I. Introduction

Each WS Plaintiff retained the Firm and associated law firms to represent them in this case¹. This suit is a certified class action, entitling WS Law to reasonable attorneys' fees as authorized by Federal Rule of Civil Procedure 23(h). WS Law is entitled to be compensated for its substantial time and risk given the complexity and novelty of the legal issues involved and the substantial settlement reached. All that said, non-class counsel have received little to no information from the Minnesota Plaintiffs' Executive Committee nor plaintiffs leadership in the MDL or otherwise as to how their clients' fees and expenses will be paid in this litigation in light of the recent preliminarily approved class action settlement. Schulte Decl., ¶ 19. Non-class counsel such as this Firm are left to conjecture how these important issues will be resolved and are not able to consult with their clients effectively. *Id.* More than this, the current posture of the settlement leaves non-class counsel such as this Firm with a conflict of interest with their own clients caused by unresolved questions as to how fees and expenses for contingent clients will be paid.

The fact that WS Law was not designated as Class Counsel is not determinative as to which counsel are entitled to fees or costs under Rule 23(h). As the Tenth Circuit noted in *Gottlieb v. Barry*:

We fail to see why the work of counsel later designated as class counsel should be compensated, while the work of counsel who were not later designated class counsel, but on whose shoulders class counsel admittedly stood, should be wholly uncompensated. 43 F.3d 474, 488 (10th Cir. 1994).

¹ Each WS Plaintiff is either represented by the Firm alone or jointly with one or more additional law firms. The itemized statement of hourly time submitted in support of this pleading lists all attorneys and other staff of the Firm and associated firms. As stated in the various declarations of the involved attorneys, clients retained the Firm on a contingency basis, so it was not anticipated that hourly time would need to be tracked precisely. Given this, billing was generated retrospectively through a review of e-mails, notes, case management software, and other client and litigation materials. Movants reserve the right to supplement these declarations and supporting exhibits and submissions as may be necessary.

II. Argument

A. Summary of Litigation and Wright & Schulte's Clients

The WS Plaintiffs entered into Legal Service Agreements (the “Agreements”) with Wright & Schulte, LLC between December, 2014, and November, 2016, regarding their claims against Syngenta. A true and accurate list of each WS Plaintiff is attached as Exhibit 1 to this pleading; Schulte Decl., at ¶ 4². The Agreements set forth that WS Law would advance court costs and litigation expenses. Schulte Decl., at ¶ 4. In other words, WS Law was not compensated up front for the representation of its clients and would be compensated only upon a recovery by the client. *Id.*

The Firm incurred substantial costs and litigation expenses in pursuit of its clients’ claims. On top of this, our Firm anticipates that its work is not done now that there is a Settlement Agreement. In fact, the Firm will continue to work and represent and advise our clients until they are compensated. Put plainly, when previously retained clients subsequently join a class action they generally continue to contact their attorney for advice on settlement forms and documents. The Firm and other independently retained contingent fee counsel devoted a large amount of resources to this litigation despite considerable risk.

Although WS Law started signing clients in December, 2014 and filing lawsuits by June, 2015, the District Court of Kansas (the “MDL Court”) did not certify this case as a class action until September 26, 2016 [Doc. 2547]. This Court did not issue its “Order Appointing Plaintiffs’ Settlement Negotiation Committee in the Syngenta Litigation” until August 9, 2017 [Doc. 3366], and the Court did not preliminarily approve the certified class settlement until April 10, 2018 [Doc. 3532].

² Movants have not filed copies of the Fee Agreements, though Movants can present them to the Court for inspection upon request.

B. Prosecution of the Litigation

After transfer to the MDL, WS Law continued to do what it was retained and required to do: represent its clients throughout the course of litigation. This remained so even after the Court's appointment of Co-Lead Counsel and the Plaintiffs' Executive Committee (the "PEC") on January 22, 2015. [Doc. 67]. Even after the Court's designation of Co-Lead Counsel and the Plaintiff's Executive Committee, WS Law was not informed that it should stop performing work on behalf of its clients or that it would not be compensated for the work performed, or expenses incurred.

Indeed, early on, the MDL Court recognized legitimate, competing interests between class and individual claims. In the January 22, 2015 "Order Concerning Appointment of Counsel", at page 2, the Court noted as follows:

The court was especially impressed by the extent to which their lawyers had thought through the matter of advancing the interests of diverse groups of plaintiffs and built a team which takes those interests into account. Some of the plaintiffs in this case desire to proceed by individual actions. Others prefer the certification of one or more classes. Still others seek or will seek remand to state court. Some of the plaintiffs are large entities, others operate small farms. The DCPS group alone included representatives of each of these interests in its leadership team, including its proposed Executive Committee. Not only does the court agree that this is the best way to proceed, but it believes that it bodes well for the expeditious handling of this litigation that the DCPS group anticipated this diversity and proposed an organization accordingly.

