CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 11th day of May, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

Executed on the day and year noted above.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event S307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

*Non Common Benefit Expenses Paid by Attorneys

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys.

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). This Agreement shall be binding upon Attorneys and Client, as well as their respective heirs, personal and legal

representatives, successors and assigns. This Agreement contains the entire agreement and understanding of the parties and it supersedes all previous agreements between them, if any, whether verbal or written. No representations, promises, agreements or understandings not herein contained shall be of any force or effect. No amendments to, alteration or modification of this Agreement shall be valid unless memorialized in writing and duly executed by Client and Attorneys. To the extent that Client includes one or more partnerships, corporations, LLC's or other entities, the person executing this Agreement represents and warrants that such person has the authority to execute this Agreement on behalf of such entity. This Agreement shall be governed by and in accordance with the laws of the State wherein Client resides. Client has been given no guarantee of results. Attorneys may associate with other counsel, with approval of Client, but it will not affect the attorney fees paid under this Agreement. In the event any part of this Agreement is unenforceable, the remainder of the Agreement remains in full force and effect.

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

*Non Common Benefit Expenses Paid by Attorneys

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys.

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). This Agreement shall be binding upon Attorneys and Client, as well as their respective heirs, personal and legal

representatives, successors and assigns. This Agreement contains the entire agreement and understanding of the parties and it supersedes all previous agreements between them, if any, whether verbal or written. No representations, promises, agreements or understandings not herein contained shall be of any force or effect. No amendments to, alteration or modification of this Agreement shall be valid unless memorialized in writing and duly executed by Client and Attorneys. To the extent that Client includes one or more partnerships, corporations, LLC's or other entities, the person executing this Agreement represents and warrants that such person has the authority to execute this Agreement on behalf of such entity. This Agreement shall be governed by and in accordance with the laws of the State wherein Client resides. Client has been given no guarantee of results. Attorneys may associate with other counsel, with approval of Client, but it will not affect the attorney fees paid under this Agreement. In the event any part of this Agreement is unenforceable, the remainder of the Agreement remains in full force and effect.

Accepted by Attorneys (upon return of signed contract by Client),

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this _____day of _____, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162 and/or Duracade ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162 and/or Duracade, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement AFTER any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. **As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.**

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. **Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.**

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. **Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.**

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 15 day of July, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162 and/or Duracade ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162 and/or Duracade, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement AFTER any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. **As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.**

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. **Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.**

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. **Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.**

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Missouri Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Missouri.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 10 day of March, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: 30% of any "Net Benefit Received" to Client. For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

***Non Common Benefit Expenses Paid by Attorneys**

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys.

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). This Agreement shall be binding upon Attorneys and Client, as well as their respective heirs, personal and legal

representatives, successors and assigns. This Agreement contains the entire agreement and understanding of the parties and it supersedes all previous agreements between them, if any, whether verbal or written. No representations, promises, agreements or understandings not herein contained shall be of any force or effect. No amendments to, alteration or modification of this Agreement shall be valid unless memorialized in writing and duly executed by Client and Attorneys. 30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

*Non Common Benefit Expenses Paid by Attorneys

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys. **Common Benefit expense is currently set at 3% but could go lower in the final assessment. At 3%, farmer will receive 67.9% of the gross settlement.**

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). This Agreement shall be binding upon Attorneys and Client, as well as their respective heirs, personal and legal representatives, successors and assigns. This Agreement contains the entire agreement and understanding of the parties and it supersedes all previous agreements between them, if any, whether verbal or written. No representations, promises, agreements or understandings not herein contained shall be of any force or effect. No amendments to, alteration or

modification of this Agreement shall be valid unless memorialized in writing and duly executed by Client and Attorneys. To the extent that Client includes one or more partnerships, corporations, LLC's or other entities, the person executing this Agreement represents and warrants that such person has the authority to execute this Agreement on behalf of such entity. This Agreement shall be governed by and in accordance with the laws of the State wherein Client resides. Client has been given no guarantee of results. Attorneys may associate with other counsel, with approval of Client, but it will not affect the attorney fees paid under this Agreement. In the event any part of this Agreement is unenforceable, the remainder of the Agreement remains in full force and effect.

Advertisement – "In Their Own Words" **What Syngenta employees have to say about MIR 162, China and you, the American farmer.** In 2011 Bunge North America began refusing Syngenta corn with the MIR 162 trait. Syngenta sued Bunge in an effort to force the company to treat MIR 162 corn just like any other corn. The following statements were obtained during the *Bunge/Syngenta* litigation from either depositions or the exchange of discovery documents.

Did Syngenta know about the importance of the Chinese market?

"China has moved from an insignificant (sic) importer of U.S. corn to the **second most important** market for U.S. corn." Email chain between Charles Lee (Syngenta's Director of U.S. Corn) and Dianne Mayhart dated January 25-26, 2011.

Did Syngenta know they were putting U.S. farmers at risk?

"I believe I have discussed with you several times about our **risk with MIR 162 and not having approval in EU and China**. I have been getting more questions from traders....lately and (Charles Lee, Head of Corn for North America) wanted me to be sure you understood the potential risk for China." Syngenta's Head of Industry Relations correspondence to Syngenta's head of Southeast Asian Territory dated February 25, 2011.

Did Syngenta purposefully mislead the public about the Chinese approval process?

On April 10, 2012 Syngenta Executive Sarah Hull emailed Rex Martin, Syngenta's representative to the U.S. Grains Council, stating, **"We need to get some indication to growers that China Viptera approval is done and is only waiting for the administrative process....growers are starting to return seed and we need to stop this."** (emphasis added) A week later (April 18) during Syngenta's first quarter 2012 earnings conference call, Syngenta CEO Michael Mack publically stated that he expected China to approve Agrisure Viptera **"quite frankly within a matter of a couple of days."** A matter of days? It took 2 ½ more years - not until December of 2014!!!

What was Syngenta more concerned with – growers or sales?

"One heads-up from todays Agrisure Viptera core team call-Approx. 750,000 of our approx. 1MM units are already ordered and we anticipate the remainder will be ordered by year's end. **The industry wide short supply of seed will work in our favor**...Hence key business issue is more the black-eye we now have, vs. actual impact on sales...The issue will be if they (growers) return it, (Syngenta seed) they likely won't be able to replace it. **Poor things will have to roll the dice.**" (Emphasis added) Nov. 11, 2011 email from Jill Wenzel, Syngenta Marketing Manager to John Fisher and Jim Gresham.

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 26 day of May, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement; the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received", as part of this Agreement.

***Non Common Benefit Expenses Paid by Attorneys**

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys. Common Benefit expense is currently set at 3% but could go lower in the final assessment. At 3%, farmer will receive 67.9% of the gross settlement.

