Staff **$ 125,000.00**

- Jan. 1, 2015 to December 31, 2015 – client education, development, aggregation **$3,250,000.00**

TOTAL ATTORNEY/STAFF TIME: $9,851,683.25

EXPENSES INCURRED TO DATE: $ 402,285.74

(See attached Declaration of Spencer C. Shields.)

Over the past few months, with the timing and amount of recovery regarding prospective attorney fees and expenses unknown, SLG has maintained its commitment to its clients. Throughout the month of April 2018, SLG attorneys spent considerable time reviewing and

digesting the Settlement Agreement and proposed settlement processes, speaking to colleagues, taking hundreds of phone calls from clients, and drafting and sending global email and correspondence to all our clients regarding the settlement process. Since May 2018, two attorneys and two to three support staff have been working daily, full time to ensure all SLG clients get through the settlement process, and to make sure they get all their entities and related Tax ID#'s into the settlement system. We trust the Court will see the value of all this work, in addition to the ethical standards we are held too in aiding and confirming our clients receive all the settlement money they are entitled too. Our clients expected nothing less when they all agreed to pay us 30% of their prospective recoveries.

For these reasons, we seek an award of attorney fees and expenses in line with our 30% fee contracts signed with all our clients, in direct proportion to all their prospective settlement payments. Our best and most accurate estimate of our incurred time and expenses on the *Syngenta* litigation, from 2015 through the present, is provided above and in the attached exhibits in support of the reasonableness of our 30% fee request. In the event our client contracts are not enforced, then we seek an award of fees and expenses from the *Syngenta* Attorney Fee and Expense Fund commensurate with our extraordinary amount of time and expenses put forth on this litigation on behalf of all of our Producer and Non-Producer clients, as set forth above.

Date: 7-9-2018

Respectfully Submitted,

/s/ *Spencer Shields*

DECLARATION OF SPENCER C. SHIELDS
IN FURTHER SUPPORT OF
THE SHIELDS LAW GROUP LLC'S APPLICATION FOR FEES & EXPENSES

I, Spencer C. Shields, declare as follows:

1. I am over the age of twenty-one years old and make this declaration based upon my personal knowledge. If called as a witness, I could and would testify competently to the facts contained herein, which are true and correct to the best of knowledge and belief.

2. I am a principle of Shields Law Group, LLC (hereinafter "the Firm"). I am authorized to submit this declaration on the Firm's behalf.

3. I submit this declaration in support of the Shields Law Group, LLC's Application for Fees & Expenses ("the Application"), filed pursuant to Section 7.2.1 of the Agrisure Viptera/Duracade Class Settlement Agreement (the "Settlement Agreement") in *In Re: Syngenta AG MIR 162 Corn Litigation,* a multi-district litigation consolidated in the United States District

Court for the District of Kansas before Hon. John W. Lungstrum (MDL-2591), and *In Re: Syngenta Litigation*, a Minnesota Consolidated Proceeding consolidated in the Fourth Judicial District Court, Hennepin County, Minnesota, before Hon. Laurie Miller (formerly Hon. Thomas Sipkins) (File Nos. 27-CV-15-3785 & 27-cv-15-12625).

4. The Firm represents 2,483 "filed" Producer plaintiffs in the Minnesota Agrisure/Viptera litigation against Syngenta on a 30% contingency fee basis; 21 "filed" Non-Producers in the Minnesota consolidated case, also on a 30% contingency fee basis; and we represent another approximately 120 corn producing entities which are not filed with any court but who have signed 30% contracts with the Firm. See *Exhibit A* to our Application, which is a true and accurate list of our *Syngenta* clients as generated from the Firm's records. *Exh. B* contains a copy of all our signed client contracts.

5. Our clients agreed to written contingent fees of 30% of any recovery in this matter, with a waiver of expenses (except for common benefit assessments). As these were contingent fee agreements, our Firm advanced court costs and litigation expenses and would only be compensated if the clients recovered money. We have no other firms or attorneys on our contracts of employment, and no referral fee arrangements with outside counsel.