In this same order, the Court noted Plaintiffs' co-lead counsel's duties, *inter alia*, "to encourage full cooperation and efficiency among all plaintiffs' counsel." The August 5, 2015 Minnesota Litigation Order appointing leadership, at page 3, contains substantially similar duties as those listed in the MDL order including the duty to encourage full cooperation and efficiency among all plaintiffs' counsel. In this same Minnesota order, the Court appointed Robert Shelquist as Liaison Counsel and authorized him to, *inter alia*, "convene meetings of counsel as necessary [and] advise parties and attorneys of

developments in the litigation...” These Court orders are consistent with the Manual for Complex Litigation which requires liaison counsel to convene meetings of counsel, advise parties of developments, and other matters. Man. Complex Lit., 2018, Section 10.221. The orders are also consistent with leadership duties, generally, to “fairly and adequately represent all of the parties on their side” and “to act fairly, efficiently, and economically in the interest of all parties and parties’ counsel.” *Id.*, at Section 10.22.

As WS Law remained persistent in its advocacy, questions arose as to who would bear the costs of attorneys’ fees. Non-class counsel wanted clarity as to who would pay for attorneys’ fees and costs so they could properly and effectively advise their clients. Unexpectedly, non-class counsel such as our Firm have an interest in knowing whether its clients’ recovery would be reduced by attorneys’ fees and costs. However, the Firm has not received information from leadership on these important issues concerning the rights of clients represented by non-class counsel, or whether leadership is even addressing these issues with defense or the Court despite the Court’s early recognition of such potential conflicts. Schulte Decl., at ¶ 19. WS Law respectfully posits that leadership has a duty to advise non-leadership attorneys and not to actively work against their interests, consistent with its fiduciary duties as explained in the Manual for Complex litigation, imposed on leadership by Court orders, and inherent in Joint Prosecution Agreements by which participating clients (such as our Firm) and their attorneys agreed to pay a percentage of any monetary recovery in exchange for such assistance from leadership.

C. Independent Counsel Devoted Substantial Time, Risk and Effort to this Litigation.

In December 2014, Wright & Schulte, LLC was contacted by several farmers who knew about China rejecting shipments of corn from the U.S. and began seeing a price drop in the value

of corn. Schulte Decl., at ¶ 11. After researching the case, the Firm began hosting a series of town hall meetings to speak with farmers and sign contingency fee agreements for prosecution of their claims. *Id.* After meeting with and signing contracts with several hundred clients through our office and other firms we worked closely with through the country, in June 2015, our firm filed and served our first complaint in the MN consolidated litigation. *Id.* After this initial filing the firm continued to receive calls from farmers, signed additional cases, and filed fifteen additional multi-plaintiff complaints through the end of 2015 and 2016. *Id.*

Starting in 2016, after the Plaintiff Fact Sheet order was entered, our firm spent thousands of hours contacting and meeting with farmers to obtain the documentation required by the order, knowing that if the information was not produced by the court deadlines, defense counsel could file a motion to dismiss the individual cases barring our clients from ever recovering. *Id.*, at ¶ 12. After the long discovery process and monitoring the status of the bellwether cases around the country, our firm became aware in September 2017 about the potential settlement of all cases around the country. *Id.* With the understanding there was settlement committees comprised of both individual and class action attorneys, it was believed there would be two settlement tracks. *Id.* In early 2018 we became aware there would be only one Class Actions Settlement encompassing our filed cases and we began advising clients of the Settlement and what we believed was in their best interest. *Id.*

Throughout this process, the Firm filed pleadings, investigated the underlying facts of their individual cases, conducted research, reviewed the copious filings regarding this litigation, attended this Court's hearings and status conferences, and spent numerous hours explaining to class members all that was occurring along the way. *Id.*, at ¶ 13. The Firm devoted significant time and effort through the course of this litigation to pursue the claims of its clients.

The Firm believes the settlement is fair and in the best interests of our clients and we have recommended to our clients that they participate in the class action settlement. *Id.*, at ¶ 14. Accordingly, the vast majority of the Firm's clients have chosen to participate in the class action settlement. *Id.* Thus, in addition to prior time spent litigating the case and advising clients, the Firm has—and will continue—to assist class members with the settlement process. *Id.* In short, there is still much more class member hand-holding to do as the settlement process unfolds over the following months or years as clients generally contact their attorney for advice as to any class related materials they may receive. *Id.*

The Firm is responsible for hundreds of class members, and communications have increased and are expected to increase again as the settlement becomes operational. Unless the court awards attorneys' fees, independent counsel will have to continue to represent their clients for the following months or years without pay or terminate its representation. Put simply, there is no justification for treating class counsel work differently from non-class counsel work under this scenario.

Courts have held that the primary factor that should be considered in awarding attorney's fees is the risk of no recovery that counsel shoulders. *See, e.g., Ketchum v. Moses*, 24 Cal. 4th 1122, 1132 (Cal. 2001). Independent counsel prosecuted this case on a wholly contingent basis knowing that the litigation can (and did) last for years and would require devotion and a substantial amount of attorney time and significant advance of litigation expenses with no guarantee of compensation. On top of this, because of the size and scale this litigation, a high degree of skill and efficiency was required to successfully prosecute this matter.

The undersigned, as well as the majority of non-class counsel in this case, worked for well over three years before a class settlement was reached in this case. As such, the Firm

deserves to have its fee contracts honored and paid from the settlement Fund. Indeed, class counsel did not incur the risk of several years' work educating farmers and signing clients with no guarantee of success. The years spent litigating this case makes it significantly dissimilar to the Volkswagen class action and the non-class counsel fee requests in that case. In the Volkswagen class action, plaintiffs' leadership was appointed on January 21, 2016, and the Court filed its preliminary approval of a class action settlement on July 29, 2016, a mere seven months later. Here, almost three-and-one-half years passed between the MDL Court's appointment of leadership and the court's preliminary approval of the settlement.