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). This Agreement shall be binding upon Attorneys and Client, as well as their respective heirs, personal and legal

CONTRACT FOR EMPLOYMENT OF ATTORNEYS
CONTINGENT FEE CONTRACT / POWER OF ATTORNEY

This agreement ("Agreement") is made this 1 day of June, 2015 between the Client(s) above named (collectively "Client") and the SHIELDS LAW GROUP, L.L.C. ("Attorneys"). In consideration of the mutual promises herein contained, the Parties agree as follows:

I. Purpose of Representation

1.1 Client retains and employs Attorneys to represent Client, to investigate and if appropriate file suit for and attempt to recover any damages and compensation to which Client may be entitled against Syngenta AG, as well as attempt to compromise and settle all claims of Client, in connection with or arising out of economic damages sustained by Client while operating a corn producing farm(s) and/or agricultural business during the period of time wherein Syngenta promoted and sold the genetically modified (GMO) corn seed Viptera/MIR162. ("Claims"). Further, if determined by Attorneys that claims continue to accrue against Syngenta past the date it promoted and sold Viptera/MIR162, Client authorizes Attorneys to pursue those future claims as well pursuant to this Contract for Employment of Attorneys, under the same terms and conditions as set forth herein.

II. Attorneys' Fee

2.1 In consideration of Attorneys' services rendered and to be rendered as set out above, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims:

33.33% of any settlement or recovery AFTER costs and expenses of claims litigation are reimbursed to Attorneys

2.2 Client understands that the Client is giving up at this time to the Attorneys the amount stated above, and that such percentage is of the total recovery or settlement after any costs and expenses of claims litigation are first deducted. Client understands that all costs and expenses incurred are initially paid by Attorneys, but in the event of a recovery, are then first reimbursed to Attorneys out of the Client's settlement recovery, before calculation of the contingent attorney fee. As with the contingent attorney fee, if no recovery is made on behalf of Client, then no litigation expenses or costs are to be reimbursed to Attorneys.

2.3 If there is any type of settlement whereby the Client is to receive or be paid future payments, then the settlement will either a) be reduced to present value, and the settlement will be arranged whereby there will be sufficient cash at the time of settlement to pay the Attorneys' Fees which will be figured on the present value of the total settlement, including the present value of future payments; or 2) if sufficient cash is not available at the time of settlement to pay all Attorneys' Fees, then Attorneys' fees will be paid prospectively when payments are received by Client, and Attorneys' Fees will be figured on the value of the settlement payments, present and future, when received.

2.4 The interest assigned and conveyed to Attorneys is based upon the total amount recovered, and the fact that some portion of the amount recovered may be designated as "attorneys' fees" by the court or settling party will not limit the compensation to be paid under this Agreement.

III. Approval Necessary for Settlement

3.1 Attorneys will not settle the claims without Client's approval. However, Client will not make a settlement or offer of settlement without consulting Attorneys. Further, if at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward.

3.2 Attorneys are hereby granted a power of attorney so that they may have full authority to prepare, sign, and file all legal instruments, pleadings, drafts, authorizations, and papers as shall be reasonably necessary to conclude this representation including settlement and/or reducing to possession any and all monies or other things of value due to the Client in connection with the Claims as fully as the Client could do so in person. Attorneys are also authorized and empowered to act as Client's negotiator in any and all settlement negotiations concerning the subject of this Agreement. Attorneys will give prompt notice to Client upon receipt of any monies, as well as an accounting of the proposed distribution of any monies.

3.3 Client hereby authorizes Attorneys to negotiate a settlement of Client's claims in whatever manner, and using whatever negotiation strategy, Attorneys deem appropriate. Client understands and agrees that Attorneys may, if appropriate, negotiate a settlement of Client's claim and the claims of other clients similarly situated on an aggregate basis. However, no such settlement will be negotiated without providing Client a description of the claims resolved by

the settlement, the total settlement fund, the prospective amount to be received by Client, and the amount to be received by other clients who are qualified to participate in the prospective settlement fund.

IV. No Guarantee of Results

4.1 It is understood and agreed that Attorneys cannot warrant or guarantee the outcome of the case, and Attorneys have not represented to the Client that the Client will recover any damages, compensation or other funds so desired. The Client has also been informed that obtaining a judgment does not guarantee that the opposing parties will be capable or willing to satisfy the judgment.

V. Court Costs and Expenses

5.1 Attorneys may advance any or all of the court costs and expenses that appear to the Attorneys to be reasonably necessary for the investigation, preparation, trial, and/or settlement of this matter. All such costs and expenses advanced or incurred by the Attorneys shall be deducted from the recovery obtained for the Client from the total amount recovered. The Attorneys' contingent fee shall be computed on the total recovery after deduction for costs, expenses or disbursements. Attorneys pursuant to this Agreement warrant that in no event will Client's paid Attorneys' Fees and litigation costs exceed more than 40% of Client's total prospective settlement.

5.2 The terms "court costs" and "expenses" include without limitation: filing fees, court costs, expert fees (regarding, without limitation, evaluation, reports, and/or testimony), consultant fees, postage, long distance telephone calls, fax transmissions or receptions, messengers, court reporter fees, record service fees, photocopying, preparation of exhibits and photographs, transportation and/or lodging expenses and parking, service of citation, investigative fees and expenses, court-mandated expenditures, specialized outside counsel fees and expenses (i.e., probate, taxation, bankruptcy), special staff, costs associated with collecting judgments, any expenses of a structured settlement, witness' fees and mileage, subpoenas, and all other reasonable and necessary costs and expenses which the Attorneys in their professional judgment, determine to be reasonably needed for the prosecution and/or settlement of the Claims of the Client.

5.3 Client understands that Attorneys may represent numerous other similarly injured clients, and Client agrees that the term "expenses" includes general expenses incurred for the benefit of all such similarly injured clients, including but not limited to retaining and compensating experts, copying voluminous documents, postage, research, computerized document management, conference calls, jury consultants, travel, and costs related to the depositions of defendants' representatives, witnesses, and agents. Such general expenses will be allocated equally among all benefited claimants.

5.4 If Attorneys have represented the Client throughout the course of the litigation and do not obtain for Client a settlement or recovery, then the Client will not owe Attorneys a fee or have to pay back any of the above expenses that have been advanced by Attorneys.

VI. Cooperation of Client

6.1 Client agrees to cooperate with Attorneys at all times. Client further agrees to keep Attorneys advised of Client's whereabouts (and provide changes of address and telephone numbers), shall appear on reasonable notice, shall appear for all depositions and court appearances upon reasonable notice, and shall comply with all reasonable requests of Attorneys in connection with the preparation and presentation of the aforesaid Claims and causes of action of the Client.

6.2 Attorneys may, at their option, withdraw from the case and cease to represent Client should Client fail to comply with any portion of this Agreement or should Attorneys decide that they cannot continue to be involved in the Claim.

VII. Duty to Inform Law Firm/Other Disclosures

7.1 Client understands that filing for bankruptcy may affect the Client's ability to retain some or all of any recovery in this matter. Client understands that he or she is obligated to keep the Attorneys informed of any bankruptcy filing. Client further understands that failure to disclose this lawsuit in a bankruptcy proceeding may result in dismissal of this lawsuit and possibly sanctions by the bankruptcy court.