6. Because our representation is on a contingency basis, I did not in 2015 precisely track the time spent on this litigation since it was not anticipated this would be necessary. However, based on the review of our e-mails, notes, case management software, employee time statements and wages paid, miles traveled, town hall meeting schedules, speaking engagements, and other client and litigation materials, we have retrospectively estimated/calculated our 2015 time for two attorneys at 2,500 hours each, or 5,000 hours for the Firm. I will state the *Syngenta* litigation was 95% of my time spent in 2015 practicing law, and that Mr. Yoakum and myself were

literally working 6 to 7 days a week, sometimes 16 hours a day, on *Syngenta.* I recall receiving phone calls on Easter Sunday and speaking to prospective clients about their case. Routinely we would speak to Producers on the phone until 7, 8 even 9 p.m. at night. Phones always started ringing at 7 a.m., if not earlier. For lack of a better word, the case consumed our Firm's time and resources in the year 2015. Our Firm's revenue was practically nothing for the entire year, as we were working on *Syngenta* full time plus overtime.

7. Our time January 2016 to April 2018 spent on this litigation, as set forth in our supporting Application and *Exh. N.a.,* details the time expended for Court Ordered PFS and proof of production. Upon belief I state that all time estimates and submissions are true and correct to the best of my knowledge and belief and commensurate with the work we performed January 2016 to April 2018.

8. Finally, since April 2018 we have again been working full time on *Syngenta* helping clients through the settlement process. We have dedicated to the settlement process two attorneys, two law clerks and one paralegal on and off. Our incurred time so far, and estimated times for settlement going forward, are discussed below in more detail.

9. Shields Law Group, LLC has acted as counsel in this matter and is filing an Application for a Fee & Expense Award based on the clients' gross recoveries under the Settlement Agreement and the private fee contracts with each client.

10. I was admitted to the Kansas bar in 1996, giving me twenty-two years experience practicing law. I was also admitted to the Missouri bar in 1997, and various Federal Courts including Kansas and the Western District of Missouri. I was admitted *Pro Hac Vice* in Minnesota by Order of the Hennepin County District Court for purposes of the *Syngenta* litigation only. My main practice areas include mass torts, civil trial practice, products

liability and personal injury. I have been doing complex litigation/MDL practice for eight years. MDL/complex litigation comprises 90% of my work as a litigation attorney currently. My current billable hourly fee for MDL/complex litigation work is $850/hour. My partners' hourly rate and staff's hourly rates for work on complex litigation is all set forth in *Exh. N.a.*

11. The Firm spent a total of **8,336 hours on this litigation producing PFS and proof of production documents, per Court Order**. We have turned this time into the Minnesota leadership for our Firm's claim toward common benefit award.

In addition, the Firm spent, and will spend, an estimated **1,840 additional attorney hours, and staff time will be approximately 1,000 hours, on the class settlement process** running from April 2018 through September 2018, prior to the Court's October 12th deadline for claims.

Finally, **5,000 hours are conservatively estimated the Firm incurred in attorney time the entire year of 2015.** This was time spent informing and educating our farmers about the case, signing 2,500 Producers to contracts and filing litigation in Minnesota on their behalf. We also reviewed each of their operations to ensure that 100% of their production was filed into the case. Such legal work by an attorney in Kansas City would be billed by our Firm at $650/hour.

12. The Firm also incurred **$402,285.74** in *Syngenta* related expenses from January 2015 to present. **$13,522.26** of these expenses were incurred producing PFS and proof of production documents on behalf of our clients.

13. The individuals in the Firm, other than myself, who worked on this matter are:

A. James T. Yoakum – Attorney 20+ years

B. Parker Kempin - Law Clerk

C. Nick Hagenkord - Law Clerk

D. Sydney Chiles - Administrative Legal Assistant

E. Pamela Hill – Paralegal 20+ years

F. Morgan Kennedy - Administrative Legal Assistant

G. Amanpreet Kaur – Law Clerk

H. Grace Seeger – Legal Intern

I. Jacob Carrol – Legal Intern

14. In December 2014, I began speaking with colleagues about the case and doing extensive research regarding the same. In March 2015 our Firm began hosting a series of town hall meetings to speak with farmers and sign contingency fee agreements for prosecution of their claims. We filed our first complaint in Minnesota in October 2015, and subsequently filed forty-one multi-plaintiff complaints through the end of 2017. All cases were timely conformed over to the Minnesota Master Complaints for Producers and Non-Producers, respectfully.

15. Starting in 2016, after the Plaintiff Fact Sheet Order was entered by Judge Sipkins, our firm spent thousands of hours contacting and meeting with farmers to obtain the documentation required by the Order, knowing that if the information was not produced by the court's deadlines, defense counsel could file a motion to dismiss our clients' cases barring our clients from ever recovering.