D. Independent Counsel's Efforts Conferred Direct and Tangible Benefits to the Class

The United States Supreme Court "has recognized consistently that a litigant or a lawyer who recovers a common fund for the benefit of persons other than himself or his client is entitled to a reasonable attorney's fee from the fund as a whole." *Boeing Co. v. Van Gemert*, 444 U.S. 472, 478 (1980); see, also, *Sprague v. Ticonic Nat'l Bank*, 307 U.S. 161 (1939) (when an attorneys' efforts benefit a common fund, the court is empowered to award fees from the fund). To prevent unjust enrichment, courts exercise their inherent equitable powers to assess attorneys' fees against the entire fund, thereby spreading the cost of those fees among everyone who benefited. *Sprague, supra*, at 161.

Furthermore, Rule 23(h) of the Federal Rules of Civil Procedure (as well as Rule 23.08 of the Minnesota Rules of Civil Procedure) authorizes awards of reasonable attorneys' fees in class actions. ("In a certified class action, the court may award reasonable attorney's fees and nontaxable costs are authorized by law or by the parties' agreement."). This is true even if the applicant seeking attorney's fees was not designated class counsel. According to committee note to subsection (h):

...[This rule] provides a format for all awards of attorney fees and nontaxable costs in connection with a class action, not only the award to class counsel. In some situations, there may be a basis for making an award to other counsel whose work produced the beneficial results of the class, such as attorneys who acted for the class before certification but were not appointed class counsel...

Along these lines, the Tenth circuit held that non-designated counsel may be entitled to attorney fees in class actions where the non-designated counsel benefited the class as a whole. *Gottlieb, supra*, at 488. In *Gottlieb*, the District Court refused any award to non-designated counsel on the grounds that their efforts did not contribute to the creation of the fund and that their failure to be designated as class counsel deprived them of any right to fees from the common fund. *Id.* at 486. In addition, the special master, found that work performed before class counsel was designated was duplicative of class counsel's work. *Id.* The Tenth circuit reversed the district court's decision holding "it seems implausible that all of sixteen months of work, pursued on multiple fronts by multiple counsel, suddenly becomes worthless upon the selection of a few counsel to serve as class counsel." *Id.*, at 489.

During the three-and-one-half years between the appointment of leadership and the preliminary approval of the class action settlement, the WS Law Firm and its attorneys and staff spent thousands of hours working on behalf of the Firm's clients. See, Ex. 2. The work of our Firm and other non-Class Counsel maintained pressure on Syngenta as this years-long litigation wound its way to settlement negotiations. That process included consulting clients, the completion of thousands of plaintiff facts sheets and an extensive bellwether process, all of which provided information needed for settlement along with continued pressure on the Defendants.

This litigation required on-going and immense efforts of those involved. The resources of our Firm have been used to contact and consult with Class Members as they completed their

Plaintiff Fact Sheets and to help them gather information for the settlement and to answer their questions regarding the case, and now, the preliminarily approved settlement. It is not unusual for any one such call to take 30 to 60 minutes of attorney or paralegal time. In fact, the Firm estimates that approximately eighty percent (80%) of its clients have already completed settlement submissions and have filed them or will do so shortly. Schulte Decl., at ¶ 14. This is work and legal advice that would have been performed by Class Counsel had it not been performed by the Firm.

E. Attorneys' Fees Requested

Generally, WS Plaintiffs executed written fee agreements with the Firm with contingent fees ranging from thirty-three and one-third percent (33 1/3%) to forty percent (40%) plus expenses. Schulte Decl., at ¶ 4. Movants request that the agreed-upon contingent fee and expenses as to each of the Firms' clients be paid from the Fund to be created from the preliminarily approved class action settlement. In the first alternative, Movants request payment of fees equal to thirty-three and one-third percent (33 1/3%) of all amounts recovered by the Firm (along with its expenses) from the Fund. In the second alternative, Movants request that the Firm be compensated from the Fund for their hourly time and costs in this litigation along with all requested, but unreimbursed, common benefit time.³ Otherwise, Movants seek this Court's guidance as to what information it may need to evaluate the fee applications of non-Class counsel as our Firm has received little to no guidance from leadership on this issue. Movants reserve the right to supplement this filing with such information the Court may request.

³ The attached hourly billing summaries includes common benefit ("CB") time and non-CB time together. The Firm has submitted its CB time for consideration and obviously is not seeking double compensation for same. However, we do not know what portion of our requested CB time will ultimately be approved by the Court and we request compensation for any non-approved requested CB time as part of this fee application if hourly fees are awarded. In turn, we would not request payment for approved CB time through this application and would ask that the Court deduct any approved CB time from the calculations herein.

In the event the Court requires the information at present, the hourly time and expenses incurred as to the WS Plaintiffs is attached as Exhibits 2 and 3 to this pleading. In total, the Firm has expended 5702.3 hours of time, for a total of \$1,875,470.00 in attorneys' fees, and incurred costs in the amount of \$62,936.82 for the Firm's 1049 clients. This is an average hourly fee of \$1787.86 per claimant. As requested above, Movants seek an award of these expenses and this hourly time in the alternative to payment of its contingent fees. These rates are also fully justified by the skill, experience, and reputation of Plaintiffs' counsel.