VIII. Referral of Association or Additional Counsel

8.1 Client agrees that Attorneys may refer this matter to another lawyer or associate additional lawyers to assist in representing Client and prosecuting the Client's cause of action. Prior to referral or association becoming effective, Client must consent in writing to the terms of the arrangement after being advised of (1) the identity of the lawyer or law firm involved; (2) whether the fees will be divided based on the proportion of services rendered or by lawyers agreeing to assume joint responsibility for the representation; and (3) the share of the fee that each lawyer or law firm will receive or, if the division is based on the proportion of services performed, the basis on which the division will be made. The referral or association of additional attorneys will not increase the total fee owed by the Client.

8.2 Co-Counsel Relationship. Client further understands that any such fee and expense sharing agreement reached between the attorneys of the SHIELDS LAW GROUP, L.L.C., and any other lawyers or law firms will NOT change in any manner the contractual obligation as detailed herein in paragraphs 2.1 – 2.4 that Client has agreed to pay in the prosecution, handling and collection of this matter.

IX. Kansas Law to Apply

9.1 This Agreement shall be construed under and in accordance with the laws of the State of Kansas.

X. Parties Bound

10.1 This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns

where permitted by this Agreement. If Client is a corporate entity, the individual executing this Agreement on behalf of the company warrants that he or she has legal authority to both act on the company's behalf, for both contractual and administrative purposes.

XI. Legal Construction

11.1 In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceabilty shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

XII. Prior Agreements Superseded

12.1 This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understandings or written or oral agreements between the parties with respect to its subject matter. No amendment to this Agreement shall be enforceable unless it is reduced to writing and signed by both of the Parties.

12.2 Client certifies and acknowledges that Client has had the opportunity to read this Agreement, has been provided a copy of this Agreement, and has knowingly and voluntarily entered into this Agreement fully aware of its terms and conditions. Client further certifies and acknowledges that the decisions to pursue these claims and to employ these particular Attorneys are solely Client's independent decisions after carefully considering the matters.

XIII. No Assignment of Interest in Claim to Others

13.1 Client certifies and represents to Attorneys that they have revoked all prior agreements with other attorneys, if any, and that they have not assigned, sold or transferred any interest in the Claims except to the extent said Claims are assigned to Attorneys as specified in paragraphs 2.1 – 2.4 herein.

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

*Non Common Benefit Expenses Paid by Attorneys

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". They cannot be waived by Attorneys. **Common Benefit expense is currently set at 3% but could go lower in the final assessment. At 3%, farmer will receive 67.9% of the gross settlement.**

Miscellaneous

Client agrees to keep Attorneys advised of Client's residence and business addresses, email address and phone numbers, and to cooperate in the preparation of the case, including a trial if needed (but unlikely). Client consents to being contacted via email (if one is available). Client further agrees to cooperate and assist Attorneys by providing necessary proof of corn production at a later date, and completing any other necessary documentation or appearances (if necessary). This Agreement shall be binding upon Attorneys and Client, as well as their respective heirs, personal and legal

30% CONTINGENCY FEE CONTRACT WITH WAIVER OF ATTORNEYS' NON-COMMON BENEFIT EXPENSES*

This agreement ("Agreement") is made between the individual and related entities listed below (collectively the "Client") and the SHIELDS LAW GROUP, L.L.C., Olathe KS, dba www.MidwestCornFarmerLawyers.com (hereafter "Attorneys").

Designation of Claims

Client retains and employs Attorneys to represent Client in connection with any and all claims, causes of action and remedies that Client may have against SYNGENTA AG, SYNGENTA SEEDS, INC., or any other related SYNGENTA AG entities that are or may be liable for the damages and losses that Client has suffered and continues to suffer stemming from the contamination of the U.S. corn supply with MIR 162 and/or Event 5307, genetically engineered corn traits otherwise known as SYNGENTA'S Agrisure Viptera® or Agrisure Duricade™ (the "Claims"). All years of contamination are included.

Scope of Authority

Client authorizes Attorneys to take all steps they deem necessary for the proper investigation, preparation and filing of the Claims, including the timing, substance and location of any filing, pre-trial motions, trial, post-trial motions and/or appeals. Attorneys are authorized to seek all damages, past and future, on behalf of Client and as supported by law.

Approval Necessary for Settlement

Attorneys will not settle the Claims without Client's approval. As well, Client will not make a settlement offer without consulting Attorneys. If at any point Attorneys, based upon their experience and familiarity with the litigation, recommend a settlement to Client to which Client will not reasonably accept, then Attorneys can elect at that time to require Client to advance all or a portion of future litigation expenses from that date forward. Attorneys are authorized to negotiate a settlement of Client's claims and other clients similarly situated, if appropriate, with full disclosure to Client.

30% Contingency Fee

In consideration of Attorneys' services to be rendered, Client hereby assigns, grants and conveys to Attorneys the following present undivided interest in the Claims: **30% of any "Net Benefit Received" to Client.** For purposes of this Agreement the term "Net Benefit Received" is defined as: "the total amount recovered or received on the Client's behalf including, without limitation, any compensatory and punitive damage awards, settlement monies, statutory attorney fee award, and awards of pre-and post-judgment interest, after the assessment of any court ordered common benefit expenses applied equally to all farmers' cases". **IN THE EVENT OF NO RECOVERY, CLIENT OWES NO ATTORNEY FEES OR COSTS.** Client will receive 70% of the "Net Benefit Received" as part of this Agreement.

*Non Common Benefit Expenses Paid by Attorneys

Attorneys agree to advance any and all reasonable expenses associated with the prosecution of the Client's claims, including all filing fees. Attorneys' personal expenses incurred advancing Client's claims will be reimbursed to Attorneys out of their 30% fee, and not out of Client's portion of the "Net Benefit Received". *Common benefit expenses are ordered by the Court and are apportioned equally among all farmers' claims nationally, after approval by the Judge. This provision does not apply to any Court ordered common benefit expense assessments made upon all farmers' claims. Such assessments are taken prior to determination of the "Net Benefit Received". FOR THE DISTRICT OF KANSAS

In Re: Syngenta AG MIR162 Corn Litigation	)	
	)	**MDL No. 2591**
This document relates to: All Cases	)	**Case No. 2:14-md-2591-JWL-JPO**

EXHIBIT A TO ORDER ESTABLISHING PROTOCOLS FOR COMMON BENEFIT WORK
(Common Benefit Participation Agreement)

THIS COMMON BENEFIT PARTICIPATION AGREEMENT is made this 24th day of November, 2015, by and between the Plaintiffs' Co-Lead Counsel, as appointed by the United States District Court for the District of Kansas in MDL 2591, and Spencer Shields for Shields Law Group, LLC **[Name of the Law Firm Executing the Agreement]** (the "Participating Counsel"), on behalf of all of their clients having claims for claims relating to or arising from genetically modified Syngenta corn, the commercialization of Agrisure Viptera or Agrisure Duracade or of any corn including genetically modified traits MIR162 or Event 5307 ("Corn"), or if Participating Counsel is also an MDL Counsel, on behalf of his clients with cases outside the MDL, including cases that are remanded to state court.