16. Overall, I kept informed about this case by communicating with other counsel, reading court pleadings and public reports, and participating in status calls, so that I could advise my clients as to the progress of the case—and I did keep them so informed, including by phone calls, emails, written correspondence, post cards and in person meetings. We attended all Court hearings, both in Minneapolis and Kansas City, as well as each of the bellwether trials.

17. I believe the settlement is fair and in the best interests of our clients and we have

recommended to our clients that they participate in the class action settlement. Accordingly, the vast majority of the Firm's clients have chosen to participate in the class action settlement. Specifically, approximately sixty percent (60%) of the Firms' clients have already completed settlement submissions and have filed them or will do so shortly. I estimate the majority of the remaining forty percent (40%) will also participate by the October 2018 deadline. Thus, in addition to prior time spent litigating the case and advising clients, our Firm has—and will continue—to assist class members with the settlement process and will do so until all payments are made and the litigation is closed.

18. At current billable hourly rates for the Firm, the above time would be billed as follows:

- Jan. 1, 2016 to April 31, 2018: PFS Production @ Common Benefit Rates **$5,280,683.25**

(With No Loadstar)

- April 1, 2018 to October 12, 2018: Settlement Time @ Firm Billable Rates/Atty **$1,196,000.00**

" @ Firm Billable Rates/Staff **$ 125,000.00**

- Jan. 1, 2015 to December 31, 2015 – client education, development, aggregation **$3,250,000.00**

TOTAL ATTORNEY/STAFF TIME: $9,851,683.25

EXPENSES INCURRED TO DATE: $ 402,285.74

I declare under penalty of perjury pursuant to 28 U.S.C. Sect. 1746 that the foregoing is true and correct to the best of my knowledge and belief.

Executed on this 9th day of July, 2018 in Olathe, Kansas.

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 26 day of March, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

representatives, successors and assigns. This Agreement contains the entire agreement and understanding of the parties and it supersedes all previous agreements between them, if any, whether verbal or written. No representations, promises, agreements or understandings not herein contained shall be of any force or effect. No amendments to, alteration or modification of this Agreement shall be valid unless memorialized in writing and duly executed by Client and Attorneys. To the extent that Client includes one or more partnerships, corporations, LLC's or other entities, the person executing this Agreement represents and warrants that such person has the authority to execute this Agreement on behalf of such entity. This Agreement shall be governed by and in accordance with the laws of the State wherein Client resides. Client has been given no guarantee of results. Attorneys may associate with other counsel, with approval of Client, but it will not affect the attorney fees paid under this Agreement. In the event any part of this Agreement is unenforceable, the remainder of the Agreement remains in full force and effect.

Accepted by Attorneys (upon return of signed contract by Client),

DIRECTIONS: *We need a signed contract for each Client Entity with reported production. Make copies of Page 2 here as needed. If registered with your State, provide the legal name of LLC, Inc., Co., S-corp, LLP or LP. For Trusts, we need name of both Trustee and Trust. For Partnerships NOT registered as an LP or LLP, we need names of all Individual Partners and the D/B/A name you sell bushels under. We will name each Partner as a separate legal entity "Doing Business As" the Partnership.*

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 20 day of July, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

representatives, successors and assigns. This Agreement contains the entire agreement and understanding of the parties and it supersedes all previous agreements between them, if any, whether verbal or written. No representations, promises, agreements or understandings not herein contained shall be of any force or effect. No amendments to, alteration or modification of this Agreement shall be valid unless memorialized in writing and duly executed by Client and Attorneys. To the extent that Client includes one or more partnerships, corporations, LLC's or other entities, the person executing this Agreement represents and warrants that such person has the authority to execute this Agreement on behalf of such entity. This Agreement shall be governed by and in accordance with the laws of the State wherein Client resides. Client has been given no guarantee of results. Attorneys may associate with other counsel, with approval of Client, but it will not affect the attorney fees paid under this Agreement. In the event any part of this Agreement is unenforceable, the remainder of the Agreement remains in full force and effect.

Accepted by Attorneys (upon return of signed contract by Client),

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 20th day of April, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

*Non Common Benefit Expenses Paid by Attorneys

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys. Common Benefit expense is currently set at 3% but could go lower in the final assessment. At 3%, farmer will receive 67.9% of the gross settlement.