Mr. Schulte is the managing attorney at Wright & Schulte, LLC, and is admitted to practice in the States of Ohio, Iowa, and Missouri. See, Schulte Decl., at ¶ 7 and attached CV attached thereto. Mr. Schulte has over 15 years of experience in mass tort, class actions, and consolidated litigation that includes extensive experience in both state and federal courts. *Id.* Mr. Schulte is a former President of the Ohio Association for Justice and speaks frequently on mass tort related issues. *Id.*

Mr. Schulte has served as lead counsel in the robo-signing class action *Lovdal v. JP Morgan Chase Bank, NA*, Hamilton County (Ohio) Case No. A11010459 and in *Banford v. Aldrich Chemical Company, Inc.*, Montgomery County (Ohio) Case No. 03 CV 8704, a case that proceeded to trial and concerned an explosion at a chemical plant. *Id.* Mr. Schulte has also served as lead counsel in consolidated litigations including the Just For Men consolidated litigation pending before Judge Herndon in the Southern District of Illinois, the Imprelis Herbicide Marketing Sales Practices and Products Liability Litigation (MDL 2284) and the Darvocet/Darvon/Propoxyphene Products Liability Litigation (MDL 2226). *Id.* Mr. Schulte has also served on Plaintiffs Steering Committees, and other committees) in numerous other mass tort cases. *Id.*

III. Conclusion

For the foregoing reasons, Movants respectfully ask this Court for payment of the fees and expenses of the Firm's clients from the Fund. Movants also seek any additional guidance from the Court as to information it may require to consider this request and accordingly seeks leave to amend or supplement this pleading as may be necessary.

IN RE: SYNGENTA LITIGATION

Case Type: Civil Other
Hon. Laurie J. Miller

This Document Relates to:
All Cases

FILE NO. 27-CV-15-12625
and FILE NO. 27-CV-15-3785

**DECLARATION OF RICHARD W. SCHULTE FOR WRIGHT & SCHULTE, LLC
IN FURTHER SUPPORT OF
THE WRIGHT & SCHULTE, LLC FEE & EXPENSE APPLICATION**

I, Richard W. Schulte, declare as follows:

1. I am over the age of twenty-one years old and make this declaration based on my personal knowledge. If called as a witness, I could and would testify competently to the facts contained herein, which are true and correct.

2. I am a partner of Wright & Schulte, LLC (hereinafter “the Firm”). I am authorized to submit this declaration on the Firm’s behalf.

3. I submit this declaration in support of the Wright & Schulte, LLC Fee & Expense Application (“the Application”), filed pursuant to Section 7.2.1 of the Agrisure Viptera/Duracade Class Settlement Agreement (the “Settlement Agreement”) in *In Re: Syngenta AG MIR 162 Corn Litigation*, a multi-district litigation consolidated in the United States District Court for the District of Kansas before Hon. John W. Lungstrum (MDL-2591), and *In Re: Syngenta Litigation*, a Minnesota Consolidated Proceeding consolidated in the Fourth Judicial District Court, Hennepin County, Minnesota, before Hon. Laurie Miller (formerly Hon. Thomas Sipkins) (File Nos. 27-CV-15-3785 & 27-cv-15-12625).

4. The Firm represents 1049 filed plaintiffs, individually or jointly with other firms in the Agrisure/Viptera litigation against Syngenta on a contingency basis. See Exhibit 1 to the Application, which is a true and accurate list of these plaintiffs as generated from the Firm’s records. Generally, each of these clients agreed to written contingent fee agreements ranging from 33 1/3% to 40% of any recovery in this matter, plus expenses. As these were contingent fee agreements, our Firm advanced court costs and litigation expenses and would only be compensated if the clients recovered money.

5. Because my representation is on a contingency basis, I did not precisely track the time spent on this litigation since it was not anticipated this would be necessary. However, based on the review of my e-mails, notes, case management software, and other client and litigation materials, I have retrospectively estimated my time spent on this litigation as set forth in this pleading and in my supporting Declaration. Any reference to dates in Exhibit 2 and Exhibit 3 are estimates based on the review of this information.

6. Wright & Schulte, LLC has acted as lead counsel in this matter and is filing an Application for a Fee & Expense Award based on the clients' gross recoveries under the Settlement Agreement and the private fee contracts with each such client.

7. I was admitted to the Ohio bar in 1996, giving me twenty-two years' experience practicing law. I have also been admitted to the Iowa and Missouri bars, and various Federal Courts. My main practice areas include mass torts, trial practice, products liability and class actions. I have been awarded the Ohio Association for Justice President's Award for Distinguished Service to the Trial Bar in 2009. I hold various board positions including: Board of Governors for American Association for Justice from 2009 to present, President of Ohio Association of Justice from 2008 to 2010, and Board of Trustees for the Ohio Association for Justice from 2003 to present. I have held numerous leadership roles in several litigations and have extensive experience in mass tort litigations. My Curriculum vitae is attached for further reference.

8. The Firm spent a total of 3609.9 hours on this litigation, which is \$1,064,670.00 at our usual and customary hourly rates. A true and accurate listing of the hourly bill generated by my firm is incorporated into Exhibit 2. A true and accurate listing of the expenses generated by my firm is incorporated into Exhibit 3.

