DECLARATION OF RICHARD W. SCHULTE FOR WRIGHT & SCHULTE, LLC IN FURTHER SUPPORT OF THE WRIGHT & SCHULTE, LLC FEE & EXPENSE APPLICATION

I, Richard W. Schulte, declare as follows:

1. I am over the age of twenty-one years old and make this declaration based on my personal knowledge. If called as a witness, I could and would testify competently to the facts contained herein, which are true and correct.

2. I am a partner of Wright & Schulte, LLC (hereinafter "the Firm"). I am authorized to submit this declaration on the Firm's behalf.

3. I submit this declaration in support of the Wright & Schulte, LLC Fee & Expense Application ("the Application"), filed pursuant to Section 7.2.1 of the Agrisure Viptera/Duracade Class Settlement Agreement (the "Settlement Agreement") in *In Re: Syngenta AG MIR 162 Corn Litigation*, a multi-district litigation consolidated in the United States District Court for the District of Kansas before Hon. John W. Lungstrum (MDL-2591), and *In Re: Syngenta Litigation*, a Minnesota Consolidated Proceeding consolidated in the Fourth Judicial District Court, Hennepin County, Minnesota, before Hon. Laurie Miller (formerly Hon. Thomas Sipkins) (File Nos. 27-CV-15-3785 & 27-cv-15-12625).

4. The Firm represents 1049 filed plaintiffs, individually or jointly with other firms in the Argisure/Viptera litigation against Syngenta on a contingency basis. See Exhibit 1 to the Application, which is a true and accurate list of these plaintiffs as generated from the Firm's records. Generally, each of these clients agreed to written contingent fee agreements ranging from 33 1/3% to 40% of any recovery in this matter, plus expenses. As these were contingent fee agreements, our Firm advanced court costs and litigation expenses and would only be compensated if the clients recovered money.

5. Because my representation is on a contingency basis, I did not precisely track the time spent on this litigation since it was not anticipated this would be necessary. However, based on the review of my e-mails, notes, case management software, and other client and litigation materials, I have retrospectively estimated my time spent on this litigation as set forth in this pleading and in my supporting Declaration. Any reference to dates in Exhibit 2 and Exhibit 3 are estimates based on the review of this information.

6. Wright & Schulte, LLC has acted as lead counsel in this matter and is filing an Application for a Fee & Expense Award based on the clients' gross recoveries under the Settlement Agreement and the private fee contracts with each such client.

7. I was admitted to the Ohio bar in 1996, giving me twenty-two years' experience practicing law. I have also been admitted to the Iowa and Missouri bars, and various Federal Courts. My main practice areas include mass torts, trial practice, products liability and class actions. I have been awarded the Ohio Association for Justice President's Award for Distinguished Service to the Trial Bar in 2009. I hold various board positions including: Board of Governors for American Association for Justice from 2009 to present, President of Ohio Association of Justice from 2008 to 2010, and Board of Trustees for the Ohio Association for Justice from 2003 to present. I have held numerous leadership roles in several litigations and have extensive experience in mass tort litigations. My Curriculum vitae is attached for further reference.

8. The Firm spent a total of 3609.9 hours on this litigation, which is $1,064,670.00 at our usual and customary hourly rates. A true and accurate listing of the hourly bill generated by my firm is incorporated into Exhibit 2. A true and accurate listing of the expenses generated by my firm is incorporated into Exhibit 3.

9. The Firm also incurred $44,061.05 in expenses.

10. The individuals in the Firm, other than myself, who worked on this matter are:

A. Jacob Gebelle – Attorney

B. Corey Artim – Attorney

C. Nathan Stuckey – Attorney

11. In December 2014, our Firm was contacted by several farmers who knew about China rejecting shipments of corn from the U.S. and began seeing a price drop in the value of corn. After researching the case, our Firm began hosting a series of town hall meetings to speak with farmers and sign contingency fee agreements for prosecution of their claims. After meeting with and signing contracts with several hundred clients through our office and other firms we worked closely with through the country, in June 2015, our firm filed and served our first complaint in the MN consolidated litigation. After this initial filing the firm continued to receive calls from farmers, signed additional cases, and filed fifteen additional multi-plaintiff complaints through the end of 2015 and 2016. *Id*.

12. Starting in 2016, after the Plaintiff Fact Sheet order was entered, our firm spent thousands of hours contacting and meeting with farmers to obtain the documentation required by the order, knowing that if the information was not produced by the court deadlines, defense counsel could file a motion to dismiss the individual cases barring our clients from ever recovering. After the long discovery process and monitoring the status of the bellwether cases around the country, our firm became aware in September 2017 about the potential settlement of all cases around the country. With the understanding there was settlement committees comprised of both individual and class action attorneys, it was believed there would be two settlement tracks. In early 2018 we became aware there would be only one Class Actions Settlement encompassing our filed cases and we began advising clients of the Settlement and what we believed was in their best interest.