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). This Agreement shall be binding upon Attorneys and Client, as well as their respective heirs, personal and legal

representatives, successors and assigns. This Agreement contains the entire agreement and understanding of the parties and it supersedes all previous agreements between them, if any, whether verbal or written. No representations, promises, agreements or understandings not herein contained shall be of any force or effect. No amendments to, alteration or modification of this Agreement shall be valid unless memorialized in writing and duly executed by Client and Attorneys. To the extent that Client includes one or more partnerships, corporations, LLC's or other entities, the person executing this Agreement represents and warrants that such person has the authority to execute this Agreement on behalf of such entity. This Agreement shall be governed by and in accordance with the laws of the State wherein Client resides. Client has been given no guarantee of results. Attorneys may associate with other counsel, with approval of Client, but it will not affect the attorney fees paid under this Agreement. In the event any part of this Agreement is unenforceable, the remainder of the Agreement remains in full force and effect.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 15 day of April, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

*Non Common Benefit Expenses Paid by Attorneys

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, ~~including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys~~ out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys. Common Benefit expense is currently set at 3% but could go lower in the final assessment. At 3%, farmer will receive 67.9% of the gross settlement.

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). This Agreement shall be binding upon Attorneys and Client, as well as their respective heirs, personal and legal

representatives, successors and assigns. This Agreement contains the entire agreement and understanding of the parties and it supersedes all previous agreements between them, if any, whether verbal or written. No representations, promises, agreements or understandings not herein contained shall be of any force or effect. No amendments to, alteration or modification of this Agreement shall be valid unless memorialized in writing and duly executed by Client and Attorneys. To the extent that Client includes one or more partnerships, corporations, LLC's or other entities, the person executing this Agreement represents and warrants that such person has the authority to execute this Agreement on behalf of such entity. This Agreement shall be governed by and in accordance with the laws of the State wherein Client resides. Client has been given no guarantee of results. Attorneys may associate with other counsel, with approval of Client, but it will not affect the attorney fees paid under this Agreement. In the event any part of this Agreement is unenforceable, the remainder of the Agreement remains in full force and effect.

Accepted by Attorneys (upon return of signed contract by Client).

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MissouriCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** Client understands that for the purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court mandated common benefit order (CBO) applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

*Non Common Benefit (CBO) Expenses Paid by Attorneys

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit assessments are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit assessments for common expenses made upon all farmers' claims. Such assessments are Court ordered and are done prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys.

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). This Agreement shall be binding upon Attorneys and Client, as well as their respective heirs, personal and legal

representatives, successors and assigns. This Agreement contains the entire agreement and understanding of the parties and it supersedes all previous agreements between them, if any, whether verbal or written. No representations, promises, agreements or understandings not herein contained shall be of any force or effect. No amendments to, alteration or modification of this Agreement shall be valid unless memorialized in writing and duly executed by Client and Attorneys. To the extent that Client includes one or more partnerships, corporations, LLC's or other entities, the person executing this Agreement represents and warrants that such person has the authority to execute this Agreement on behalf of such entity. This Agreement shall be governed by and in accordance with the laws of the State wherein Client resides. Client has been given no guarantee of results. Attorneys may associate with other counsel, with approval of Client, but it will not affect the attorney fees paid under this Agreement. In the event any part of this Agreement is unenforceable, the remainder of the Agreement remains in full force and effect.

Accepted by Attorneys (upon return of signed contract by Client),

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 12 day of JUNE, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

*Non Common Benefit Expenses Paid by Attorneys

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys.

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). This Agreement shall be binding upon Attorneys and Client, as well as their respective heirs, personal and legal

representatives, successors and assigns. This Agreement contains the entire agreement and understanding of the parties and it supersedes all previous agreements between them, if any, whether verbal or written. No representations, promises, agreements or understandings not herein contained shall be of any force or effect. No amendments to, alteration or modification of this Agreement shall be valid unless memorialized in writing and duly executed by Client and Attorneys. To the extent that Client includes one or more partnerships, corporations, LLC's or other entities, the person executing this Agreement represents and warrants that such person has the authority to execute this Agreement on behalf of such entity. This Agreement shall be governed by and in accordance with the laws of the State wherein Client resides. Client has been given no guarantee of results. Attorneys may associate with other counsel, with approval of Client, but it will not affect the attorney fees paid under this Agreement. In the event any part of this Agreement is unenforceable, the remainder of the Agreement remains in full force and effect.