9. The Firm also incurred \$44,061.05 in expenses.

10. The individuals in the Firm, other than myself, who worked on this matter are:

- A. Jacob Gebelle – Attorney
- B. Corey Artim – Attorney
- C. Nathan Stuckey – Attorney
- D. Kate Van Schaik – Attorney

- E. Justin Albright - Attorney
- F. Stephen Behnke – Attorney
- G. Dillon Fallis – Law Clerk

- W. Amber Parkinson – Legal Assistant
- X. Jenna Seebach – Legal Assistant
- Y. Philip Buford – Legal Assistant
- Z. Tyler Pence – Legal Assistant
- AA. Madison Murray – Legal Assistant

BB. Syeta Davis – Legal Assistant

11. In December 2014, our Firm was contacted by several farmers who knew about China rejecting shipments of corn from the U.S. and began seeing a price drop in the value of corn. After researching the case, our Firm began hosting a series of town hall meetings to speak with farmers and sign contingency fee agreements for prosecution of their claims. After meeting with and signing contracts with several hundred clients through our office and other firms we worked closely with through the country, in June 2015, our firm filed and served our first complaint in the MN consolidated litigation. After this initial filing the firm continued to receive calls from farmers, signed additional cases, and filed fifteen additional multi-plaintiff complaints through the end of 2015 and 2016. *Id.*

12. Starting in 2016, after the Plaintiff Fact Sheet order was entered, our firm spent thousands of hours contacting and meeting with farmers to obtain the documentation required by the order, knowing that if the information was not produced by the court deadlines, defense counsel could file a motion to dismiss the individual cases barring our clients from ever recovering. After the long discovery process and monitoring the status of the bellwether cases around the country, our firm became aware in September 2017 about the potential settlement of all cases around the country. With the understanding there was settlement committees comprised of both individual and class action attorneys, it was believed there would be two settlement tracks. In early 2018 we became aware there would be only one Class Actions Settlement encompassing our filed cases and we began advising clients of the Settlement and what we believed was in their best interest.

13. Overall, I kept informed about this case by communicating with other counsel, reading court pleadings and public reports, and participating in status calls, so that I could advise

my clients as to the progress of the case—and I did keep them so informed, including by phone calls, emails, and in person meetings.

14. I believe the settlement is fair and in the best interests of our clients and we have recommended to our clients that they participate in the class action settlement. Accordingly, the vast majority of the Firm's clients have chosen to participate in the class action settlement. Specifically, approximately eighty percent (80%) of the Firms' clients have already completed settlement submissions and have filed them or will do so shortly. I estimate the majority of the remaining twenty percent (20%) will also participate by the October 2018 deadline. Thus, in addition to prior time spent litigating the case and advising clients, our Firm has—and will continue—to assist class members with the settlement process and will do so until all payments are made and the litigation is closed.

15. Some of my clients are long-term clients, and I updated them about this case in the course of our regular communications regarding this and other matters. I have also received client referrals from other firms that I have had a longstanding relationship with and I have worked with these firms throughout this litigation.

16. In addition, to Wright & Schulte, LLC being the main point of contact, the Firm drafted complaints, completed and served plaintiff fact sheets, updated clients, and completed all other tasks necessary to prosecute these cases.

17. The time and expense figures above include 2,854.3 hours (\$636,065.00 at our usual and customary rates) and \$4,256.97 in costs and expenses submitted by my Firm to the Minnesota Co-Lead Counsel as Common Benefit Work and Common Benefit Expenses, in compliance with the Minnesota Common Benefit Order (entered by Judge Sipkins on December 7, 2015), and the Common Benefit Rules adopted by Co-Lead Counsel pursuant thereto.

18. The Firm did *not* include in these submissions any time or expenses spent on behalf of any individual clients, who were not bellwether plaintiffs, other than time assisting clients in complying with the Plaintiff Fact Sheet Order, which the Minnesota leadership communicated to the Firm would be considered Common Benefit Work.

19. Our firm (and, to the best of my knowledge, non-class counsel generally) have received little to no guidance on certain issues related to representation of clients, including how our clients' fees and expenses will be paid in this litigation in light of the recent preliminarily approved class action settlement. I am not certain if plaintiffs' leadership has even broached these subjects with the defense or the court. Since I am left to conjecture how these issues will be resolved, I am not able to consult with my clients effectively.

20. The Firm has been advised by Minnesota Co-Lead Counsel that Minnesota Co-Lead Counsel's Fee & Expense Application in this matter will include and seek an award for all approved Common Benefit Work and Common Benefit Expenses. As of today, however, I have not been provided the final word on how much of the Firm's common benefit time and expense has been so approved.

I declare under penalty of perjury pursuant to 28 U.S.C. § 1746 that the foregoing is true and correct.

Executed on this 6th day of July, 2018 at Vandalia, Ohio.

Case Type: Civil Other
Hon. Laurie J. Miller

This Document Relates to:
All Cases

FILE NO. 27-CV-15-12625
and FILE NO. 27-CV-15-3785

**DECLARATION OF STEPHEN J. RANDALL FOR PEARSON, RANDALL, AND
SCHUMACHER, P.A. JOINING AND IN FURTHER SUPPORT OF
THE WRIGHT & SCHULTE, LLC FEE & EXPENSE APPLICATION**

I, Stephen J. Randall, declare as follows:

1. I am over the age of twenty-one years old and make this declaration based on my personal knowledge. If called as a witness, I could and would testify competently to the facts contained herein, which are true and correct.