13. Overall, I kept informed about this case by communicating with other counsel, reading court pleadings and public reports, and participating in status calls, so that I could advise

my clients as to the progress of the case—and I did keep them so informed, including by phone calls, emails, and in person meetings.

14. I believe the settlement is fair and in the best interests of our clients and we have recommended to our clients that they participate in the class action settlement. Accordingly, the vast majority of the Firm's clients have chosen to participate in the class action settlement. Specifically, approximately eighty percent (80%) of the Firms' clients have already completed settlement submissions and have filed them or will do so shortly. I estimate the majority of the remaining twenty percent (20%) will also participate by the October 2018 deadline. Thus, in addition to prior time spent litigating the case and advising clients, our Firm has—and will continue—to assist class members with the settlement process and will do so until all payments are made and the litigation is closed.

15. Some of my clients are long-term clients, and I updated them about this case in the course of our regular communications regarding this and other matters. I have also received client referrals from other firms that I have had a longstanding relationship with and I have worked with these firms throughout this litigation.

16. In addition, to Wright & Schulte, LLC being the main point of contact, the Firm drafted complaints, completed and served plaintiff fact sheets, updated clients, and completed all other tasks necessary to prosecute these cases.

17. The time and expense figures above include 2,854.3 hours ($636,065.00 at our usual and customary rates) and $4,256.97 in costs and expenses submitted by my Firm to the Minnesota Co-Lead Counsel as Common Benefit Work and Common Benefit Expenses, in compliance with the Minnesota Common Benefit Order (entered by Judge Sipkins on December 7, 2015), and the Common Benefit Rules adopted by Co-Lead Counsel pursuant thereto.

18. The Firm did *not* include in these submissions any time or expenses spent on behalf of any individual clients, who were not bellwether plaintiffs, other than time assisting clients in complying with the Plaintiff Fact Sheet Order, which the Minnesota leadership communicated to the Firm would be considered Common Benefit Work.

19. Our firm (and, to the best of my knowledge, non-class counsel generally) have received little to no guidance on certain issues related to representation of clients, including how our clients' fees and expenses will be paid in this litigation in light of the recent preliminarily approved class action settlement. I am not certain if plaintiffs' leadership has even broached these subjects with the defense or the court. Since I am left to conjecture how these issues will be resolved, I am not able to consult with my clients effectively.

20. The Firm has been advised by Minnesota Co-Lead Counsel that Minnesota Co-Lead Counsel's Fee & Expense Application in this matter will include and seek an award for all approved Common Benefit Work and Common Benefit Expenses. As of today, however, I have not been provided the final word on how much of the Firm's common benefit time and expense has been so approved.

I declare under penalty of perjury pursuant to 28 U.S.C. § 1746 that the foregoing is true and correct.

Executed on this 6th day of July, 2018 at Vandalia, Ohio.

DECLARATION OF STEPHEN J. RANDALL FOR PEARSON, RANDALL, AND SCHUMACHER, P.A. JOINING AND IN FURTHER SUPPORT OF THE WRIGHT & SCHULTE, LLC FEE & EXPENSE APPLICATION

I, Stephen J. Randall, declare as follows:

1. I am over the age of twenty-one years old and make this declaration based on my personal knowledge. If called as a witness, I could and would testify competently to the facts contained herein, which are true and correct.

2. I am a partner, founder and shareholder of Pearson, Randall, & Schumacher, P.A. (hereinafter sometimes referred to as "the Firm"). I am authorized to submit this declaration on the Firm's behalf.

3. I submit this declaration in support of the Wright & Schulte, LLC Fee & Expense Application ("the Application"), filed pursuant to Section 7.2.1 of the Agrisure Viptera/Duracade Class Settlement Agreement (the "Settlement Agreement") in *In Re: Syngenta AG MIR 162 Corn Litigation*, a multi-district litigation consolidated in the United States District Court for the District of Kansas before Hon. John W. Lungstrum (MDL-2591), and *In Re: Syngenta Litigation*, a Minnesota Consolidated Proceeding consolidated in the Fourth Judicial District Court, Hennepin County, Minnesota, before Hon. Laurie Miller (formerly Hon. Thomas Sipkins) (File Nos. 27-CV-15-3785 & 27-cv-15-12625).

4. I am local counsel for the hundreds of clients represented by Wright and Schulte, LLC. On behalf of the Wright and Schulte LLC clients, and as a Minnesota Attorney, I filed their individual lawsuits in the Minnesota State Court Syngenta Litigation. As local counsel, I filed 17 separate multi-plaintiff lawsuits in the Minnesota State Court Syngenta Litigation covering approximately 1049 individual plaintiffs for Wright & Schulte, LLC. I also managed the service of no less than four defendants for each of the 17 filed cases.