WHEREAS, the United States District Court for District of Kansas has appointed Don Downing, William Chaney, Scott Powell and Patrick Stueve to serve as Co-Lead Counsel ("Lead Counsel") and Patrick Stueve to serve as Liaison Counsel ("Liaison Counsel") to facilitate the conduct of pretrial proceedings in the Corn actions; and

WHEREAS, the Lead Counsel, in association with other attorneys working for the common benefit of plaintiffs, have developed or are in the process of developing work product

that will be valuable in all proceedings and benefit all producer and/or all non-producer plaintiffs alleging injury or damages caused by this Corn ("Common Benefit Work Product"); and

WHEREAS, Participating Counsel is desirous of acquiring the Common Benefit Work Product for the benefit of his or her client(s).

NOW THEREFORE, in consideration of the covenants and promises contained herein, and intending to be legally bound hereby, the parties agree as follows:

I. SCOPE OF AGREEMENT

A. Purpose

This Participation Agreement (the "Agreement") is a private cooperative agreement between plaintiffs' attorneys to share Common Benefit Work Product pursuant to the Court's Order Establishing Protocols for Common Benefit Work and Expenses and Establishing the Common Benefit Fee and Expense Funds (the "Order"), which is incorporated herein. By signing this Participation Agreement, the Participating Counsel who executes this Agreement is entitled to receive and use Common Benefit Work Product, regardless of the venue in which Participating Counsel's cases are pending.

B. Rights and Obligations of Participating Counsel

Participating Counsel shall be provided access to the Common Benefit Work Product, including access to the document depository. Participating Counsel agrees that all Corn cases and/or claims in which Participating Counsel has any fee interest, including unfiled cases, tolled cases, and/or cases filed in any state or federal court, are all subject to the terms of this Participation Agreement.

Participating Counsel shall produce a list that correctly sets forth the name of each client represented by them and/or in which they have an interest in the attorney fee, regardless of what that interest is, who has filed a Corn civil action. Such list shall include the court and docket

number of each such case. Participating Counsel shall also produce a list that contains the name of each client represented by them and/or in which they have an interest in the attorney fee, regardless of what that interest is, who has not yet filed a civil action. Participating Counsel shall supplement the lists on a quarterly basis and provide the lists to Plaintiffs' Liaison Counsel via electronic mail at Syngenta@stuevesiegel.com. The initial list shall be provided within 14 calendar days of signing this Agreement and must be supplemented every 90 days thereafter.

II. AGREEMENT TO PAY AN ASSESSMENT ON GROSS RECOVERY

Subject to the terms of this Agreement and the terms of the Order, Participating Counsel who agrees to settle, compromise, dismiss, or reduce the amount of a claim, or with or without trial, recover a judgment for monetary damages or other monetary relief, including compensatory and punitive damages, for any Corn claims on behalf of any client are subject to an assessment of the Gross Monetary Recovery, as provided herein, regardless of whether Participating Counsel has actually accessed or used Common Benefit Work prior to any resolution.

A. Gross Monetary Recovery Defined

"Gross Monetary Recovery" includes any and all amounts paid to plaintiffs' and/or their counsel by defendant(s) through a settlement or pursuant to a judgment. In measuring the Gross Monetary Recovery, the parties are to (a) exclude court costs that are to be paid by the defendant, but include any attorneys' fee awards under any fee-shifting statute or rule; (b) include any payments to be made by the defendant to a third party; (c) include the present value of any fixed and certain payments to be made in the future; and (d) if applicable, subtract any recovery paid by the plaintiff to a defendant through settlement or pursuant to a judgment for counterclaim(s) asserted in a Corn case by a defendant.

B. Assessment Amount

This assessment herein represents a holdback (*see, e.g., In re Zyprexa Prods. Liab. Litig.*,

467 F. Supp. 2d 256 (E.D.N.Y. 2006)). The obligations in this Section shall follow all cases to their final disposition, including a court having jurisdiction in bankruptcy. The following assessment shall be set aside for placement into the Corn Common Benefit Fee Fund and the Corn Common Benefit Expense Fund.

For recoveries by Your clients who never had a case pending in the MDL or whose federal case was remanded to state court (whether the client's case is first filed in a federal or state court or is unfiled) if You are voluntarily executing the Participation Agreement within 45 days of entry of the Order or notice from Lead Counsel if you have at least one Corn case on file in any court as of the entry of this Order, whichever date is later and as defined in the Court's Order, Sections II(B), IV(B)(3)(b), or within 45 days of the date Your first Corn client is engaged or 120 days of entry of the Court's Order, whichever date is later, the assessments are:

- for each producer client, a total 7% assessment amount (4% for attorneys' fees and 3% for expenses) of the Gross Monetary Recovery; or
- for each non-producer client, a total 5.5% assessment amount (3.5% for attorneys' fees and 2% for expenses) of the Gross Monetary Recovery.

For recoveries by Your clients who never had a case pending in the MDL or whose federal case was remanded to state court (whether the client's case is first filed in a federal or state court or is unfiled) if you have at least one Corn case on file in any court as of the entry of the Court's Order and You are voluntarily executing the Participation Agreement more than 45 days but less than 90 days of entry of the Order or notice from Lead Counsel, as detailed in the Court's Order, Sections II(B), IV(B)(3)(c), whichever date is later, the assessments are:

- for each producer client, a total 9% assessment amount (6% for attorneys' fees and 3% for expenses) of the Gross Monetary Recovery; or
- for each non-producer client, a total 7.5% assessment amount (5.5% for attorneys' fees and 2% for expenses) of the Gross Monetary Recovery.

For recoveries by Your clients who never had a case pending in the MDL or whose federal case was remanded to state court (whether the client's case is first filed in a federal or state court or is unfiled) if You are voluntarily executing the Participation Agreement 90 or more days after entry of the Order or notice from Lead Counsel if you have at least one Corn case on file in any court as of the entry of the Court's Order, whichever is later and as detailed in the Court's Order, Sections II(B), IV(B)(3)(d), or more than 45 days after the date Your first Corn client is engaged or more than 120 days after entry of the Court's Order if You do not have at least one Corn case on file in any court as of the entry of this Order, the assessments are:

- for each producer client, a total 13% assessment amount (10% for attorneys' fees and 3% for expenses) of the Gross Monetary Recovery; or
- for each non-producer client, a total 11.5% assessment amount (9.5% for attorneys' fees and 2% for expenses) of the Gross Monetary Recovery.

In the event any defendant fails to hold back the assessments required by this Section, it is Your duty to pay the appropriate holdback amounts to the Corn Common Benefit Fee Fund and the Corn Common Benefit Expense Fund. Under all scenarios (except to the extent You are being paid an hourly rate), the fee assessment shall be paid from Your portion of the recovery and shall not be borne by Your client.

C. Covered Cases

By signing this Agreement, the Participating Counsel agrees that the assessment percentages set forth above shall apply to all of his or her law firm's cases that never were pending in the MDL or that were pending but were remanded to state court, including un-filed cases, tolled cases, federal cases not transferred to the MDL, and/or cases filed in any state court in which they have a fee interest, regardless of the size of that fee interest, and that the assessment percentages for MDL Counsel set forth in the Court's Order will apply to any cases.

that have been, are or will become part of this MDL, except those cases that are remanded to state court. To the extent there are one or more MDL global settlements entered into or approved by Plaintiffs' Co-Lead Counsel that include assessment percentages, the assessment percentages in the settlement will control for any client who elects to participate in the settlement.