2. I am a partner, founder and shareholder of Pearson, Randall, & Schumacher, P.A. (hereinafter sometimes referred to as “the Firm”). I am authorized to submit this declaration on the Firm’s behalf.

3. I submit this declaration in support of the Wright & Schulte, LLC Fee & Expense Application (“the Application”), filed pursuant to Section 7.2.1 of the Agrisure Viptera/Duracade Class Settlement Agreement (the “Settlement Agreement”) in *In Re: Syngenta AG MIR 162 Corn Litigation*, a multi-district litigation consolidated in the United States District Court for the District of Kansas before Hon. John W. Lungstrum (MDL-2591), and *In Re: Syngenta Litigation*, a Minnesota Consolidated Proceeding consolidated in the Fourth Judicial District Court, Hennepin County, Minnesota, before Hon. Laurie Miller (formerly Hon. Thomas Sipkins) (File Nos. 27-CV-15-3785 & 27-cv-15-12625).

4. I am local counsel for the hundreds of clients represented by Wright and Schulte, LLC. On behalf of the Wright and Schulte LLC clients, and as a Minnesota Attorney, I filed their individual lawsuits in the Minnesota State Court Syngenta Litigation. As local counsel, I filed 17 separate multi-plaintiff lawsuits in the Minnesota State Court Syngenta Litigation covering approximately 1049 individual plaintiffs for Wright & Schulte, LLC. I also managed the service of no less than four defendants for each of the 17 filed cases.

5. Together with Wright & Schulte, LLC, the Firm represents 64 filed plaintiffs in the Agrisure/Viptera litigation against Syngenta on a contingency basis. Generally, each of these clients agreed to written contingent fee agreements ranging from 33 1/3% to 40% of any recovery in this matter, plus expenses. As these were contingent fee agreements, our Firm advanced court costs and litigation expenses and would only be compensated if the clients recovered money.

6. Because my representation is on a contingency basis, I did not precisely track the time spent on this litigation since it was not anticipated this would be necessary. However, based on the review of my e-mails, notes, case management software, and other client and litigation materials, I have retrospectively estimated my time spent on this litigation as set forth in this pleading and in my supporting Declaration. Any reference to dates in Exhibit 2 and Exhibit 3 are estimates based on the review of this information.

7. Wright & Schulte, LLC has acted as lead counsel in this matter and will file an Application for a Fee & Expense Award based on the clients' gross recoveries under the Settlement Agreement and the private fee contracts with each such client. The Firm supports and joins that Application for contract fees.¹

8. I was admitted to the Minnesota bar in 1991, and I have twenty-seven years' experience practicing law. I have also been admitted to the California bar, along with the Minnesota State and Federal District Courts. I have had successfully litigated personal injury cases against the pharmaceutical industry and manufacturers of dangerous products, along with representing homeowners whose pine trees were destroyed from inadequately tested herbicide. In the herbicide litigation, I was appointed by the Court to be Liaison Council for individuals who opted out of the class settlement. I have also been a member of the American Association for Justice.

9. The Firm spent a total of 277.6 hours on this litigation, which is \$141,280.00 at our usual and customary hourly rates.

¹ To avoid the Firm's clients being charged a greater fee than those paid by passive class members who did not retain counsel, the Firm agrees that, should the Courts order a 1/3 fee in this case, the fees under the contract between the Firm's individual clients and Wright & Schulte, LLC and the Firm should be limited to 1/3.

10. Because my representation is on a contingency basis, I did not precisely track the time spent on this litigation. However, based on the review of my notes, case management software, and other client and litigation materials, I have estimated my time spent on this litigation as set forth in this pleading and in my supporting Declaration.

11. In addition to Stephen J. Randall, the individuals in the Firm who worked on this matter are:

- A. Mr. Matthew J Schumacher, Esq. is a partner, shareholder and founder of the Law Firm of Pearson Randall & Schumacher, PA. Matthew Schumacher is an attorney and has been a member of the Minnesota State Bar since 1994. Mr. Schumacher has over 20 years of experience litigating Mass Tort product liability matters and class action cases. He has worked on Qui tam cases as well as individual personal injury actions.
- B. Ms. Nicole Kreklau, Esq. is an Associate at the Law Firm of Pearson Randall & Schumacher, PA and has worked at this firm for ten years. She is an attorney licensed to practice in the State of Wisconsin. She has no less than 12 years of experience working on mass tort product liability litigation and she also has experience working on class action litigation and qui tam litigation. Nicole is a member and speaker for the American Association for Justice.

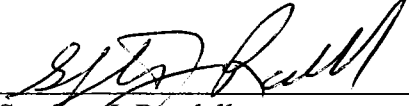

12. I kept informed about this case by communicating with other counsel, including Wright & Schulte, LLC, reading court pleadings and public reports, and participating in status calls, so that I could advise my clients as to the progress of the case—and I did keep them so informed, including by phone calls, emails, and in person meetings.

13. In addition, to Wright & Schulte, LLC being the main point of contact, the Firm maintained contact with individual clients and assisted in maintaining channels of communication between the individual client and Wright and Schulte, LLC. The firm also fielded phone calls from clients and assisted in providing case updates and obtaining various litigation documents, including corn production records, from the clients.

14. As local counsel for Wright & Schulte, LLC, I also monitored the Minnesota litigation to advise of any change in status of the litigation so that Wright and Schulte, LLC could report that information as needed to individual plaintiffs.