Accepted by Attorneys (upon return of signed contract by Client),

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 15 day of May, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 14 day of may, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

representatives, successors and assigns. This Agreement contains the entire agreement and understanding of the parties and it supersedes all previous agreements between them, if any, whether verbal or written. No representations, promises, agreements or understandings not herein contained shall be of any force or effect. No amendments to, alteration or modification of this Agreement shall be valid unless memorialized in writing and duly executed by Client and Attorneys. To the extent that Client includes one or more partnerships, corporations, LLC's or other entities, the person executing this Agreement represents and warrants that such person has the authority to execute this Agreement on behalf of such entity. This Agreement shall be governed by and in accordance with the laws of the State wherein Client resides. Client has been given no guarantee of results. Attorneys may associate with other counsel, with approval of Client, but it will not affect the attorney fees paid under this Agreement. In the event any part of this Agreement is unenforceable, the remainder of the Agreement remains in full force and effect.

Accepted by Attorneys (upon return of signed contract by Client),

DIRECTIONS: *We need a signed contract for each Client Entity with reported production. Make copies of Page 2 here as needed. If registered with your State, provide the legal name of LLC, Inc., Co., S-corp, LLP or LP. For Trusts, we need name of both Trustee and Trust. For Partnerships NOT registered as an LP or LLP, we need names of all Individual Partners and the D/B/A name you sell bushels under. We will name each Partner as a separate legal entity "Doing Business As" the Partnership.*

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 20 day of July, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

*Non Common Benefit Expenses Paid by Attorneys

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys. Common Benefit expense is currently set at 3% but could go lower in the final assessment. At 3%, farmer will receive 67.9% of the gross settlement.

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 16 day of April, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action: Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

*Non Common Benefit Expenses Paid by Attorneys

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys.

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). This Agreement shall be binding upon Attorneys and Client, as well as their respective heirs, personal and legal

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 25 day of March, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 20 day of JULY, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 20 day of MAY, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162 and/or Duracade ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162 and/or Duracade, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement AFTER any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. **As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.**

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. **Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.**

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. **Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.**

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Missouri Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Missouri.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 20 day of April, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

*Non Common Benefit Expenses Paid by Attorneys

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys. Common Benefit expense is currently set at 3% but could go lower in the final assessment. At 3%, farmer will receive 67.9% of the gross settlement.

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). This Agreement shall be binding upon Attorneys and Client, as well as their respective heirs, personal and legal

representatives, successors and assigns. This Agreement contains the entire agreement and understanding of the parties and it supersedes all previous agreements between them, if any, whether verbal or written. No representations, promises, agreements or understandings not herein contained shall be of any force or effect. No amendments to, alteration or modification of this Agreement shall be valid unless memorialized in writing and duly executed by Client and Attorneys. To the extent that Client includes one or more partnerships, corporations, LLC's or other entities, the person executing this Agreement represents and warrants that such person has the authority to execute this Agreement on behalf of such entity. This Agreement shall be governed by and in accordance with the laws of the State wherein Client resides. Client has been given no guarantee of results. Attorneys may associate with other counsel, with approval of Client, but it will not affect the attorney fees paid under this Agreement. In the event any part of this Agreement is unenforceable, the remainder of the Agreement remains in full force and effect.

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

*Non Common Benefit Expenses Paid by Attorneys

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys.

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). This Agreement shall be binding upon Attorneys and Client, as well as their respective heirs, personal and legal

representatives, successors and assigns. This Agreement contains the entire agreement and understanding of the parties and it supersedes all previous agreements between them, if any, whether verbal or written. No representations, promises, agreements or understandings not herein contained shall be of any force or effect. No amendments to, alteration or modification of this Agreement shall be valid unless memorialized in writing and duly executed by Client and Attorneys. To the extent that Client includes one or more partnerships, corporations, LLC's or other entities, the person executing this Agreement represents and warrants that such person has the authority to execute this Agreement on behalf of such entity. This Agreement shall be governed by and in accordance with the laws of the State wherein Client resides. Client has been given no guarantee of results. Attorneys may associate with other counsel, with approval of Client, but it will not affect the attorney fees paid under this Agreement. In the event any part of this Agreement is unenforceable, the remainder of the Agreement remains in full force and effect.