D. Attorneys' Fee Lien

With respect to each client represented in connection with Corn related claims that are filed or pending in any federal or state court, are un-filed, or are subject to a tolling agreement, Participating Counsel agrees to have defendants deposit or cause to be deposited in the Corn Common Benefit Fee and Expense Funds established by the District Court in the MDL a percentage of the Gross Monetary Recovery recovered by each such client that is equal to the assessment amount. In the event defendants do not deposit the assessed percentage into the Funds, Participating Counsel shall deposit or cause to be deposited in the Corn Common Benefit Fee and Expense Funds a percentage of the Gross Monetary Recovery recovered by each such client that is equal to the assessment amount. Participating Counsel, on behalf of themselves, their affiliated counsel, and their clients, hereby grant and convey to Plaintiffs' Lead Counsel a lien upon and/or a security interest in any fee (a) generated as a result of any recovery by any client who they represent in connection with any Corn-related claims and (b) they have any interest in, to the full extent permitted by law, in order to secure payment in accordance with the provisions of this Agreement. Participating Counsel will undertake all actions and execute all documents that are reasonably necessary to effectuate and/or perfect this lien and/or security interest.

III. COMMON BENEFIT WORK AND EXPENSES

A. Common Benefit Expenses Eligible for Reimbursement

In order to be eligible for reimbursement as Common Benefit Expenses, said expenses

must be: (a) for the common benefit of all producer and/or non-producer plaintiffs; (b) appropriately authorized by Lead Counsel in writing; (c) timely submitted using the monthly reports created by Lead Counsel; (d) reasonable; (e) verified by a partner or shareholder in the submitting firm; and (f) in compliance with the Order. Attorneys shall keep all receipts for all expenses, which shall be made available upon request. Examples of authorized and unauthorized expenses are listed in the Order.

B. Common Benefit Work Eligible for Reimbursement

In order to be eligible for reimbursement as Common Benefit Work, time expended must be: (a) for the common benefit of all producer and/or non-producer plaintiffs; (b) appropriately authorized by Lead Counsel in writing; (c) timely submitted using the monthly reports created by Lead Counsel; (d) reasonable; (e) verified by a partner or shareholder in the submitting firm; and (f) in compliance with the Order. Moreover, if counsel is a member of Plaintiffs' Executive Committee or other firm authorized by Lead Counsel to perform Common Benefit Work and fails to timely submit capital contributions as may be requested by Lead Counsel throughout this litigation, such counsel and members of his/her firm shall not be allowed to submit common benefit time or expenses for reimbursement.

"Common Benefit Work" means services performed for the benefit of all producer and/or all non-producer plaintiffs ("Common Benefit") and specifically authorized by Lead Counsel. Unless specifically and explicitly authorized in writing, no time spent on developing or processing individual issues in any case for an individual client, no time spent on the solicitation of potential clients and no time spent on any unauthorized work, will be considered or should be submitted. No client-related time, save certain time relating to cases which may be selected in the future as bellwether cases or time related to class representatives in a Master or Consolidated

Class Complaint, shall be considered Common Benefit Work. Examples of authorized and unauthorized work are listed in the Order.

C. Counsel to Whom Common Benefit Work May Be Shared

Without the express written consent of each of the Co-Lead Counsel, MDL Counsel and Participating Counsel are prohibited from sharing Common Benefit Work Product with counsel who do not execute a Participation Agreement. The Remele/Sieben Group and Remele/Sieben Group Co-Counsel are prohibited from sharing Common Benefit Work Product with counsel who do not execute a Participation Agreement, except when taking depositions or during hearings or trials, but no transcripts containing such work product will be disclosed.

D. Submission of Time and Expense Records

All time must be accurately and contemporaneously maintained. Participating Counsel shall keep a daily record of time spent in connection with Common Benefit Work on this litigation, indicating with specificity the hours, location, and particular activity. Time entries that are not sufficiently detailed may not be considered for common benefit payments and time submissions may be audited by a CPA. All common benefit time shall be maintained in tenth-of-an-hour increments.

Participating Counsel must follow the guidelines set forth in the Court's Order and in other written guidelines as established by Lead Counsel. All time and expense submissions must use the forms provided by Liaison Counsel and must be submitted electronically by the end of each calendar month, beginning on May 31, 2015. Failure to provide submissions in a timely manner shall result in a waiver of attorneys' fees and expenses claimed for the time period that is the subject of the submission. Failure to submit time and expense records in the electronic format on forms approved by Plaintiffs' Lead Counsel may also result in the waiver of attorneys'

fees and expenses. Time spent compiling the data for the time and expense submissions is not considered common benefit time.

The undersigned Participating Counsel understands, acknowledges and agrees that there is no guaranty that all of the time submitted by any counsel or law firm will be compensated and that the hourly rate for the work that is compensated is not guaranteed (*e.g.*, that Lead Counsel may award different hourly rates for different work and for the same work performed by different attorneys or law firms). The undersigned also understands, acknowledges, and agrees that all hours are not going to be viewed equally and awarded at the same rate (*e.g.*, document review time and deposition/trial time may not be treated and awarded at the same rate).

E. Distribution of Fees

1. No Individual Right to the Funds: No party or attorney has any individual right to any common benefit funds except to the extent directed by order of the MDL Court. Common benefit funds will not constitute the property of any party or attorney or be subject to garnishment or attachment for the debts of any party or attorney except when and as directed by court order.

2. Court Approval: The amounts deposited in the Corn Common Benefit Fee Fund shall be available for distribution to attorneys who have performed professional services or incurred expenses for the common benefit. The MDL Court retains jurisdiction over any common benefit award. The undersigned Participating Counsel, on behalf of themselves, their law firm, their affiliated counsel, and their clients, hereby consents to the jurisdiction of the MDL Court in connection with any common benefit award.

Signed Participation Agreement - And Response to Misinformation in Syngenta's Motion for Rolling Production

Counsel: First, our signed Participation Agreement is attached. Thank you.

Second, if you are preparing a response to Syngenta's Memo in Support of its Motion for Rolling Production, for some reason on p. 5 of their Motion they chose to imply that we have been telling farmers there is no need to produce documents. From our web-site, FAQ, #20, it actually states in full context:

We will work with you to produce your actual production records at a later date in line with the orders of the court, after your Harvest is complete.

Shields Law Group, LLC (816) 421-0800 Kansas City Metro

as cited at http://midwestcornfarmerlawyers.com/frequently-asked-questions/

Just letting you know if you want to reference it. We actually have already obtained production documents from our farmers we signed before the summer of '15. We started going this direction (give it to us post-harvest) sometime late summer into the fall. This has always been our position with farmers and their production of required documentation. We are obtaining all remaining information from our farmers in Jan. - Feb. '16, and will be prepared to produce docs within several months of that for all our farmers. Also, all farmers I have spoken too understand this requirement and seem more than eager to cooperate. Why Syngenta wants to imply to the Court that farmers won't cooperate with production is not what I hear from farmers I actually speak with in the field.