I declare under penalty of perjury pursuant to 28 U.S.C. § 1746 that the foregoing is true and correct.

Executed on this 6th day of July, 2018, in Minneapolis, Minnesota.

**DECLARATION OF BRIAN P. GALLIGAN FOR GALLIGAN LAW
JOINING AND IN FURTHER SUPPORT OF
THE WRIGHT & SCHULTE, LLC FEE & EXPENSE APPLICATION**

I, Brian P. Galligan, declare as follows:

1. I am over the age of twenty-one years old and make this declaration based on my personal knowledge. If called as a witness, I could and would testify competently to the facts contained herein, which are true and correct.

2. I am a partner of Galligan Law (hereinafter “the Firm”). I am authorized to submit this declaration on the Firm’s behalf.

3. I submit this declaration in support of the Wright & Schulte, LLC Fee & Expense Application (“the Application”), filed pursuant to Section 7.2.1 of the Agrisure Viptera/Duracade Class Settlement Agreement (the “Settlement Agreement”) in *In Re: Syngenta AG MIR 162 Corn Litigation*, a multi-district litigation consolidated in the United States District Court for the District of Kansas before Hon. John W. Lungstrum (MDL-2591), and *In Re: Syngenta Litigation*, a Minnesota Consolidated Proceeding consolidated in the Fourth Judicial District Court, Hennepin County, Minnesota, before Hon. Laurie Miller (formerly Hon. Thomas Sipkins) (File Nos. 27-CV-15-3785 & 27-cv-15-12625).

4. Together with Wright & Schulte, LLC, the Firm represents 536 filed plaintiffs in the Agrisure/Viptera litigation against Syngenta on a contingency basis. Generally, each of these clients agreed to written contingent fee agreements ranging from 33 1/3% to 40% of any recovery in this matter, plus expenses. As these were contingent fee agreements, our Firm advanced court costs and litigation expenses and would only be compensated if the clients recovered money.

5. Because my representation is on a contingency basis, I did not precisely track the time spent on this litigation since it was not anticipated this would be necessary. However, based on the review of my e-mails, notes, case management software, and other client and litigation materials, I have retrospectively estimated my time spent on this litigation as set forth in this pleading and in my supporting Declaration. Any reference to dates in Exhibit 2 and Exhibit 3 are estimates based on the review of this information.

6. Wright & Schulte, LLC has acted as lead counsel in this matter and will file an Application for a Fee & Expense Award based on the clients’ gross recoveries under the Settlement

Agreement and the private fee contracts with each such client. The Firm supports and joins that Application for contract fees.¹

7. I was admitted to the Iowa bar in 2000, giving me eighteen years' experience practicing law. I have also been admitted to numerous Federal bars. I have spent my time as an attorney fight for victims of medical malpractice, defective products, and other types of negligence. I have participated in numerous bar associations, as well as holding the position of President of the American Association for Justice/Association of Trial Lawyers of America in 2010 – 2011. I am a coach for a local high school mock trial program as part of my pro bono activities. Through my years of practice, I have received various honors and awards, including: the F. Scott Baldwin Award for Most Outstanding Young Trial Lawyer in 2012, Meritorious Achievement Award in 2013, and Iowa Trial Lawyers Association Key Person Award in 2007.

8. The Firm spent a total of 1,206.5 hours on this litigation, which is \$372,690.00 at our usual and customary hourly rates.

9. The Firm also incurred \$12,488.02 in expenses.

10. The individuals in the Firm who worked on this matter are:

A. Joseph Galligan – Partner

B. Joy Novotny – Paralegal

11. Attorneys and staff members of local firms who worked on these cases in conjunction with our firm are also incorporated into Exhibit 2 and Exhibit 3.

12. I kept informed about this case by communicating with other counsel, including Wright & Schulte, LLC, reading court pleadings and public reports, and participating in status

¹ To avoid the Firm's clients being charged a greater fee than those paid by passive class members who did not retain counsel, the Firm agrees that, should the Courts order a 1/3 fee in this case, the fees under the contract between the Firm's individual clients and Wright & Schulte, LLC and the Firm should be limited to 1/3.

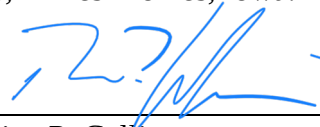

calls, so that I could advise my clients as to the progress of the case—and I did keep them so informed, including by phone calls, emails, and in person meetings.

13. Some of my clients are long-term clients, and I updated them about this case in the course of our regular communications regarding this and other matters. I have also received client referrals from other firms that I have had a longstanding relationship with and I have worked with these firms throughout this litigation.

14. In addition, to Wright & Schulte, LLC being the main point of contact, the Firm helped collect the plaintiff fact sheets, along with information for the plaintiff fact sheets. The Firm also fielded phone calls from clients and assisted in providing case updates.

I declare under penalty of perjury pursuant to 28 U.S.C. § 1746 that the foregoing is true and correct.

**DECLARATION OF FRED SCHULTZ FOR GREENE & SCHULTZ
JOINING AND IN FURTHER SUPPORT OF
THE WRIGHT & SCHULTE, LLC FEE & EXPENSE APPLICATION**

I, Fred Schultz, declare as follows:

1. I am over the age of twenty-one years old and make this declaration based on my personal knowledge. If called as a witness, I could and would testify competently to the facts contained herein, which are true and correct.

