5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

This agreement ("Agreement") is made this 29 day of May, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 25th day of JUNE, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

representatives, successors and assigns. This Agreement contains the entire agreement and understanding of the parties and it supersedes all previous agreements between them, if any, whether verbal or written. No representations, promises, agreements or understandings not herein contained shall be of any force or effect. No amendments to, alteration or modification of this Agreement shall be valid unless memorialized in writing and duly executed by Client and Attorneys. To the extent that Client includes one or more partnerships, corporations, LLC's or other entities, the person executing this Agreement represents and warrants that such person has the authority to execute this Agreement on behalf of such entity. This Agreement shall be governed by and in accordance with the laws of the State wherein Client resides. Client has been given no guarantee of results. Attorneys may associate with other counsel, with approval of Client, but it will not affect the attorney fees paid under this Agreement. CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 30 day of June, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: 30% of any "Net Benefit Received" to Client. For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

***Non Common Benefit Expenses Paid by Attorneys**

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys.

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). This Agreement shall be binding upon Attorneys and Client, as well as their respective heirs, personal and legal

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this _____day of _____, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 15 day of April, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will <u>not</u> increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

*Non Common Benefit Expenses Paid by Attorneys

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys. Common Benefit expense is currently set at 3% but could go lower in the final assessment. At 3%, farmer will receive 67.9% of the gross settlement.

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). This Agreement shall be binding upon Attorneys and Client, as well as their respective heirs, personal and legal

representatives, successors and assigns. This Agreement contains the entire agreement and understanding of the parties and it supersedes all previous agreements between them, if any, whether verbal or written. No representations, promises, agreements or understandings not herein contained shall be of any force or effect. No amendments to, alteration or modification of this Agreement shall be valid unless memorialized in writing and duly executed by Client and Attorneys. To the extent that Client includes one or more partnerships, corporations, LLC's or other entities, the person executing this Agreement represents and warrants that such person has the authority to execute this Agreement on behalf of such entity. This Agreement shall be governed by and in accordance with the laws of the State wherein Client resides. Client has been given no guarantee of results. Attorneys may associate with other counsel, with approval of Client, but it will not affect the attorney fees paid under this Agreement. In the event any part of this Agreement is unenforceable, the remainder of the Agreement remains in full force and effect.

Accepted by Attorneys (upon return of signed contract by Client),

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 14 day of May, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 23 day of May, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162 and/or Duracade ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162 and/or Duracade, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement AFTER any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. **As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.**

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. **Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.**

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. **Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.**

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Missouri Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Missouri.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 15 day of MAY, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 8 day of May, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162 and/or Duracade ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162 and/or Duracade, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement AFTER any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. **As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.**

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. **Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.**

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. **Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.**

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Missouri Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Missouri.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 9 day of May, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

*Non Common Benefit Expenses Paid by Attorneys

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys.

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). This Agreement shall be binding upon Attorneys and Client, as well as their respective heirs, personal and legal

representatives, successors and assigns. This Agreement contains the entire agreement and understanding of the parties and it supersedes all previous agreements between them, if any, whether verbal or written. No representations, promises, agreements or understandings not herein contained shall be of any force or effect. No amendments to, alteration or modification of this Agreement shall be valid unless memorialized in writing and duly executed by Client and Attorneys. To the extent that Client includes one or more partnerships, corporations, LLC's or other entities, the person executing this Agreement represents and warrants that such person has the authority to execute this Agreement on behalf of such entity. This Agreement shall be governed by and in accordance with the laws of the State wherein Client resides. Client has been given no guarantee of results. Attorneys may associate with other counsel, with approval of Client, but it will not affect the attorney fees paid under this Agreement. In the event any part of this Agreement is unenforceable, the remainder of the Agreement remains in full force and effect.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 11 day of MAY, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

This agreement ("Agreement") is made this 23 day of October, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 20 day of MARCH, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 20 day of May, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

*Non Common Benefit Expenses Paid by Attorneys

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys.

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). This Agreement shall be binding upon Attorneys and Client, as well as their respective heirs, personal and legal

representatives, successors and assigns. This Agreement contains the entire agreement and understanding of the parties and it supersedes all previous agreements between them, if any, whether verbal or written. No representations, promises, agreements or understandings not herein contained shall be of any force or effect. No amendments to, alteration or modification of this Agreement shall be valid unless memorialized in writing and duly executed by Client and Attorneys. To the extent that Client includes one or more partnerships, corporations, LLC's or other entities, the person executing this Agreement represents and warrants that such person has the authority to execute this Agreement on behalf of such entity. This Agreement shall be governed by and in accordance with the laws of the State wherein Client resides. Client has been given no guarantee of results. Attorneys may associate with other counsel, with approval of Client, but it will not affect the attorney fees paid under this Agreement. In the event any part of this Agreement is unenforceable, the remainder of the Agreement remains in full force and effect.