Thanks All again for your hard work. Excellent brief writing as well on the Memo In Opposition to Syngenta's Motion to Dismiss.

payment from Syngenta in connection with settlement of or judgment on such clients' Syngenta Claims, such clients will be subject to a Common Benefit Assessment payable to the MN MDL Funds in the amount of 11% (8% in fees and 3% in expenses) for Producers and 9% (7% in fees and 2% in expenses) for Non-Producers; and, consistent with same, Participating Counsel will instruct Syngenta to hold back and pay to the MN MDL Funds the appropriate amount of such assessment, as detailed below.[4]

ii. Further, the collective exposure of Participating Counsel, its Client, and its Co-Counsel, if any, for payment of a Common Benefit Assessment to the MN MDL Funds in connection with such client will be capped at 11% (8% in fees and 3% in expenses) for Producers and 9% (7% in fees and 2% in expenses) for Non-Producers.

iii. Further, to the extent Participating Counsel, its Client, or its Co-Counsel, if any, are subject to a common benefit assessment in MDL No. 2591, such assessment shall be set off—dollar for dollar—against such counsel's, client's, and co-counsel's obligation to pay a Common Benefit Assessment.

b. Client List and Clients' FSA 578 Forms.

i. Participating Counsel will provide to the MN MDL Co-Leads (1) a list in Excel format of such counsel's Clients, including their names and the style of their cases, for those Clients who have filed cases, (its "Client List") and (2) copies in PDF format of their FSA 578 forms for calendar years 2011-15 and each future calendar year after 2015 through the year of the first MN MDL bellwether trial, as they become available (its "Clients' FSA 578 Forms"). To the extent that Participating Counsel has filed a case seeking class treatment, only such counsel's Clients serving as individual named class representatives in such case, and not the proposed putative class members, should be included on such counsel's Client List.

ii. Participating Counsel will provide to the MN MDL Co-Leads its first Client List on March 31, 2016; and, such counsel will provide its first Clients' FSA 578 Forms on June 30, 2016.

---

[4] In the event any defendant fails to hold back the assessments required by this Section, plaintiff's counsel has an equal duty to pay the appropriate holdback amounts to the Common Benefit Funds. Under all scenarios (except to the extent the attorney is being paid an hourly rate), the fee assessment shall be paid from the attorney's portion of the recovery and shall not be borne by the client.

12/7/2015 10:25:45 A
Hennepin County, M

iii. Participating Counsel will supplement its Client List and Clients' FSA 578 Forms every 180 days throughout the pendency of the MN MDL. Participating Counsel will timely supplement previously produced Clients' FSA 578 Forms with FSA 578 Forms for future calendar years through the year of the first federal court trial as they become available.

iv. The MN MDL Co-Leads acknowledge that each Client List and each Client's FSA 578 Forms are proprietary and confidential, and the MN MDL Co-Leads will, at all times, in all ways, and for all purposes, treat the content of same as proprietary and confidential; and, absent Participating Counsel's consent, the MN MDL Co-Leads will not (1) disclose any portion of same to any person or entity other than (a) under seal to the MN MDL Court and/or (b) pursuant to a protective order in a form to which Participating Counsel consent or (2) knowingly attempt at any time, in any way, or for any purpose to communicate with a Client included on any Client List submitted to the MN MDL Co-Leads, unless Coordinating Counsel consents to such communication. The Parties agree that publication notice of a proposed litigation or settlement class certification will not be deemed a knowing communication with a Client.

v. By including a client on its Client List, Participating Counsel represents and warrants that (1) it believes that it is in such client's best interest to be excluded from any and all proposed class actions in the Federal MDL or the MN MDL and (2) would recommend to such client that he/she/it opt out of the proposed class, if such client was included in the applicable class definition.

c. Common Benefit Work Product. Upon a written request and with reasonable notice from Participating Counsel, the MN MDL Co-Leads will provide Participating Counsel reasonable and continuing access to the MN MDL Co-Leads' Common Benefit Work Product, subject to the applicable MN MDL Court's and Federal MDL Court's orders. Participating Counsel will not disclose such work product to other counsel, unless such other counsel has signed a Joint Representation Agreement with the MN MDL Co-Leads; provided, Participating Counsel may use such work product when taking oral depositions or during hearings or trials, but may not provide or authorize others to provide any deposition or trial transcript to any other counsel, unless such other counsel has signed a Joint Prosecution Agreement with the MN MDL Co-Leads.

d. Class Certification.

12/7/2015 10:25:45 A
Hennepin County, M

i. None of the MN MDL Co-Leads will propose to certify any litigation or settlement class that includes any Minnesota Client whose Syngenta Case was filed in Minnesota state court and is pending as of the date of any order granting class certification and whose name is included on the Client List as of the date of such order granting class certification (the "Excluded Clients"); if the MN MDL Co-Leads seek to certify any litigation or settlement class, they will not include in their proposed class definition(s) any Excluded Clients, unless Participating Counsel consents to same.

ii. Participating Counsel will not oppose class certification in the MN MDL if the MN MDL Co-Leads exclude from their proposed class definition(s) all Excluded Clients.

iii. The MN MDL Co-Leads will not seek to interfere with or alter the terms and conditions of any fee agreement with any Client (e.g., reduce or cap the fee of Participating Counsel or its Co-Counsel, if any).

3. Miscellaneous.

a. Any dispute between one or more of the MN MDL Co-Leads, on the one hand, and one or more of Participating Counsel, its Clients, and/or its Co-Counsel, if any, on the other, arising out of the construction or enforcement of this Agreement will be resolved by the MN MDL Court (to the exclusion of all other state and federal forums); and, each of Participating Counsel, its Clients, and its Co-Counsel, if any, submits to the personal jurisdiction of this Court for all purposes in connection with the construction or enforcement of this Agreement.

b. All notice or consent required by this Agreement must be in writing, signed by the Party giving such notice or consent, and served upon the other Parties.

c. The Parties may by mutual agreement amend or supplement this Agreement at any time and from time to time; provided, they must do so in writing, and such writing must be signed by the Parties and filed in the MN MDL. Defendants shall be afforded the opportunity to object to any subsequent amendment or supplement to this Agreement to the extent Defendants' rights and/or obligations are affected.

d. If any provision of this Agreement is held to be illegal, invalid, or unenforceable under present or future laws, the legality, validity, and enforceability of

the remaining provisions of this Agreement will not be affected.

e. If any Party alleges that any other Party is in breach of this Agreement, then the former will give prompt notice of same to the latter, and the latter will have 90 days to cure before the former may take any action against the latter in connection with the alleged breach; and, if the latter timely cures, the former may not take any action against the latter in connection with the believed breach.

f. Each member of the MN MDL Executive Committee is a third-party beneficiary of this Agreement and may enforce this Agreement.

g. Each Client and Co-Counsel, if any, is third-party beneficiary of this Agreement and may enforce this Agreement.

h. The Parties agree that this Agreement will be construed without regard to any presumption or rule requiring construction or interpretation against the Party drafting same.

i. This Agreement embodies the entire agreement between the Parties in connection with the subject matter of this Agreement, and it supersedes and cancels all prior conflicting or inconsistent oral or written communications between the Parties in connection with such subject matter.

j. The Agreement will be effective when signed by the Parties. This Agreement may be executed in one or more counterparts, each of which will be deemed an original and all of which will constitute one and the same document. The electronic exchange of executed copies of the signature pages of this Agreement will constitute effective execution of this Agreement. Signatures of the Parties transmitted by electronic mail in .pdf form will be deemed to be their original signatures for all purposes.

k. The MN MDL Co-Leads whose signatures appear below agree that the rights, obligations, terms, and conditions of this Agreement shall apply both to them individually and to their present law firms regardless of any future disassociation from their present law firms and/or future association with a different law firm. The MN MDL Co-Leads whose signatures appear below represent and warrant to Participating Counsel, the Clients, and the Co-Counsel, if any, that such co-leads have the authority to execute, and do in fact execute, this Agreement ON BEHALF OF THEMSELVES, THEIR LAW FIRMS, AND THE MN LEADERSHIP.