2. I am a partner of Greene & Schultz Trial Lawyers (hereinafter “the Firm”). I am authorized to submit this declaration on the Firm’s behalf.

3. I submit this declaration in support of the Wright & Schulte, LLC Fee & Expense Application (“the Application”), filed pursuant to Section 7.2.1 of the Agrisure Viptera/Duracade Class Settlement Agreement (the “Settlement Agreement”) in *In Re: Syngenta AG MIR 162 Corn Litigation*, a multi-district litigation consolidated in the United States District Court for the District of Kansas before Hon. John W. Lungstrum (MDL-2591), and *In Re: Syngenta Litigation*, a Minnesota Consolidated Proceeding consolidated in the Fourth Judicial District Court, Hennepin County, Minnesota, before Hon. Laurie Miller (formerly Hon. Thomas Sipkins) (File Nos. 27-CV-15-3785 & 27-cv-15-12625).

4. Together with Wright & Schulte, LLC, the Firm represents 64 filed plaintiffs in the Agrisure/Viptera litigation against Syngenta on a contingency basis. Generally, each of these clients agreed to written contingent fee agreements ranging from 33 1/3% to 40% of any recovery in this matter, plus expenses. As these were contingent fee agreements, our Firm advanced court costs and litigation expenses and would only be compensated if the clients recovered money.

5. Because my representation is on a contingency basis, I did not precisely track the time spent on this litigation since it was not anticipated this would be necessary. However, based on the review of my e-mails, notes, case management software, and other client and litigation materials, I have retrospectively estimated my time spent on this litigation as set forth in this pleading and in my supporting Declaration. Any reference to dates in Exhibit 2 and Exhibit 3 are estimates based on the review of this information.

6. Wright & Schulte, LLC has acted as lead counsel in this matter and will file an Application for a Fee & Expense Award based on the clients' gross recoveries under the Settlement Agreement and the private fee contracts with each such client. The Firm supports and joins that Application for contract fees.¹

7. I have been a partner of Greene and Schultz for thirteen years. I was admitted to the Indiana bar in 1996, giving me twenty-two years' experience practicing law. I have also been admitted to the Illinois bar, along with numerous Federal Courts. During my legal career, I have approximately sixty jury trials in both State and Federal Courts in Indiana. I have been recertified on several occasions by the National Board of Trial Advocacy. I have previously served on the Board of Governors for the American Association for Justice (AAJ). I am a member of the American Board of Trial Advocates (ABOTA) and serve on the executive committee for the Indiana ABOTA chapter. I have also received various awards and recognitions, including: the Super Lawyer award – which is bestowed upon those attorneys who are among the top five percent of lawyers in Indiana – the F. Scott Baldwin Award from the American Association for Justice, and recognition from the Best Lawyers in American every year since 2013. I am currently Vice President of the Indiana Trial Lawyers Association. I also serve on the Board of Directors for the Indiana Legal Services Corporation.

8. The Firm spent a total of 230.1 hours on this litigation, which is \$149,775.00 at our usual and customary hourly rates.

9. The Firm also incurred \$2,500.00 in expenses.

¹ To avoid the Firm's clients being charged a greater fee than those paid by passive class members who did not retain counsel, the Firm agrees that, should the Courts order a 1/3 fee in this case, the fees under the contract between the Firm's individual clients and Wright & Schulte, LLC and the Firm should be limited to 1/3.

10. In addition to myself, the individuals in the Firm who worked on this matter are:

- A. Betsy Greene – Partner has been a practicing attorney since 1982. She has approximately 100 jury trials to her credit in both State and Federal Courts in Indiana. Betsy has been recertified numerous times by the National Board of Trial Advocacy. She is a past president of the Indiana Trial Lawyers Association. She is a graduate of the Trial Lawyers College and has been a regular faculty member for the last ten years. She currently serves on the Board of Visitors for the Indiana University School of Law.
- B. Stacie Sons - Paralegal with Greene & Schultz. She has ten years of experience working as a paralegal in the areas of personal injury, medical malpractice, and class action litigation.

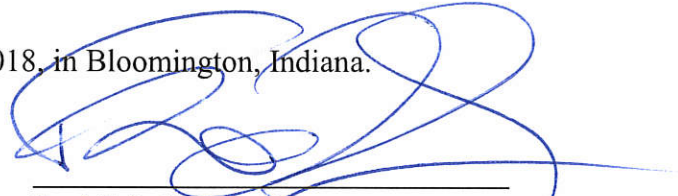

11. I kept informed about this case by communicating with other counsel, including Wright & Schulte, LLC, reading court pleadings and public reports, and participating in status calls, so that I could advise my clients as to the progress of the case—and I did keep them so informed, including by phone calls, emails, and in person meetings.

12. Some of my clients are long-term clients, and I updated them about this case in the course of our regular communications regarding this and other matters. I have also received client referrals from other firms that I have had a longstanding relationship with and I have worked with these firms throughout this litigation.

13. In addition, to Wright & Schulte, LLC being the main point of contact, the Firm helped collect the plaintiff fact sheets, along with information for the plaintiff fact sheets. The Firm also fielded phone calls from clients and assisted in providing case updates.

I declare under penalty of perjury pursuant to 28 U.S.C. § 1746 that the foregoing is true and correct.