Accepted by Attorneys (upon return of signed contract by Client),

DIRECTIONS: *We need a signed contract for each Client Entity with reported production. Make copies of Page 2 here as needed. If registered with your State, provide the legal name of LLC, Inc., Co., S-corp, LLP or LP. For Trusts, we need name of both Trustee and Trust. For Partnerships NOT registered as an LP or LLP, we need names of all Individual Partners and the D/B/A name you sell bushels under. We will name each Partner as a separate legal entity "Doing Business As" the Partnership.*

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 18 day of April, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

representatives, successors and assigns. This Agreement contains the entire agreement and understanding of the parties and it supersedes all previous agreements between them, if any, whether verbal or written. No representations, promises, agreements or understandings not herein contained shall be of any force or effect. No amendments to, alteration or modification of this Agreement shall be valid unless memorialized in writing and duly executed by Client and Attorneys. To the extent that Client includes one or more partnerships, corporations, LLC's or other entities, the person executing this Agreement represents and warrants that such person has the authority to execute this Agreement on behalf of such entity. This Agreement shall be governed by and in accordance with the laws of the State wherein Client resides. Client has been given no guarantee of results. Attorneys may associate with other counsel, with approval of Client, but it will not affect the attorney fees paid under this Agreement. In the event any part of this Agreement is unenforceable, the remainder of the Agreement remains in full force and effect.

Accepted by Attorneys (upon return of signed contract by Client),

DIRECTIONS: *We need a signed contract for each Client Entity with reported production. Make copies of Page 2 here as needed. If registered with your State, provide the legal name of LLC, Inc., Co., S-corp, LLP or LP. For Trusts, we need name of both Trustee and Trust. For Partnerships NOT registered as an LP or LLP, we need names of all Individual Partners and the D/B/A name you sell bushels under. We will name each Partner as a separate legal entity "Doing Business As" the Partnership.*

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 20 day of April, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

*Non Common Benefit Expenses Paid by Attorneys

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys. Common Benefit expense is currently set at 3% but could go lower in the final assessment. At 3%, farmer will receive 67.9% of the gross settlement.

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). This Agreement shall be binding upon Attorneys and Client, as well as their respective heirs, personal and legal

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 20 day of April, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

$400 - filing fee

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 20 day of April, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

$400 - filing fee

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. 6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. No amendments to, alteration or modification of this Agreement shall be valid unless memorialized in writing and duly executed by Client and Attorneys. To the extent that Client includes one or more partnerships, corporations, LLC's or other entities, the person executing this Agreement represents and warrants that such person has the authority to execute this Agreement on behalf of such entity. This Agreement shall be governed by and in accordance with the laws of the State wherein Client resides. Client has been given no guarantee of results. Attorneys may associate with other counsel, with approval of Client, but it will not affect the attorney fees paid under this Agreement. In the event any part of this Agreement is unenforceable, the remainder of the Agreement remains in full force and effect.

Accepted by Attorneys (upon return of signed contract by Client),

DIRECTIONS: *We need a signed contract for each Client Entity with reported production. Make copies of Page 2 here as needed. If registered with your State, provide the legal name of LLC, Inc., Co., S-corp, LLP or LP. For Trusts, we need name of both Trustee and Trust. For Partnerships NOT registered as an LP or LLP, we need names of all Individual Partners and the D/B/A name you sell bushels under. We will name each Partner as a separate legal entity "Doing Business As" the Partnership.*

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

*Non Common Benefit Expenses Paid by Attorneys

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys. Common Benefit expense is currently set at 3% but could go lower in the final assessment. At 3%, farmer will receive 67.9% of the gross settlement.

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). This Agreement shall be binding upon Attorneys and Client, as well as their respective heirs, personal and legal

representatives, successors and assigns. This Agreement contains the entire agreement and understanding of the parties and it supersedes all previous agreements between them, if any, whether verbal or written. No representations, promises, agreements or understandings not herein contained shall be of any force or effect. No amendments to, alteration or modification of this Agreement shall be valid unless memorialized in writing and duly executed by Client and Attorneys. To the extent that Client includes one or more partnerships, corporations, LLC's or other entities, the person executing this Agreement represents and warrants that such person has the authority to execute this Agreement on behalf of such entity. This Agreement shall be governed by and in accordance with the laws of the State wherein Client resides. Client has been given no guarantee of results. Attorneys may associate with other counsel, with approval of Client, but it will not affect the attorney fees paid under this Agreement. In the event any part of this Agreement is unenforceable, the remainder of the Agreement remains in full force and effect.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 4 day of April, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 16th day of March, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 26 day of JULY, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will <u>not</u> increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