Counsel,

Your firm has produced a list of clients you have requested be excluded from the Federal MDL class. We have received their names, addresses, acreage information and FSA-578s. The class definition, as certified, excludes "producers who filed suit in Minnesota state court on or before June 15, 2016, and who are represented by attorneys who executed a joint prosecution agreement with plaintiffs' co-lead counsel." In order to make sure your clients are excluded under the class definition, you need to sign the attached Addendum to the Amended and Restated Joint Prosecution Agreement and return a copy to our office as soon as possible. I will forward a copy of the Amended and Restated Joint Prosecution Agreement to you if you can confirm that its contents will remain confidential. Please contact Jason Sapp with any questions with regard to this request.

Counsel, thank you for previously signing the Common Benefit Participation Agreement in the Kansas Corn MDL. Participating Counsel shall also produce a list that contains the name of each client represented by them and/or in which they have an interest in the attorney fee, regardless of what that interest is, who has not yet filed a civil action. Participating Counsel shall supplement the lists on a quarterly basis . . . ."

You cannot, however, recover or try your claims twice; so, by participating in the class action, you give up any rights to individually sue Syngenta about the same legal claims in this lawsuit.
ASK TO BE EXCLUDED	**Get out of this lawsuit. Get no benefits from it. Sue separately.** If you ask to be excluded, you will not be entitled to any money or benefits that are later obtained in a class trial or a settlement. But, you keep any rights to sue Syngenta separately about the same legal claims in this lawsuit. You will have to hire and pay a lawyer to sue Syngenta separately if you want to seek money from Syngenta.

BASIC INFORMATION

1. Why did I get this notice?

A copy of this Notice was mailed to all corn farmers identified through government Farm Service Agency records, *unless* that farmer filed a Minnesota lawsuit on or before June 15, 2016, which causes the producer to be excluded from the class. You are a member of the **Nationwide Class** certified by the Federal Court if you satisfy ***each*** of the following conditions:

- You are listed as a corn producer, including farmers and crop-share landlords, on a government Farm Service Agency Form 578;
- You priced at least one bushel of corn after November 18, 2013;
- You did *not* purchase Agrisure Viptera or Duracade corn seed;
- You are *not* an officer, employee, or relative of the Court; a governmental entity; or an officer, director, employee, contract or agent of Syngenta; and,
- You are *not* one of the excluded producers who filed a separate lawsuit in Minnesota on or before June 15, 2016 and hired one of the following law firms to file your case: (1) Bassford Remele; (2) Kemp, Jones & Coulthard LLP; (3) Law Offices of Charles H. Johnson; (4) Lockridge Grindal Nauen PLLP; (5) Paul Byrd Law Firm PLLC; (6) Paul McInnes; (7) Shields Law Group; (8) Wagstaff & Cartmell LLP; (9) Watts Guerra LLP.

The Federal Court also certified eight **State Classes.** You are a member of one of the State classes if you meet the conditions specified above and you farmed corn in Arkansas, Illinois, Iowa, Kansas, Missouri, Nebraska, Ohio, or South Dakota.

There are potential classes pending in other states that you may be a member of, but the Court has not yet decided whether to certify those classes. A list of additional state classes are available at [insert website link].

Good Afternoon,

Please see below message sent on behalf of Chris Ellis regarding the Syngenta excluded clients of Shields Law Group, LLC

Counsel -

I am working with leadership on issues related to notice and exclusion requests. As part of that assignment, I am tasked with determining how many acres of farm ground have been excluded from the class. One of our experts, Bruce Babcock, needs this information to total damages.

To help ensure that I have an accurate number, please provide 578 forms for your clients who have excluded themselves from the class. The materials will be provided under the joint prosecution agreement and of course kept confidential. This will further help Analytics and me ensure that your clients are properly excluded, particularly when the information that has previously been provided does not exactly match the FSA records. PLEASE NOTE – this request only applies to exclusion requests, not individuals that are not part of the class pursuant to the class definition.

Thank you in advance for your anticipated cooperation and continued courtesies. If you would like to discuss any of this, please do not hesitate to email or call me at my office or on my mobile (both numbers listed below).

Thank you...

Chris

Chris and Dawn: Attached is a Google Drive link, allowing you access to download our clients' FSA Form 578's (ones we have received to date from clients). Our Excel spreadsheet with our clients' info who have filed into the MN state court consolidation since June 15th, 2016 is also attached. All listed clients have filed opt outs with the federal MDL class case prior to April 1st, 2017.

If you need anything else from our end, please let me know. We will try and supplement this info in 30 days or so with any remaining FSA 578's we get in between now and then. You might let me know the latest you can receive such info and have time to work with it. Thanks. Spencer

National Tort, MDL & Complex Litigation Practice

Dear Corn Producers and Land Owners:

January 25, 2016

You are receiving this important communication as a client of the Shields Law Group, LLC in Kansas City (a/k/a MidwestCornFarmerLawyers.com). You previously submitted a contract requesting that our firm represent your person, corporate entity or trust (the "legal entity") in the national *Syngenta AG MIR 162 Corn Litigation*. To date over 55,000 producers have filed suit against Syngenta, with our KC firm filing nearly 2,000 of the current cases. We continue to file cases for producers and land owners daily. Your referrals of friends and family with corn production are always appreciated.

WHAT WE ALL NEED TO DO BY MARCH 15th: Judge Lungstrum in Kansas City and Judge Sipkins in Minnesota have both ordered ALL corn producers & landlords to complete the enclosed Confidential Plaintiff Fact Sheet. **Each filed entity (whether a person, corporation or trust) must complete the enclosed Fact Sheet, as well as produce documents to support your entity's claim for damages against Syngenta.** The fact sheets are done in lieu of every farmer giving a deposition. Without completing a Fact Sheet for each entity, AND providing the requested production documents, your entity's claim will possibly be dismissed by a later order of the Court. **We need each entity's completed Fact Sheet and requested production documents returned in the enclosed, self-addressed provided envelope no later than March 15th to meet the Court's deadlines for submission of this information.** If you have multiple entities with production for years 2013, 2014 and/or 2015, please mail back a Fact Sheet and supporting documents individually for each separate entity in the envelope provided. Also, individuals in a "partnership" can either submit one Fact Sheet and supporting documents for the entire partnership, or each individual partner can do their own. If submitting together, please keep everything organized and submit for the entire partnership as a whole.