5. Together with Wright & Schulte, LLC, the Firm represents 64 filed plaintiffs in the Argisure/Viptera litigation against Syngenta on a contingency basis. Generally, each of these clients agreed to written contingent fee agreements ranging from 33 1/3% to 40% of any recovery in this matter, plus expenses. As these were contingent fee agreements, our Firm advanced court costs and litigation expenses and would only be compensated if the clients recovered money.

6. Because my representation is on a contingency basis, I did not precisely track the time spent on this litigation since it was not anticipated this would be necessary. However, based on the review of my e-mails, notes, case management software, and other client and litigation materials, I have retrospectively estimated my time spent on this litigation as set forth in this pleading and in my supporting Declaration. Any reference to dates in Exhibit 2 and Exhibit 3 are estimates based on the review of this information.

7. Wright & Schulte, LLC has acted as lead counsel in this matter and will file an Application for a Fee & Expense Award based on the clients' gross recoveries under the Settlement Agreement and the private fee contracts with each such client. The Firm supports and joins that Application for contract fees.[1]

8. I was admitted to the Minnesota bar in 1991, and I have twenty-seven years' experience practicing law. I have also been admitted to the California bar, along with the Minnesota State and Federal District Courts. I have had successfully litigated personal injury cases against the pharmaceutical industry and manufacturers of dangerous products, along with representing homeowners whose pine trees were destroyed from inadequately tested herbicide. In the herbicide litigation, I was appointed by the Court to be Liaison Council for individuals who opted out of the class settlement. I have also been a member of the American Association for Justice.

9. The Firm spent a total of 277.6 hours on this litigation, which is $141,280.00 at our usual and customary hourly rates.

[1] To avoid the Firm's clients being charged a greater fee than those paid by passive class members who did not retain counsel, the Firm agrees that, should the Courts order a 1/3 fee in this case, the fees under the contract between the Firm's individual clients and Wright & Schulte, LLC and the Firm should be limited to 1/3.

10. Because my representation is on a contingency basis, I did not precisely track the time spent on this litigation. However, based on the review of my notes, case management software, and other client and litigation materials, I have estimated my time spent on this litigation as set forth in this pleading and in my supporting Declaration.

11. In addition to Stephen J. Randall, the individuals in the Firm who worked on this matter are:

A. Mr. Matthew J Schumacher, Esq. is a partner, shareholder and founder of the Law Firm of Pearson Randall & Schumacher, PA. Matthew Schumacher is an attorney and has been a member of the Minnesota State Bar since 1994. Mr. Schumacher has over 20 years of experience litigating Mass Tort product liability matters and class action cases. He has worked on Qui tam cases as well as individual personal injury actions.

B. Ms. Nicole Kreklau. Esq. is an Associate at the Law Firm of Pearson Randall & Schumacher, PA and has worked at this firm for ten years. She is an attorney licensed to practice in the State of Wisconsin. She has no less than 12 years of experience working on mass tort product liability litigation and she also has experience working on class action litigation and qui tam litigation. Nicole is a member and speaker for the American Association for Justice.

12. I kept informed about this case by communicating with other counsel, including Wright & Schulte, LLC, reading court pleadings and public reports, and participating in status calls, so that I could advise my clients as to the progress of the case—and I did keep them so informed, including by phone calls, emails, and in person meetings.

13. In addition, to Wright & Schulte, LLC being the main point of contact, the Firm maintained contact with individual clients and assisted in maintaining channels of communication between the individual client and Wright and Schulte, LLC. The firm also fielded phone calls from clients and assisted in providing case updates and obtaining various litigation documents, including corn production records, from the clients.

14. As local counsel for Wright & Schulte, LLC, I also monitored the Minnesota litigation to advise of any change in status of the litigation so that Wright and Schulte, LLC could report that information as needed to individual plaintiffs.

I declare under penalty of perjury pursuant to 28 U.S.C. § 1746 that the foregoing is true and correct.

Executed on this 6th day of July, 2018, in Minneapolis, Minnesota.

10. In addition to myself, the individuals in the Firm who worked on this matter are:

A. Betsy Greene – Partner has been a practicing attorney since 1982. She has approximately 100 jury trials to her credit in both State and Federal Courts in Indiana. Betsy has been recertified numerous times by the National Board of Trial Advocacy. She is a past president of the Indiana Trial Lawyers Association. She is a graduate of the Trial Lawyers College and has been a regular faculty member for the last ten years. She currently serves on the Board of Visitors for the Indiana University School of Law.

B. Stacie Sons - Paralegal with Greene & Schultz. She has ten years of experience working as a paralegal in the areas of personal injury, medical malpractice, and class action litigation.

11. I kept informed about this case by communicating with other counsel, including Wright & Schulte, LLC, reading court pleadings and public reports, and participating in status calls, so that I could advise my clients as to the progress of the case—and I did keep them so informed, including by phone calls, emails, and in person meetings.