***Non Common Benefit Expenses Paid by Attorneys**

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys.

representatives, successors and assigns. This Agreement contains the entire agreement and understanding of the parties and it supersedes all previous agreements between them, if any, whether verbal or written. No representations, promises, agreements or understandings not herein contained shall be of any force or effect. No amendments to, alteration or modification of this Agreement shall be valid unless memorialized in writing and duly executed by Client and Attorneys. To the extent that Client includes one or more partnerships, corporations, LLC's or other entities, the person executing this Agreement represents and warrants that such person has the authority to execute this Agreement on behalf of such entity. This Agreement shall be governed by and in accordance with the laws of the State wherein Client resides. Client has been given no guarantee of results. Attorneys may associate with other counsel, with approval of Client, but it will not affect the attorney fees paid under this Agreement. In the event any part of this Agreement is unenforceable, the remainder of the Agreement remains in full force and effect.

Accepted by Attorneys (upon return of signed contract by Client),

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 11 day of May, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

*Non Common Benefit Expenses Paid by Attorneys

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys. Common Benefit expense is currently set at 3% but could go lower in the final assessment. At 3%, farmer will receive 67.9% of the gross settlement.

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). This Agreement shall be binding upon Attorneys and Client, as well as their respective heirs, personal and legal

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 5 day of April, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 20th day of April, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will <u>not</u> increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

*Non Common Benefit Expenses Paid by Attorneys

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys.

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). This Agreement shall be binding upon Attorneys and Client, as well as their respective heirs, personal and legal

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 16 day of April, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys; if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 26 day of March, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 11 day of May, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

*Non Common Benefit Expenses Paid by Attorneys

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys.

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). This Agreement shall be binding upon Attorneys and Client, as well as their respective heirs, personal and legal

representatives, successors and assigns. This Agreement contains the entire agreement and understanding of the parties and it supersedes all previous agreements between them, if any, whether verbal or written. No representations, promises, agreements or understandings not herein contained shall be of any force or effect. No amendments to, alteration or modification of this Agreement shall be valid unless memorialized in writing and duly executed by Client and Attorneys. To the extent that Client includes one or more partnerships, corporations, LLC's or other entities, the person executing this Agreement represents and warrants that such person has the authority to execute this Agreement on behalf of such entity. This Agreement shall be governed by and in accordance with the laws of the State wherein Client resides. Client has been given no guarantee of results. Attorneys may associate with other counsel, with approval of Client, but it will not affect the attorney fees paid under this Agreement. In the event any part of this Agreement is unenforceable, the remainder of the Agreement remains in full force and effect.

Accepted by Attorneys (upon return of signed contract by Client),

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 22 day of June, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 3 day of APRIL, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 20 day of April, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

*Non Common Benefit Expenses Paid by Attorneys

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys. Common Benefit expense is currently set at 3% but could go lower in the final assessment. At 3%, farmer will receive 67.9% of the gross settlement.

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). This Agreement shall be binding upon Attorneys and Client, as well as their respective heirs, personal and legal

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 27 day of July, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 18 day of May, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162 and/or Duracade ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162 and/or Duracade, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement AFTER any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. **As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.**

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. **Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.**

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. **Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.**

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Missouri Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Missouri.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 18 day of May, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162 and/or Duracade ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162 and/or Duracade, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement AFTER any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. **As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.**

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. **Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.**

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. **Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.**

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Missouri Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Missouri.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. and it supersedes all previous agreements between them, if any, whether verbal or written. No representations, promises, agreements or understandings not herein contained shall be of any force or effect. No amendments to, alteration or modification of this Agreement shall be valid unless memorialized in writing and duly executed by Client and Attorneys. To the extent that Client includes one or more partnerships, corporations, LLC's or other entities, the person executing this Agreement represents and warrants that such person has the authority to execute this Agreement on behalf of such entity. This Agreement shall be governed by and in accordance with the laws of the State wherein Client resides. Client has been given no guarantee of results. Attorneys may associate with other counsel, with approval of Client, but it will not affect the attorney fees paid under this Agreement. In the event any part of this Agreement is unenforceable, the remainder of the Agreement remains in full force and effect.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 5 day of April, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 13th day of April, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 15 day of May, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 18 day of May, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162 and/or Duracade ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162 and/or Duracade, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement AFTER any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. **As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.**

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. **Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.**

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. **Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.**

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Missouri Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Missouri.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 29 day of May, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 29 day of May, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.