THE FACT SHEET: You will find it self-explanatory. Question A3 will likely be the most difficult to answer. Do the best you can with the documents you retained. *If you have poor penmanship, please ask a family member or friend to assist with writing.* Also, we are putting the Fact Sheet up on our web-site, in an electronic format, if you wish to type your Fact Sheet responses. You will need to type in your responses for each filed entity, print off the final version, and mail it back to us with the supporting documents requested for each entity you have filed. You cannot electronically submit a Fact Sheet.

SUPPORTING DOCUMENTS TO BE PRODUCED FOR EACH ENTITY: Per Court order, each producer entity, share crop landlord and partnership must submit the following documents in support:

1. Farm Services Administration/FSA Form 578's for years 2011 through 2015 (5 years of docs)

2. Crop Insurance history reports & certification documents for years 2013 through 2015 (3 years)

3. Year End Grain Elevator Summaries (a/k/a producer reports) for years 2011 through 2015 (5 years of docs) PLUS your grain elevator settlement sheets. Please organize and attach the settlement sheets to the corresponding Year End Grain Elevator Summary before mailing in.

4. Also, please provide documents sufficient to show the corn seed purchased from 2011 to the present (if available) for each entity you filed into the case.

5. Finally, any pre-negotiated contracts on pricing you had in place, for years 2011 to present.

WHY ALL THE DOCS? Each legal entity receiving a packet has filed an individual claim, and is seeking individual cash damages, against Syngenta. These documents should sufficiently document how many acres of corn each entity planted, bushels of corn you harvested, and how many bushels you sold vs fed and/or stored, for the years in question. *We are almost certain this will be a one-time request, and these also just happen to be the documents we will most likely need to get you paid in the event of a global resolution of all claims.* As such, be sure to provide your social security number or corporate tax ID# for each named entity on your corresponding Fact Sheet, as no one will ever get paid without them.

LAND OWNERS WITH DIMINISHED CASH RENTS RECEIVED FROM TENTANTS: Complete the Fact Sheet the best you can. To support your claim, we also need you to mail us any emails, letters, memos, notes, etc. you kept or exchanged with your tenant(s) discussing lower corn prices and the tenants need to pay less in rent to you. If you formalized your agreements in writing, submit copies of your rent contracts for years '11 through '15 (these should show a trend of diminished rents). Finally, please hand write or type out a statement of how the diminished corn prices affected your rent income, how much you lost, and the accommodations you made for each of your tenant. Sign and date the statement at the end. Have your signature notarized if you have access to a notary

MILO, BEANS, SILEAGE, HELD CORN, ETC? For the time being, the *primary focus* of the national litigations is corn sold. These other categories of loss have been claimed and are being looked into further as the national corn case progresses. If and when we need documents regarding these other categories, we will follow up with you on a per needed basis. You can voluntarily send now if you like.

YOU DISCOVER THE FILED ENTITY HAD NO REPORTED CORN PRODUCTION FOR YEARS '13, '14 AND '15? Please mark across the front page of the Fact Sheet for that entity ***"No Reportable Corn Production – PLEASE DISMISS".*** This will instruct us that you want that specific entity dismissed from the case for lack of corn production. If you had no corn but just milo or beans, write a note across the top such as *"Milo Production Only"*, answer the Fact Sheet the best you can, and provide your FSA and crop insurance docs to support the claim. We will follow up with you later on.

MOTIVATION IF YOU NEED IT: This case prospectively is a Billion+ liability for Syngenta. *We are seeking cash awards on your behalf.* However, Syngenta has also just recently stated to the Court that farmers should carry the cost and burden of separating GM technology locally, on your farms, in the future in order to keep unapproved GM seed away from non-approved markets. In other words, it seems Syngenta is trying to rewrite the rules going forward, hoping to shift these costs to farmers and away from the seed company. I think Syngenta's own words, which they put in a Court filing, speak volumes for what is at stake in this case for the American farmer.

Over this cold stretch of winter, we sincerely hope you will stand up in unison, produce your documents and complete your Fact Sheets, and continue to participate in this very important and precedent setting litigation. We believe it is very important Syngenta be held accountable for their actions, not only to compensate farmers for the loss of one of your primary export markets, but also to send a clear message that your export markets need to be protected first and foremost above the interest of any corporate profit. In this regard, we ask for your continued cooperation and return of your packets by March 15th.

ALREADY PRODUCED SOME DOCUMENTS TO US? Complete your Fact Sheet, then call or email one of us to go over your file. We will see what you already produced, fill in any gaps, etc.

We are reaching out to our *Syngenta* clients for follow up regarding the Proof of Production Packet mailed in late January 2016 requesting information and documents from you with respect to the *Syngenta* lawsuit filed on your behalf. These documents are required as part of the "discovery" phase of this matter and will be used in lieu of you having to give your deposition.

The three primary documents needed returned are:

1) 2013-2015 crop insurance documents certifying how many bushels of corn your farms yielded in total annually. These can be obtained from your crop insurance agent. (VERY IMPORTANT DOCUMENT)

2) 2011-2015 Farm Services Administration (FSA) Form 578's **for each entity with corn production** (showing total acres of corn planted for each of the years). These can be obtained from your county's FSA office, or sometimes your crop insurance agent has them as well. (VERY IMPORTANT DOCUMENT)

3) Your returned Plaintiff's Confidential Fact Sheet. It's not as bad as it looks. *DON'T CHART OUT YOUR SEED VARIETIES PLANTED ON THE A2 QUESTION. DON'T CHART OUT ALL YOUR INDIVIDUAL CORN SALES ON THE A3 QUESTION.* Read our February 24th letter for tips on how to answer the Fact Sheet quickly, but in summary, for your seed varieties planted and individual sales, we recommend you simply write out, "please see my attached documents I obtained reflecting seeds planted / individual corn sales". Then attach the following if you can (while not absolutely necessary, the following information would also be helpful to complete your Fact Sheet):

4) 2011-2015 year-end grain elevator/ethanol plant sales summaries (OR alternatively your settlement sheets summarizing your grain sales for these years - please don't be concerned with dotting every "i" or crossing every "t" with regard to the A3 Sales question on the Fact Sheet. If your summaries answer most of the question on the Fact Sheet, just state "see my attached sales summaries I have enclosed" and you are good to go on that question.

5) 2011-2015 seed receipts OR a seed purchase history report you can get from your seed rep(s) (again, as with the A3 question, please do not feel like you have to spend a lot of time on the A2 question regarding seed varieties planted. Feel free to answer by stating, "see my attached seed receipts and/or my seed purchase histories I obtained from my seed reps". Worse case, answer off your memory: "to the best of my recollection, I planted DeKalb/Pioneer/etc in my fields".

[redacted] documents, then answer the remaining A4 to A12 questions quickly (these are simple and very direct questions). Put your completed Fact Sheet in the return envelope along with your FSA and crop insurance documents, and whatever you can turn in regarding your seeds and sales.

Thanks again and we do appreciate your efforts in providing these documents on your case. If you have any questions or need further assistance, please call Jim or Spencer at the numbers below.

Sincerely,
Spencer Shields, Managing Attorney
